## Auditor Responsibilities

- Perform an audit of the City's basic financial statements as of and for the year ended June 30, 2017.
- The objective of an audit of financial statements is to express an opinion that the basic financial statements are presented fairly in conformity with generally accepted accounting principles (GAAP).
- The audit was performed in accordance with auditing standards generally accepted in the United States and *Government Auditing Standards*.
- Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.
