AMENDMENTS TO THE CHARTER
CITY OF RIVERSIDE, CALIFORNIA
(1934)

No. 1—RELATING TO RECALL ELECTIONS

That Section 234 of the Charter of the City of Riverside be amended to read as follows:

THE RECALL

Section 234. The holder of any elective office may be removed or recalled at any time by the electors qualified to vote for a successor to such incumbent; provided such elective officer has held his office at least six months. The procedure to effect such removal or recall shall be as follows:

In case of an election at large, not less than one hundred qualified electors of the City of Riverside, and in case of a ward election, not less than twenty-five qualified electors of such ward, may originate a petition of recall in the following manner: The said qualified electors shall file with the City Clerk a petition containing, in not more than two hundred words, a general statement of the ground or grounds for which the recall of the official is sought. This petition shall be signed in the presence of the City Clerk or his deputy by each of the petitioners originating the recall, each signer adding to his signature his place of residence, giving street and number, and the date of signing. When the requisite number of qualified electors shall have signed the petition, the City Clerk shall file the same, and shall cause it with the signatures attached thereto, to be published for three successive days in a newspaper of general circulation published in said city, with notice therein that said petition is in the City Clerk's office open for signatures. The City Clerk shall, during office hours for forty-five days from the last day of publication aforesaid, keep the petition open in his office for signatures by the qualified electors of the city to sign in the presence of the City Clerk or his deputy, giving his place of residence, street and number and date of signature. At the expiration of said forty-five days, the City Clerk shall declare the petition closed for the purpose of examination, and within ten days thereafter shall ascertain whether said petition is signed by qualified electors of the City of Riverside equal to not less than twenty-five per cent of all the votes cast for such office at the last general municipal election; and the City Clerk shall

attach to the petition his certificate showing the result of such examination. If the petition is shown, by the City Clerk's certificate, to be insufficient, the City Clerk shall at once notify the signers who originated the petition of recall of the deficiency, and fifteen additional days, exclusive of the day of mailing shall be allowed for the final completion of the recall petition. Notice herein required shall consist of depositing in the post office at Riverside a letter, postage prepaid and registered, containing such notice, addressed to each signer who originated the petition of recall at his address given in the petition. The City Clerk shall within five days after the expiration of the additional fifteen days allowed in which to complete the recall petition, make a like examination of any names added thereto and check the same as hereinbefore provided; and if the City Clerk's certificate shall show the recall petition to be still insufficient, no further action shall be taken and no petition for the recall of the same officer shall be originated within six months thereafter.

If necessary the Council shall allow the City Clerk extra help for the purpose of such examination. In case the City Clerk is the officer sought to be recalled, the duties herein provided to be performed by him shall be performed by some other person designated by the Council for that purpose. If the petition shall be found to be sufficient, the City Clerk shall submit the same to the Council without delay, and the Council shall thereupon cause a special election to be held within not less than forty nor more than sixty days after the passage of an ordinance calling such election, to determine whether the voters will recall such officer; provided that if a regular municipal election is to occur within sixty days from the date of the filing of the petition with the Council, the Council may, in its discretion, submit such recall at such regular municipal election. If a vacancy occurs in said office after a recall petition is filed, the election shall nevertheless proceed as in this Section provided. One petition is sufficient to propose the removal and election of one or more officials. Nominations for any office under such recall election shall be made by petition in the manner provided by Section 1188 of the Political Code; except that no party affiliation of candidate, signer or verification deputy shall be given, and any qualified elector may sign said petition. Upon the sample ballot there shall be printed in not more than two hundred words, the reasons set forth in the recall petition for demanding the recall of the officer, and upon the same ballot in not more than two hundred words, the officer may justify his course in office. There shall be printed on the recall ballot, as to every officer whose recall is to be voted on, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which question shall be the words

"Yes" and "No," on separate lines with a blank space at the right of each, in which the voter shall indicate by stamping a cross (X) his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the incumbent recalled, (in case he shall be removed from office by said recall election), followed by the appropriate voting squares; but no vote shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote "No" said incumbent shall continue in said office. If a majority shall vote "Yes," said incumbent shall thereupon be deemed removed from such office. The canvassers shall canvass all votes for candidates for said office and declare the result in like manner as in a regular election. If the vote at any such recall election shall recall the officer, then the candidate who received the highest number of votes for the office shall be thereby declared elected for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to the provisions of this Charter.

No election for the recall of a Councilman shall be held unless a candidate to succeed the incumbent sought to be recalled has been nominated.

If any special election be ordered, held and conducted, it shall be ordered, held and conducted (except as to date thereof) and the result be made known and declared, in the same manner as herein provided for other elections.

removed in any period of one year, except for malfeasance, misfeasance or nonfeasance in office. The Commissioners first appointed shall so qualify themselves by lot at their first meeting, that one Commissioner shall go out of office on the first Monday in January, 1936, one at the end of one year thereafter, one at the end of two years thereafter and one at the end of three years thereafter. The Board shall control all examinations and may, whenever an examination is to take place, obtain the assistance of a suitable person or persons to aid in preparing for and conducting such examination; providing, however, that no member of either department who shall have been in the employ of the city for one year preceding

ING TO PRIMARY ELECTIONS

of the Charter of the City of Riverside be amended as follows:

182/39

Council Moves Up Meeting Time One Hour

Tomorrow, for the first time since 1932, the city council will meet at 9 o'clock instead of at 10. The ordinance setting the new hour for the session was passed in April.

Originally opened at 9 a.m., the meeting time was changed seven years ago when a business appointment of one of the councilmen conflicted with the 9 o'clock hour and made it impossible for him to arrive on time.

In recent years, however, the council has been unable to complete its business before noon, and many sessions have been continued on into the afternoon. By moving the session up to 9 o'clock, it is believed that the council will nearly always be able to adjourn by noon.

Section 191. All candidates for city offices shall be nominated at a primary election to be held on the third Tuesday in September next preceding each general municipal election. If at any primary election a candidate for any office to which there is but one person to be elected shall receive a majority of all votes cast for that office, he shall be declared elected to that office and no other election therefor shall be held; provided further that if no candidate for such office receives a majority, then the two candidates receiving the highest number of votes for said office at said primary election shall be the candidates, and the only candidates, whose names shall be printed on the ballot to be used at the next general election; provided where one or more offices of the same kind are to be filled any candidate therefor who shall receive votes on a majority of all the ballots cast for candidates for the office for which such candidate seeks nomination, shall be elected to such office. If a greater number of candidates receive a majority than the number to be elected, only those candidates shall be elected who secure the highest votes of those receiving such majority and equal in number to the number to be elected; provided that if a less number of candidates than the number of such offices to be filled are elected at the primary election, then the remaining candidates therefor receiving the highest number of votes and equalling in number twice the number of the remaining offices to be filled, shall be the candidates, and the only candidates for such remaining offices whose names shall be printed upon the ballot to be used at the next general municipal election.

Except as herein otherwise provided, said election shall be conducted in all respects as provided in this Charter for general municipal elections.

The Mayor and Council may by ordinance provide for filing fees to be paid by candidates for election, and that any primary election be consolidated with the State election held in the same year, and in such case the said primary election shall be held at the same time and place and together with the said State election, within the limits of the City, in accordance with the provision of any general law of the State providing for such consolidation.

No. 4—RELATING TO CITY AUDITOR'S DUTIES IN PUBLIC UTILITY DEPARTMENT

That Section 137 of the Charter of the City of Riverside be amended to read as follows:

Section 137. The Board may appoint, transfer, remove, discharge, suspend, or require bonds of superintendents, engineers, lab-

orers, accountants, clerks and all other persons employed in or by said Department or in connection therewith in whatever capacity, and may prescribe their duties, compensation and authority; provided, however, that all salaries and scale of wages must be first approved by the Council by resolution.

That Section 145 of the Charter of the City of Riverside be amended to read as follows:

Section 145. The Board shall keep all accounts of property, money, receipts and expenditures and shall take an annual inventory of all property belonging to each utility. The City Auditor shall exercise superintendence over the same as provided in Section 95 of this Charter. The Board shall pay to the general fund of the City of Riverside out of each utility fund the cost of such superintendence as fixed by resolution of the Council.

No. 5—RELATING TO CLERICAL CHANGES IN CHARTER

That Section 208 of the Charter of the City of Riverside be amended to read as follows:

Section 208. If there shall be no ordinance in force availing the City of Riverside of the privilege of having its taxes assessed and collected by the officers of the county, the City Clerk shall be ex-officio City Assessor, and the City Treasurer shall be ex-officio City Tax Collector; and they shall perform respectively the duties and have all the powers prescribed by law or ordinance for Assessors and Tax Collectors. While the city avails itself of the privilege of having its taxes assessed or collected by the county officers, the officers of City Assessor and City Tax Collector shall not exist. The taxes so levied and collected shall be paid by the proper county officers to the City Treasurer and be apportioned by the City Auditor to the several specific funds.

That Section 222 of the Charter of the City of Riverside be amended to read as follows:

Section 222. All said claims or demands, except those provided for in Section 214 of this Charter, shall be presented to the Mayor and Council for allowance. All claims or demands mentioned in Section 214 of this Charter must be presented to the Trustees of the Riverside Public Library or the Board of Public Utilities respectively for allowance and must be approved by the Auditor.

That Paragraph 13 of Section 16 of the Charter of the City of Riverside be amended to read as follows:

13. To create offices other than those established by this Charter or by the general law whenever the public convenience or necessity may require the same; to prescribe the duties pertaining to the offices thus created; and to provide for the election or appointment, and to provide whether they shall be filled by election or appointment, as provided in this Charter, and to fix the compensation, of the officers to fill the same;

That Section 224 of the Charter of the City of Riverside be amended to read as follows:

Section 224. The City of Riverside shall not be bound by any contract for the purchase of materials or supplies unless the Council or other board authorized by this Charter to make contracts shall have first caused notice to be published in a newspaper printed and published in the City of Riverside, inviting proposals, and thereafter shall have let said contract to the lowest responsible bidder furnishing adequate security for its performance, satisfactory to the Council, or other board, provided, that the Council, or other board, may reject any and all bids; and provided, that any such contract shall be made in writing, and approved and signed as provided in Section 10 hereof; and provided further, that the approval, as to form of such contract, by the City Attorney, as required by Section 112 of this Charter, shall be endorsed on the draft thereof before the Council shall have power to approve the same; but the Council, or any officer, board, committee or agent of the city, so authorized by resolution of the Council, may bind the city for the payment of the purchase price of materials or supplies not exceeding \$1000.00 in value without a contract in writing and without any previous publication of notice inviting proposals; provided, that contracts made by the Board of Public Utilities shall not be subject to the provisions of this Section.

That Section 219 of the Charter of the City of Riverside be amended to read as follows:

Section 219. The Auditor shall designate the fund out of which any demand shall be paid. His disapproval of any demand shall be final, subject to the review of the courts. No demand can be paid by the Treasurer unless audited and approved as herein provided. If there are no funds to pay any demand on presentation, the Treasurer shall register such demand and thereafter, if there be funds legally applicable to pay such demand, it shall be paid in the order of registration with interest thereon at a rate to be fixed by the Mayor and Council.

That Section 140 of the Charter of the City of Riverside be amended to read as follows:

Section 140. Said board shall have power to contract or to extend contracts for power, electric current, gas, fuel, or similar commodity; if said contracts or extensions are for a period exceeding one year and not longer than five years they shall require the approval of the Council; if longer than five years they must, in addition, be ratified by a majority of the qualified voters voting on such proposition at any election, before they shall be binding on the city. The board may, however, subject to the approval of the Council, make such contracts, or make leases of machinery or apparatus for a longer term than five years if such contracts or leases provide for the acquisition by the city of the machinery or apparatus so leased, or provide for the acquisition of the machinery or apparatus producing the electric current, power, gas, or other product so contracted for by the city.

That Section 221 of the Charter of the City of Riverside be amended to read as follows:

Section 221. No suit shall be brought on any claim for money or damages against the City of Riverside or any officer or Board of the city, until a demand for the same has been presented, as herein provided and rejected in whole or in part.

If rejected in part, suit may be brought to recover the whole. Except in those cases where a shorter period of time is otherwise provided by law, all claims for damages against the city or an officer or Board of the city, must be presented within three months after the occurrence from which the claimed damages arose, and all other claims or demands shall be presented within three months after the last item of the account or claim accrued. Nor shall suit be brought against said city, or any Board or Officer thereof, upon any claim or demand that has been in whole approved and audited as provided herein; provided, that nothing herein contained shall be construed so as to deprive the holder of any demand of his right to resort to writ of mandamus or other proceeding against the Council, or any Board or Officer of said city, to compel it or him to act upon such claim or demand, or to pay the same when so audited.

Sec. 108. The mayor and council shall have power to take advantage of any existing law or any law that may hereafter be passed, providing for the receipt and disbursing of city funds by the county treasurer of Riverside County, and may thereupon by ordinance abolish the elective office of city treasurer and provide for the duties of tax collector and supercede provisions of this charter conflicting with such changes. To control and order the expenditure of all money at any time in the library fund, and order the drawing and payment of all moneys out of said fund for such expenditures or liabilities as are herein authorized, subject to the general provisions for the payment of demands on the city treasury, contained in Article XVI.

Sec. 128. The board of trustees shall annually, on or before the third Tuesday of July, make a report to the council showing the condition of their trust for the year ending June 30th of that year; the various sums of money received from the library fund and from other sources; for what purposes such money has been expended, the amount so expended and the balance on hand; the number of books and periodicals on hand; the number added by purchase gift or otherwise during the year; the number lost or missing; the number of persons entitled to borrow books; the number of books circulated and the general character and kind of such books; the names of all employees and the salary paid to each; with such other information, statistics and suggestions as it may deem of general interest. The statement of financial receipts and disbursements shall be verified under oath by the secretary. The board shall, as specified in Article XV, Section 203, submit to the council a careful estimate of the amount of expenditure required for the coming fiscal year, specifying in detail the object thereof. A duplicate of said report and estimate shall be sent to the auditor.

Sec. 129. At the request of the board of trustees of the public library, as expressed in the annual estimate and budget of the board, the council shall in making the annual tax levy and as a part thereof, if the maintenance of the library is not otherwise provided for, levy a tax sufficient to maintain said library, reading rooms and branches, and for purchasing or leasing such real and personal property, books, papers, publications, furniture, fixtures, and erecting such buildings as may be necessary therefor; said levy to be in addition to other taxes, the levy of which is permitted in the municipality; provided, said levy for library purposes shall not be less than five cents, nor more than twenty cents on each hundred dollars of value of all real and personal property in the city as assessed for city purposes.

All money received for such library from any source, except as herein otherwise provided for, shall be deposited in the treasury of the city to the credit of the library fund and shall be kept separate and apart from all other moneys of the city, and shall be disbursed only for library purposes herein authorized and only upon the order of the board of trustees of the public library as hereinbefore provided.

Sec. 130. No indebtedness exceeding the funds available for library purposes during such year shall be incurred in any one year; provided, that this limitation shall not be construed to prevent the incurring of indebtedness for permanent improvements, to be liquidated by the proceeds of municipal bonds issued by the City of Riverside, in accordance with the provisions of this charter or of the general laws of the state, for the purpose of defraying the cost of such improvements; and provided, that the contracts for such improvements, the construction

of the same and the allowing of demands in payment therefor shall be under the control of the board of trustees of the public library, subject to the general provisions herein contained relating to the allowance of demands.

Sec. 131. Any person desiring to make donations of money, securities or other personal property or real estate, shall have the right to vest the title to such money, personal property or real estate so donated in the board of trustees of the Riverside Public Library, hereby created, to be owned, held and controlled by such board when accepted according to the terms of the deed, gift, devise or bequest of such property; and as to such property, the board shall be held and considered to be a special trustee thereof for the city. No real property used for library purposes can be sold by the council or otherwise disposed of without the approval of four trustees of the public library.

Sec. 132. The council shall have power to appropriate and authorize the use, either in whole or part, of any real estate belonging to the city for the purpose of erecting and maintaining a building or buildings thereon to be used for the public library or branches thereof, and may appropriate the whole or any portion of any public building belonging to or used by the city, for such use.

Sec. 133. The council shall pass proper ordinances imposing suitable penalties for the punishment of persons committing any injury upon said library or the grounds or property thereof, and for injury to or failure to return or for unlawfully obtaining or detaining any book or publication or other property of said library.

ARTICLE VIII.

DEPARTMENT OF PUBLIC UTILITIES

Section 134. There is hereby created a department of public utilities which shall be under the control and management of a board of public Utilities, hereinafter called the Board, consisting of the mayor and four commissioners. These commissioners shall be appointed, and may be removed by the mayor pursuant to the provisions of this charter. Each commissioner shall be at least twenty-five years of age, and shall have been a qualified elector of the city for the three years next preceding the day of his appointment. Members of the board serving at the time of the adoption of this charter shall continue in office until the expiration of their respective terms, and thereafter their successors shall hold office for four years, and until their successors are appointed and have qualified. The mayor shall be the presiding officer of the board. The members shall serve without compensation. Unless otherwise provided

by ordinance, the city clerk or his deputy, shall act as secretary of said board and keep the minutes and records thereof and shall, whenever required to do so, certify such proceedings under his hand, the same to be authenticated by seal if a seal is adopted and provided by said board for that purpose.

Sec. 135. The board shall hold regular meetings at least once in every month at such times and place as it may determine by resolution. Three members shall constitute a quorum for the transaction of business, but a less number may adjourn from time to time. Special meetings may be called pursuant to the provisions of Section 46.

Sec. 136. The board shall have the exclusive control and management of all electric and other light and power works, gas works, water works, ice works or other systems of providing and distributing refrigerating means, materials and service, and all other public utilities that now belong to, or that may hereafter be acquired by the city; the acquisition, construction, extension, maintenance, operation and improvements of such works and systems; the management, rental, use, sale and distribution of electricity, light, power, gas, fuel, water, ice or other products, merchandise or service therefrom; the collection of the rates and payment for the same and the general charge thereof; by ordinance of the council, the board may be given charge of the fire and police telegraph and alarm systems, together with the charge and oversight and upkeep of any or all electrical equipment or lighting system of any public building or place owned by the city.

Sec. 137. The board may appoint, transfer, remove, discharge, suspend, or require bonds of superintendents, engineers, laborers and all other persons employed in or by said department or in connection therewith in whatever capacity, and may prescribe their duties, compensation and authority, except as otherwise provided herein for the city auditor, his deputies and clerks, provided, however, that all salaries and scale of wages must be first approved by the council by resolution.

Sec. 138. The rates to be charged for the use, rental and sale of electricity, light, power, heat, gas, water or for any other service supplied by such department for which it is practicable to establish fixed rates, shall be fixed by the board of public utilities annually, or oftener if desired, but must be approved by the council. Said rates should preferably, but not necessarily, yield a reasonable profit and interest on the investment of the city, but must not be less than the actual cost of providing such service or utility, including all repairs, maintenance, operating expenses and the depreciation hereinafter provided for in Section 148 of this Article, unless approved by two-thirds of all the qualified electors voting on such proposition at any election, and further provided, that the board shall have power by a vote of four mem-

bers, approved by a vote of six members of the council, and by the mayor, when, in their judgment such would be for the best interests of the city as a whole, to make special and discriminating rates and contracts which may or may not be less than the said cost.

Sec. 139. The board shall have authority to purchase all machinery, material, fuel, merchandise and supplies for the use of the department, and such purchases may be made in the open market for the best advantage of the city, and bids shall not be required except at the option of the board, notwithstanding any other provision to the contrary contained in this charter elsewhere. The board is authorized to acquire and take by purchase, condemnation or otherwise, in the name of the city, any and all property, including water and water rights, situated within or without the limits of the city, that may be necessary or convenient for the construction, operation, maintenance or extension of any of the said works or public utilities, the consent of the council being first obtained by resolution.

Sec. 140. Said board shall have power to contract or to extend contracts for power, electric current, gas, fuel, or similar commodity; if said contracts or extensions are for a period exceeding one year and shorter than five years they shall require the approval of the council; if longer than five years they must, in addition, be ratified by a majority of the qualified voters voting on such proposition at any election, before they shall be binding on the city. The board may, however, subject to the approval of the council, make such contracts, or make leases of machinery or apparatus for a longer term than five years if such contracts or leases provide for the acquisition by the city of the machinery or apparatus so leased, or provide for the acquisition of the machinery or apparatus producing the electric current, power, gas, or other product so contracted for by the city.

Sec. 141. The city, by said board, shall have the right to sell, lease, rent or furnish any of the commodities, merchandise or service herein provided for, to persons or corporations using the same outside of the city limits, provided the same does not interfere with the proper service of the inhabitants of the city, and any contracts must be subject to this provision, and contain a clause to that effect. The rates so charged shall be fixed by the board, but must be approved by the council.

Sec. 142. The city, by said board shall have power to purchase, acquire by leasing or renting, to sell, to rent or lease out, to install, repair and maintain every kind of electric current, power, fuel, heat, machinery apparatus, supplies and all other articles of merchandise necessary, convenient or profitable either for its own use in any of the public utilities operated by the city, or for the use of customers of

the city wherever located. Such service to persons outside of the city shall be subject to the provisions of Section 141. When the board deems it to be to the profit and best interests of the city, it may furnish, free of charge, or give away to its customers, under proper restrictions to be approved by resolution of the city council, apparatus, lamps, and other articles intended to consume or make use of electricity, gas, power or other commodities furnished by the department.

Sec. 143. The board shall have entire charge of the system of street lighting; provided, that before any extensions of same are made, the approval of the council shall be necessary. The rate to be charged the city for street lighting shall be determined by the board and approved by the council, but must not be less than the actual cost of same. Bills for same shall be rendered monthly and approved in the same manner as other demands. The auditor shall then credit the electric fund and charge the proper fund with the said amount. Light, power and other items and supplies furnished other departments of the city shall be treated in like manner.

Sec. 144. The board shall have power, by a resolution adopted by a majority of all its members and recorded at length on the minutes with the ayes and noes, to make and enforce all such reasonable regulations, rules and by-laws as may be necessary for its government, for the administration of the department and for the exercise of the powers conferred by this article. In the event that electric transmission lines have been paid for, in whole or in part, by persons or corporations other than the city, the board may require persons desiring to connect with said lines, to pay a proper proportion of such cost before being allowed to make such connection, and the said payment may be repaid pro rata to the persons originally paying for such lines.

Sec. 145. The city auditor, as provided in Section 95, shall have entire charge and control of all records, books, documents and accounts relating to property and the receipts and expenditures and all accounts of purchases and sales of the department. His department shall also attend to the correspondence of the board or of the superintendent, but this shall be under the control and direction of the board. The board shall allow out of each utility fund the wages of the deputies and clerks employed in that department, which wages shall be fixed by resolution of the council.

The auditor shall annually make an inventory of all property belonging to each utility and shall keep this record posted up to date. A record shall be kept of all property sold, lost, destroyed, worn out or discarded, and a record of all connections and the number of lamps in use. The auditor shall accurately apportion all income and expenditures so that regular operating expenses, repairs, betterments, exten-

sions, replacements, depreciation, cost of operation, power and fuel, the income from various sources, and the net income and real value of the plant can always accurately be told. The board and superintendent shall so conduct the department that this can be done and the auditor is instructed and given power to see that this provision is complied with.

Sec. 146. All money received by the board from the collection of rates or otherwise shall be paid over to the treasurer of the city, daily, unless otherwise provided by ordinance, to the credit of each utility fund, which shall be kept separate and apart from all other moneys of the city, and shall only be drawn from said funds by demands previously approved by a vote of three members of the board taken with the ayes and noes, and spread on the minutes, and the action of said board endorsed on said demands and signed by the mayor as president of the board and by the secretary thereof. All demands must be approved by the superintendent or managing head of the department and by the auditor or his deputy before being presented to the board. In case of emergency the council may transfer money from the general fund to the respective utility funds. Any moneys raised by issuing the bonds of the city for the use of the department of public utilities shall be expended and controlled by said board. Money may be temporarily transferred from the utility funds or either of them, to the general fund by the council, but only with the consent of the board of public utilities, and such money must be returned to the respective utility fund from which it was transferred by the first day of the following May.

Sec. 147. None of the money in any utility fund shall be apportioned and used for any purpose or purposes other than for the following:

1. For the necessary expenses of conducting each utility, operating the same and making all current and ordinary extensions, betterments and repairs;
2. For the extraordinary improvement of and betterment to the plant, property, equipment and system of supply and distribution of each utility including purchase of necessary lands, rights and other properties;
3. Any unused balance in the fund of any utility, after deducting for the depreciation sinking fund as provided in Section 148, may with the approval of both the board and the council, be used for payment of principal and interest of any bonds of such utility outstanding;
4. After all expenditures have been made that are required in the first, second, and third subdivisions of this section, the profit, if any there be, remaining in the fund of any utility at the end of the fiscal

year, from the operation of such utility for such year, may, with the consent of both the council and the board, be transferred, in whole or in part, into the general fund.

Sec. 148. At the end of each fiscal year the auditor shall take the total value of property belonging to each utility as obtained from the inventory and property record; he shall deduct not less than two per cent therefrom, which shall represent the estimated depreciation of the plants and systems of each utility for the year. Said per cent shall thereupon be transferred from each utility fund to the credit of its depreciation sinking fund. He shall then charge to such sinking fund and credit to its respective utility fund the amount expended during the year in actual replacements of wornout machinery and plant, but must not include therein amounts expended in betterments, extensions, changes and repairs. The balance remaining in the depreciation sinking fund shall then be invested by the treasurer, subject to the approval of the council, in United States, state, school or municipal bonds, or deposited in banks organized under the laws of California, or national charter at interest, and the interest thereon shall accrue to said fund. If the per cent deducted from any utility fund in any one year shall not be sufficient to offset the expenditures for said actual replacements for such year as above specified, then sufficient bonds from the depreciation sinking fund shall be converted into cash, or cash withdrawn from said banks, and said cash transferred to the utility fund to make up such deficiency; but this shall be done only on the recommendation of the auditor and approved by the said board and the council. The depreciation sinking fund of each utility shall otherwise remain inviolate except as authorized by a two-thirds vote of the qualified electors voting on such proposition at any election; provided, that the said board by a four-fifths vote of all the members, approved by the council by a vote of six-sevenths of all the members, and by the mayor, shall have the power to instruct the treasurer and auditor to convert sufficient of said bonds into cash or withdraw said deposits, and thereupon to temporarily transfer the proceeds and to use same for betterments and extensions of said utility, or to acquire any other public utility elsewhere provided for in this charter, but must not use the same for repairs or operating expenses. Said temporary transfers must be repaid to the respective sinking fund from which any such transfer was made, in annual installments not less than ten in number, with five per cent interest on same, computed semi-annually, and the auditor is authorized and instructed to make such transfer and the council must provide the funds therefor if the balances in such fund be insufficient. Annual reports in detail must be made by the auditor and the treasurer of all increments, changes, conversions, investments, interest, loans from and repayments to said depreciation sinking funds. The auditor shall report to the board the rate of depreciation he deems wise

and necessary to charge each public utility each fiscal year, with his reasons therefor, and the board may, if not entirely satisfied or if it has any doubt, take other advice and may change the per cent recommended by the auditor and substitute and charge a different per cent, and the responsibility shall rest with the board. If the money in each or either public utility fund be insufficient to provide the amount of the depreciation charge respectively, the auditor shall create a deficit in either or each of said funds and if said deficit be not balanced at the time the next annual tax levy is made, the council must, by levy or otherwise, provide the money to balance the said fund. Said per cent shall not be less than two per cent unless approved by a majority of the electors voting on such proposition at any election.

Sec. 149. The board shall present to the council a monthly report segregated as to each utility operated by it, showing expenditures for operating expenses, fuel, power, wages, repairs, replacements, betterments, and extensions; also all income and net profit itemized into proper classes, and also an annual report showing in addition to these items the nature and condition of the property under their control with such information and suggestions as it may deem of general interest. If funds be needed for extensions, improvements, repairs or other expenditures, too great to be paid out of the estimated current income of the department, the board shall, as provided in Section 203, Article XV, make an itemized statement of the same to the council and the council may make such proper tax levy to provide such funds, and said taxes shall, when collected, be credited to the particular utility fund entitled thereto. Duplicates of all reports shall be filed in the auditor's office.

Sec. 150. It shall be the duty of the council to pass such ordinances as may be necessary to enforce the rules and regulations made by the said board.

Sec. 151. The board shall possess such other powers and perform such other duties as may be necessary to carry any of the powers and duties prescribed in this article into full force and effect, or as may be elsewhere prescribed by this charter or by ordinance.

Sec. 152. It is understood that at the time of the adoption of this charter, the electric and water departments are the only public utilities operated by the city. In case any other public utility shall hereafter be acquired and pass under the control and management of the board of public utilities, the said board shall create separate departments therefor, and such departments shall each be subject to all of the provisions of this article as far as they can be made applicable, and the accounts thereof shall be kept entirely separate each from the other, and separate and appropriate funds shall be established for each.

Sec. 153. No public utility once acquired and operated by the city shall, nor shall the control of same or the products therefrom, ever be sold, leased, abandoned or otherwise disposed of to any person or corporation except such proposition is approved by a two-thirds vote of all the qualified electors voting on such proposition at any election at which said proposition shall be legally submitted; provided, that said prohibition shall not be construed to prevent the ordinary sale of electricity, gas, water, power, service, merchandise, supplies, materials and unused or abandoned machinery or apparatus to the customers of the city in the regular course of business.

Ed Educ.

The elections for members of the board of education held in the territory embraced in the Riverside city school district lying outside the city limits shall be held in accordance with the election provisions of this charter, except that the number of election officers and the form of the ballot may be as is required by the general school laws of the state for school elections.

Sec. 191. All candidates for city offices shall be nominated at a primary election to be held on the third Tuesday in September next preceding each general municipal election, as provided for in the direct primary law of the State of California as now in force, or as may hereafter be amended; provided, however, that the council may by ordinance provide that any primary election may be consolidated with the state election held in the same year, and in such case the said primary election shall be held at the same time and place and together with said state election within the limits of the city, in accordance with the provision of any general law of the state providing for such consolidation.

Sec. 194. Each ward of this city shall constitute at least one municipal election precinct, but the council may divide any ward into two or more election precincts for the purpose of any city election and may change and alter and consolidate such precincts; provided, the same is not done within thirty days previous to an election; and provided further, that no precinct shall in any case embrace parts of any two or more wards.

Sec. 197. Subject to the provisions of this charter, all elective and appointive officials of the City of Riverside serving in office at the time of the adoption of this charter, shall continue in office for the term for which they were elected or appointed and until their successors shall have been elected or appointed and have qualified.

Sec. 198. The election returns from each municipal election precinct shall be filed with the city clerk, who shall immediately place them in the safe or vault in the city clerk's office, and no person shall be permitted to handle, inspect, examine or in any manner interfere with the same until canvassed by the council. After having been canvassed they shall be sealed up by the city clerk for twelve months and no person shall have access to them, except on the order of a court of general jurisdiction.

Sec. 199. On the first Tuesday after any election and at their usual time and place of meeting, the council shall meet and canvass the returns and declare the result.

Sec. 200. ARTICLE XV.

REVENUE AND TAXATION

Section 202. All taxes, licenses, fines, penalties and all moneys received from any source shall constitute the revenue of the city and shall be collected and paid into the city treasury.

Sec. 203. On or before the third Tuesday in July of each year, unless a different time is fixed by ordinance, the several heads of each department, office, board and commission shall submit to the council an estimate in writing of the amount of expenditure, specified in detail, and stating the object thereof, required in the respective department, office, board and commission during the ensuing fiscal year. Duplicates of these estimates shall be submitted to the auditor.

Sec. 204. On or before the fourth Tuesday in July of each year, unless a different time is fixed by ordinance, the auditor shall prepare and transmit to the mayor and council an estimate of the probable financial necessities of the municipal government for the fiscal year, stating the amount required to meet the interest and principal on all bonded or funded indebtedness of the city, and all special assessments, together with the amount needed for the salaries and probable wants of all the departments of the municipal government in detail, showing specifically the necessities of each fund in the treasury. The estimate

shall also show what amount of income and revenue is likely to be collected from fines, licenses and all other sources of revenue, exclusive of taxes upon property, and what amount will probably be required to be levied and raised by taxation in order to meet the necessities of each specific fund for such fiscal year.

Sec. 205. The council shall have the power and it shall be their duty to fix by ordinance the amount of money necessary to be raised by taxation upon the taxable property of the city, as a revenue to carry on the various departments of such city for the current fiscal year, not to exceed the limit fixed by this charter, or by vote of the electors, and to pay the bonded or other indebtedness of said city. The council shall meet for such purpose and shall so ascertain and fix said amount on the first Tuesday in August in any year when provision has been made by ordinance for the assessment and collection of the city taxes by the county assessor and county tax collector, and in any other year at such time as may be fixed by ordinance.

Sec. 206. During such time as the assessment and collection of city taxes shall be made by the proper officers of said city, the council shall meet at their usual place of holding meetings at ten o'clock A. M. on the second Monday of August of each year, unless a different time is fixed by ordinance, and sit as the board of equalization, and shall continue in session by adjournment from day to day until all the returns of the assessor have been rectified and the assessment equalized. They shall have power to hear complaints and to correct, modify or strike out any assessment made by the assessor, and may, of their own motion, raise or lower any assessment upon notice to the parties whose assessment is to be changed. The corrected list for each tax shall be the assessment roll of said tax for said year. It shall be certified by the city clerk, who shall act as clerk for the board of equalization, as being the assessment roll for said tax and shall be the assessment roll upon which such tax is to be levied in said year.

Sec. 207. The mayor and council shall have power and it shall be their duty, unless the city taxes are assessed and collected as provided in Section 209 of this Article, to provide by ordinance a system for the assessment, levy and collection of all city taxes and for the sale of property for delinquent taxes, which system shall conform, as nearly as the circumstances of the case may permit, to the provisions of the laws of this state with reference to assessment, levy and collection of state and county taxes and sale of property for delinquent taxes, except as to the times of such assessment, levy and collection and except as to the officers by whom such duties are to be performed. All taxes assessed, together with any percentage imposed for delinquency and the cost of collection, shall constitute liens on the property assessed from and after the date of assessment.

Sec. 208. If there shall be no ordinance in force availing the city of the privilege of having its taxes assessed and collected by the officers of the county, the city clerk shall be ex-officio tax collector, and they shall perform respectively the duties and have all the powers prescribed by law or ordinance for assessors and tax collectors. While the city avails itself of the privilege of having its taxes assessed or collected by the county officers, the offices of city assessor and city tax collector shall not exist. The taxes so levied and collected shall be paid by the proper county officers to the city treasurer and be apportioned by the city auditor to the several specific funds.

Sec. 209. The mayor and council shall, during the month of January in any year after the adoption of this charter, pass an ordinance electing to avail the City of Riverside of the provisions relating to the making of assessments and collection of taxes by the assessor and tax collector of the County of Riverside, pursuant to the provisions of an Act of the Legislature of the State of California entitled: "An Act to provide for the levy and collection of taxes by and for the use of municipal corporations and cities incorporated under the laws of the State of California, except municipal corporations of the first class, and to provide for the consolidation and abolition of certain municipal offices, and to provide that their duties may be performed by certain officers of the county, and fixing the compensation to be allowed for such county officers for the services so rendered to such municipal corporation," approved March 27th, 1895, and amendments thereto; provided, that act be then in force, and shall cause a certified copy of such ordinance to be filed with the auditor, assessor and tax collector of said County of Riverside. If said act shall be amended or some other law be substituted instead, providing for the assessment and collection of city taxes by county officers, any ordinance passed therefor by the mayor and council shall conform to the provisions of such amended act or such law in order to avail the city of the privilege of having its taxes assessed and collected by such county officers.

First day of month
note
in September
Sec. 210. On the first Tuesday of September in any year when provision has been made by ordinance for the assessment and collection of the city taxes by the county assessor and county tax collector, the council shall fix the rate of taxes for such year as provided in Section 4 of said Act of the Legislature referred to in Section 209 of this Article, and shall immediately thereafter transmit to the county auditor of said County of Riverside a statement of such rate as fixed by said council.

Sec. 211. No money from bond, interest or sinking funds of the city shall be transferred to other funds, except as provided herein, until the necessity for which such bond, interest or sinking funds were

created no longer exists. Ordinances providing for the levying of the taxes mentioned in this article shall not be subject to the provisions of the referendum referred to in Section 233, of Article XXI.

The council shall not have power to levy a general tax greater than one dollar and thirty-five cents on each one hundred dollars of the assessed valuation of all property within said city. This limit is exclusive of all taxes for the payment of the principal and interest of the bonded indebtedness of the city, all district taxes, special taxes, special assessments and all taxes for library or school purposes. This limit may be changed at any time by an ordinance adopted by a majority vote of all the electors voting on such question at any general or special election and such ordinance may originate in the council or may be proposed by initiative petition.

ARTICLE XVI.

CLAIMS AND DEMANDS

Section 212. Bonds and interest coupons shall be paid by the treasurer and demands shall not be necessary therefor.

Sec. 213. All other payments from the treasury must be made only on demands as herein provided and every demand must specify each date, item and value, be verified under oath and must be approved by the head of the department authorizing, or the person having knowledge of same, and by a majority of all the members of any board over such department.

Sec. 214. All demands on the library fund, or any public utility fund, must be approved by a majority vote of all the members of the board of trustees of the Riverside public library or the board of public utilities respectively, and approved by the auditor. The approval of the mayor and council shall not be necessary, but the mayor may disapprove any such demand and such demand shall be then paid only if approved, as provided in Section 216 of said Article.

Sec. 215. All demands except those referred to in Section 214 of this Article must be approved by a majority vote of all the members of the council, by the mayor and by the auditor.

Sec. 216. The council may approve any demand over the disapproval of any head of a department by a majority vote of all the members. The council may approve any demand over the disapproval of the mayor by a vote of six of its members, and any board specified in Section 214 may approve any demand over the disapproval of the mayor

by a vote of four of its members. Every such demand must be voted on separately, the aye and no vote taken by roll call and recorded. The reason for any disapproval must be attached to the demand.

Sec. 217. Regular monthly pay-roll demands, when approved by the head of the department, may be paid prior to the approval by the board over such department.

Sec. 218. Salaries of elective officers, except those of members of the council, shall not require demands.

Sec. 219. The auditor shall designate the fund out of which any demand shall be paid. His disapproval shall be final, subject to the review of the courts. No demand can be paid by the treasurer unless audited and approved as herein provided. If there are no funds to pay any demand on presentation, the treasurer shall register such demand and thereafter, if there be funds legally applicable to pay such demand, it shall be paid in the order of registration at the rate of five per cent per annum.

Sec. 220. The system of accounting and forms relating to demands and their approval and payment prescribed by the board of city accounting under the former charter of the City of Riverside, shall continue in force until changed by ordinance.

Sec. 221. No suit shall be brought on any claim for money or damages against the City of Riverside or any officer or board of the city, until a demand for the same has been presented, as herein provided and rejected in whole or in part. If rejected in part, suit may be brought to recover the whole. Except in those cases where a shorter period of time is otherwise provided by law, all claims for damages against the city of an officer or board of the city, must be presented within three months after the occurrence from which the claimed damages arose, and all other claims or demands shall be presented within three months after the last item of the account or claim accrued. Nor shall suit be brought against said city, or any board or officer thereof, upon any claim or demand that has been in whole approved and audited as provided herein; provided, that nothing herein contained shall be construed so as to deprive the holder of any demand of his right to resort to writ of mandamus or other proceeding against the council, or any board or officer of said city, to compel it or him to act upon such claim or demand, or to pay the same when so audited.

Sec. 222. All said claims or demands, except those provided for in Section 214 of this charter, shall be presented to the mayor and common council for allowance. All claims or demands mentioned in Section 214 of this charter must be presented to the board of directors of the Riverside public library or the board of public utilities respectively for allowance and must be approved by the auditor.

ARTICLE XVII.

BONDED INDEBTEDNESS

Section 223. Bonds of the City of Riverside may be issued under the provisions of the general laws of the state relating to the incurring of bonded indebtedness subject to the following provisions which shall take precedence over the provisions in such general laws relating to similar matters:

1. Bonds may be issued by the city to defray expenditures for any purpose for which any of the funds of the city may be lawfully expended.

2. Funds from the sale of bonds issued for school, library or public utility purposes shall be under the exclusive control of, and shall be expended only on demands approved by the board of education, the board of trustees of the Riverside public library or the board of public utilities, respectively.

3. The city may issue bonds for a term of years less than forty years, said bonds shall be serial and shall be payable in equal annual installments and the length of said term shall be determined and stated in the ordinances passed by the council submitting the question of incurring said indebtedness and issuing said bonds, to be voted on at an election and said election may be either a special or a general municipal election.

ARTICLE XVIII.

CONTRACTS

Section 224. The City of Riverside shall not be bound by any contract unless the council shall have first caused notice to be published in a daily newspaper printed and published in the City of Riverside, inviting proposals, and thereafter shall have let said contract to the lowest responsible bidder furnishing adequate security for its performance, satisfactory to the council; provided, that the council may reject any and all bids; and provided, that any such contract shall be made in writing, and approved and signed as provided in Article III, Chapter 1, Section 10; and provided further, that the approval, as to form of such contract, by the city attorney, as required by Section 112 of Article V of this charter, shall be endorsed on the draft thereof before the council shall have power to approve the same; but the council may by resolution authorize any officer, committee or agent of the city to bind the city for the payment of a sum of money not exceeding one thou-

1000 limit

sand dollars without a contract in writing and without any previous publication of notice inviting proposals; provided, that contracts made by other boards authorized by this charter to make contracts, shall not be subject to the provisions of this Section.

Sec. 225. The council shall not have the power to make any contract or lease or to extend any existing contract or lease for a longer period than five years unless said contract, lease or extension be approved and ratified by a majority of the qualified electors of the city voting on such question at any election; provided, that a lease, contract or extension for a longer period shall be valid without such approval if said lease or contract provides for the acquisition by the city, at the end of such period, of the real or personal property so leased or contracted for, but such contract, lease or extension shall nevertheless be subject to the provisions of the referendum herein provided.

*advertising
notes*
Sec. 226. The council shall annually, at some regular meeting held during the month of June, fix the rate to be paid for official advertising and for job printing for the year following, from July first to June thirtieth. Such advertising and job printing may, thereafter during said year, be procured by the council or by any board, officer or employee legally authorized, but in no case shall the price paid exceed, though it may be less than the rate so fixed by the council. At the same price, preference shall be given on orders for job printing to printing establishments located in the City of Riverside, but this shall not be construed as preventing such work being done outside of the city if a lower price, considering quality of work, can be thus obtained.

Sec. 227. The council may by ordinance create the position or office of City Purchasing Agent and shall prescribe the duties and fix the compensation therefor. Such position or office may be filled by one of the officers or employees of the city so designated, or a new and separate office or position may be created. The council may provide that all or any designated portion of the purchases and contracts under the jurisdiction of the council must be made by said purchasing agent under rules prescribed by the council; and with the consent of other boards herein given the power to make purchases and contracts, the council may provide that all or a portion of such purchases and contracts may be made by said agent, under similar or different rules. The council may provide that the purchasing agent may make all or any portion of the purchases of the city in the open market at the best prices obtainable and to the best advantage of the city, subject nevertheless to the provisions of Section 224 of this Article or of any other provisions of this charter requiring such advertisement for bids and shall take precedence of the provisions in Section 226 of this Article relating to job printing.

ARTICLE XIX.

STREETS AND SEWERS

Section 228. Except as provided herein and unless otherwise provided by ordinance, the general law of the State of California relative to the improvement of, and work upon streets, lanes, alleys, courts, places and sidewalks including the construction of sewers and providing for the laying out, opening, extending, widening, straightening or closing up in whole or in part of any street, square, lane, alley, court or place within municipalities, and to condemn and acquire any and all land and property necessary and convenient for that purpose; and for providing a system of street improvement bonds to represent certain assessments for the cost of street work and improvements within municipalities, and to provide for the payment of such bonds; and providing for the planting, maintenance and care of shade trees upon streets, lanes, alleys, courts and places within municipalities, and of hedges upon the lines thereof, and for the eradication of weeds within city limits, and other acts of the legislature of this state of a similar nature, or for the making of any public improvement, now in force, or which may hereafter be adopted by said legislature, is hereby made a part of this charter, and shall govern the council in such matters; provided, the council is hereby given power to enact ordinances providing for, and having the effect as long as such ordinances shall remain in force, of repealing all, any, or any portion of any such general laws, as far as the same shall relate to the City of Riverside, and substituting in place thereof other measures, provisions and regulations, relating to similar matters; and provided, the council is hereby given power to enact ordinances providing other and different measures, provisions and regulations relating to any, all or any portion of the matters covered in such general laws, and in any proceedings relating to any of said matters to decide and provide in the ordinance ordering or initiating said proceedings, whether said proceedings or work shall be conducted under said general laws, under said general laws as amended by said ordinances, or entirely under said ordinances. Upon the repeal of any such ordinance, the general laws may be resorted to, as theretofore; provided said law be still in force in the state.

Sec. 229. The council shall have power to cause an estimate to be made and a bid submitted on behalf of the city by the city engineer and the superintendent of streets on any work provided for in this article. Said bid shall be in regular form but no bond, certified check or other deposit or security shall be required of the city. The contract for said work may be awarded to the city if the bid of said city is the lowest, or to the next highest responsible bidder at the option of the council. No bond shall be required of the city, but the contract shall

be signed in regular form. The superintendent of streets shall have charge of the execution of any such contract and careful records of cost must be kept and reported to the council at the completion of such work. Assessments for such work shall be collected as designated by the council.

Sec. 230. In all proceedings under the general laws of the state the city engineer and the superintendent of streets respectively, shall perform the same duties as prescribed in said laws.

ARTICLE XX.

FRANCHISES

Section 231. The council shall have power by ordinance to designate the terms, conditions and duration of all franchises, provided that no exclusive franchise shall ever be granted.

ARTICLE XXI.

THE INITIATIVE

Section 232. Any proposed ordinance may be submitted to the council by a petition signed by qualified and registered electors of the city equal in number to the percentage hereinafter required. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving street and number. One of the signers of each of such papers shall make oath before an officer qualified to administer oaths, that the statements therein made are true and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition the city clerk shall examine and from the great register and certificates of registration, ascertain whether or not said petition is signed by the requisite number of qualified and registered electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination.

If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. / If the petition shall be found to be sufficient the clerk shall submit the same to the council without delay.

If the petition accompanying the proposed ordinance be signed by qualified and registered electors equal in number to ten per cent. of the entire vote cast for all candidates for mayor at the last preceding general municipal election, the council must either pass such ordinance without alteration or submit the same to the electorate at the next general municipal election that shall occur at any time after thirty days from the date of the clerk's certificate of sufficiency. But if such petition is signed by qualified and registered electors equal in number to fifteen per cent. of said vote and contains a request that such ordinance be submitted to a vote of the people at a special election, then the council must either pass the ordinance without alteration or submit the same to the electorate at a special election to be called within sixty days from the filing of such petition.

The ballots used when voting upon such proposed ordinance shall contain the words: "For the Ordinance;" (stating the general nature of the ordinance) and "Against the Ordinance," (stating the nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city; and any ordinance proposed by petition or which shall be adopted by a vote of the people, cannot be repealed or amended except by a vote of the people obtained in like manner. Valid & B

Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this section; provided, that there shall not be held under this section of the charter more than one special election in any period of twelve months.

THE REFERENDUM

Sec. 233. No action providing for the sale or lease of any city property exceeding one thousand dollars in value and no ordinance passed by the council (except when otherwise required by the general laws of the state or by the provisions of this charter, respecting street improvements and except an ordinance for the immediate preservation of the public peace, health or safety, which contains a statement of its urgency, and is passed by a vote of six members of the council and approved by the mayor or the unanimous vote of the council over the mayor's disapproval, but no grant of any franchise shall be construed to be an urgency matter), and no action made subject to the referendum by this charter shall go into effect before thirty days from the time of its approval by the mayor or the time of its passage over his veto, as the case may be; and if during said thirty days, a petition signed by electors of the city equal in number to at least ten per cent of the entire vote cast for all candidates for mayor at the last preceding city election at which a mayor was elected, protesting against the pass-

age of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation and it shall be the duty of the council to reconsider such ordinance and if the same is not entirely repealed, the council shall submit the ordinance proposed, to the vote of the electors of the city either at the next general municipal election or at a special municipal election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of the first section of this article (The Initiative) and shall be examined and certified by the clerk in all respects as therein provided. If the provisions of two or more measures approved and adopted at the same election under the provisions of this charter, conflict, then the measure receiving the highest affirmative vote shall control.

THE RECALL

Section 234. The holder of any elective office may be removed or recalled at any time by the electors qualified to vote for a successor to such incumbent; provided such elective officer has held his office at least six months. The procedure to effect such removal or recall shall be as follows:

The petition demanding the election of a successor to the person sought to be removed shall be filed with the city clerk, which petition shall be signed by qualified voters equal in number to at least twenty-five per cent. (25%) of the entire vote cast for all candidates for such office at the last preceding regular municipal election at which such officer was voted for, and shall contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the electors. Any insufficiency of form or substance in such statement shall in no wise effect the validity of the election and proceedings held thereunder. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence, giving street and number. Each separate paper shall have attached thereto an affidavit made by a qualified elector and sworn to before an officer, competent to administer oaths, stating that the affiant circulated that particular paper and saw written the signatures appended thereto; and that, according to the best information and belief of the affiant, each is the genuine signature of the person whose name purports to be thereunto subscribed and is that of a qualified elector. Within ten days from the date of filing such petition, the clerk shall examine and from the records of registration ascertain whether or not said petition is signed by the requisite number of qualified electors, and he shall attach to said

petition his certificate showing the result of said examination. If by the clerk's certificate the petition is shown to be insufficient, it may be supplemented within ten days from the date of such certificate by the filing of additional papers, duplicates of the original petition except as to the names signed. The clerk shall, within ten days after such supplementing papers are filed, make like examination of the supplementing petition and if his certificate shall show that all the names to such petition, including the supplemental papers, are still insufficient, no action shall be taken thereon, but the petition shall remain on file as a public record; and the failure to secure sufficient names shall be without prejudice to the filing later of an entirely new petition to the same effect. If necessary the council shall allow the clerk extra help for the purpose of such examination. In case the clerk is the officer sought to be recalled, the duties herein provided to be performed by him shall be performed by some other person designated by the council for that purpose. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay, and the council shall thereupon cause a special election to be held within not less than thirty-five nor more than forty days after the passage of an ordinance calling such election, to determine whether the voters will recall such officer; provided that if a regular municipal election is to occur within sixty days from the date of the filing of the petition with the council, the council may, in its discretion, submit such recall at such regular municipal election. If a vacancy occurs in said office after a recall petition is filed, the election shall nevertheless proceed as in this section provided. One petition is sufficient to propose the removal and election of one or more elective officials. One election is competent for the removal and election of one or more elective officials. Nominations for any office under such recall election shall be made by petition in the manner prescribed by Section 1188 of the Political Code; except that no party affiliation of candidate, signer or verification deputy shall be given, nor shall the election as a convention delegate or participation in a primary election be any bar to signing such petition. Upon the sample ballot there shall be printed in not more than two hundred words, the reasons set forth in the recall petition for demanding the recall of the officer, and upon the same ballot in not more than two hundred words, the officer may justify his course in office. There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which question shall be the words "Yes" and "No" on separate lines with a blank space at the right of each, in which the voter shall indicate by stamping a cross (X) his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the

person recalled, in case he shall be removed from office by said recall election; but no vote shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote "No" said incumbent shall continue in said office. If a majority shall vote "Yes" said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The canvassers shall canvass all votes for candidates for said office and declare the result in like manner as in a regular election. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law.
