Dear Ms. Jong,

As the State Assemblymember representing the City of Riverside, I would like to extend my congratulations on the Urban Greening Grant Award from the California Natural Resources Agency. Funded by Cap-and-Trade revenues through the state's Urban Greening program, this funding will reinforce projects that focus on reducing greenhouse gases, energy consumption, and the promotion of building green spaces in our community.

I applaud the outstanding dedication that you and your organization continue to provide the residents of Riverside. It is wonderful to see that our community will have the opportunity to experience these great changes. I truly believe that we will make great strides in solving the issue of climate change, while fostering our healthy and vibrant communities. I commend all of your hard work in bringing better air and water quality into our community.

Once again, congratulations and best wishes as you continue your meaningful work. Please do not hesitate to keep me updated on your progress.

Sincerely,
