RE: RFP #LIB-17-18-50, City of Santa Clarita Library Materials
DUE: May 17, 2018 @ 11:00am

Dear Sir or Madam,

Brodart is pleased to provide this document in response to the City of Santa Clarita's request for proposal for library materials for the period of one year from date of award, with options to renew for four additional one-year periods. Brodart is bidding on the print material portion of this proposal.

Brodart is the premier supplier of circulation-ready materials to libraries. A full-service library company since 1939, we deliver carefully selected, cataloged, and processed titles. Today, Brodart offers state-of-the-art online tools, bibliographic services, and consulting exclusively to libraries. Our customers select from over four million items.

Our distribution facility manages over 265 thousand titles and five million volumes annually, and deals with more than 45 thousand publishers. Brodart's inventory and purchasing profiles are based on the library market. We do not supply books to the retail market. Additionally, Brodart's single inventory location in Williamsport, Pennsylvania enables us to fill orders quickly and efficiently. Our first pick percentage and total order fulfillment are among the highest in the industry.

For questions about our products and services, please contact your Brodart Sales Representative, Kris Anderson, by calling 800.233.8467, ext. 6379 or e-mailing Kris.Anderson@brodart.com. Questions related to our bid response or notification of award should be directed to Tara Miller at 800.233.8467, ext. 6233 or bids@brodart.com.

Should Brodart be awarded this contract, we will assign a Customer Care Associate to handle your account. This individual will be your library's internal contact at Brodart, available at your convenience via e-mail or by calling 800.474.9802.

Brodart's partnerships with libraries are built on experience, trust, and communication. We are confident that, if awarded this contract, we can help you achieve your library's goals.

We appreciate this opportunity to submit our proposal for your consideration and request an official tabulation of competitive bidding.

Sincerely,

Lisa Miosi

TABLE OF CONTENTS

Introduction

Brodart prides itself on providing innovative solutions to the library marketplace. Since 1939 libraries have been able to turn to Brodart for everything from shelf-ready books to electronic ordering systems, high quality furniture, and supplies. From humble beginnings, Brodart truly has evolved into a full-service library supply company.

While one of the world's largest suppliers of books to libraries, we also offer the library marketplace a wide range of products and services. Our core services include customized cataloging, specialty physical processing, collection development tools, electronic ordering and book fulfillment. A true library services company, Brodart's primary business focus is libraries, serving schools, public systems, universities, and the federal government. We do not supply books to the retail market.

Brodart is a customer-centric company that employs state-of-the-art technology to engineer the technological platform used to support the library community, both in online ordering tools and interfacing with integrated library systems. Brodart utilizes enterprise-class business applications such as Oracle E-Business suite integrated with fully redundant and scalable clustered database systems. We employ a Customer Relationship Management (CRM) system to track and manage customer interactions and incidents to provide quality support. In addition, Brodart has invested in state-of-the-art Intrusion Prevention (IPS) and Security Information Management Systems (SIMS) as well as developed a comprehensive and aggressive network security policy framework.

Brodart provides a comprehensive range of library books to meet the City of Santa Clarita's needs. Our inventory includes new releases and retrospective titles for adult and children, research and technical materials, large print and small press titles. Because we have all our resources centralized in one location we can efficiently and effectively process, fill and ship orders. Our state-of-the-art fulfillment system ensures rapid turnaround time for all back-ordered titles. Our Williamsport, Pennsylvania facilities annually manage over 265 thousand titles representing in excess of five million volumes. Meeting the ever expanding needs of the 21st century library is a challenge we take very seriously. As a result, we have established, and continue to develop, business relationships with more than 45 thousand publishers, including small and academic presses.

Since 1986, Brodart has provided many public libraries with specialized Collection Development Services for both ongoing and opening day collection needs. Many of our Collection Development Services such as: TIPS® (profiled selection lists), FASTips® (standing orders), Collection Builder® (customized selection lists) and vendor selection services are industry leaders. Our online collection development and ordering tool, Bibz, is available to all customers. Bibz was designed by librarians for librarians and offers flexibility in searching, selection, list building and ordering.

We offer a number of methods for submitting orders (phone, fax, e-mail, electronically, etc.) and provide various reports for tracking the status of orders. Our system of interfaces seamlessly connects with all major integrated library systems, including Polaris for all your collection development, acquisitions, cataloging and item record requirements. Our policy is to catalog, process and ship books immediately upon receipt from the publisher. Our delivery, backorder, and cancellation schedules can be customized to accommodate each library's specifications.

Once you select your titles, we catalog and process your materials to reflect your detailed specifications. You may choose any combination of Brodart's high-quality cataloging and processing options to ensure you receive shelf-ready books designed to meet your library's needs. Brodart introduced commercial cataloging and processing services for libraries in 1958, branching into Compleat Book-Serv®, our premier cataloging and processing service, in 1985. Over the past 30 years Compleat Book-Serv has provided customized ongoing services and opening day collections to more than 400 public library systems throughout the United States.

Our well-rounded staff brings a great deal of experience in all aspects of customized library services. They are highly experienced in their fields and in serving large and small public libraries throughout the country, including the City of Santa Clarita. They look forward to continuing our successful partnership

with SCPL. It is Brodart's intent to continue to provide the same high quality service that the SCPL has received over the years and to be responsive to the changing needs of the library in the future.

SCOPE OF WORK

1. **Service**
   a. **CUSTOMER SERVICE**

Your Customer Care Associate, Linda Eckman, will handle the set-up of your account and answer any day-to-day questions you may have concerning your account. Linda is available by calling Brodart's toll-free number 800.474.9802 or e-mailing Linda.Eckman@brodart.com. Your Sales Representative, Kris Anderson, is available to handle situations best served by a personal visit. You can reach Kris by calling 800.233.8467, ext. 6379 or e-mailing Kris.Anderson@brodart.com. Kris is available at your convenience Pacific Standard Time.

   All Brodart representatives respond to all inquiries within two business days.

   b. Below are average MSRP prices for items purchased from Brodart by the City of Santa Clarita from May 1, 2017 to April 30, 2018.

Item Type	Average MSRP
Adult Hardcover (includes trade hardcover, library reinforced, and hardcover reinforced titles)	$27.32
YA Hardcover	$16.68
Juvenile Hardcover	$17.27
Large Print	$32.58
Adult Trade Paper	$19.71
YA Trade Paper	$15.62
Juvenile Trade Paper	$7.58
Mass Market Paper	$5.40
Board Books	$8.65
Juvenile Graphic Novels	$23.17
YA/Adult Graphic Novels	$25.31

As pricing information is not permitted in the technical proposal, please see Brodart's Cost Proposal for discounts on the item types above.

Many conditions are taken into consideration when determining the discount for a particular book. They include the type of publisher (i.e., university press, trade press, small press and paperback), the classification of a book (i.e., binding, text, technical, reference, etc.) and the cost of supplying the book (i.e., low demand, small purchase quantities, prepayment requirements, returnability, etc.) and of course the price charged by the publisher. Hardcover and paperback titles on which Brodart receives minimal or no discount and/or the publisher requires prepayment may be discounted at the non-trade discount or invoiced at the publisher's list price.

Brodart reserves the sole right to be the final determinant of the pricing category. Please be advised that Brodart provides a detailed invoice that identifies the publisher's current suggested list price, the discount offered, and the exact price charged for each title ordered.

c. MANAGEMENT DOCUMENTS AND REPORTS

Throughout your relationship with Brodart, you will find that we provide exemplary service and a commitment to assisting your library achieve and maintain its success. We offer a variety of documents to keep you informed and on track, to provide care in shipping your orders and to keep lines of communication open with our dedicated Customer Care Associates. Documents and reports provided by Brodart are compatible with the Polaris ILS Acquisition platform.

Statements

Brodart customers receive monthly statements only when there is a balance due on their account. This statement includes the account's billing address and Brodart bill-to account number. It also includes the invoice number, item date, purchase order number, item amount, and balance owed.

Confirmation Report

Confirmation of titles ordered can be supplied to the library when orders are entered. The Confirmation Report will include the author/editor, title, ISBN, list price, discount, extended price, and status (not yet published, out of print, must order direct) and is available via e-mail or FTP. The confirmation reports are generated by account number, and titles will be arranged alpha by author or by title. Orders transmitted via EDI will receive an EDI acknowledgment within an hour stating the status of each item ordered. Web site orders transmitted through Bibz, Brodart's online collection development and ordering tool, will receive same-day order status information.

On Order Title Status Report

Brodart offers a number of options for receiving order status information. The Order History tab in Bibz allows the library to access not only orders that have been submitted through Bibz, but also orders submitted to Brodart via EDI, telephone, or any other order method. A summary is provided indicating current status (entered, booked, open, closed, or pending). Orders may be searched by Status, Date, Order Number, PO Number, Owner Name, and Order Name and sorted to provide quick reference of specific details. Each order can be opened to show title level detail with current status information such as shipped, in process, back ordered, cancelled, etc. This can be used in place of or in conjunction with confirmation, status and cancellation reports. Invoices can be searched by ISBN/EAN/UPC, Invoice Number, Purchase Order Number, Packing Slip Number, Bill To Account Number, and Ship To Account Number:

If preferred, the library can receive order status information via Brodart's On Order Title Status Report. This report will identify, by account number, the status of outstanding titles on order. This report includes the ISBN, quantity ordered, author, title, customer purchase order number, list price and order date. The On-Order Title Status Report is available weekly, monthly, or upon request via e-mail or FTP.

d. ORDERS

Brodart will set up accounts for your library based on your specifications and provide as many accounts as required. You may add new accounts, delete old accounts, or change the name and address information. Multiple ship-to accounts will be linked to the appropriate bill-to account. Each ship-to account will include a five-line address and account number. The information will link to related cataloging and processing specifications.

Brodart offers a number of methods for submitting orders:
- Submit your order directly to Brodart through Bibz, Brodart's online collection development and ordering tool.
- Import on-order records from Bibz in a format developed especially for your integrated library system (ILS). You can import on-order records directly into your system with or without the distribution information. On-order records are typically used to create a purchase order in the ILS.
- Submit orders directly to Brodart from your ILS. Brodart fully supports X12 or EDIFACT formatted electronic business transactions including purchase orders, order acknowledgements, and invoices.
- Fax orders to 800.999.6799.

- E-mail orders to bookscs@brodart.com.
- Mail orders to Brodart Co. Books & Library Services
  Order Department
  500 Arch Street
  Williamsport, PA 17701

There is no minimum order requirement.

e. Brodart acknowledges that SCPL reserves the right to purchase print versions of electronic resources directly from other contractors.

2. Shipping and Receiving

a. – b. Packaging and marking of shipments

Brodart's boxes are made of heavy corrugated cardboard and are extremely durable. We take special care when packing your order. Larger items are packed first, then smaller ones, packed spine-to-spine to prevent damage. The number of items, their thickness, and weight determine the size of the box used for packaging. Boxes are filled with thin newspaper-type packing paper. Self-adhesive shipping labels are applied to the top of every box. Boxes are sealed with tape that is constructed of paper, string, and glue. Boxes within a shipment are numbered (i.e. 1 of 6, 2 of 6, etc.) and indicated on the top of each box. Boxes will not weigh more than fifty (50) pounds.

c. Packing Slip

Brodart's packing slip, which includes the date the order was processed, library account number, title, author, ISBN, quantity shipped, customer purchase order, Brodart control number and list price of each item, is packed in the last carton of every shipment. The carton indicates that a packing slip is enclosed. The packing document can be sorted alphabetically by title and shows a control number, which can be matched with a corresponding invoice. Percentage discount from list price and unit price after discount are not listed on the packing slip but are listed on the invoice which can also be included in each shipment.

d. A sample packing slip has been included as **Exhibit I**.

3. Returns

a. – c.

Brodart offers hassle free returns. Any item received damaged, defective, or not as ordered (wrong title supplied, short shipment, etc.) will be replaced or a credit will be issued. When required, freight costs for these returns will be covered by Brodart and call tags will be issued to the City of Santa Clarita. All vendor errors will be handled in this manner. Requests to return items for any other reason will be handled on an individual basis. While we make every attempt to satisfy our customers regarding defective items, we ask that items showing normal wear and tear not be returned. Brodart will accept returns up to six months from invoice date. Authorization from your Customer Care Associate is necessary prior to returning any item(s). Please see **Exhibit II** for a complete description of Brodart's Return and Cancellation Policies.

4. Cancellations

a. – d.

Brodart will notify all libraries of cancellations on a title-by-title basis. Cancellation reports are available weekly or monthly via e-mail or FTP. The Cancellation Report will include the ISBN, quantity ordered, author, title, list price, purchase order number, and the reason the title was cancelled.

Brodart's cancellation schedules are very flexible and can be customized to accommodate the City of Santa Clarita's specifications.

5. Invoices

a. – c.   Brodart's invoices are available in duplicate and include the title, author, ISBN, publisher, published date, quantity, list price, discount, unit price, and extended price, as well as your purchase order number. Invoices provide information not available on the packing slip. Invoices are available in paper or electronically via e-mail or FTP. The packing slip is match with the corresponding invoice and can be mailed or enclosed in each shipment. Cataloging and processing charges can be either billed on a separate invoice or listed on an item invoice as a separate line item. Any applicable taxes are shown as a separate line item. Invoices are produced at the time items are packed for shipment. All invoice totals are shown on the last page of the document. EDI formatted invoices are available for orders sent to Brodart in an EDI formatted purchase order transaction. Our payment terms are net 30 days from the date of the invoice.

A sample invoice has been included as **Exhibit III**.

B.   <u>Specifcations for Print Material Contractors</u>

Gold TIPS
Customized title lists, delivered to your online account weekly, twice monthly, or monthly. Transform Silver TIPS lists into Gold by specifying parameters such as publisher, author, series, subject category, and format.

For example, you want the Large Print Fiction list but with titles from Thorndike excluded. Or, you want Children's Nonfiction, but only certain Dewey ranges.

Diamond TIPS
Brodart's hallmark TIPS. Review-based, custom profiles for title lists with full-text reviews delivered to your online account weekly, twice monthly, or monthly. Upgrade any TIPS list to Diamond by combining any other parameters with specific review journals.

For example, you want a Teen Fiction profile based on Booklist, School Library Journal and VOYA plus a list of authors. Or, you want an Adult Nonfiction profile that includes Library Journal, Publishers Weekly, and Picks for Public Libraries.

Journals currently available: (There is no limit on the number of review journals per profile.)
Booklist (includes online reviews)
BookPage
Bulletin of the Center for Children's Books
Horn Book
Kirkus
Library Journal (includes online reviews)
Library Journal Prepub Alert
New York Times Book Review (no full text available)
Publishers Weekly (includes online reviews)

School Library Journal (includes online reviews)
VOYA

TIPS is designed so that profiles can be layered. Often this is used to block titles on one profile from appearing on another. For example, titles on a bestseller profile can be blocked from a profile of reviewed titles.

All age levels and subject areas can be covered by TIPS profiles. Each Gold and Diamond level subscriber sets parameters for age range and subject coverage. Subject coverage can be defined by Dewey ranges, Library of Congress classification ranges, broad classifications (e.g. easy, fiction, nonfiction), or Brodart's own list of subject categories.

Other parameters include a maximum price per title (optional), bindings, and material types (e.g. reprints, large print, serials, books with software).

The subscriber also controls the frequency and format of the list. Lists can be generated weekly, twice monthly, or monthly.
Selection timing is also a profiling choice. When journals are used for title identification, the journal determines the timing. In other words, if Publishers Weekly and Kirkus cover a title three months in advance, then it appears three months in advance on the TIPS list. Profiles driven by publisher, series or author are set with specific timeframes. Titles from these sources can be seen three months prepublication, two months prepublication, one month prepublication, at publication, one month after publication, two months after publication, or three months after publication. These "windows" can be set differently for different types of materials. For example, author and series profiling could be set two or three months before publication, anticipating immediate demand for the titles. Publisher profiling, however, could be set after publication, giving the titles a chance to be reviewed.

Please see Brodart's Pricing Proposal for pricing information on TIPS.

3. Fulfillment and Delivery
a. – h. Confirmation of titles ordered can be supplied to the library when orders are entered. The Confirmation Report will include the author/editor, title, ISBN, list price, discount, extended price, and status (not yet published, out of print, must order direct) and is available via e-mail or FTP. The confirmation reports are generated by account number, and titles will be arranged alpha by author or by title. Orders transmitted via EDI will receive an EDI acknowledgment within an hour stating the status of each item ordered. Web site orders transmitted through Bibz, Brodart's online collection development and ordering tool, will receive same-day order status information.

Brodart offers a number of options for receiving order status information. The Order History tab in Bibz allows the library to access not only orders that have been submitted through Bibz, but also orders submitted to Brodart via EDI, telephone, or any other order method. A summary is provided indicating current status (entered, booked or closed). Orders may be searched and sorted to provide quick reference of specific details. Each order can be opened to show title level detail with current status information such as shipped, in process, back ordered, cancelled, etc. This can be used in place of or in conjunction with confirmation, status and cancellation reports.

If preferred, the library can receive order status information via Brodart's On Order Title Status Report. This report will identify, by account number, the status of outstanding titles on order. This report includes the ISBN, quantity ordered, author, title, customer purchase order number, list price and order date. The On-Order Title Status Report is available weekly, monthly, or upon request via e-mail or FTP.

You may contact your customer care associate at any time to request a projected shipment date for titles on backorder.

INVENTORY AND SERVICE TIME

As a true library services company, Brodart's primary business focus is libraries. We do not supply books to the retail market. Our inventory and purchasing profiles are based on the library market to specifically meet the needs of libraries. We order material from publishers on a daily basis to ensure our customers receive their orders quickly and efficiently.

Brodart provides a comprehensive range of library books to meet Santa Clarita Public Library's needs. Our inventory includes new releases and retrospective titles for adult and children, research and technical materials, large print and small press titles. Because we have all our resources centralized in one location we can efficiently and effectively process, fill and ship orders. Our state-of-the-art fulfillment system ensures rapid turnaround time for all back-ordered titles. Our Williamsport, Pennsylvania facilities annually manage over 265 thousand titles representing in excess of five million volumes. When ordering adult popular and bestseller titles, you can expect approximately 85 to 95 percent of your order in your initial shipment (which consists of in-stock items at the time of order). Juvenile fiction and nonfiction first shipment percentages should reach 70 to 80 percent. Initial shipment percentages for general adult material should range from 60 to 70 percent.

Items are stocked according to library needs. In the case that an item is not in Brodart's inventory, it can be identified when utilizing Bibz®, our online collection development and ordering tool. This material will be ordered immediately from the appropriate publisher and will receive the same discounts and pricing as in-stock material. Our order fulfillment system places orders with all publishers on a daily basis. In order to provide the fastest possible service to our libraries, we do not require minimum order quantities and we do not accumulate customer orders to meet a minimum order quantity. This policy allows us to fill 85% of all customer backorders in 3 weeks, with overall fill rates of greater than 98% of available titles. Brodart will make the initial shipment of material from inventory, for each purchase order, within two to three days from order release date for items requiring automated cataloging and/or processing and one to two days for items without cataloging and/or processing.

Backorders can be picked frequently—even weekly. We suggest that you allow your orders to remain open for a period of 60-90 days to facilitate receipt of these items. Any items not received during this time period will be cancelled and reported on cancellation notices. Accounts can be customized to allow partial shipments of titles or have titles cancel automatically at the end of the backorder period if the full quantities are not available.

RUSH ACCOUNTS

For rush materials we would establish a separate account, which would take priority over all other accounts. Rush orders that require physical processing will ship within 48 hours of receipt of order. Rush orders without physical processing, will ship within 24 hours of receipt of order. Priority shipping can be provided at an additional charge. No more than 20% of an account's orders can be entered as "rush orders".

STREET RELEASE DATE

Brodart understands the importance of receiving pre-publication materials prior to street release date. Our policy is to catalog, process and ship books immediately upon receipt from the publisher. As a result, the library should receive books prior to street date. Please note shipment of pre-published titles is dependent upon when these titles are received at Brodart from the publisher.

Because these items arrive at the library on or before the street release date, we ask that our customers have policies in place to ensure that they are not released to the public prior to this date. The street release date will be clearly identified on your packing list.

CONTINUATIONS

Continuations titles will be shipped within three weeks of publication. Our files are updated daily with the most recent editions in order to provide you with prompt, accurate service. You may add new titles to your standing order or adjust existing orders at any time. Substitutions or additions of titles or editions will not take place unless approved by the City of Santa Clarita.

All cancellations are effective immediately upon receipt by the Continuations Department. Furthermore, if there is some duplication of titles, Brodart will assume responsibility and accept any such returns. Please see **Exhibit II** for a complete description of Brodart's Return and Cancellation Policies. When required, freight costs for these returns will be covered by Brodart and call tags will be issued to the City of Santa Clarita.

As a Continuations customer, each month you will receive a newsletter reporting the latest updates in title/bind changes, series discontinued, series completed and items to be ordered directly from the publisher. The newsletter keeps you informed about any changes that would affect your standing order. A printout of this electronic newsletter has been included in **Exhibit VI**.

Please see item **7. Standing Orders and Automatic Purchase Plans** for a complete description of Brodart's Continuations services.

4. Training
When needed, Brodart will offer onsite training for services provided during the term of this contract at no additional charge to the City of Santa Clarita.

5. Large Print Books
Brodart does not publish or manufacture the material being quoted. Large print books that meet NAVH standards are determined by the businesses that publish the material. Brodart regularly supplies titles from many publishers that meet NAVH standards.

6. Processing Services
Books
Brodart is bidding on the print material portion of this contract. We can meet all requirements given for book processing.

Full ranges of processing options are available from a completely shelf-ready book to loose components for new material processing at the library. Brodart's processing options provide libraries with the industry's most comprehensive and versatile range of physical processing services featuring easy-to-read, laser-printed cataloging components to follow each account's exact specifications.

Processing options include:
- Mylar jacket (attached or loose) for your books with dust jackets
- spine label
- barcode
- customized book pocket
- property identification stamp and/or label
- theft detection
- RFID tag
- genre/classification label
- label protector

Reinforcement Services
Brodart's BrodartGuard and BrodartConvert reinforcement processes give you guaranteed paperback protection that is fast, easy, and affordable. Paperbacks ordered through Brodart can easily be reinforced or converted to hard covers using either of our affordable techniques. Brodart's in-house service protects your paperbacks without delaying your initial order. Your paperbacks are processed quickly and shipped with the rest of your items, saving you the time and expense of preparing separate purchase orders or receiving separate shipments.

Brodart's BrodartConvert service will stretch your book budget dollars by prolonging the life of your paperback books. The process uses the original paper cover of books at least ¼" thick, laminated onto heavy binder board and rebound with strong, permanently flexible glue. The result is a book with

hardcover durability for a little more than the cost of a paperback. BrodartConvert is guaranteed to your satisfaction.

BrodartGuard reinforces a paperback book using a 10-mil laminate to increase circulation durability. The one-piece process includes a 2-mil spine section to allow flexibility in movement and prevention of bubbling as seen in similar processes. The crystal clear, 100% optical clarity material and non-yellowing adhesive keeps the cover art attractive and bright. BrodartGuard is guaranteed to your satisfaction.

Both BrodartGuard and BrodartConvert processes
- are available for paperbacks ordered with or without additional cataloging and processing options.
- have been perfected over 30 years of successful use.
- are easy to order—simply indicate on your order the paperbacks you would like to have reinforced.
- have no minimum order requirements.
- feature bindings that are individually handcrafted to ensure quality workmanship.
- are guaranteed to your satisfaction. If you receive a book and the bind quality is unacceptable, you may return the book for replacement as long as the book is available from the publisher.

Classification Scheme
Brodart is bidding on the print material portion of this contract. We can meet all classification scheme requirements given in this section.

Flex Cataloging and Processing
Brodart's Flex service combines the benefits of item-in-hand cataloging and processing while maintaining the simplicity and speed of an automated process.

Flex service offers the following benefits to help streamline your acquisitions, cataloging and receiving processes.
- eliminate the need to separate orders by specific areas of your collection
- maximize the value of your local call numbers, collection codes, and other acquisitions data
- map more content and format options into your MARC record and holdings tag
- custom options for formatting and stacking data on spine labels
- 100% cataloging option to ensure full-level MARC records for every title received
- update your holdings with OCLC
- receive your MARC and linked item records electronically via FTP or e-mail
- handle fewer packages, packing lists, and invoices

7. **Standing Orders and Automatic Purchase Plans**
   a. – e. Brodart provides standing orders through its Continuations and FASTips programs. Continuations accounts are generally used for reference books, test books, and consumer buying guides. The FASTips service is generally used for popular titles based on authors and series. Both programs are described below. Santa Clarita currently participates in FASTips and that profile appears in **Exhibit V**.

CONTINUATIONS
Brodart's Continuations Service is designed to meet your complete reference and serial titles needs. You receive prompt, accurate fulfillment and because of our extensive coverage, your need to research hundreds of titles each year is eliminated.

- Brodart maintains constant communication with over 45 thousand publishers and distributors. Our title file is updated daily, ensuring that the title status information you receive from Brodart's Continuations Department is the most up-to-date available.
- Serial maintenance is made easier when you use our monthly status reports and skilled personal assistance. And to simplify establishing a standing order account, we offer you a full range of transition services.

- The Continuations Department personnel are dedicated professionals who are knowledgeable about all aspects of the Continuations Service. They take pride in providing prompt and accurate responses to any questions. Each library is assigned their own Continuations Consultant. That individual will stay in close contact with the responsible person at the library to ensure optimum service.
- Brodart's Continuations Service offers an Alternate Year Program, which can be tailored to meet your library's needs. You may receive books as frequently or infrequently as desired.
- You may add new titles to your standing order or adjust existing orders at any time. Our files are updated daily in order to provide you with prompt, accurate service. All cancellations are effective immediately upon receipt by the Continuations Department.

A monthly status report is supplied to you at no extra cost so you may quickly and effectively monitor your standing orders. This report lists every series and serial on your standing order. Editions or volumes on order or recently shipped titles are listed accordingly. Publications which are delayed by the publisher show a status of "on order." Brodart's Continuations Department automatically contacts the publisher in the case of "on order" materials to assure timely delivery of these items.

As a Continuations customer, each month you will receive an electronic newsletter reporting the latest updates in title/bind changes, series discontinued, series completed and items to be ordered directly from the publisher. The newsletter keeps you informed about any changes that would affect your standing order.

TitleQueue.com, Brodart's online Continuations tool, gives access to account details regarding subscriptions to serials and series. You can search for titles and update subscription information to add standing order titles or change current settings. You can also access order confirmations, report claims and request additional copies of invoices. There are many search options, including ISBN, title, series title and publisher.

Taking advantage of Brodart's Continuations Service is easy. Simply list the titles to be ordered with starting volumes, years or editions and the desired quantities. Once Brodart receives the comprehensive title listing which contains your standing order titles, we will immediately begin establishing your account while simultaneously ordering the titles from the various publishers.

To make it easy to transfer to Brodart's Continuations Service, we will also send a cancellation notice to your former supplier. You need only indicate in writing which titles are to be cancelled, your account or purchase order number and the name of the supplier. The Continuations staff works with your library during this transition period to assure a smooth transfer of all standing orders. Furthermore, if there is some duplication of titles, Brodart will assume responsibility and accept any such returns. Once all of the titles have been entered into our database, we can determine any must-order-direct titles and will notify the library of such titles.

FASTips®
Brodart offers standing orders for popular adult and youth fiction and nonfiction through FASTips (Frequent Author & Series TIPS). The profiling is very flexible and can accommodate unique needs. Most FASTips orders are based on author or series lists. Brodart offers the following lists to assist the library; however, these are not closed lists and the library can add authors or series as needed.

- Adult Authors—African-American and Urban Literature
- Adult Authors—Fiction
- Adult Authors—Inspirational
- Adult Authors—Nonfiction
- Adult Series—Fiction
- Adult Series—Graphic Novels
- Adult Series—Nonfiction and Biography
- Adult Series—Travel Guides
- Children's Authors
- Children's Series—Chapter Books

- Children's Series—Easy Readers
- Children's Series—Fiction
- Children's Series—Graphic Novels
- Children's Series—Nonfiction and Biography
- Children's Series—Picture Books and Board Books
- Teen Authors
- Teen Series—Fiction
- Teen Series—Graphic Novels
- Teen Series—Nonfiction and Biography

Other sources such as starred reviews, bestseller lists, and Brodart programs can also be used for FASTips automatic orders. Special collection areas that can be covered by FASTips include board books, large print, browsing paperbacks, travel books, and Spanish.

The library would first select the authors, series, or other criteria desired. Then they would set other parameters for the automatic order including format (bind preference), classification, age range, material types, and maximum price. The library would also set the timeframe for ordering. Three months prepublication is the current standard.

Orders can be prepared by Brodart and delivered to the library via Bibz.com with grids applied for branch, quantity, and other grid values. Brodart can submit the order via Bibz.com or share the list to library staff for review and modification if needed. Orders can then be submitted via Bibz.com or downloaded as MARC files for import into your ILS for EDI ordering. After the orders are submitted, they are visible with status information through the Order History tab of Bibz.com. Additional reporting can be arranged through your Customer Care Associate.

Automatic Purchase Plans
a. – e. The FASTips standing order service described above can be used for streamlined receipt of popular titles. While it is most frequently driven by authors and series, it can be designed to cover other compilations of titles such as starred reviews or bestseller lists. Brodart also has package plans for several categories of Spanish materials. FASTips standing orders can cover large print (by author, series, or a Large Print Blockbuster program) but do not cover any audio or DVD materials at this time.

For best coverage of reviewed titles, Brodart recommends Diamond TIPS (described above). Brodart can also offer to reinstate a service used by Santa Clarita in the past - vendor selection.

Most libraries opt to have local staff members select from lists produced by Brodart. However, another option is vendor selection. With vendor selection, care is taken to ensure that the Brodart selectors understand as much as possible about the community to be served, the roles and goals of the library, and other detailed information about the library's selection policies and guidelines. Since all selection activities are somewhat subjective, both parties need to focus on ways to make the process more objective and measurable in order to ensure a success.

Brodart's Collection Development selectors have public library experience and would consider themselves to be temporary library staff, selecting just as you would, title by title. Careful consideration would be given to the existing collection and the system-wide collection when new titles are considered.

The library staff can decide whether they want to review/modify the selections or have Brodart place the orders directly. In the first case, the responsibility for budget monitoring is shared, while in the latter case, Brodart assumes responsibility for the proper encumbrance and expenditure of funds.

There is an additional charge for this enhanced level of service. It is a flat fee per item selected by Brodart, and is billed monthly for the items selected the previous month. Billing is based on the number of volumes selected by Brodart staff and not on the number of volumes ultimately ordered by

the Library. The cost per item can be quoted after further discussion of the requirements for the project.

Bibz®

Bibz is Brodart's online collection development and ordering tool. Using Bibz's flexible features, you can search and access relevant titles, build your own lists, select the best items for your collections, and place orders online or through your acquisitions system. Our enhanced features allow you to customize your display and manage user access and grid ordering. You can conduct simple or advanced searches quickly and easily within Brodart's title database of more than four million records. Bibz allows you to:

Item Search/Display:

- By keyword or exact search for title or series
- Within a large number of databases and resource lists
- Access one or many of the following fields as needed
  - o Title
  - o Contributor
  - o ISBN/EAN
  - o Series
  - o Subject
  - o Publisher
  - o Availability (print and stock status)
  - o Broad classification
  - o Dewey or Library of Congress classification
  - o Format
  - o Descriptors (board book, large type, picture book)
  - o Language
  - o Age or grade range
  - o Reading program and level
  - o Publication date
  - o Review journals, including number of reviews and issue date
  - o Demand level
  - o Price

Access:

- Annotations plus full-text reviews from ten journals
- Custom lists provided through the TIPS, FASTips and Collection Builder services
- Specialty lists built for public libraries
- Your library's holdings by ISBN
- MARC records
- Order History to view item status

EXHIBIT IV

- Invoices

Build:
- Your own selection lists and orders
- Selection lists to be shared with others in your library
- Local notes for others in your library to see

Manage:
- All selection lists, including shared and special
- User access, determined by your administrators
- Prevention of duplicates according to your preferences
- Grids—create templates and revise at your convenience

Order:
- With grids reflecting your branch/location codes, collection codes, item types, and funds
- Directly via the Web
- Import records into your ILS for EDI ordering
- Access the order history for all of your accounts

Additional Functionality

Sort sequence: Titles in search results and lists default to Title/Author sequence and can be resorted according to your preference.

Duplicate checking: Bibz provides automatic duplicate checking against all your lists and orders. Icons indicate whether the title is in another list or on a submitted order. In addition, these icons link directly to Duplicate Detail screens. Duplicate check options are also available when adding a title to a list. The user can set the preference for the level of duplicate checking (e.g. do not alert on duplication, check for duplicates in the target list by ISBN, check for duplicates in all lists by ISBN, etc.). In addition to these features, it is also possible to check duplicates for an entire list.

Administrative functions: Users can be designated as administrative or non-administrative. Administrative users are empowered to:
- Create and remove users and assign new passwords
- Grant user access privileges for assignment of accounts/processing profiles, branches, and funds, as well as order submission
- Create families and assign membership in those families
- Set grid values and create grid templates, assigning them to specific users
- System settings allow the interfacing to your Integrated Library System for holdings lookup

MARC record options: Records may be downloaded for orders according to your needs. Save them to your local computer or deliver to your ILS FTP site. Our flexible MARC mapping tool enables us to customize your on-order bibliographic records and item records.

Order History: Access all of your orders submitted to Brodart, regardless of the order source. A summary is provided indicating item status. Orders may be searched and sorted to provide quick reference of specific details. Each order can be opened to show title level detail with current status information such as shipped, in process, back ordered, cancelled, etc. ⬇ allows you to download brief MARC records for orders submitted online.

CATEGORY/BINDING DEFINITIONS

Brodart Co., Books & Library Services

Trade Hardcover: Published with a glued binding and a hardcover. Trade discounted hardcover editions are usually fiction or current nonfiction and are generally published for the average consumer. Publishers promote and advertise these titles more aggressively and print runs are greater than the norm.

Juvenile Trade Hardcover: Published with a glued binding and a hardcover. Popular fiction or nonfiction books designed for children, usually with subject matter of broad appeal.

Publisher's Library Reinforced: Published with a high quality, usually fanned, sewn and glued binding. Sometimes known as a "School" or "Library" binding. This binding has the durability required in a high use library setting and is usually reserved for children's materials. All publisher library reinforced editions will receive the discount quoted in this category.

Hardcover Reinforced: Published with a durable fanned and glued hardcover binding that may or may not be sewn. Also known as "Single Reinforced", "School" or "Library" binding. Subject matter may be directed at adults or juveniles (though they are usually reserved for children's materials) and may be fiction or nonfiction.

Non-Trade Hardcover: Published with a glued binding. Subject matter such as technical, reference, scientific, medical and/or is published by a small press for adult and juvenile readers. Titles on which Brodart receives minimal or no discount and/or the publisher requires prepayment may be discounted at the non-trade discount quoted in this category or invoiced at the publisher's list price.

University Press: Hardcover and paperback selections. This category includes materials for which Brodart receives minimal or no discount and/or the publisher requires prepayment.

Trade Paperback: Published with a paper cover. May also be known as a trade paper, quality paperback or mass market paperback. The quality of the paper and printing in trade and quality paperbacks is usually high. Mass market paperbacks are paperbacks sized to fit standard retail display racks; trade paperbacks have larger page sizes. Trade discounted paperback editions are generally published for the average consumer with subject matter of broad appeal.

Non-Trade Paperbacks: Published with a paper cover. Subject matter such as technical, reference, scientific, medical or small presses for adult and juvenile readers. Paperback titles on which Brodart receives minimal or no discount and/or the publisher requires prepayment may be discounted at the non trade discount quoted in this category or invoiced at the publisher's list price. Publishers whose titles have limited sales volume and those who are not in compliance with Brodart's purchasing requirements may be in this category.

BrodartBound: Turtleback's high-quality bindings significantly extend the life of a book by using the finest materials and processes in the industry. More durable double-fan adhesive or sewn binding replaces the publisher's original binding. The publisher's colorful, illustrated paperback cover is scanned, digitized, and reprinted to produce new cover sheets that are wrapped around heavy hardback board.

BrodartConvert: Originally published in paperback and converted to hardcover.

BrodartGuard: Paperback reinforced with a 10-mil (2-mil spine) laminated cover.

Playaway® Digital Audio: Audio content provided on an independent player.

Spoken Word Audio: Recorded reading of a book in abridged or unabridged form on compact disc format. Also known as audiobook.

DVD: Optical disc storage media format used for playback of movies with high video and sound quality.

Blu-ray: Optical disc storage media format used for playback of movies with high definition video and audio as well as advanced interactive features.
