EXHIBIT "B"
COMPENSATION

- **Consider a Master Lease Indenture.** The City has a significant number of real assets that have been used over time to secure City general fund-backed lease obligations. With Measure Z approval and the upcoming need to finance the new downtown library, the City should consider developing a master lease structure. A master lease structure allows the City to maximize the use and fair rental value of the City's asset pool as new lease obligation are created and other drop off (i.e., mature). Some of the City's lease obligations are not appropriate for such a pool – for example, this came up regarding the refunding of the Galleria at Tyler COPs. That financing was for economic development and the secured assets are appropriately limited to that site. Other obligations, such as the City's Convention Center financing, may have been appropriately a stand-alone obligation. But in the long-term, a master indenture will allow the City to add or remove assets as bond amounts outstanding ebb and flow. Prioritizes essential assets as encumbered, which is important to credit analysts and prospective bond investors. And limits the need potentially to "over-encumber" assets of less essentiality.
- **Develop criteria for the use of swaps, variable rate debt and call features of long term debt.** The City has incurred a number of general fund obligations using swaps or lock-outs on the ability to refinance. At the time, the City probably achieved pricing that helped generate additional proceeds or perhaps reduced debt service costs had typical fixed rate or call features had been used. However, since such transactions have occurred, medium and long term interest rates have reached historic lows, and one wonders if such "savings" were achieved in the long run.

INSURANCE

Attachment D provides evidence of possession of insurance coverage and amounts listed in the Sample Agreement.

PRICING

Attachment E is a completed Exhibit C as requested in the RFP. For clarification, we provide the following contextual description of CSG's proposed pricing.

Consulting Work Not Directly Applicable to a Bond Transaction. CSG will typically agree with City staff, most often in writing, whether particular work would be done hourly or at a negotiated fixed cost. This typically depends on whether ongoing consultation of a particular matter will require significant time commitment, technical analysis, memorandum, or specialized work product. In such cases, we typically confirm negotiated cost arrangements with City staff in writing with a fee letter containing a scope of work or an agreement that is less formal if deemed appropriate by City staff. In some cases, when a particular financing is pending or expected, compensation for such additional work may be paid from bond proceeds, but this is usually determined on a case-by-case basis. Hourly fees for CSG personnel are as follows:

Title	CSG Personnel	Hourly Rate
Chairman	Gene Slater	\$300
Principal	Scott Smith	\$275
Senior Associate	As needed	\$150
Administrative	As needed	\$70

These rates are applicable to 2018. CSG's rates are adjusted upward 3% annually at the beginning of each year, and would be so adjusted beginning January 1, 2019.

Bond Transaction Work. CSG would work on a contingent fixed fee schedule for each series of bonds for the following types of bond financings once the City has decided on a particular plan of finance. CGS does not track hours for fixed fee assignments. CSG does not charge for follow-up administrative support post-bond issuance. The fee schedule below is exclusive of expenses. For Exhibit C, we have quoted the high and low end of the range for each financing. We understand the imperative for the City to anticipate cost for comparative purposes. We just wanted to make sure there was full understanding that some flexibility is inherent to municipal advisory work – for example, not all \$20 million bond

transactions are of equal complexity and time commitment, and sometimes a \$10 million transaction is more complex and time consuming than a \$40 million transaction. We are always hopeful to adjust fees where we can, to be fair to the City.

Financing Type	Bond Size	Fees*
<i>Tax Allocation Bonds, Utility Revenue, Lease Revenue Bonds and Certificates of Participation:</i>	Under \$10 million	\$22,500
	\$10 million to under \$20 million	\$28,500
	\$20 million to under \$30 million	\$34,500
	\$30 million to under \$40million	\$39,500
	\$40 million to under \$50 million	\$42,500
	Above \$50 million	\$45-75,000
<i>Assessment or Community Facility Districts:</i>	Formation of new assessment or community facility district (payable at formation):	\$10-15,000*
	Plus: by issue size (payable at bond closing):	
	Under \$10 million	\$19,500
	\$10 million to under \$25 million	\$27,500
	\$25 million to under \$35 million	\$34,500
	\$35 million to under \$50 million	\$32,500
	Above \$50 million	\$45-75,000
<i>Competitive Sale</i>	* Assumes formation is completed within one year of initiation of work. Beyond one year, will negotiate additional fees depending on anticipated work effort. This assumes all work to be paid from developer deposit.	
	Additional \$7,500-12,000 if bonds are sold competitively depending on bond size and complexity.	

Expenses. CSG would be reimbursed for transportation, meals, lodging, messenger delivery, long-distance telephone and fax, and document production and reproduction at cost.

CONDITIONS, ASSUMPTIONS & EXCEPTIONS

None.
