## City of Riverside Human Relations Commission **Supplement to Application for Sponsorship**

Detail the purpose or objective of local festival, special event, community project or specific program for which the Human Relations Commission funding or in-kind services are requested:

The MCC has celebrated annual Day of Inclusion programs in Riverside since 2011 to commemorate the date 75 years ago in December 17, 1943 when the U.S. Congress enacted the Magnuson Act, also known as the Chinese Exclusion Repeal Act of 1943. This federal law repealed the racist Chinese Exclusion Act of 1882. The Magnuson Act allowed Chinese immigration for the first time (since the Chinese Exclusion Act of 1882 was enacted), and permitted some Chinese immigrants already residing in the country to become naturalized citizens for the first time since the Naturalization Act of 1790.

In 2009, state Assembly Member Mike Eng authored Assembly Concurrent Resolution 76 designating December 17 as the "Day of Inclusion" in the state of California to remember, celebrate, learn from the sacrifices and contributions of our immigrant community by embracing our shared differences and common values, and celebrate our diverse immigrant heritage. Riverside Mayor Rusty Bailey has committed to proclaim December 17, 2018 as the Day of Inclusion in Riverside.

Our theme this year is "Memories of Migration: Diverse Journeys." One in five residents in the Inland region is an immigrant. Studies indicate that there are at least one million immigrants living in the Inland region - contributing to the region's economic strength and cultural vitality. Migrants enrich our community with their history, language, and cultural traditions in art, music, dance and cuisine -- creating a unique tapestry in our multicultural society.

Describe the overall contribution of the festival, special event, community project or program to the community in relation to the goals and objectives of the Human Relations Commission:

The Multicultural Council's Day of Inclusion program mirrors the Mission Statement of the Human Relations Commission. Our goal is to promote and celebrate inclusivity, ethnic and multicultural diversity. This day is set aside to foster mutual understanding and respect for the contributions by immigrants to the region. The 2018 Day of Inclusion will be the first in a series of programs to showcase how the Inland region has been enriched by the diversity of the immigrant community's contributions to its economic strength and cultural vitality.

What are the measurable target objectives that will be used to determine the success of the festival, special event, community project or program? Please state your objectives in terms of concrete numbers and percentages where possible. For example: increased number of participants from X to X in the 2003 parade; provide X number of at-risk youth crisis intervention services; increase customer satisfaction of event from X% to X%.

The MCC will strive to increase attendance of teenagers and young adults by 50 percent. A survey will be distributed to participants to evaluate the effectiveness and quality of the program and activities. By the end of the event, participants will have a better understanding and awareness of the significance of the Day of Inclusion and the positive contributions of the immigrant communities.
