WHY YOU WANT TO SERVE ON A CITY BOARD OR COMMISSION: (474 Characters Max)

As a customer and community member, I value the unique asset it is for a city to have the foresight in its past to own create our own public utilities and the wisdom to seek sustainability for decades to come. In my role as a mom, a wife, a friend and an Executive Director for children facing adversity, I desire to see a strong utilities company that continues to push for sustainable and reusable methods in order to serve all people in our city for future generations.

During my service and time on the Green Accountability Performance Committee was insightful on the mission, plans and the significant steps RPU is taking to not only educate the community on "going more green" but reexamining its internal operations to meet greater and higher standards.

To serve on the utilities board would allow me to offer my specific insight as a millennial, through the eyes of a young family, and as a service provider working with families that make under \$30,000 a year. For that I am committed to assisting RPU provide the highest quality water and electric services at the lowest possible rates to benefit the community.

EXPERIENCE OR SPECIAL KNOWLEDGE PERTAINING TO AREA (S) OF INTEREST: (474 Characters Max)

Experience with public utilities, outside of being a customer, lies with the two years I served as a member of the Green Accountability Performance (GAP) Committee. I was deeply impressed with the plan's 38 goals/objectives and even more impressed with the accomplishment of each. The outcomes of the Green Action Plan reinforced the mission, plans and the significant steps RPU is taking to not only educate the community on "going more green" but reexamining its internal operations to meet greater and higher standards.

What I offer is my personal experience that has been developed from conferences, books, and other non-governmental organizations that are asking the difficult questions surrounding food scarcity, consumption, awareness and education to the increasing indigenous population of Latinos, reusable resources.

How would your experience or qualifications help the Commission on Disabilities meet its membership goals? (255 Characters Max)

Diversity whether ethnic, community group, disability, SES, and education offer viewpoints that give insight that allows for the collective to have the ability to make clear and wise decisions. For three years I worked at the Arc of Riverside County under the leadership of Jim Stream who created the initiative the Value of One. The Value of One is the affirmation that all people, with and without disabilities, have inherent value. With that knowledge and belief, individuals with all types of disabilities should have representation if they so desire on the Boards and Commissions as well as those with professional experience representing or supporting persons with disabilities.
