Subject: Ethics Hearing

Colleen,

I reluctantly and without much choice, agree to postpone my hearing scheduled for 2/14/17.

I'm entitled to a due process hearing without delay. In the future, I will not waive any further time and I will object to any additional postponements, cancellations, continuances or further delays.

In the future, I expect my absolute right to a due process hearing will be respected and carried without any further delay.

Jim Perry
