15 words used in the present tense include the future tense, words in the plural number include the

27 made to the subscriber in the
28 manner commonly known and referred to as "pay television."

"Council" means the present governing body of the City or any future board constituting
the legislative body of the City.

"Franchise" means and includes any authorization granted hereunder in terms of a

include any license or permit required for the privilege of transacting and carrying on a business

1 within the City in accordance with Chapter 5.04 entitled "Licenses" of the Riverside Municipal
2 Code, relating to the business license tax of the City of Riverside.

2 operates and maintains a CATV system exclusively through telephone company facilities
3 constructed, operated and maintained pursuant to a State-granted telephone franchise and
4 offers satisfactory proof that in no event during the life of such franchise shall the grantee make
5 any use of the streets independently of such telephone company facilities, said grantee shall be
6 required to comply with all of the provisions hereof as a "licensee" and in such event whenever
7 the term "grantee" is used in this chapter it means and includes "licensee."

9 A nonexclusive franchise to construct, operate and maintain a CATV system within all
10 or any portion of the City may be granted by the Council to any person, firm or corporation,
11 whether operating under an existing franchise or not, who or which offers to furnish and provide
12 such system under and pursuant to the terms and provisions of this chapter.

13 No provision of this chapter may be deemed or construed as to require the granting of a
14 franchise when in the opinion of the Council it is in the public interest to restrict the number of
15 grantees to one or more.

16 Section 5.56.040 Uses permitted by grantee.

17 Any franchise granted pursuant to the provisions of this chapter shall authorize and
18 permit the grantee to engage in the business of operating and providing a CATV system in the
19 City, and for that purpose to install, construct, repair, replace, reconstruct, maintain and retain
20 in, on, over, under, upon, across and along any public street, such wires, cables, conductors,
21 ducts, conduit, vaults, manholes, amplifiers, appliances, attachments, and other property as may
22 be necessary and appurtenant to the CATV system. No new poles may be installed except where
23 unusual circumstances exist and where express written permission is provided by the Public
24 Works Director.

25 No franchise granted hereunder shall be construed a franchise, permit or license to
26 transmit any special program or event for which a separate and distinct charge is made to the
27 subscriber in the manner commonly known and referred to as "pay television," and no grantee
28 shall directly or indirectly install, maintain or operate on any television set a coin box or any
other device or means for collection of money for individual programs.

1 The grantee may make a charge to subscribers for installation or connection to its CATV
2 system and a fixed monthly charge as filed and approved as provided in this chapter. No
3 increase in the rates and charges to subscribers, as set forth in the schedule filed and approved
4 with grantee's application, may be made without the prior approval of the Council expressed by
5 resolution.

6 Section 5.56.050 Duration.

7 No franchise granted by the Council under this chapter shall be for a term longer than
8 fifteen years following the date of acceptance of such franchise by the grantee or the renewal
9 thereof.

10 Any such franchise granted hereunder may be terminated prior to its date of expiration
11 by the Council in the event that the Council shall have found, at a public hearing, after thirty
12 days' notice of any proposed termination that:

13 A. The grantee has failed to comply with any provision of this chapter, or has, by act or
14 omission, violated any term or condition of any franchise or permit issued hereunder; or

15 B. Any provision of this chapter has become invalid or unenforceable and the Council
16 further finds that such provision constitutes a consideration material to the grant of said
17 franchise; or

18 C. The City acquires the CATV system property of the grantee.

19 Section 5.56.060 Payments.

20 A. Acceptance Fee. The grantee of any franchise granted pursuant to this chapter shall
21 pay to the City upon acceptance of such franchise, a fee certain of two thousand five hundred
22 dollars.

23 B. Annual Franchise Fee. The grantee of any franchise shall pay annually to the City
24 during the life of the franchise a sum equal to five percent of the gross annual receipts of the
25 grantee derived from subscriptions and users within the City, and in addition thereto such other
26 sums as may be provided for in grantee's franchise. Such payments will be made to the finance
27 director.

28 C. Annual PEG Facilities Support Fee. The Grantee of any franchise shall pay annually
to the City during the life of the franchise a sum equal to one percent of the gross annual receipts

1 of the Grantee derived from subscriptions and users within the City for the purpose of
2 supporting PEG channel facilities.

3 The grantee shall file with the City, within thirty days after the expiration of any fiscal
4 year or portion thereof during which such franchise is in force, a financial statement prepared
5 by a certified public accountant, showing in detail the gross annual receipts, as defined in
6 Section 5.56.010, of grantee during the preceding fiscal year or portion thereof. It shall be the
7 duty of the grantee to pay to the City, within ten days after the time for filing such statements,
8 the sum hereinabove prescribed or any unpaid balance thereof for the calendar year or portion
9 thereof covered by such statements.

10 In the event that the above payment is not received by the City within the specified time,
11 grantee shall pay to the City liquidated damages of two percent per month on the unpaid balance
12 in addition thereto. In any year during which payments under this section amount to less than
13 one thousand eight hundred dollars per year, the grantee shall pay the City as a minimum an
14 amount equal to one thousand eight hundred dollars per year. For any portions of a year, such
15 minimum shall be prorated at the rate of one hundred fifty dollars monthly.

16 The City shall have the right to inspect the grantee's records showing the gross receipts
17 from which its franchise payments are computed and the right of audit and recomputation of
18 any and all amounts paid under this chapter. No acceptance of any payments shall be construed
19 as a release or as an accord and satisfaction of any claim the City may have for further or
20 additional sums payable under this chapter or for the performance of any other obligation
21 hereunder.

22 In the event of any holding over after expiration or other termination of any franchise
23 granted hereunder, without the consent of the City, the grantee shall pay to the City a reasonable
24 compensation and damages, of not less than one hundred percent of its total gross profits during
25 said period.

26 Section 5.56.070 Nonexclusive.

27 Any franchise granted under this chapter shall be nonexclusive.

28 Section 5.56.080 Privilege or exemption restricted.

1 No privilege or exemption shall be granted or conferred by any franchise granted under
2 this chapter except those specifically prescribed in this chapter.

4 Any privilege claimed under any such franchise by the grantee in any street or other
5 public property shall be subordinate to any prior lawful occupancy of the streets or other public
6 property.

7 Section 5.56.100 Structure, line and equipment location.

8 All transmission and distribution structures, lines and equipment of the grantee within
9 the City shall be so located as to cause no interference with the proper use of streets, alleys and
10 other public ways and places and to cause no interference with the rights of reasonable
11 convenience of property owners who adjoin any of the said streets, alleys or other public ways
12 and places.

13 Section 5.56.110 Restoration of disturbed surfacing.

14 In case of any disturbance of pavement, sidewalk, driveway or other surfacing, the
15 grantee shall, at its own cost and expense and in a manner approved by the Public Works
16 Director of the City, replace and restore all paving, sidewalk, driveway or surface of any street
17 or alley disturbed in as good condition as before said work was commenced and shall maintain
18 the restoration in an approved condition for the duration of the franchise.

19 Section 5.56.120 Shutting off or interrupting service.

20 Whenever it is necessary to shut off or interrupt service for the purpose of making
21 repairs, adjustments, alterations or installations, the grantee shall do so at such time as will cause
22 the least amount of inconvenience to its customers and unless such interruption is unforeseen
23 and immediately necessary, it shall give reasonable notice thereof to its customers.

24 Section 5.56.130 Transfer or assignment.

25 Any such franchise shall be a privilege to be held in personal trust by the original grantee.
26 It cannot in any event be sold, transferred, leased, assigned or disposed of in whole or in part
27 either by forced or involuntary sale, or by voluntary sale, merger, consolidation,
28 operation of law or otherwise without the prior consent of the Council, after a public hearing,
expressed by resolution and then under such conditions as may therein be prescribed. Any such

1 transfer or assignment shall be made only by an instrument in writing, a duly executed copy of
2 which shall be filed in the office of the City Clerk within ten days after any such transfer or
3 assignment. Said consent of the Council may not be arbitrarily refused; provided, however, the
4 proposed assignee will show financial responsibility and must agree to comply with all provisions
5 of this chapter; and provided, further, that no such consent shall be required for a transfer in
6 trust, mortgage, or other hypothecation as whole to secure an indebtedness.

7 Section 5.56.140 Chapter compliance.

8 Time shall be of the essence of any such franchise granted hereunder. The grantee shall
9 not be relieved of his obligation to comply promptly with any of the provisions of this chapter
10 or by any failure of the City to enforce prompt compliance.

12 Any right or power in, or duly impressed upon, any officer, employee, department or
13 board of the City shall be subject to transfer by the City to any other officer, employee,
14 department or board of the City.

15 Section 5.56.160 Nonliability of City.

17 or damage arising out of any provision or requirement of this chapter or of any franchise issued
18 hereunder or because of its enforcement.

19 Section 5.56.170 Application of regulations.

20 The grantee shall be subject to all requirements of City ordinances, rules, regulations and
21 specifications heretofore or hereafter enacted or established including but not limited to those

23 relocation of property within a street and other street work.

24 Section 5.56.180 Obtaining pole space.

25 Any such franchise granted shall not relieve the grantee of any obligation involved in
26 obtaining pole space for any department of the City, utility company, or from others maintaining
27 poles in streets.

28 Section 5.56.190 Abandonment of City authority.

1 Any franchise granted hereunder shall be in lieu of any and all other rights, privileges,
2 powers, immunities, and authorities owned, possessed, controlled, or exercisable by grantee, or
3 any successor to any interest of grantee, of or pertaining to the construction, operation, or
4 maintenance of any CATV system in the City; and the acceptance of any franchise hereunder
5 shall operate as between grantee and the City, as an abandonment of any and all of such rights,
6 privileges, powers, immunities and authorities within the City, to the effect that, as between
7 grantee and the City, any and all construction, operation and maintenance by any grantee of
8 any CATV system in the City shall be, and shall be deemed and construed in all instances and
9 respects to be, under and pursuant to said franchise, and not under or pursuant to any other
10 right, privilege, power, immunity, or authority whatsoever.

11 Section 5.56.200 Compliance with City, State and federal regulations.

12 The grantee shall at all times during the life of this franchise comply with all provisions

14 America.

15 Section 5.56.205 Compliance with State and Federal Customer Service Standards;
16 Penalties.

17 The Grantee shall at all time during the life of any franchise comply with any and all
18 provisions of existing and future state and federal customer service standards. The City
19 Manager has the authority to establish a penalty schedule to be used as a guideline in
20 determining the amount of penalties for any violations of such standards. The maximum
21 amount of monetary penalties that may be imposed shall not exceed the following: for the first
22 material breach of a standard, \$500 for each day of violation, not to exceed \$1,500; for the second
23 breach of the same standard within 12 months, \$1,000 for each day of violation, not to exceed
24 \$3,000; for the third breach of the same standard, \$2,500 for each day of violation, not to exceed
25 \$7,500.

26
27 Section 5.56.210 Removal of fixtures if City alters grade of public way.
28

1 If at any time during the period of this franchise, the City lawfully elects to alter or change
2 the grade of any street, sidewalk, alley or other public way, the grantee, upon reasonable notice
3 by the City, shall remove, relay, and relocate his wires, cables, underground conduits, manholes
4 and other fixtures at its own expense.

5 Section 5.56.220 Placement of fixture on public way.

6 Any fixtures placed in any public way by the grantee, shall be placed in such a manner
7 as not to interfere with the usual travel on such public way.

8 Section 5.56.230 Altering wires for building moving.

9 The grantee shall on the request of any person holding a building moving permit issued
10 by the City, temporarily raise or lower its wires to permit the moving of buildings. The expense

12 the same and the grantee shall have the authority to require such payment in advance. The
13 grantee shall be given not less than forty-eight hours advance notice to arrange for such
14 temporary wire changes.

15 Section 5.56.240 Tree trimming.

16 The grantee shall have the authority to trim trees upon and overhanging streets, alleys,
17 sidewalks and public ways and places of the City so as to prevent the branches of such trees from
18 coming in contact with the wires and cables of the grantee, except that at the option of the City,
19 such trimming may be done by it or under its supervision and direction at the expense of the
20 grantee.

21 Section 5.56.250 Underground facilities.

22 In all sections of the City where the cables, wires, or other like facilities of one or more
23 public utilities engaged in providing electric or telephone service are placed underground, the
24 grantee shall place its cables, wires, or other like facilities underground, unless microwave links
25 or wireless transmission is utilized, in which case prior approval shall be obtained by the Public
26 Works Director of the City.

27
28 Section 5.56.260 Rights reserved to City.

1 A. Nothing herein shall be deemed or construed to impair or affect, in any way, to any
2 extent, the right of the City to acquire the property of the grantee, either by purchase or through
3 the exercise of the right of eminent domain, at a fair and just value, which shall not include any
4 amount for the franchise itself or for any of the rights or privileges granted, and nothing herein
5 contained shall be construed to contract away or to modify or abridge, either for a term or in
6 perpetuity, the City's right of eminent domain.

7 B. There is hereby reserved to the City every right and power which is required to be
8 herein reserved or provided by any ordinance of the City, and the grantee, by its acceptance of
9 any franchise, agrees to be bound thereby and to comply with any action or requirements of the
10 City in its exercise of such rights or power, heretofore or hereafter enacted or established.

11 C. Neither the granting of any franchise hereunder nor any of the provisions contained
12 herein shall be construed to prevent the City from granting any identical, or similar, franchise
13 to any other person, firm or corporation, within all or any portion of the City.

14 D. There is hereby reserved to the City the power to amend any section or part of this
15 chapter so as to require additional or greater standards of construction, operation, maintenance
16 or otherwise, on the part of the grantee.

17 E. Neither the granting of any franchise nor any provision hereof shall constitute a
18 waiver or bar to the exercise of any governmental right or power of the City.

19 F. The Council may do all things which are necessary and convenient in the exercise of
20 its jurisdiction under this chapter and may determine any question of fact which may arise
21 during the existence of any franchise granted hereunder. The City Manager is authorized and
22 empowered to adjust, settle, or compromise any controversy or charge arising from the
23 operations of any grantee under this chapter, either on behalf of the City, the grantee, or any
24 subscriber, in the best interest of the public. Either the grantee or any member of the public
25 who may be dissatisfied with the decision of the City Manager may appeal the matter to the
26 Council for hearing and determination. The Council may accept, reject or modify the decision
27 of the City Manager, and the Council may adjust, settle, or compromise any controversy or
28 cancel any charge arising from the operations of any grantee or from any provision of this

chapter.

1 Section 5.56.270 Permits, installation and service.

2 A. Within thirty days after acceptance of any franchise the grantee shall proceed with
3 due diligence to obtain all necessary permits and authorizations which are required in the
4 conduct of its business, including, but not limited to, any utility joint use attachment agreements,
5 microwave carrier licenses, and any other permits, licenses and authorizations to be granted by
6 duly constituted regulatory agencies having jurisdiction over the operation of CATV systems,
7 or their associated microwave transmission facilities.

8 B. Within ninety days after obtaining all necessary permits, licenses and authorizations,
9 grantee shall commence construction and installation of the CATV system.

10 C. Within ninety days after the commencement of construction and installation of the
11 system, grantee shall proceed to render service to subscribers, and the completion of the
12 construction and installation shall be pursued with reasonable diligence thereafter, so that
13 service to all areas designated on the map accompanying the application for franchise, as
14 provided in Sections 5.56.580 through 5.56.610, shall be provided to all grantee's licensed
15 subscribers within such time and upon such conditions as shall be determined by the City
16 Council.

17 D. Failure to do any of the foregoing shall be grounds for a termination of the franchise.

18 E. The City Manager may extend the time for obtaining necessary permits and
19 authorizations and for beginning construction and installation for additional periods in the event
20 the grantee acting in good faith experiences delays by reason of circumstances beyond his
21 control.

22 Section 5.56.280 Location of property of grantee.

23 A. Any wires, cable lines, conduits or other properties of the grantee to be constructed
24 or installed in streets, shall be so constructed or installed only at such locations and in such
25 manner as shall be approved by the Public Works Director acting in the exercise of his
26 reasonable discretion.

27 B. The grantee shall not install any facilities or apparatus in or on other public property,
28 places or rights-of-way, or within any privately-owned area within the City which has not yet
become a public street but is designated or delineated as a proposed public street on any tentative

1 subdivision map approved by the City, except those installed upon public utility facilities now
2 existing, without obtaining the prior written approval of the Public Works Director.

3 C. In those areas and portions of the City where the transmission and/or distribution
4 facilities of one or more public utilities engaged in providing electric or telephone service are
5 underground or hereafter may be placed underground, then the grantee shall likewise construct,
6 operate and maintain all of its transmission and distribution facilities underground.

9 reason for a continuous period of three months, or in the event such system or property has been
10 installed in any street or public place without complying with the requirements of grantee's
11 franchise or this chapter, or the franchise has been terminated, cancelled or has expired, the
12 grantee shall promptly, upon being given thirty days' notice remove from the streets or public
13 places all such property of such system other than any which the Director of Public Works may
14 permit to be abandoned in place. In the event of such removal, the grantee shall promptly
15 restore the street or other area from which such property has been removed to a condition
16 satisfactory to the Director of Public Works.

17 B. Any property of the grantee remaining in place thirty days after the termination or
18 expiration of the franchise shall be considered permanently abandoned. The City Manager may
19 extend such time not to exceed an additional thirty days.

20 C. Any property of the grantee to be abandoned in place shall be abandoned in such
21 manner as the Director of Public Works shall prescribe. Upon permanent abandonment of the
22 property of the grantee in place, the property shall become that of the City, and the grantee shall

24 transferring to the City the ownership of such property.

25 Section 5.56.300 Changes required by public improvements.

26 The grantee shall, at its expense, protect, support, temporarily disconnect, relocate in the
27 same street or other public place, or remove from the street or other public place, any property
28 of the grantee when required by the Director of Public Works by reason of traffic conditions,

1 public safety, street vacation, freeway and street construction, change or establishment of street
2 grade, installation of sewers, drains, storm drains, water pipes, power lines, signal lines, and
3 tracks or any other type of structures or improvements by public agencies; provided, however,
4 that the grantee shall in all such cases have the privilege and be subject to the obligations to
5 abandon any property of the grantee in place, as provided in Section 5.56.290.

6 Section 5.56.310 Failure to perform street work.

7 Upon failure of the grantee to commence, pursue, or complete any work required by law
8 or by the provisions of this chapter or by its franchise to be done in any street or other public
9 place, within the time prescribed, and to the satisfaction of the Public Works Director, the City
10 Manager may, at his option, cause such work to be done and the grantee shall pay to the City
11 the cost thereof in the itemized amounts reported by the City Manager to the grantee within ten
12 days after receipt of such itemized report.

13 Section 5.56.320 Faithful performance bond.

14 A. The grantee shall, concurrently with the filing of and acceptance of award of any
15 franchise granted under this chapter, file with the City Clerk, and at all times thereafter

18 City Attorney, in the amount of one hundred thousand dollars, renewable annually, and
19 conditioned upon the faithful performance of grantee, and upon the further condition that in
20 the event grantee fails to comply with any one or more of the provisions of this chapter, or of
21 any franchise issued to the grantee hereunder, there shall be recoverable jointly and severally
22 from the principal and surety of such bond any damages or loss suffered by the City as a result
23 thereof, including the full amount of any compensation, indemnification, or cost of removal or
24 abandonment of any property of the grantee as prescribed hereby which may be in default, plus
25 a reasonable allowance for attorney's fees and costs, up to the full amount of the bond; said
26 condition to be a continuing obligation for the duration of such franchise and any renewal
27 thereof and thereafter until the grantee has liquidated all of its obligations with the City that
28 may have arisen from the acceptance of said franchise or renewal by the grantee or from its

1 exercise of any privilege therein granted. The bond shall provide that thirty days' prior written
2 notice of intention not to renew, cancellation, or material change, be given to the City.

3 B. Neither the provisions of this section, nor any bond accepted by the City pursuant
4 hereto, nor any damages recovered by the City thereunder, shall be construed to excuse faithful
5 performance by the grantee or limit the liability of the grantee under any franchise issued
6 hereunder or for damages, either to the full amount of the bond or otherwise.

7 Section 5.56.330 Indemnification of City.

8 A. The grantee shall indemnify and hold harmless the City, its officers, boards,
9 commissions, agents and employees against and from any and all claims, demands, actions, suits,

19 persons or duly constituted authorities against or affecting the City, its officers, boards,
20 commissions, agents or employees and arising out of or related to the exercise or enjoyment of
21 such franchise, or the granting thereof by the City. The foregoing obligation shall exist and
22 continue without reference to or limitation by the amount of any bond, policy of insurance,
23 deposit, undertaking or other security required hereunder; provided that neither the grantee
24 nor the City shall make or enter into any compromise or settlement of any claim, demand, action
25 or suit without first giving the other ten days' prior written notice of its intentions to do so.

26 B. The grantee shall, concurrently with the filing of an acceptance of award of any
27 franchise granted under this chapter, furnish to the City and file with the City clerk, and at all
28 times during the existence of any franchise granted hereunder, maintain in full force and effect,
at its own cost and expense, a general comprehensive liability insurance policy, in protection of

1 the City, its officers, boards, commissions, agents and employees, in a company approved by and
2 in a form acceptable to the City Attorney, protecting the City and all persons against liability
3 for loss or damage for personal injury, death and property damage, occasioned by the operations
4 of the grantee under such franchise, with minimum liability limits of two hundred fifty thousand
5 dollars for personal injury or death of any one person, and five hundred thousand dollars for

12 thereof. If said insurance is provided by a policy which also covers grantee or any other entity
13 or person other than those above mentioned, then such policy shall contain the standard cross-
14 liability endorsement.

16 A. At all reasonable times, the grantee shall permit any duly authorized representative
17 of the City to examine all property of the grantee, together with any appurtenant property of
18 the grantee situated within or without the City, and to examine and transcribe any and all maps
19 and other records kept or maintained by the grantee or under its control which deal with the
20 operations, affairs, transactions or property of the grantee with respect to its franchise. If any
21 such maps or records are not kept in the City, or upon reasonable request made available in the
22 City, and if the City Manager determines that an examination thereof is necessary or
23 appropriate, then all travel and maintenance expense necessarily incurred in making such
24 examination shall be paid by the grantee.

25 B. The grantee shall prepare and furnish to the City Manager and/or Finance Director
26 at the times and in the form prescribed by either of said officers, such reports with respect to its

7 Section 5.56.350 Operational standards.

8 The CATV system shall be installed and maintained in accordance with the highest and
9 best accepted standards of the industry to the effect that subscribers shall receive the highest
10 possible service. In determining the satisfactory extent of such standards the following among
11 others shall be considered:

12 A. That the system provide a minimum of twenty channels, capable of delivering to
13 subscribers the entire VHF and FM spectrum and selected portions of the UHF spectrum;

14 B. That the system, as installed, be capable of passing standard color TV signals without
15 the introduction of material degradation on color fidelity and intelligence;

16 C. That the system and all equipment be designed and rated for twenty-four-hour per
17 day continuous operation;

18 D. That the system provides a nominal signal level of two thousand microvolts across
19 seventy-five ohms at the input terminals of each TV receiver. A minimum signal of one thousand
20 microvolts across seventy-five ohms shall be maintained for at least ninety-five percent of the
21 operating time;

22 E. The system signal-to-noise ratio shall not be less than forty-three db. (decibels). Signal-
23 to-noise is a figure of merit, thus insuring distribution of picture without noticeable degradation;

24 F. Hum modulation of a one hundred percent modulated picture signal shall not exceed
25 two percent;

26 G. The system shall not exceed a VSWR (Voltage Standing Wave Ratio) of 1.2 at any
27 point in the system;

28 H. The sound carrier level on each television channel distributed shall not be less than
seventeen db. below the level of either adjacent picture carrier;

1 I. The carrier level of each FM channel distributed shall be not less than seventeen db.
2 below the picture carrier level in television channels adjacent to the FM band;

3 J. Co-channel interference, adjacent channel interference and other extraneous signals,
4 including hum, measured at the receiver input, shall be at least minus forty db. with respect to
5 the peak carrier level of each desired channel;

6 K. Isolation between any two subscribers shall be at least thirty-five db;

7 L. Radiation from coaxial cables and electronic equipment in the distribution system
8 including power supplies and associated power lines shall be less than ten microvolts per meter
9 at any point at a distance of ten feet. Each power supply or its associated housing shall be
10 equipped with a suitable RF power line filter which shall provide not less than thirty-six db. of
11 attenuation to all frequency transmitted over this system;

12 M. Interference from sources external to the system shall not be noticeable with a blank-
13 screen test;

14 N. All equipment must conform with any pertinent City and/or underwriter's laboratory
15 standards whichever shall be more stringent;

16 O. The system shall maintain all of the above specifications between ambient
17 temperature limits from minus twenty degrees Fahrenheit to plus one hundred twenty degrees
18 Fahrenheit, where "ambient temperature" is defined as the officially recorded City air
19 temperature, and also for AC power line variations between one hundred five and one hundred
20 thirty volts, and between fifty-five and sixty-five Hz. The maximum level change at
21 the input to any randomly selected receiver shall be three db. with a temperature change of fifty
22 degrees Fahrenheit, with no adjustment and with the AC line voltage constant within five
23 percent of nominal. The maximum level change shall be three db. for a constant ambient
24 temperature with a voltage variation from one hundred five to one hundred thirty volts.

25 P. The signal received by the customer shall be substantially the same quality as
26 originally transmitted by the station being received taking into consideration the technical
27 conditions over which the system operator has no control.

28 Section 5.56.360 Proof of performance specification.

The franchise grantee shall submit at the commencement of operation a proof of

1 performance for each CATV system or major operating portion thereof that the system is
2 operating in conformance with each of the standards and specifications listed above as of the
3 date of the statement. The statement shall be submitted in a form approved by the City
4 Manager. Thereafter, at least once annually the City shall employ the services of a consultant,
5 expert in this field, who will determine that the system is operating in conformance with each of
6 the standards and specifications listed above as of the date of the statement. This statement, too,
7 shall be submitted in the form approved by the City Manager. Any such costs incurred by the
8 City to determine proof of performance of the operational specifications shall be paid by the
9 grantee within ten days of receipt of statement of costs sent by the City. More frequent proof of

24 franchise pursuant to the provisions of this chapter; such payment to be made in ten days after
25 the City shall furnish such grantee with a written statement of such expense.

26 Section 5.56.410 Toll free telephone number.

27 The grantee shall maintain a toll free telephone number, with twenty-four-hour-per-day
28 answering or referral service, within the City so that CATV maintenance service shall be

2 be borne by grantee.

3 Section 5.56.420 Maintenance service log.

4 The grantee shall keep a maintenance service log which will indicate the nature of each
5 service complaint, the date and time it was received, the disposition of said complaint and the
6 time and date cleared. This log shall be made available for periodic inspection by the City.

7 Section 5.56.430 Performance correction responsibility.

8 The grantee shall bear the prime responsibility for appropriate corrective action
9 whenever improper performance is detected in any part of the system, regardless of whether
10 public utility distribution facilities are utilized.

11 Section 5.56.440 Refusal of service.

12 No person, firm or corporation in the existing service area of the grantee shall be

11 determine which grantee or grantees shall serve such new territory.

12 B. In the event any portion of the unincorporated territory covered by an existing
13 franchise or license granted by the County of Riverside is annexed to the City prior to the time
14 that the grantee of such County franchise or license has commenced installation of a CATV
15 system within said territory, all rights acquired by said grantee under its County franchise or
16 license shall terminate by operation of law as of the date on which the annexation to the City
17 becomes effective.

18 C. In the event any portion of unincorporated territory covered by an existing franchise
19 or license granted by the County is annexed to the City after the grantee thereof has commenced
20 or completed construction and installation of a CATV system within said territory, the rights
21 reserved under such franchise or license to the County or to any officer thereof, shall inure to
22 the benefit of the City and all regulatory provisions of this chapter and any other rules and

26 from its operations within the annexed territory or eighteen hundred dollars whichever sum is
27 greater.

28 Section 5.56.640 Franchise renewal.

1 Any franchise granted under this chapter is renewable at the application of the grantee,
2 in the same manner and upon the same terms and conditions as required herein for obtaining

15 within such extended period of time as the City Council in its discretion may authorize, the
16 grantee shall file with the City Clerk his written acceptance, in form satisfactory to the City
17 Attorney, of the franchise, together with the acceptance fee, bond and insurance policies
