

Mayor's Monarch Challenge

Riverside Corona Resource
Conservation District (RCRCD) and
Office of the Mayor

Presented by Diana Ruiz, Public Outreach Director

RiversideCA.gov

ABOUT THE RCRCD

1. Helps to sustain and conserve natural resources in the Riverside-Corona area
2. Makes sure that land is managed to best suit it's needs
3. Creates programs that foster sustainable use natural resources in native habitats, urban/suburban areas and agriculture

WHAT IS THE MAYOR'S MONARCH CHALLENGE?

1. Challenge set up by the National Wildlife Federation to address Monarch butterfly population decline of 90% over the past 20 years
2. Farmers can support by planting hedgerows along farms fields that include native milkweed and other native plants. Healthy Soils grants available through California Department of Agriculture to help fund planting
3. Hosting events, like the Pollinator Festival, Plant Sale, and habitat planting to raise awareness of the Monarch butterfly population decline
