Signing Up Online

Riverside Community Hospital – Riverside, CA

April is National Donate Life Month, and to celebrate it – please consider making a difference for the over 118,000 people waiting nationwide for a life-saving organ and for the over 1.5 million tissue transplants¹ that happen each year, by signing up as an organ, eye and tissue donor.

- Currently there are over 21,000 individuals in California waiting for a second chance.
- Due to the lack of donors, 22 people die each day waiting.
- Taking a few minutes to register can mean a lifetime to someone else.
