### SUB-RECIPIENT TCC PLANNING ACTIVITIES

Agreement:	Sub-Recipient Agreement for the Use of Transformative Climate
	Communities Planning Grant Funds
SUB-RECIPIENT:	City of Riverside
Address:	3900 Main Street, Riverside, CA 92522
Program:	Transformative Climate Communities Planning Grant
Location:	Eligible areas within the boundaries of the TCC Planning Area as illustrated in the Planning Area Map in Exhibit C

#### Description:

The SUB-RECIPIENT intends to use \$149,791 in TCC Grant funds to undertake planning activities in preparation of applying to a TCC Implementation Grant. This grant will be made to SUB-RECIPIENT on a "cost-as-incurred" basis for all eligible approved costs under this Agreement.

	Timeline [Start and
High Level Activities/Milestones	End Date]
Fiscal Management Work Plan	
Task 1: Fiscal Management	
Subtask A: Set-up of accounting receivables and expense accounts.	July 1, 2018 to
Subtask B: Accounting related to draws/billings.	June 31, 2019
Subtask C: Accounting related to quarterly reporting	
Subtask D: Identify and obtain leverage funding	
Deliverables: Accounting system set-up; timely billings; timely quarterly reports.	
Regarding Subtask d: Throughout our talks with identified partners, the City will be	
actively identifying "hard match" (e.g., potential alternative funding sources) and "soft	
match" (knowledge base or locally accessible skillsets) that will assist in TCC Grant	
implementation. As this project mapping is built in to existing outreach, no additional	
budget is required for this sub-function.	
Community Engagement Work Plan	
Task 1: Select Transformative Climate Community Outcome(s) *	

Subtask A: Identify new and existing groups motivated to contribute to key planning	July 1, 2018 to
activities	June 30, 2019
Subtask B: Provide menu of transformative climate community outcomes for new and	
existing groups	
Subtask C: Facilitate issue identification and prioritization of selected outcome(s)	
All Subtasks: Larger community groups will meet with the City monthly throughout the	
TCC Planning Grant process. Smaller groups, or combinations of small groups, will	
also be engaged monthly throughout the planning process or as requested. Budgets	
for this outreach include meeting space rental (where applicable), outreach supplies,	
advertising costs, and some consulting services.	
Deliverables: Description of the process each group used to identify outcome(s), sigh	
in sheets, charrette notes, PowerPoint presentations, and compiled comments received	
during the meeting process. Regarding Subtask A: The City has a vibrant and well	
incorporated neighborhood participation process. However, it is anticipated that the	
City will identity new participation partners, particularly when engaging large	
organizations such as UCR, and anticipates identifying an additional 2-6 partners, in	
addition to the large identified community input pool, as part of ongoing neighborhood	
outreach that is budgeted under the TCC Planning Grant. Beginning on July 1st and	
quarterly thereafter the Neighborhood Outreach staff will produce a report that will be	
submitted as part of overall deliverable reporting for the Planning Grant that will detail	
outreach to specific groups, number of meetings, and outcomes related to group input	
into TCC implementation grant formation.	
Task 2: Assass (Process and Outcome) Status to Data *

Policy Evaluation - City Work Plan	
Task 1: Policy Evaluation - City of Riverside	

Subtask A: Examine Housing Element and Land Use Policies in relation to housing	July 1, 2018 to
sites	March 29,
Subtask B: Examine Parks Master Plan and identify potential improvements for	2019
Project Area.	
Subtask C: Examine CEQA and State policy ramifications regarding TCC	
implementation	
All Subtasks: The City will produce a stand-alone analysis of City policies (e.g.,	
planning, fiscal, historic, transit, etc.) in relation to how they impact the new tenants of	
smart growth generally, and how policies either align or require updating to facilitate	
projects under the TCC Implementation Grant.	
Deliverables: Rezoned housing site; parks plan identification; plan evaluations. As	
part of potential TCC project readiness activities, staff has engaged municipal	
departments in order to have all residential sites fully entitled for an Implementation	
Grant. Key to this effort is analyzing how the City's new General Plan Housing Element	
(passed in December) impacts zoning, land use, and interaction with external partners	
(e.g., tribes and March Airfield oversight). The goal is to have all sites project ready for	
a TCC Implementation Grant with an entitlement process that accommodates the	
anticipated timelines of a TCC Implementation Grant. It is anticipated that the legal,	
land use, and program outcome analysis may be delivered in constituent parts; that as	
elements of the analysis are available (e.g., parks planning and smart growth), these	
elements would be submitted as part of quarterly reporting. When complete the	
analysis package would be consolidated and presented to the Department as an off-	
track (i.e., non-quarterly reporting) deliverable of the Planning Grant.	
Task 2: Policy Evaluation- City of Riverside Housing Authority	

Subtask A: Examine Affordable Housing Policy implemented by the City of Riverside	July 1, 2018 -
Housing Authority	February 29,
Subtask B: Examine Parks Master Plan and identify potential improvements for	2019

<b>Deliverables:</b> Codes and policies reviewed and updated as appropriate. It is	
anticipated that the legal, land use, and program outcome analysis may be delivered in	
constituent parts; that as elements of the analysis are available (e.g., parks planning
