City Clerk's Office

Dear Councilman Perry,

I am part of the GoodNews Church congregation that is in the corner of Collett and La Sierra Avenues.

I object to the rezoning this property and the adjacent property to high density, low income, subsidized housing. I realize that the state is mandating a certain number of properties to be rezoned but the property adjacent to the church has been committed to the residents to be developed according to their envisioning.

We ask that you support the belief of GoodNews and represent us by objecting to this site being rezoned.

Signed

Dear Councilman Perry,

I am part of the GoodNews Church congregation that is in the corner of Collett and La Sierra Avenues.

I object to the rezoning this property and the adjacent property to high density, low income, subsidized housing. I realize that the state is mandating a certain number of properties to be rezoned but the property adjacent to the church has been committed to the residents to be developed according to their envisioning.

We ask that you support the belief of GoodNews and represent us by objecting to this site being rezoned.
