Hi Tom,

Glad you like the new Villegas Pickleball courts. Enjoy!

Randy:

Thanks for meeting with us on Friday and giving us an opportunity to provide input on the Shamel court project. Much appreciated.

As you may know, they completed the outdoor courts at Villegas a few days ago.

Whoever had the project and whoever did that work, job well done. The courts and the pickleball overlay look really good.

We will be christening them this evening.

Thanks again,

Tom

Mr. Schwerdt

I am selling my home located at 1033 Chekhov.

Out of concern for the potential buyer, whomever that might be, I want the property to be reasonably safe from fire hazards.

With that in mind, I left the attached note in a tractor parked nearby. I assumed it belonged to a subcontractor to the City.

I then came home to a note on my door from Michael Butler. I placed a call to him and met him in the field.

I want to commend him for taking the time and initiative to do so and for sharing with me the steps that the City and Cal Fire are taking to address the possible hazard. My neighbors and I thank him.

By the way, it happens that a fire did occur within the park just a couple of weeks later.

Although the hill behind my property still needs clearing, I presume that task is being coordinated between the City, Cal Fire, and others.

Again, my neighbors and I thank Michael Butler for his exemplary service.

Best Regards
Mike Torelli
