## **BACKGROUND:**

The City of Riverside has been awarded Federal Emergency Management Agency (FEMA) Emergency Management Performance Grant (EMPG) funds for Fiscal Year 2017 in the amount of \$64,286. EMPG assists State and local governments by supporting the building, sustainment, and delivery of core capabilities to achieve preparedness. The Fire Department applied for EMPG funding to further strengthen the Department's ability to support emergency management mission areas while simultaneously addressing issues of national concern as identified in the National Priorities of the National Preparedness Guidelines.

Staff has applied for and received federal approval to use these funds for the following:

1. \$34,286 for the purchase of equipment to update and enhance the capabilities of the Emergency Operations Center; and
2. \$30,000 for partial salary offset for the Community Preparedness Coordinator position within the Fire Department.

The performance period for the grant is July 1, 2017 through April 30, 2018 for personnel.

**FISCAL IMPACT:**

The total grant amount is \$64,286. The EMPG grant requires a 100% local cost share of \$64,286 which the Fire Department will provide through in-kind match of existing emergency management staff salaries.
