any questions regarding the Mills Act Program should be directed to Ms. Crosby.

She informed the Board that staff was recently informed that the "Historic Resources Database" was removed from the City's webpage. It became necessary remove the database due to age of the program. The program was written in Access and it has been 7 years now that the City hasn't supported Access, therefore the program has become very unstable. Also, the database was located on a 2003 server, which in computer time, was ancient. Based on these issues, the Security officer removed the program and is currently looking into an interim solution. Should anyone have any questions, please contact Scott Watson for information. In the short term (3 weeks), staff is working on a solution using GIS. She noted that when the database was created it was award winning and staff hopes to see the database at a high caliber level again.

Staff will be agendizing the election of a CHB representative to the Historic Preservation Fund Committee. The Committee has two representatives of the CHB and one alternate. Michelle Gilleece was the alternate representative of the CHB and with her resignation, a vacancy has opened. The two current members are James Cuevas and Charles Tobin.

Board Member Cuevas inquired about the City's streamlining efforts as they would pertain to historic preservation. What is the process for new homeowners who are not aware of the cultural resource requirements. At what point are they told to speak with Planning staff.

Mr. Watson explained that this was one of the reasons he moved back to the third floor. He noted that a lot of the processes have been streamlined and Planning counter staff have been trained with respect to historic preservation. He works closely with the planners and if an item is determined to need additional analysis, he is called up to speak with the homeowners.

Board Member Parrish stated that she was someone in desperation, trying to access the historic database over the weekend. She noted that many people she spoke with at the May conference, didn't have an equivalence to this database.

Mr. Watson invited Board Member Parrish to provide any suggestions to specific categories that should be incorporated into new GIS tool being

developed in the interim. Staff hopes to have the entire database available by June but noted it will be more of a report format.

Board Member Tobin informed board members that the Historic Preservation Fund Committee met January 8th to discuss the monies remaining in the fund. The Committee has set a future workshop to discuss a broad array of financial incentives as they pertain to Title 20 and where those programs might go in the future.

He stated he would also like for the Cultural Heritage Board to review the Boards purview as it pertains to landmarks, districts, administrative procedures, certificates of appropriateness and Title 20. He asked to agendize a workshop for the meeting in April.

Anthony Beaumon, Deputy City Attorney, stated that a workshop could be agendized but he recommended that a clear description of what is to be discussed be included.

Ms. Gettis stated that staff could agendize this at the April meeting under the discussion calendar. She stated that staff has a meeting scheduled with Board Member Tobin on Monday, January 22nd and will work with Board Member Tobin at that time to narrow down the specific topics for the workshop.

Ms. Gettis announced that Chair Lech will be giving the CHB annual report to City Council on February 27 at 6:15 pm. She asked if anyone has any item they wish Chair Lech to bring up at the Council meeting, they may contact him directly or let staff know.

CULTURAL HERITAGE BOARD QUARTERLY ATTENDANCE REPORT Ms. Gettis stated that the quarterly attendance report will be forwarded to the City Clerk's office.
