Adolfo,

I received this nice email regarding one of your staff who it appears we are losing. Please make sure she sees how much she is appreciated by this group.

Mike

On behalf of the Women's Fairmount Golf Club, we want to acknowledge Cheryl Stuck for her tremendous guidance and assistance during and after the formation of our women's golf club. She provided direction and information on whom to contact, what we needed to do, time frames and any other necessary information. Further, since the start she has continued to provide us with additional feedback and much appreciated advice to help the club run and function smoothly.

We know she is leaving the City of Riverside employment, and we wish her all the best in her new assignment, but she will be sorely missed by us. We always look forward to her smiling face and friendly greetings on Monday mornings. She is such an asset to the City of Riverside and, as I am sure you know, you will be losing a valuable employee. Her can-do attitude, expertise and dedication, I'm sure, will serve her well in her new role.

Please ensure Cheryl receives a copy of this email. We sincerely want her to know how much she has helped us and how valuable she has been to us.

Patricia Shearer
