In the event of such termination, City shall determine and pay to Consultant, as full payment for all City-approved work performed and all expenses incurred under this Agreement, or any Supplemental Agreement, the amount which bears the same ratio to the total fee which would have been paid for the full performance of the services as the ratio of work actually rendered bears to the services which would have been necessary for full performance of this Agreement, or any Supplemental Agreement, plus any sums due Consultant for Extra Services or reimbursements. The Project Manager shall be promptly notified of all delays. Should Consultant determine that a schedule modification is necessary, Consultant shall promptly submit a revised Project Schedule for Project Manager's review and approval of the anticipated delay.

The sum of \$10,000 will be withheld from payment if a Final Report for Utilization of DBE Subconsultants is not submitted. The amount will be paid to the Consultant when the form is submitted.

g. DBE Substitutions or Additions:

The Consultant may not substitute, or terminate for convenience a subconsultant listed in the original proposal without the prior written approval of the Project Manager. However, the Consultant may add a firm to perform work originally planned to be done by the Consultant's own forces. The Consultant must make an adequate good faith effort to find another certified DBE subconsultant to substitute for the original DBE. The Consultant will be required to make good faith efforts to replace the original DBE subconsultant with another DBE subconsultant to the extent needed to meet the contract goal.

The requirement that DBEs must be certified by the proposal submittal date does not apply to DBE substitutions or additions after award of a federally funded Assigned Project. DBEs must be certified at the time of the substitution or addition. Consultants shall submit requests for

substitution in writing to the Project Manager. Authorization to use other subconsultants or suppliers may be requested for the following reasons:

- i. The listed DBE, after having had a reasonable opportunity to do so, fails or refuses to execute a written contract with Consultant, when such contract, based upon the general terms and conditions of this Agreement, or any Supplemental Agreement, or on the terms of such subconsultant's written proposal, is presented to Consultant.
- ii. The listed DBE becomes bankrupt or insolvent.
- iii. The listed DBE fails or refuses to perform the subcontract.
- iv. The Consultant stipulated that a bond was a condition of executing a subcontract and the listed DBE subconsultant failed or refuses to meet the bond requirements of the contract.
- v. The listed DBE was the result of an inadvertent clerical error. The Consultant must have asserted a claim of inadvertent clerical error in listing the subconsultant within two working days after the proposal submittal and copies of that notice to both the subconsultant he or she claims to have listed in error and intended subconsultant who had submitted a proposal to the Consultant prior to proposal submittal.
- vi. The listed DBE was not licensed as required by the State of California Consultant's Licensing Board or failed to have the required permits or licenses as required by Federal, State or Local governmental jurisdictions.
- vii. The work performed by the listed subconsultant is substantially unsatisfactory and is not in substantial conformance with the scope of work to be performed, or the subconsultant is substantially delaying or disrupting the progress of the work.
- viii. When the listed DBE is ineligible to work on a public works project pursuant to Section 1777.1 or 1777.7 of the Labor Code.
- ix. When it is in the best interest of the City.

Prior to approval of the Consultant's request for substitution to the Project Manager, the Consultant shall give notice in writing to the listed DBE subconsultant of the Consultant's request to substitute and the reasons for the request. The notice shall be served by certified or registered

mail to the last known address of the subconsultant. The listed subconsultant who has been so notified, shall have five working days within which to submit written objections to the substitution to the Project Manager. Failure to respond to a written objection shall constitute the listed subconsultant's consent to the substitution.

h. Termination of a DBE:

In conformance with Federal DBE regulation 49 CFR Part 26, Sections 26.53(f)(1) and 26.53(f)(2), the Consultant shall not:

- i. Terminate for convenience a listed DBE subconsultant and then perform that work with its own forces (personnel), or those of an affiliate, unless the Consultant has received prior written authorization from the Project Manager to perform the work with other forces.
- ii. If a DBE subconsultant is terminated or fails to complete its work for any reason, the Consultant will be required to make good faith efforts to replace the original DBE subconsultant with another DBE subconsultant to the extent needed to meet the contract goal.

i. DBE Certification Status:

If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify the Consultant in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the contract, the subconsultant shall notify the Consultant in writing with the date of certification.

Upon completion of the federally funded Assigned Project, the Consultant shall complete a Final Report for Utilization of DBE Subconsultants indicating the DBEs certification status and shall be signed and certified correct by the Consultant. The certified form shall be furnished to the Project Manager within 30 days from the date of completion of the federally funded Assigned Project.

j. DBE Eligibility Toward Goal:

The dollar value of work performed by a DBE is credited/counted toward the goal only after the DBE has been paid.

26.2. Prevailing Wage. If applicable to the services being provided in connection with a federally funded Assigned Project, Consultant and all subconsultants shall pay the higher of

federally established prevailing wage rates or California general prevailing wage rates of per diem wages and overtime and holiday wages as determined by the U.S. Department of Labor.

26.3. Record Retention. Contractor shall maintain all books, documents, papers and records of Consultant's operations and financial activities directly pertinent to the federally funded Assigned Project in accordance with the requirements of the Federal granting agency and the regulations promulgated by or for it. Such books, documents, papers and records shall be open for inspection, audit, examination, excerpt and transcription by the authorized representatives of City, the Federal granting agency and the Controller General of the United States during regular working hours. Consultant shall keep and maintain said books, documents, papers and records for at least three years after the City makes final payments pursuant to the contract and all other pending matters are closed or such greater period of time as may be required by the Federal granting agency.

27. NOTICES.

Service of any notices, bills, invoices or other documents required or permitted by this Agreement shall be sufficient if sent by one party to the other by United States mail, postage prepaid and addressed as follows:

28. JURISDICTION/VENUE.

Any action at law or in equity brought by either of the parties hereto for the purpose of enforcing a right or rights provided for by this Agreement shall be tried in a court of competent jurisdiction in the County of Riverside, State of California, and the parties hereby waive all provisions of law providing for a change of venue in such proceedings to any other county.

29. GENERAL COMPLIANCE WITH LAWS.

Consultant shall keep fully informed of federal, state and local laws and ordinances and regulations which in any manner affect those employed by Consultant, or in any way affect the performance of services by Consultant pursuant to this Agreement, or any Supplemental Agreement. Consultant shall at all times observe and comply with all such laws, ordinances, and regulations and shall be responsible for the compliance of Consultant's services with all applicable

laws, ordinances and regulations. This includes compliance with prevailing wage rates and their payment in accordance with California Labor Code section 1775.

The Consultant agrees to comply with Federal procedures in accordance with 49 CFR, Part 18, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments. Any costs for which payment has been made to Consultant that are determined by subsequent audit to be unallowable under 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31 et seq., or 49 CFR, Part 18, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments are subject to repayment by Consultant to City. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this article.

30. SEVERABILITY.

Each provision, term, condition, covenant and/or restriction, in whole and in part, in this Agreement or, any Supplemental Agreement, shall be considered severable. In the event any provision, term, condition, covenant and/or restriction, in whole and/or in part, in this Agreement is declared invalid, unconstitutional, or void for any reason, such provision or part thereof shall be severed from this Agreement and shall not affect any other provision, term, condition, covenant and/or restriction of this Agreement and the remainder of this Agreement shall continue in full force and effect.

31. AUTHORITY.

The individuals executing this Agreement and the instruments referenced herein on behalf of Consultant each represent and warrant that they have the legal power, right and actual authority to bind Consultant to the terms and conditions hereof and thereof.

32. OFFSETS.

Consultant acknowledges and agrees that with respect to any business tax or penalties thereon, utility charges, invoiced fee or other debt, which Consultant owes or may owe to the City, City reserves the right to withhold and offset said amounts from payments or refunds or reimbursements owed by City to Consultant. Notice of such withholding and offset, shall promptly be given to Consultant by City in writing. In the event of a dispute as to the amount owed or whether such amount is owed to the City, City will hold such disputed amount until either the appropriate appeal process has been completed or until the dispute has been resolved.

33. CONFLICT OF INTEREST.

Consultant, for itself and on behalf of its key personnel, represents and warrants that by the execution of this Agreement, they have no interest, present or contemplated, in the Assigned Projects affected by the above- described services. Consultant further warrants that neither Consultant, nor its key personnel have any real property, business interests or income interests that will be affected by this project or, alternatively, that Consultant will file with the City an affidavit disclosing any such interest.

34. SOLICITATION.

Consultant warrants that Consultant has not employed or retained any person or agency to solicit or secure this Agreement, nor has it entered into any agreement or understanding for a commission, percentage, brokerage, or contingent fee to be paid to secure this Agreement. For breach of this warranty, City shall have the right to terminate this Agreement without liability and pay Consultant only for the value of work Consultant has actually performed, or, in its sole discretion, to deduct from the Agreement price or otherwise recover from Consultant the full amount of such commission, percentage, brokerage or commission fee. The remedies specified in this section shall be in addition to and not in lieu of those remedies otherwise specified in this Agreement.

35. ENTIRE AGREEMENT.

This Agreement contains the entire Agreement of the parties hereto, and supersedes any prior written or oral agreements between them concerning the subject matter contained herein. There are not representations, agreements, arrangements, or understandings, oral or written, between the parties hereto, relating to the subject matter contained in this Agreement which are not fully expressed herein.

*Fee proposal valid for duration of MSA contract (July 1st, 2019 to June 30th, 2022)

Per the RFP, section (h):

1) All labor rates applicable to the MSA are listed above.

2) Travel expenses to Riverside from our local offices will be limited to the prevailing IRS mileage reimbursement rate and a small meal stipend for lunch if the trip includes the lunch hour. Travel expenses from remote offices such as Portland, OR or Denver, CO can expect a typical round trip flight charge of \$300 to \$400 and daily expenses of about \$250/day per person with sufficient planning. We do not anticipate that trips from remote offices will be done with any regularity on a typical project.

3) Stantec does not charge a separate fee for personal computer use or for re-usable software. The City's standard software suites will not incur any additional expense.

4) Reprographic expenses will be in line with prevailing market rates in Southern California. If the City has preferred vendors with negotiated rates, Stantec would be happy to consider use of these firms.

5) The rate for attending meetings shall be the same as the fee schedule above for production labor.

6) Stantec does not anticipate any separately billed items other than non-reusable software.

The Proposer shall identify any litigation, mediation, or arbitration regarding the performance of any services in which the Company has been involved in the past five years.

There are no unsatisfied judgments or arbitration awards outstanding against Stantec. Stantec does have some legal proceedings, lawsuits, or claims pending. These are a normal part of professional services industries. All have been reported to Stantec's insurers who are in the process of adjusting/ managing them. None will have a material effect on the financial position of the company or its ability to undertake this assignment. Perhaps of greater comfort to our clients is the fact that Stantec seeks to deal with client concerns and claims promptly and fairly through its Risk Management group. As a public company, Stantec has substantial assets and maintains a high professional liability insurance limit. Stantec's claims history has resulted in relatively low insurance premiums when compared with firms of similar size and character.

A Company shall not have filed for bankruptcy under any business name over the past five years.

Stantec has not filed for bankruptcy under any business name over the past five years.
