Grand Opening – New Location

2017/18 School Year

Our campus offers two innovative programs serving grades K-12.

Magnolia Academy (K-8):

- 4 days of engaging, integrated core classroom instruction with a focus on community connections.
- 1 day of parent-supported home study days for students to develop mastery on personalized skill goals and complete individual project work.

Renaissance Real-World High School (9-12):

- A high school that emphasizes deeper connections with fewer teachers
- We ensure that every student is prepared for both college and the world of work through
 - rigorous, supported courses
 - school-organized internships
 - concurrent college enrollment
- Students graduate with a resume of experiences and skills, a UC-ready transcript, college units, and friends that will last a lifetime.

Our mission is to empower students by fostering their innate curiosity, engaging their parents, and promoting optimum learning by collaboratively developing a personalized learning program for each student.

- National School Lunch Program
- School Breakfast Program
- National Honor Society
- California Scholarship Federation

Name: Carmina Kendall

Age: 8 **Grade:** 3

I chose: Magnolia Student Center

Why? To get a solid foundation on Math and Science and become a chemical engineer.

Carmina says:

“Multiplication and division are hard, but I practiced and now they are easier.”

She likes to play with GoldieBox, an engineering toy for girls.

A Location Rich in History

- Magnolia Student Center has been committed to providing school choice to the families of Riverside for many years.
- After a 4 year labor of love, we are now located at the site of the former YMCA facility which has been completely remodeled for our use.
- The YMCA originally occupied the building in 1968 and we continue to honor their contributions to the community by including their original marquee and donor bricks in our legacy walk where we will commemorate the graduating class each year.
- It now has 28 state-of-the-art classrooms with 21st-century design elements, offices, conference rooms for parent and student meetings, a gymnasium and a pool complex.
