

**Pedestrian Target Safeguarding Plan**

**Active Transportation Plan**

**Complete Streets Ordinance**

**Trails Master Plan**

The City of Riverside is currently in the process of developing an Active Transportation Plan, Pedestrian Target Safeguarding Plan, Complete Streets Ordinance, and Trails Master Plan to provide improved robust and accessible transportation options for residents and visitors. These plans include creating funding strategies and opportunities to provide more transportation options such as walking, bicycling, public transit, and rolling from one place to another. The City of Riverside's vision is to gain insight from the community in order to build a safer, healthier, and more sustainable network. PACT is an opportunity to continue to examine neighborhood roadways and set up a vision for years to come.

## **We Need Your Feedback!**

As part of the PACT Plan, the City will be out in the community to hear from you. We will be holding information booths at community events to engage directly with you. Stop by for more information and to fill out our survey, so you can help shape the plan and strategy for your community. If our paths don't cross, we would like you to fill out our survey online, so your voice can still be heard. The City of Riverside wants to hear from you!

## **Benefits of the PACT Plan**

Provides opportunities for physical activity to improve community health

Seeks to reduce greenhouse gas emissions from individual car usage

Aims to improve the local economy and reduce transportation costs

Offers the community safer transportation options

Reduces traffic congestion on local roads

Incorporates all TCC Grant Projects

## Riverside PACT Plan

The City of Riverside and Alta Planning + Design are currently working on creating a **P**edestrian Target Safeguarding Plan, **A**ctive Transportation Plan, a **C**omplete Streets Ordinance, and a **T**rails Master Plan for Riverside. There are many benefits to these Plans and several ways they can influence the future of Riverside. Each Plan is described below.

### **A** What is a Pedestrian Target Safeguarding Plan?

- Prioritized strategies to ensure high volume pedestrian areas are safe and secure.
- Elements that deter vehicular attacks as well as reduce accidental collisions.
- Design of public space that is functional and has visual enhancing street elements.

### **B** What is an Active Transportation Plan?

- A comprehensive set of strategies to ensure improved options for biking and walking.
- Recommendations for prioritizing infrastructure improvements.
- New policies, processes, and infrastructure based on community input.

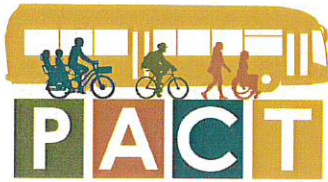

### **C** What is a Complete Streets Ordinance?

- Guidelines to ensure users of the street are able to safely travel regardless of age, ability, or mode of transportation complying to ADA standards.
- Promotes multi-modal access of roadways and sidewalks to ensure accessibility to employment and activity centers.
- Allows sidewalks and bicycle paths to be included in capital infrastructure projects/new development and transit priority treatments.

### **D** What is a Trails Master Plan?

- Provides opportunities to create and expand multi-modal facilities, for both recreation and transportation purposes.
- Improves connectivity to key destinations, eliminate gaps in the trail system, integrate into the active transportation network, increase safety and accessibility, support economic development, and enhance the quality of life for the community.
- Allows for investment in future trail connections and opportunities to expand the network.

Dear Community Leaders,

Please see below the email prompt to share with community members that covers a brief sense of timeframe and how they can reach the project team.

---

The City of Riverdale is excited to engage with our valued community members through numerous, exciting events as we move into the next stages of our PACT Plan. The Riverside PACT includes four different areas of study: Pedestrian Target Safeguarding Plan, Active Transportation Plan, Complete Streets Ordinance, and Trails Master Plan. Our goal is to provide improved comprehensive and accessible transportation options for all residents and visitors. More detailed information on the project is available on our website: **[RiversideCA.gov/PACT](https://RiversideCA.gov/PACT)**

From mid-November through March 2020, the planning team will be at many community events around the City to engage with you – the real experts on Riverside and its needs.

We also want to meet you where you are, and have developed a short online survey to learn about your habits, needs, concerns, and desires for walking and biking in Riverside. You can take the survey here: [surveymonkey.com/r/RiversidePACT](https://surveymonkey.com/r/RiversidePACT)

Once we understand your priorities, we will draft plans and review them with the community, with the goal of adopting the PACT by Summer 2020 and moving forward with an actionable plan.

We look forward to connecting with you and hearing your feedback to make Riverside safer, healthier, and more sustainable.

If you would like to get in touch with the project team, contact us at [RiversidePACT@altaplanning.com](mailto:RiversidePACT@altaplanning.com).

The **City of Riverside** is developing a **city-wide plan** that includes four different areas of study:

**P**edestrian Target Safeguarding Plan  
**A**ctive Transportation Plan  
**C**omplete Streets Ordinance  
**T**rails Master Plan

This is an approximate project timeline for the overall process. Please share information about the Riverside PACT via email listservs, Facebook, Nextdoor, and with neighbors!.

Dear Community Leader,

As part of our Riverside PACT, we are providing this packet of materials to help you share upcoming outreach events and orient community members to the planning process.

Materials include:

1. Introduction to PACT and Talking Points – overview of the project, explains each element of the PACT
2. Project Timeline – breaks down major stages of the project and organizations involved
3. Outreach Events – list of public engagement event locations and dates, as well as how to provide feedback via the survey and contact the project team

We will be hosting virtual workshops, pop-up outreach and online engagements. Event participation may be adjusted or cancelled due to project needs/availability. We will provide additional outreach opportunities as they become available

## What is the Riverside **PACT**?

The City of Riverside is currently in the process of developing a **P**edestrian Target Safeguarding Plan, **A**ctive Transportation Plan, a **C**omplete Streets Ordinance, and a **T**rails Master Plan to provide improved comprehensive and accessible transportation options for all residents and visitors.

### The **PACT** Plan will include:

- A vision for the City of Riverside to build a safer, healthier, and more sustainable transportation network.
- Funding strategies and opportunities to provide more transportation options within the City of Riverside.
- An opportunity for community participation and insight at public events across the City of Riverside.

### What are the benefits of the **PACT** Plan?

Improve community health

Reduce greenhouse gas emissions

Improve local economy

Safer transportation options

Reduce traffic congestion

#### **What is a Pedestrian Target Safeguarding Plan?**

- Design public spaces to prevent and deter intentional and accidental vehicular incidents.

#### **What is an Active Transportation Plan?**

- A set of prioritized strategies to improve options for biking and walking in Riverside.

#### **What is a Complete Streets Ordinance?**

- Guidelines to promote users of the street are able to safely travel regardless of age, ability, or mode of transportation complying to ADA standards.

#### **What is a Trails Master Plan?**

- Provides opportunities to create and expand multimodal trails for both recreation and transportation that connect to key destinations and integrates into the active transportation network.

---

### Talking Points

1. Explain that we are in the beginning stages of the planning process, and that we are gathering information and bringing awareness of the PACT Plan to the Riverside community.
2. Explain that we would like to hear from you (the community); what are your key concerns, issues, needs, or desires? Any information is helpful during this process!
3. PACT representatives will be present at various future community events in the upcoming months (see calendar).
4. Promote the survey and PACT Plan; post on social media, send to community organization email listservs, hand out physical flyers.

**Please fill out our survey: <https://www.surveymonkey.com/r/RiversidePACT>**  
**Find out more: [RiversideCA.gov/PACT](https://www.riversideca.gov/PACT)**

The **City of Riverside** is developing a **city-wide plan** that includes four different areas of study:

- P**edestrian Target Safeguarding Plan
- A**ctive Transportation Plan
- C**omplete Streets Ordinance
- T**rails Master Plan

This is an approximate project timeline for the overall process. Please share information about the Riverside PACT via email listservs, Facebook, Nextdoor, and with neighbors!

## Project Timeline

### 1. Project Start

Fall 2019 (Aug to Sept)

- Identify Community Leaders who can share about the PACT
- Develop an Outreach Strategy
- SHARE!

### 3. Share Back 2 U

Spring 2019 (Apr to May)

- Confirm challenges + opportunities for improvements
- Create real implementable recommendations
- Present Progress to the Community

### 5. Adopt the PACT!

Summer 2020 (June/July)

- Present Progress to the Community
- Review the final plan
- Adopt the PACT

### 2. See + Listen to You

Fall 2019 (Oct to Nov)

- Conduct Interactive Virtual Meetings
- Pop Up in Riverside!
- Lead Walkshops

### 4. Figure Out "Building" It

Fall 2019  
Oct to Nov

- Understand your priority areas.
- Create development standards
- Develop a funding strategy

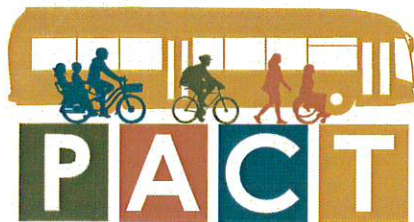

**We want to hear from you!** We need your input! Please share information about the Riverside PACT via email listservs, Facebook, Nextdoor, and with neighbors!.

Here are a list of organizations who are a part of the Technical Advisory Committee (TAC). Are we missing someone? Let us know!
