Re: P18-0504, Plot Plan Review
P18-0574, Variance
P18-0609, Variance

Mr. Jack Cartledge,

We would like to appeal the staff's decision on the above cases since we are directly behind this property and would be effected significantly with the height of this residence.

Please be advice that we need this to be reviewed by the planning commission.

We are the owners of the APN No. 243-220-061 and 243-220-060.

I would appreciate your comments and your written response back to us with the date of the hearing.

Thank you

Mike Sadeghian
