Why Do You Want To Serve on the City Board:

I want to serve on the City Council because I believe the seat should be occupied by a resident who has the best interest of the Ward residents. I have lived in this Ward since December 1988 and have seen it change over the years and have my own vision for what the City and my neighborhood should become. I believe it should be someone who has no ties to the existing establishment as to interject new ideas and views that would represent the beliefs of the residents. As a husband and family man of 29 years and who's children reside in the City of Riverside as well I believe I hold those beliefs which lead me in daily life which would set the example for all those I come in contact with and project what the City can truly become.

No experience specifically but have attended Council meetings in the past especially those pertaining to the parcel of land in La Sierra Hills and that bordering the City of Norco and Santa Ana River.
