City Council Memorandum

TO: HONORABLE MAYOR AND CITY COUNCIL DATE: AUGUST 4, 2020

FROM: CITY MANAGER'S OFFICE WARDS: ALL

**SUBJECT: FINAL CONSIDERATION OF THE REVISED EXPENDITURE PLAN FOR
CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT FUNDING
FROM THE STATE OF CALIFORNIA TOTALING \$27,991,888 –
SUPPLEMENTAL APPROPRIATION**

ISSUE:

Approve the revised Expenditure Plan for Coronavirus Aid, Relief, and Economic Security Act funding from the State of California totaling \$27,991,888.

RECOMMENDATIONS:

That the City Council:

1. Review and provide input on the revised Expenditure Plan for CARES Act funding;
2. Approve the revised Expenditure Plan for CARES Act funding;
3. Upon receipt of the funds, authorize an increase in revenue and offsetting expenditures in the amount of \$27,991,888, to accounts to be established by the Finance Department;
4. Adopt the attached Resolution waiving the competitive procurement requirements of Purchasing Resolution No. 23256;
5. Grant the City Manager, or his designee, the flexibility to reallocate funds from the proposed Expenditure Plan to other similar and eligible uses should feasibility or timeliness concerns arise; and
6. Authorize the City Manager, or his designee, to negotiate and execute all agreements, contracts and documents related to implementation of the approved Expenditure Plan for CARES Act funding, including making minor non-substantive changes.

BACKGROUND:

On July 21, 2020, the City Council considered the proposed Expenditure Plan for Coronavirus Aid, Relief, and Economic Security (CARES) Act funding from the State of California (attachment

1). Following discussion, the City Council directed the report be presented for final consideration on August 4, 2020 and that staff engage the community through a confidential online survey to solicit input on the community's most pressing needs.

DISCUSSION:

City staff will draft and post a confidential online survey to help inform further discussion on how best to allocate the CARES Act funding, soliciting input on the community's most pressing needs. The survey will be posted to the City's website on Friday, July 24, 2020, and will be advertised through the City's various social media platforms to encourage as many responses as possible from the City's residents. The survey will close on July 29, 2020, and responses to the survey will be posted to the City's website and be incorporated as Attachment 2 of this staff report. City staff will use the results of the survey as a basis to inform revisions to the proposed CARES Act Expenditure Plan (Attachment 3) that will be presented for the City Council's consideration on August 4, 2020.

FISCAL IMPACT:

The fiscal impact of the revised Expenditure Plan for CARES Act funding totals \$27,991,888. Upon receipt of the funds, the Finance Department will increase revenue by such an amount in accounts to be established, and appropriate such funds in the same amount. The Department of Finance has indicated the City will receive its allocation in installments, with the first allocation being one-sixth of the total allocation amount. Funds not expended within the timeframe will be required to be returned to the State.

BACKGROUND:

Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief, and Economic Security (CARES) Act into law to provide emergency appropriations during the Coronavirus pandemic (COVID-19). The CARES Act represented the third package of assistance from the federal

government, providing \$2.2 trillion in economic relief to individuals, families, businesses, and non-profit organizations. Funding for governments was also included through the creation of the Coronavirus Relief Fund, which allocated \$150 billion to various State, local and Tribal governments. The Coronavirus Relief Fund (CRF) was distributed to State, local and Tribal governments based on relative population. Local governments with a population of 500,000 or more were eligible to receive a direct allocation from the CRF. Given the population threshold, the City was not eligible to receive a direct allocation.

Advocacy, the Big City Mayors, and the State Budget

Throughout the COVID-19 pandemic the Big City Mayors (BCM) have met with federal and state elected officials to advocate for much needed assistance. As part of this effort, the BCM, of which Mayor Bailey is a member, engaged the State's legislative leaders and Governor to solicit support for the creation of a dedicated funding opportunity for the seven cities (Long Beach, Oakland, Bakersfield, Anaheim, Santa Ana, Riverside, and Stockton) of the BCM coalition that did not receive a direct allocation from the CRF. This targeted advocacy effort resulted in the inclusion of a specific \$225 million set-aside for these seven cities as part of the recently approved State budget.

The State provided a portion of its CARES Act funding to local governments (\$500 million to cities and \$1.3 billion to counties) to combat the COVID-19 pandemic. As noted, the State budget provides \$225 million to cities with populations greater than 300,000 that did not receive a direct CARES Act allocation from the Federal Government, with the funds distributed according to their relative populations; Riverside will receive \$27,991,888 (Attachment 1). The additional \$275 million is provided to cities with populations less than 300,000, with the funds distributed according to their relative populations, with each city guaranteed a minimum of \$50,000. Cities must use the funds according to federal law and are encouraged to prioritize these funds to support efforts by counties and Continuums of Care to address the impact of the COVID-19 pandemic on people experiencing homelessness. California received a total of \$15.3 billion from the CRF. Of this amount, the State received \$9.5 billion, and the eligible cities and counties with populations over 500,000 received \$5.8 billion (16 counties and five cities in total received direct allocations).

Advocacy efforts are ongoing. Given that the City was ineligible to receive a direct allocation from the CRF, the Mayor and City Council wrote to Senator Dianne Feinstein, Senator Harris and Representative Takano (Attachment 2), urging their support for the proposals under consideration that would provide a direct funding allocation for local governments as part of any future COVID-19 related economic relief package. Riverside, like every other local government across the country, expects a measurable impact on revenues which supports the delivery of critical City services, as the livelihoods of the City's residents and businesses have been disrupted. Additionally, the City will continue to work and advocate alongside the League of California Cities and National League of Cities to seek additional, flexible funding assistance from the State and Federal governments to address the ongoing impacts resulting from COVID-19.

DISCUSSION:

Pursuant to Control Section 11.90 of the Budget Act of 2020 (Attachment 3), cities should use the funding to support activities and expenses that promote public health and safety in response to the COVID-19 public health emergency, including, but not limited to any of the following:

1. State and local public safety, including implementation of social distancing guidelines in public facilities.

2. State and local public health, including testing and contact tracing.
3. Services for vulnerable populations, including increased caseload.
4. K-12 learning loss mitigation.
5. County public health, behavioral health, and health and human services.
6. Other items permitted pursuant to guidance provided by the United States Treasury Department, including answers to Frequently Asked Questions, as allowable expenditures that support the state's COVID-19 response (Attachment 4).

Further, Section 11.90(d)(2) notes that the funding directed to cities be used toward homelessness, public health, public safety, and other services to combat the COVID-19 pandemic.

Funds may be allocated to offset or reduce non-budgeted General Fund appropriations that were made to support the COVID-19 response between March 1, 2020, and December 30, 2020. If these funds are not spent by September 1, 2020, the Director of Finance may reallocate those funds to any item of appropriation for other allowable activities. However, since adoption of the State Budget, the California Department of Finance (DOF) has provided guidance indicating that the City would be allowed to encumber funds to meet the September 1, 2020 deadline outlined in the Budget Act of 2020, noting that performance or delivery of goods and services must occur during the covered period of March 1, 2020 and December 30, 2020. In addition, the DOF has determined that competitive bidding is not required, due in part to the need to use funds expediently.

To formally receive the funds from the State, the City was required to submit a certification form to the DOF by 11:59 P.M. on July 10, 2020. Funding is contingent on the City's adherence to federal guidance and the state's stay-at-home requirements and other health requirements as directed in gubernatorial Executive Order N-33-20, subsequent executive orders or statutes, and all State Department of Public Health orders, directives, and guidance issued in response to the COVID-19 public health emergency. The City submitted its certification form on Tuesday, July 7, 2020 (Attachment 5).

Consistent with the requirement noted above and the short time frame within which to expend and/or encumber the funding, City staff has drafted the proposed Expenditure Plan for CARES Act (Plan) funding, totaling \$27,991,888. The Plan proposes expenditures in the following three benefit categories: Housing/Homelessness, Community and Business Support, and Organizational Needs for COVID-19 Compliance.

**TBRA/rental assistance program funding provides a benefit to both Community and Business Support and Housing/Homelessness Benefit Categories*

The itemized list of expenditures for each of these categories is included as Attachment 6. Staff requests the flexibility to reallocate funds from the proposed Plan to other similar and eligible uses should feasibility or timeliness concerns arise.

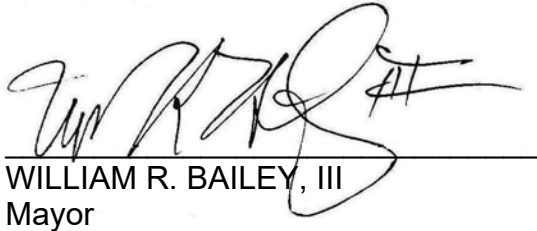

Given the short time frame within which to encumber these funds, as outlined in Section 11.90 of the Budget Act of 2020, it is necessary to provide direction on the proposed Expenditure Plan. This requires immediate City Council consideration of this report to ensure we can encumber the funds by the stipulated deadline.

FISCAL IMPACT:

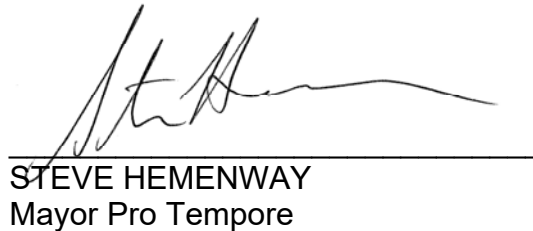

The fiscal impact of the proposed Expenditure Plan for CARES Act funding totals \$27,991,888. Upon receipt of the funds, the Finance Department will increase the revenue by such an amount in accounts to be established, and appropriate such funds in the same amount. The DOF has indicated the City will receive its allocation in installments, with the first allocation being one-sixth of the total allocation amount. Funds not expended within the timeframe will be required to be returned to the State.

SUBJECT: ECONOMIC RELIEF PACKAGE

Dear Senator Feinstein, Senator Harris and Representative Takano:

On behalf of the City of Riverside, we write to urge your support for the proposals under consideration that would provide a direct funding allocation for local governments as part of any future COVID-19 related relief package. As is being widely reported, local governments across the country are facing significant budget shortfalls that will impact the delivery of services to our communities at a time when they are needed most.

The scale of this global crisis is unprecedented and so is the scope of the local government response. Local governments are coordinating with one another across jurisdictional lines, enacting difficult and fiscally challenging emergency measures to slow the spread of the COVID-19 pandemic, spending local funds as necessary to protect the public health and welfare of our residents and businesses. To date, the City has expended approximately \$2.8 million in response to the pandemic – and only \$26,000 is eligible for reimbursement from FEMA – and is expecting a measurable impact to revenues moving forward as the livelihoods of our residents and businesses have been disrupted. These revenues fund comprehensive City services including fire, police, utilities (electric, water, sanitation, sewer), homeless outreach, and many other critical services.

The City applauds the efforts of Congress to reach a bipartisan deal on the CARES Act, which has provided much needed financial assistance to meet the immediate needs of individuals and

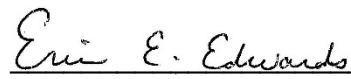

small businesses, as well as \$150 billion in direct aid to states and local governments with a population greater than 500,000 to help offset the costs directly related to the COVID-19 pandemic. Unfortunately, given the population threshold, only a limited number of jurisdictions will receive this much-needed assistance; Riverside, as the 12th largest city in the state with a population of 330,000, is not eligible to receive this funding.

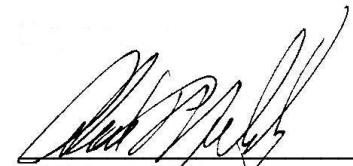

As Congress works to develop additional relief measures to address the impact of COVID-19, the City strongly urges that it include a direct allocation for local governments with a population of 300,000 or greater to cover anticipated losses in revenue resulting from the pandemic, while allowing local governments the flexibility to determine how these funds can be used most effectively.

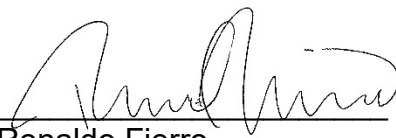

Local leaders are on the frontlines of responding to the COVID-19 pandemic in our communities, doing what is necessary to ensure the health and safety of our residents – and we will continue doing that. But it is also true that the impact of the COVID-19 pandemic will force local governments across the country to make difficult decisions at a time when they are needed to begin laying the groundwork for an economic recovery that benefits everyone. As Congress continues to work on an additional and much needed relief package, the City of Riverside urges you to ensure local governments have the resources to maintain the essential services the residents we all serve need during this unprecedented time.

Sincerely,

 William R. Bailey, III

SEC. 11.90.

(a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of \$9,525,564,744 in federal funds allocated from the Coronavirus Relief Fund in the Coronavirus Aid, Relief, and Economic Security (CARES) Act (P.L. 116-136) that address urgent need in support of the state's response to the COVID-19 public health emergency, subject to the requirements of this section. Except as provided in this section, proposals for expenditure of these funds shall be considered in the annual State Budget or other state legislation. Section 28.00 does not apply to the funds described in this section.

(b) The Director of Finance may allocate the federal funds described in subdivision (a) to support activities and expenses that promote public health and safety in response to the COVID-19 public health emergency, including, but not limited to, any of the following:

(1) State and local public safety, including implementation of social distancing guidelines in public facilities.

(2) State and local public health, including testing and contact tracing.

(3) Services for vulnerable populations, including increased caseload.

(4) K-12 learning loss mitigation.

(5) County public health, behavioral health, and health and human services.

(6) Other items permitted pursuant to guidance provided by the United States Treasury Department, including answers to Frequently Asked Questions, as allowable expenditures that support the state's COVID-19 response.

(c) Funds may be allocated to offset or reduce General Fund appropriations in the 2019–20 and 2020–21 fiscal years that were made to support the COVID-19 response between March 1, 2020, and December 30, 2020. If no item for a department currently exists to allow for adjustments for the allocation, then an item may be created for this purpose.

(d) Notwithstanding subdivisions (b) and (c), of the funds described in subdivision (a), the Director of Finance shall allocate \$2,339,065,000 for the following purposes:

(1) (A) \$550,000,000 through the Department of Housing and Community Development to support housing for individuals and families who are experiencing homelessness or who are at risk of homelessness due to the COVID-19 pandemic.

(2) \$500,000,000 directly to cities, to be used toward homelessness, public health, public safety, and other services to combat the COVID-19 pandemic. These funds shall be allocated in the following manner:

(A) \$225,000,000 directly to cities with a population of 300,000 or greater that did not receive a direct allocation from the federal CARES Act (P.L. 116-136). These funds shall be allocated based on the share of each city's population relative to the total population of the cities described in this subparagraph.

(B) \$275,000,000 to cities with a population of less than 300,000. These funds shall be allocated based on the share of each city's population relative to the total population of the cities described in this subparagraph. A city receiving funding pursuant to this subparagraph shall not receive less than \$50,000.

(3) \$1,289,065,000 to counties, to be used toward homelessness, public health, public safety, and other services to combat the COVID-19 pandemic. These funds shall be allocated based on the share of each county's population relative to the total population of the state, taking into account prior direct allocation of funding from the federal CARES Act (P.L. 116-136).

(e) If funds described in subdivision (a) are not spent by September 1, 2020, the Director of Finance may reallocate those funds to any item of appropriation for other allowable activities. Changes to these allocations may be authorized not sooner than 10 days after notification in writing to the Joint Legislative Budget Committee of the changes to the planned expenditures. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten the 10-day period by written notification to the director.

(f) Funding to local governments pursuant to this section is contingent on the local jurisdiction's adherence to federal guidance and the state's stay-at-home-requirements and other health requirements as directed in gubernatorial Executive Order N-33-20, subsequent executive orders or statutes, and all State Department of Public Health orders, directives, and guidance issued in response to the COVID-19 public health emergency. Local governments shall certify compliance to the Department of Finance. The State Controller shall allocate funding to a local government upon the order of the Director of Finance.

(g) The-Director of Finance may authorize the augmentation of the funds available in subdivision (a) for expenditure for any program, project, or function in the schedule of any item of appropriation in this act or any additional program, project, or function equal to the amount of funds the Director of Finance estimates will be received from the federal government between March 1, 2020, and December 30, 2020, provided that the augmentation meets all of the following requirements:

(1) The funds will be expended to address an urgent need in support of the state's response to the COVID-19 public health emergency.

(2) The funds will be expended for a purpose that is consistent with this section and state law.

(3) The funds are made available to the state under conditions permitting the use of the funds only for COVID-19-related response, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(4) Acceptance of the funds does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(5) The need exists to expend the additional funding before December 30, 2020.

(h) The Director of Finance may reduce any program, project or function in the schedule of any item of appropriation in this act whenever the director determines that funds to be received will be less than the amount taken into consideration in the schedule.

(i) Funds appropriated pursuant to this section shall not be expended prior to 10 days after the Director of Finance notifies the Joint Legislative Budget Committee in writing of the purposes of the planned expenditure and the justification for the amount proposed for expenditure. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten or waive that 10 day period by written notification to the Director of Finance.

Coronavirus Relief Fund
Guidance for State, Territorial, Local, and Tribal Governments
Updated June 30, 2020¹

The purpose of this document is to provide guidance to recipients of the funding available under section 601(a) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act established the Coronavirus Relief Fund (the “Fund”) and appropriated \$150 billion to the Fund. Under the CARES Act, the Fund is to be used to make payments for specified uses to States and certain local governments; the District of Columbia and U.S. Territories (consisting of the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands); and Tribal governments.

The CARES Act provides that payments from the Fund may only be used to cover costs that—

1. are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
2. were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and
3. were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020.²

The guidance that follows sets forth the Department of the Treasury’s interpretation of these limitations on the permissible use of Fund payments.

Necessary expenditures incurred due to the public health emergency

The requirement that expenditures be incurred “due to” the public health emergency means that expenditures must be used for actions taken to respond to the public health emergency. These may include expenditures incurred to allow the State, territorial, local, or Tribal government to respond directly to the emergency, such as by addressing medical or public health needs, as well as expenditures incurred to respond to second-order effects of the emergency, such as by providing economic support to those suffering from employment or business interruptions due to COVID-19-related business closures.

Funds may not be used to fill shortfalls in government revenue to cover expenditures that would not otherwise qualify under the statute. Although a broad range of uses is allowed, revenue replacement is not a permissible use of Fund payments.

The statute also specifies that expenditures using Fund payments must be “necessary.” The Department of the Treasury understands this term broadly to mean that the expenditure is reasonably necessary for its intended use in the reasonable judgment of the government officials responsible for spending Fund payments.

Costs not accounted for in the budget most recently approved as of March 27, 2020

The CARES Act also requires that payments be used only to cover costs that were not accounted for in the budget most recently approved as of March 27, 2020. A cost meets this requirement if either (a) the

¹ This version updates the guidance provided under “Costs incurred during the period that begins on March 1, 2020, and ends on December 30, 2020”.

² See Section 601(d) of the Social Security Act, as added by section 5001 of the CARES Act.

cost cannot lawfully be funded using a line item, allotment, or allocation within that budget *or* (b) the cost is for a substantially different use from any expected use of funds in such a line item, allotment, or allocation.

The “most recently approved” budget refers to the enacted budget for the relevant fiscal period for the particular government, without taking into account subsequent supplemental appropriations enacted or other budgetary adjustments made by that government in response to the COVID-19 public health emergency. A cost is not considered to have been accounted for in a budget merely because it could be met using a budgetary stabilization fund, rainy day fund, or similar reserve account.

Costs incurred during the period that begins on March 1, 2020, and ends on December 30, 2020

Finally, the CARES Act provides that payments from the Fund may only be used to cover costs that were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020 (the “covered period”). Putting this requirement together with the other provisions discussed above, section 601(d) may be summarized as providing that a State, local, or tribal government may use payments from the Fund only to cover previously unbudgeted costs of necessary expenditures incurred due to the COVID-19 public health emergency during the covered period.

Initial guidance released on April 22, 2020, provided that the cost of an expenditure is incurred when the recipient has expended funds to cover the cost. Upon further consideration and informed by an understanding of State, local, and tribal government practices, Treasury is clarifying that for a cost to be considered to have been incurred, performance or delivery must occur during the covered period but payment of funds need not be made during that time (though it is generally expected that this will take place within 90 days of a cost being incurred). For instance, in the case of a lease of equipment or other property, irrespective of when payment occurs, the cost of a lease payment shall be considered to have been incurred for the period of the lease that is within the covered period, but not otherwise. Furthermore, in all cases it must be necessary that performance or delivery take place during the covered period. Thus the cost of a good or service received during the covered period will not be considered eligible under section 601(d) if there is no need for receipt until after the covered period has expired.

Goods delivered in the covered period need not be used during the covered period in all cases. For example, the cost of a good that must be delivered in December in order to be available for use in January could be covered using payments from the Fund. Additionally, the cost of goods purchased in bulk and delivered during the covered period may be covered using payments from the Fund if a portion of the goods is ordered for use in the covered period, the bulk purchase is consistent with the recipient’s usual procurement policies and practices, and it is impractical to track and record when the items were used. A recipient may use payments from the Fund to purchase a durable good that is to be used during the current period and in subsequent periods if the acquisition in the covered period was necessary due to the public health emergency.

Given that it is not always possible to estimate with precision when a good or service will be needed, the touchstone in assessing the determination of need for a good or service during the covered period will be reasonableness at the time delivery or performance was sought, *e.g.*, the time of entry into a procurement contract specifying a time for delivery. Similarly, in recognition of the likelihood of supply chain disruptions and increased demand for certain goods and services during the COVID-19 public health emergency, if a recipient enters into a contract requiring the delivery of goods or performance of services by December 30, 2020, the failure of a vendor to complete delivery or services by December 30, 2020, will not affect the ability of the recipient to use payments from the Fund to cover the cost of such goods or services if the delay is due to circumstances beyond the recipient’s control.

This guidance applies in a like manner to costs of subrecipients. Thus, a grant or loan, for example, provided by a recipient using payments from the Fund must be used by the subrecipient only to purchase (or reimburse a purchase of) goods or services for which receipt both is needed within the covered period and occurs within the covered period. The direct recipient of payments from the Fund is ultimately responsible for compliance with this limitation on use of payments from the Fund.

Nonexclusive examples of eligible expenditures

Eligible expenditures include, but are not limited to, payment for:

1. Medical expenses such as:
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
 - Expenses for communication and enforcement by State, territorial, local, and Tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
 - Expenses for disinfection of public areas and other facilities, *e.g.*, nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency.
4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
 - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.

- Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
 - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a State, territorial, local, or Tribal government payroll support program.
 - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
 6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy the Fund's eligibility criteria.

Nonexclusive examples of ineligible expenditures³

The following is a list of examples of costs that would *not* be eligible expenditures of payments from the Fund.

1. Expenses for the State share of Medicaid.⁴
2. Damages covered by insurance.
3. Payroll or benefits expenses for employees whose work duties are not substantially dedicated to mitigating or responding to the COVID-19 public health emergency.
4. Expenses that have been or will be reimbursed under any federal program, such as the reimbursement by the federal government pursuant to the CARES Act of contributions by States to State unemployment funds.
5. Reimbursement to donors for donated items or services.
6. Workforce bonuses other than hazard pay or overtime.
7. Severance pay.
8. Legal settlements.

³ In addition, pursuant to section 5001(b) of the CARES Act, payments from the Fund may not be expended for an elective abortion or on research in which a human embryo is destroyed, discarded, or knowingly subjected to risk of injury or death. The prohibition on payment for abortions does not apply to an abortion if the pregnancy is the result of an act of rape or incest; or in the case where a woman suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the woman in danger of death unless an abortion is performed. Furthermore, no government which receives payments from the Fund may discriminate against a health care entity on the basis that the entity does not provide, pay for, provide coverage of, or refer for abortions.

CERTIFICATION FOR RECEIPT OF FUNDS PURSUANT TO PARAGRAPHS (2) OR (3) OF SUBDIVISION (d) OF CONTROL SECTION 11.90 OF THE BUDGET ACT OF 2020

I, AL ZELINKA, CITY MANAGER, am the chief executive or authorized designee of the CITY OF RIVERSIDE, and I certify that:

1. I have the authority on behalf of the CITY OF RIVERSIDE ("City") to request payment from the State of California ('State') pursuant to the applicable provisions of subdivision (d) of Control Section 11.90 of the Budget Act of 2020.
2. I understand that the State will rely on this certification as a material representation in making a direct payment to the City.
3. The City's proposed uses of the funds provided as direct payment under the applicable provisions of subdivision (d) of Control Section 11.90 of the Budget Act of 2020 will be used only for costs that:
 - a. Are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19)
 - b. Were not accounted for in the budget most recently approved as of March 27, 2020, for THE CITY OF RIVERSIDE
 - c. Were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020.
4. The City agrees to do all of the following as a condition of receipt of funds:
 - a. Adhere to federal guidance and the State's stay-at-home requirements and other health requirements as directed in gubernatorial Executive Order N-33-20, any subsequent Executive Orders or statutes, and all California Department of Public Health orders, directives, and guidance in response to COVID-19 emergency.
 - b. Use the funds in accordance with all applicable provisions of subdivision (d) of Control Section 11.90 of the Budget Act of 2020.
 - c. Report on expenditures and summarize regional collaboration and non-duplication of efforts within the region by September 1, 2020, and return any funds that are unspent by October 30, 2020 (unless extended by the Department of Finance based on reported expenditures to date), and repay the state for any cost disallowed after federal review.
 - d. Retain records to support reported COVID-19 eligible expenditures and participate in audits as outlined by the federal government and State.

RESOLUTION NO.

A RESOLUTION OF THE CITY COUNCIL OF RIVERSIDE, CALIFORNIA,
WAIVING THE COMPETITIVE PROCUREMENT REQUIREMENTS OF
RESOLUTION NO. 23256 TO ALLOW FOR THE PURCHASE OF GOODS,
PRODUCTS AND SERVICES IN CONNECTION WITH THE
CORONAVIRUS AID, RELIEF AND ECONOMIC SECURITY FUNDING
FROM THE STATE OF CALIFORNIA.

WHEREAS, on March 27, 2020, President Donald Trump signed the Coronavirus Aid,
Relief, and Economic Security (CARES) Act into law to provide emergency appropriations
during the Coronavirus pandemic (COVID-19); and

WHEREAS, the CARES Act provided funding for governments was also included
through the creation of the Coronavirus Relief Fund (“CRF”), which allocated \$150 billion to
various State, local and Tribal governments; and

WHEREAS, the City of Riverside (“City”) was not eligible for any of the CRF and

WHEREAS, the Big City Mayors, of which Mayor Bailey is a member, engaged the
State’s legislative leaders and California Governor Gavin Newsom to solicit support for the
creation of a dedicated funding opportunity for the seven cities, which included Riverside, that
did not receive a direct allocation from the CRF; and

WHEREAS, this targeted advocacy effort resulted in the inclusion of a specific \$225
million set-aside for the seven cities as part of the recently approved State budget with Riverside
receiving \$27,991,888; and

WHEREAS, Riverside must use the funds to support activities and expenses that promote
public health and safety in response to the COVID-19 public health emergency, including,
among other things, implementation of social distancing guidelines in public facilities including
testing and contact tracing, services for vulnerable populations, including increased caseload,
and items permitted pursuant to guidance provided by the United States Treasury Department, as
allowable expenditures that support the state’s COVID-19 response; and

///
///

1 WHEREAS, funding to local governments pursuant to Control Section 11.90 of the
2 Budget Act of 2020 is contingent on the local jurisdiction's adherence to federal guidance and
3 the state's stay-at-home requirements and other health requirements as directed in gubernatorial
4 Executive Order N-33-20, subsequent executive orders or statutes, and all State Department of
5 Public Health orders, directives, and guidance issued in response to the COVID-19 public health
6 emergency. Local governments are required to certify compliance to the Department of Finance;
7 and

8 WHEREAS, cities must use the funds according to federal law and are encouraged to
9 prioritize these funds to support efforts by counties and Continuums of Care to address the
10 impact of the COVID-19 pandemic on people experiencing homelessness; and

11 WHEREAS, the funds must be encumbered by September 1, 2020, and if not, the
12 California Director of Finance may reallocate the funds to any item of appropriate for other
13 allowable activities; and

14 WHEREAS, the CRF does not require formal procurement or competitive bidding in
15 order to encumber the funds; and

16 WHEREAS, in order to ensure that the City is able to encumber the funds by September
17 1, 2020, within the parameters of the allocation, the competitive procurement requirements of the
18 Purchasing Resolution No. 23256 must be waived.

19 NOW, THEREFORE, IT IS RESOLVED by the City Council of the City of Riverside,
20 California, as follows:

21 Section 1: On the basis of the foregoing recitals and the staff report accompanying this
22 Resolution, the competitive procurement requirements of Resolution No. 23256 are hereby
23 waived for the purposes of obtaining goods, products and services in connection with the
24 Coronavirus Aid, Relief, and Economic Security Act and the allocation by the State of California
25 in the Budget Act of 2020 ("Allocation").

26 Section 2: The Purchasing Manager is authorized to issue purchase orders that do not
27 exceed the total sum of \$27,991,888 for the goods, products and services directly connected to
28 the Allocation.

ADOPTED by the City Council this _____ day of _____, 2020.

51	My son has a disability. Rare hip bone disease and is in a wheelchair he needs daily physical therapy. We had to purchase a pool heater and we had to heat the pool because one week into covid-19 and physically therapy he started to feel horrible pain and started having trouble sleeping. I emailed the gas company for help but they said he had to be dying in order for them to lower my bill. I also have a respiratory disease and other health issues and finally had a court date for my disability that I had been waiting for over 2 years. They had to cancel my appt in March because of covid-19. I'm still waiting for another date. We stopped paying our mortgage. In the beginning my husband was protecting us from the virus so we order instacart which is very expensive. After some time realized we couldn't afford it so we do the Walmart drive thru pick up now.	7/29/2020 7:20 AM

91	I have been classified as essential and have been going to work all along. Long days.	7/28/2020 4:01 PM
92	I am a single parent and I had finally decided to enrol myself in a program at UEI in December before the covid hit. Because of the pandemic, schools were closed and I had to stay home with my kids and homeschool them for the end of the school year. I was unable to work because of this. I also had to take a LOA from my school that I just started because trying to teach a preschooler and a 3rd grader who is in a spanish program when I do not even speak spanish was challenging enough on its own. Attempting to educate myself at the same time without cheating just to pass the class was nearly impossible. I signed up for hands on learning and am now in debt with student loans for a program that I am not able to do the right way. My kids will be starting school soon and we will be doing it from home again so I just extended my LOA but am still expected to pay even though I am not able to attend at this moment because of the uncertainty of the virus. Then when they take away the \$600 for those of us unable to work, I will have no income leaving me struggling to pay rent and other bills on top of this student loan.	7/28/2020 4:00 PM

102	Experienced reduced business as fewer customers are shopping.	7/28/2020 1:50 PM
103	I provide quality housing to Riverside residents. I'm now required to house a non-paying tenant. I'm losing \$1200+ because I'm being denied the ability to evict, remodel and re-rent my units! I was in my 3rd month of the eviction process prior to the lockdown. I'm out \$7350 to date and on 8/1/20 it will be \$8550. This is unconstitutional. How do I recover from this loss? There are no programs that I can find to help cover my loss. The eviction moratorium must end. It must stop! We absolutely cannot tolerate funding lazy people who have no ambition to work. Remember I had a court order approved to evict "before" the lockdown. We're just being absolutely screwed! Damn the government! Shame on you!	7/28/2020 1:50 PM

116	Although we were deemed an "essential business", running our business has been more difficult with the Pandemic. We must take extra precautions of cleaning the office, work vehicles and equipment that we bring into people's homes and businesses. One of our full-time technicians did get the virus and has not returned yet so it required us to replace him. In addition, we have picked up new cleaning work since the onset of the virus and therefore we have more field techs coming in and out of the office and warehouse and therefore more precautions and training is necessary. More supplies and cleaning time are needed which equates to more cost to run our business.	7/28/2020 11:49 AM

142	I just opened my office for business in February to be shut down multiple times due to the Pandemic and curfews due to riots. I haven't had the opportunity to start hiring employees or to even get an chance to fully operate my business to get things going. Things are very slow and not going as projected. Causing me to make some dynamic changes to allow myself to operate partially on a virtual basis to try and continue some stream of revenue. It has been very difficult, and I don't want to lose my business before I even have a chance to actually start my business I just opened my office for. Currently preparing for next tax season.	7/28/2020 9:19 AM
143	I have been blessed to work during this pandemic. However, I have been experiencing breathing problems due to wearing the mask for long hours of the day. I do this while others get paid more than me to sit at home. How is that just?Also, there has been a lot vandalism in my neighborhood ever since the start of this pandemic. Also expiriencing increased costs associated meeting city requirements for temporary outside dining permits. Increase costs of security while maintaining vacant bldg and outdoor dining.	7/27/2020 8:15 PM
231	I have owned a hair salon in city of Riverside for over 30 years in the same location, my salon has been mandated by the governor To shut down, I have lost all my stylists that work for me and I'm not working at all with zero income trying to pay for my business lease , mortgage and utilities I've applied for a grant through the city of Riverside and have still not heard back if I am approved for the small grant	7/27/2020 8:14 PM
232	Fortunately little if any impact	7/27/2020 7:58 PM
233	Husband was laid off	7/27/2020 7:54 PM
234	Spending more on groceries due to limited quantities and having to have it delivered.	7/27/2020 7:46 PM
235	My start date at work keeps getting pushed back because we can't open back up because the handling of the pandemic has been awful. I technically haven't experienced reduced hours	7/27/2020 7:42 PM

	because I started with 0 and am still at 0	
236	Such a reduced income due to having to shut down and other placing having to close and those still not open like churches, schools, wedding venues and places for memorials and funerals	7/27/2020 7:22 PM
237	Slow DSL is only internet option at my location. No fiber, no cable, poor satellite reception.	7/27/2020 7:21 PM
238	Reliable and accessable internet for school aged kids	7/27/2020 7:19 PM
239	Nothing..I was able to keep working amen	7/27/2020 7:17 PM
240	My husband and I exclusively work from home with two small kids and not a lot of childcare options.	7/27/2020 7:13 PM
241	Concerned about how many employees have tested positive	7/27/2020 7:11 PM
242	No significant impact on me!	7/27/2020 7:10 PM
243	Both my husband and I work full time. We are so lucky to work from home, but it's been tricky managing our kid's kindergarten schooling while we are working.	7/27/2020 7:08 PM
244	Homeless with my handicapped son.cant get approved for apartment not enough income	7/27/2020 7:02 PM
245	Still self isolating, vulnerable group	7/27/2020 6:58 PM
246	Stress	7/27/2020 6:52 PM
247	Student debt to pay	7/27/2020 6:49 PM
248	Haven't been impacted. My buisness has grown, workload has increased, and I have hired additional people.	7/27/2020 6:45 PM
249	I was laid off, I went back to work but pay is less and now that I am working from home and school is out my bills are very high and my husband hours were affected. Trying to get a loan modification but we don't qualify for payments to be put to the back of the loan because we were already struggling just getting on our feet. Now If I don't get approved I am at foreclosure status. Because I am now working I don't qualify for any aid, I was suppose to get back pay for pandemic assistance but I can't get through and I haven't received anything.	7/27/2020 6:41 PM
250	None, my job and housing situation are good	7/27/2020 6:39 PM
251	Placed on the front line with kaiser for no hazard or covid pay . I did not sign up to be there , they sent me because I'm low in seniority and I don't agree with this because I have a parent who is immunocompromised and have two kids under 10. I should have a choice to go on front line not vise versa and pay me hazard pay for doing so risking my life and my families for being there ☐	7/27/2020 6:39 PM
252	Fewer customers	7/27/2020 6:27 PM
253	Testing for the coronavirus is pathetic in the city of Riverside. We need the ability for anyone to be tested and to receive the results quickly without paying additional money.	7/27/2020 6:23 PM
254	Reduction and/or complete change in work environment and volume	7/27/2020 6:17 PM
255	Husband lost his job , loss of income	7/27/2020 6:16 PM
256	I believe this is a pandemic. I believe this about government control. The state wouldn't need this help if they would stop shutting down small businesses, closing schools and instilling fear in people. Doctors should be allowed to treat COVID patients with medication known to help people recover instead of withholding it.	7/27/2020 6:07 PM
257	Apartment owners need help with rental income	7/27/2020 5:52 PM
258	No impact	7/27/2020 5:47 PM
259	no personal impact, but it did make it more difficult to meet with and coordinate with the City and County staff while practicing my engineering consulting business.	7/27/2020 5:44 PM
260	One income household, and he is an Essential Worker. We have not experienced any significant financial impact from the pandemic.	7/27/2020 5:36 PM
261	I work in the event business and all of my events have been cancelled or put off to next year, greatly impacting my income.	7/27/2020 5:34 PM
262	Work in schools , specifically RUSD. There has been NO update for sub teachers . Our last paycheck was in March and unemployment was denied .	7/27/2020 5:30 PM

301	Very concerned about the overall economy	7/27/2020 3:22 PM
302	Home isolated for 5 months. Luckily can pay our bills.	7/27/2020 3:21 PM
303	It's had no negative impact on me. If anything this pandemic has been a blessing since I now get to work from home. I will say that it does bum me out that local businesses are suffering though. :-(7/27/2020 3:20 PM
304	not impacted other than a need to socialize	7/27/2020 3:19 PM
305	employees unable to come to work due to travel restrictions and illness resulting in difficulty finishing jobs	7/27/2020 3:13 PM
306	Husband unemployed due to COVID.	7/27/2020 3:11 PM
307	Stress and anxiety over the poor decisions of others, especially the Riverside County Board of Supervisors.	7/27/2020 3:08 PM
308	Unable to get hair done or pick out new prescription glasses because of ridiculous new rules even with all of the salons and opticians safety measures.	7/27/2020 3:07 PM
309	Governor closed my business	7/27/2020 3:04 PM
310	Furloughed for a period, which depleted my sick/paid days off to the point that if I did get sick	7/27/2020 2:59 PM

	now, I would not have income.	
311	Deferred payments for bills	7/27/2020 2:59 PM

343	College education on hold due to unknown variables related to Covid.	7/27/2020 1:31 PM
344	Our family worries more about paying bills on time. It has become stressful for us as we have significant medical issues. We perform in house dialysis, what would happen if electricity went out?! What about the same with water? Deliveries of medical supplies take longer, can we pay for medication?	7/27/2020 1:27 PM
345	None	7/27/2020 1:27 PM
346	our non profit has been impacted by less grassroots fundraising opportunities for our general operations as a non profit. Also impacted our work to be able to do our low income housing projects like community land trusts.	7/27/2020 1:26 PM
347	working more to help people with PPP loans	7/27/2020 1:25 PM

348	No impact.	7/27/2020 1:23 PM
349	Unable to hold classes at sites in Riverside	7/27/2020 1:20 PM
350	limited or no access to government offices and services that we do business with has slowed our services down	7/27/2020 1:19 PM
351	Had to help staff in the city to transition home, increase internet speeds, find childcare that was safe, ensure my neighbors did not disrupt my working at home when they took in relatives and had 14 people living there, and we have had to deal with worrying about parking tickets from the city in our neighborhood.	7/27/2020 1:15 PM
352	Significantly reduced sales at my business which has greatly impacted the amount of money I can take home to provide for my family. Our sales for July 2020 are less than half of what they were July 2019.	7/27/2020 1:05 PM
353	The facility needs assistance with food, Protective Personal Equipment and increase in operating expenses especially on liability insurance premium caused by Covid 19 and incentive pay for their employees especially the front line care givers, cooks and maintenance people.	7/27/2020 1:04 PM
354	Help with utilities	7/27/2020 1:03 PM
355	i am 84 and afraid to go anywhere.	7/27/2020 12:57 PM
356	Programs suspended or deferred, causing us to temporarily (hopefully) no longer offer opportunities to contracted individuals.	7/27/2020 12:53 PM
357	No raise this year and company paused 401k contributions. They are not matching funds at least this year.	7/27/2020 12:53 PM
358	The stress of working while everybody else is gardening is stressful. People are becoming crazy from being locked up. The city does not appear to have a plan to get us out of this.	7/27/2020 12:51 PM
359	Scared to return to business due to uncertainties and rising Covid cases	7/27/2020 12:49 PM
360	Children's mental health not being able to socialize and being unsure of the future	7/27/2020 12:47 PM
361	Got covid at work. Have been off work for almost 3 months now due to it. The extra assistance has helped majorly. I'm making now what I was making before taxes at my job every 2 weeks so it's saving me majorly.	7/27/2020 12:44 PM
362	Employees need distance learning assistance	7/27/2020 12:42 PM
363	Lost many customers	7/27/2020 12:40 PM
364	Loss of Income from business activities.	7/27/2020 12:39 PM
365	cannot work, our company focus' on in person support during pregnancy, labor, and postpartum	7/27/2020 12:33 PM
366	We experienced some slow down with our business, but fortunately, we received a PPP loan and it has helped.	7/27/2020 12:32 PM
367	Unable to perform services. Day Spa Services	7/27/2020 12:31 PM
368	My kids are not in school	7/27/2020 12:27 PM
369	Unable to leave the house, due to 3 family members being high risk category for COVID	7/27/2020 12:26 PM

372	Loss of customers due to pandemic	7/27/2020 12:20 PM
373	Concerned about the small businesses in the downtown area	7/27/2020 12:20 PM
374	Lack of city code enforcement in the community! Road repair (pot hole) created by sewer line leaks. That you created when you replaced the main line on Lasierra but failed to do the side streets!	7/27/2020 12:16 PM
375	dramatically reduced sales for our local business we own	7/27/2020 12:16 PM
376	wife was temporarily laid off, my business dropped significantly	7/27/2020 12:14 PM
377	Nono	7/27/2020 12:13 PM
378	MI NEGOCIO ES UNA CLINICA DENTAL ,LA CUAL HA SIDO IMPACTADA ENORMEMENTE PUES SE HA REDUCIDO LAS HORAS Y DIAS DE TRABAJO DEBIDO A QUE LOS PACIENTES TIENEN MIEDO ,LA MAYORIA DE LOS TRABAJOS SON EMERGENCIAS POR DOLOR ,Y NUESTRAS ASISTENTES Y DRS SUFREN POR LA MISMA SITUACION.	7/27/2020 12:07 PM
379	Retired living on a fixed income ... no significant impact except for limited interaction with our children and their families ... food services and medical services have been satisfactory and safe for our needs	7/27/2020 12:07 PM
380	Took PPP loan and EIL loan. Business has lost 55% of revenue	7/27/2020 12:07 PM
381	Business in mall closed....mall still expecting same rent...even if open we are at or below 50% capacity because of safety precautions such as social distancing	7/27/2020 12:06 PM

382	More emphasis on school age children. They need to be back in school SAFELY.	7/27/2020 12:01 PM
383	As we are self employed. This has dropped our business 95%. Also as a Landlord who counts on rents to make payments on properties and continue business the law in which states people no longer have to pay rent has hurt us even though we gave all tenants a 1/3 cut on rents to help them out financially.	7/27/2020 12:01 PM
384	I am busier than before all the Covid-19 crap. If you really want to help Riverside and California, open all businesses. Be a leader in exposing masks that are useless. If there is ANY violent protest in Riverside, you better have a plan already in place to stop it hard and fast.	7/27/2020 12:01 PM
385	unable to open for a while.	7/27/2020 12:00 PM
386	i coughed a lot	7/27/2020 11:58 AM
387	Future business jeopardized by virus.	7/27/2020 11:58 AM
388	Depression sometimes	7/27/2020 11:57 AM
389	I have not experienced any of this	7/27/2020 11:57 AM
390	Lost members due to covid and the lack of classes being offered.	7/27/2020 11:54 AM
391	I'm concerned with the homeless not wearing masks and having soap etc. It would also be nice if there were specific areas that have portable toilets instead of them utilizing the walls of the building where the business is that I operate. My office is just west of the railroad tracks.	7/27/2020 11:53 AM
392	Hard to pay the payroll.	7/27/2020 11:53 AM
393	I own a small apartment complex and a few of my residents had difficulties paying there rent so this created a hardship on all of us.	7/27/2020 11:53 AM
394	reduction in revenue for business	7/27/2020 11:51 AM
395	Don't how if I will be able to keep my salon operating due to the debt accrued from Covid. I bought thousands of dollars of ppp to operate safely and then they close us down again. They say we can do haircuts outside and then I will have to spend more money to do that and then hope to break even. We just need to reopen salons!!! Now my staff may not return due to all of this. They are being forced to find new jobs that are essential to support their families!!! Please help quick!!! I am desperate and sinking quickly!!!	7/27/2020 11:50 AM
396	Concerns about losing my business. Needing to adjust business model and service delivery methods. New requirements.	7/27/2020 11:46 AM
397	I would like to see the school system be safe enough for kids to go back. Smaller class groups. Perhaps different groups going in different days & hours.	7/27/2020 11:46 AM
398	Nobody is talking about how this the decisions of school board and the teachers union is affecting the learning and mental well being of students. This distanced learning is a failed plan. We need to stand with David Hansen and get our kids back to school the way we have for the last 100 years. I'm also concerned about the closing of businesses from a virus that has over a 97% recovery rate. This is going to affect my business and the ability for me to continue to pay my employees a living wage. Not to mention my ability to earn an income.	7/27/2020 11:44 AM
399	Our business growth and product development has ground to a halt.	7/27/2020 11:43 AM
400	Business has dropped 50%	7/27/2020 11:43 AM
401	No affect	7/27/2020 11:38 AM
402	Lost 90% of business revenue. Landlord does not cooperate with rent. Shutdowns are ruining our city, no one spending money no one has a job... ok to loot or protest without a mask but can't go out to eat or shop without one. This double standard is ruining our city and most business are either shutting down and not re-opening or are listed for sale! Why would you spend all that money on masks and more covid stuff???? How about helping small business so we can employ your residents again whose unemployment is ending. This town is going to become exactly like Detroit did back in the depression ... a Ghost Town... we will never recover from this unless you spend the funds wisely!!!!	7/27/2020 11:37 AM
403	Very much has increase my hours and business.	7/27/2020 11:33 AM
404	Loss of business.	7/27/2020 11:33 AM
405	Personal freedom only....have not left home except for 5-6 times to do essential errands. Getting Groceries by pick up. I am so fortunate. Retired RN	7/27/2020 11:31 AM
406	My self-employed consulting business has been drastically impacting, reducing assignments and income by about 40%	7/27/2020 11:29 AM
407	Mental health/wellbeing challenges	7/27/2020 11:27 AM
408	Reduced income	7/27/2020 11:25 AM
409	My children can't go to school - who will ensure they are fully immersed in the distance learning programming? Daycare centers don't even make them do their homework after school when they are attending during normal circumstances. Full day daycare expenses are nearly twice the cost of after school care.	7/27/2020 11:23 AM

410	Not receiving rent from tenants. My only source of income is rental income. I still have to pay property taxes, business taxes and utilities. My tenants are not open, sole proprietor they don't get help to pay their rent, we can not evict them.	7/27/2020 11:18 AM
411	Reduced or forgive rents.	7/27/2020 11:17 AM
412	Home based business. No factor.	7/27/2020 11:16 AM
413	I am a property manager with 112 apts. I have about 6 residents that are struggling to pay their rent. I also have residents that could use food vouchers, or food boxes. Some resident have done this on their own, maybe information to property managers specifically to help us help them with pamphlets, where they can go for help? Anything like this would be helpful.	7/27/2020 11:15 AM

418	I own a single chair hair salon and I'm struggling to keep up on rent and electric bills for home and salon. It's ridiculous that a sole proprietor who sometimes is only at work 4 days a week should have to pay the same amount reliability charge on my electric bill as a multi employee business with high usage. \$10 a month may not seem like a lot but it is when your business is forced closed by the governor.	7/27/2020 11:12 AM

431	I work for UCR and so far I have been working from home with no effect on my pay. However, this is merely because of how our budget works. In the new fiscal year we will undoubtedly have to take furloughs or pay cuts, and there is even a chance I could be laid off, so I am worried about the future.	7/27/2020 10:57 AM
432	None of the above yet. I am employed by UCR and working from home. UCR anticipates maybe an 8-10% budget cut so I may be affected during the next 3 years or more. The University has already laid off many of the custodial staff, so they are suffering financially and have lost their medical benefits.	7/27/2020 10:57 AM

507	I work for the State of California; however, due to the COVID-19 Pandemic, State employees have faced a 9.23% cut in pay that significantly impacts my household especially since I am a single parent. On top of the 9.23% cut in pay, we have been denied our upcoming increases which is detrimental to my income. As a single parent, I have a senior who will be missing out on his Senior year due to this Pandemic and that's really unfortunate. due to the fact that I'm a single parent, I have one daughter who is attending RCC thanks to the Promise Program, she attending courses on line which is great, She also receives FASFA which has helped her with her educational needs; however, I cannot afford to purchase a computer/laptop for my son who is the Senior to attend his classes online. He would much rather go to school in person, but since the Pandemic will not allow for this to happen, he will need to borrow a laptop from school or I will need to purchase one which is out of the question at the moment due to my cut in pay. The Covid-10 Pandemic has literally impacted my household financially.	7/27/2020 9:37 AM

551	I have suffered with mental health issues: major depression, severe anxiety, PTSD and weight gain due to being isolated and cut off from family, friends and co-workers for 4 months and counting. I can't sleep and have lost track of time and feel Hopeless. Now, the unemployment office has withheld my benefits and I may be facing homelessness and more debt if they cut me off. I feel the city and state has made it hard for us to survive and the politicians and medical community have turned their backs on us.	7/26/2020 8:16 PM
552	Even though I have been working from home since March due to high health risk, it has taken a toll. I live alone, and my health has plummeted. I can't go to the hospital and now and can't even walk. It is not just debilitating, I am depressed, everything costs so much to have delivered, and who knows how long my company will keep me on in this situation? Madness, complete madness. I want to help but I don't know how or who needs me. I became a 1st time grandmother - and having spent all my adult life with my kids have hardly seen my precious one at all, and without medical care that completely separates those afflicted with COVID-19, we are all at a greater risk.	7/26/2020 7:54 PM

571	Because communal laundry rooms are a Covid 19 risk, I wish to get blanket permission from the Weldon Brown managers in our Casa De Oro Condominiums for homeowners to install washers and dryers on their own properties (unless counter-top washers are available), and streamline the blueprint requirement which management requires for changes to give bulk contractor bidding discount so that one contractor could do the modifications complex-wide.	7/26/2020 2:59 PM

Also, I wish my sister didn't have to risk Covid 19 exposure at her part time cafeteria work at the middle school of 92507 when school reopens August or September 2020 before the pandemic is defeated. I wish there were masks taxi drivers could wear which could still allow headset mics to operate...and that law would enforce the drivers wearing the masks. Also, because toxic mold invites Covid 19 low immuno-response, I wish it known that I was denied an insurance claim to replace water heater after flooding began from it on March 19, 2018...denial due to slow leak or poor construction causing prior mold in kitchen and bathroom, despite kitchen sink replacement during the year or so before water heater burst. Debt from house-wide lead and water testing, gutting mold from my kitchen, replacing water heater and its plethora of connected electronic work with its additional wall cutting, all must be paid down before I can save funds so that both my kitchen can be put back together and my bathroom can get mold removed when in the future green board replaces the bathroom fiber board and flooring gets replaced to check for mold under there because toxic mold seems to weaken a body in such a way as to invite Covid 19, but I could not get my doctor to help me get the test for toxic mold in my body in 2019 and I cannot get onto a waiting list for short stick rapid response Covid 19 test by mail with my health plan. Testing by mail is necessary for people who do not drive and cannot travel Covid 19-safe by bus or taxi. The economic collapse stemming from U.S. quarantine would not have been prospectively shrinking my untouched IRA while eclipsing my 2018 debt repayment if the U.S. would have handled the pandemic response in President Obama's ways during President Trump's time. Therefore please provide homeless assistance in order to help defeat Covid 19 so that homeowners also will be blessed by the contagion containment of improving the health of the less fortunate as we all await treatments and vaccines. Some other possibly local enhancements of Covid 19 response as temporary lowering of education requirement for a parent to be able to earn money by teaching her/his own children, National Guard conversion of congregate living buildings to quarantine style negative air pressure, enhancement of any UCR Covid 19 research, provision of I Pad learning at home in impoverished areas so that busses provide roaming towers for public school, and all forgiveness of bills and forbearance of eviction that would enable shelter and electrical power for families with school aged children toward that end. Flu shot vans roaming about in October would be nice, too, as would enhancing funds to the existing homeless shelter place(s) in 92507.

572	I do not receive any assistance because my wife is on her pension and received a good sum of money with her retirement. I do not see any of that and because I am incorporated into her money when applying for assistance. When trying to receive assistance, I am lumped into the total sum and considered not qualified because of income I never see. I make about \$30,000 per year but rely on my extra income (about \$20,000) as a Riverside County licensed freelance photographer to make ends meet. All my accounts have been affected by COVID 19 which has impacted my business. I have not made a dime since March. I have accumulated only about \$1,500.00 this year and do not see anything changing until sometime during the 2021 year.	7/26/2020 2:33 PM

627	I am currently in a more fortunate position home/food wise than many people. That being said, I am in what is considered the high risk group, and the caregiver for my husband who has Alzheimer's dementia. The stress of that is challenging enough in normal circumstances, but the isolation and stress of getting necessary household supplies for his care, and the deterioration of his condition partly due to the inability of him to have access to the small social things he used to be able to participate in, is contributing to the depression that accompanies the lack to ability to move about without fear of getting ill.	7/25/2020 7:26 PM

967	our brewery tasting room has seen a 70-75% decrease in income. we believe the past & current mandates regarding breweries are unfair, we are not a bar, we are a family friendly establishment, not a place where people are headed to meet strangers and mingle. The constantly changing of regulations is exhausting to keep up with. I understand we need to be mindful of the pandemic, but we also must weigh the actual scientific facts and statistics with the ruination and quality of our economy, quality of education and life in the city, county and the state. The constant media barrage has be absolutely detrimental to sane and rational thought during this crisis. I will get off my soapbox now. thank you.	7/24/2020 6:54 PM

1010	As a senior citizen with health risk potential the family has stayed at home leaving only for essential needs, medical and financial appointments. My major concern is for grandchild who will be starting school this year. Feel it is imperative that the schools open up only for distance (on line) learning and no classroom education to prevent the spread of Covid-19 to the student population. I'm also concerned about spread of virus by people who gather without wearing face masks and not using social distancing. While I know your can't fix "stupid" there needs to be consequences for those who don't follow the basic ways of containing the spread of the virus.	7/24/2020 5:37 PM

1	I would rather none of the funding go to covid 19 personal protection because it is a waste... hand sanitizers cause cancer and wearing masks and gloves do absolutely nothing to help prevent such a "deadly virus" , in fact having to wear mask is worse for our health. Enough is enough!	7/29/2020 4:59 PM
2	The City of Riverside needs to stop following the agenda! Stop forcing businesses to make people wear masks against this none deadly virus! None of the money should go to hand sanitizers which is absolutely not good for our bodies nor should the money go to buy masks which hurt our bodies! Use the money to help kids that have been sexually abused during this time! Those with special needs need to be looked after with this money too! No money should go to testing for covid since the test numbers are not true!	7/29/2020 4:59 PM
3	Help for our most vulnerable Riversiders should be top priority.	7/29/2020 4:42 PM
4	We should continue to enforce social distancing and masks at all times.	7/29/2020 4:39 PM
5	I cannot believe we have allowed COVID-19 and our response to prevent the spread to collapse our economy, allow residents to lose their businesses and homes, close our schools and put our children academically at a disadvantage, take away our 1st Amendment right to worship together in houses of faith, and isolate ourselves from friends and family members whom we depend on for our emotional wellbeing. I hope you all are taking in all the information and looking at the big picture of what this has and will do to us. Put this money to good use and support our kids who aren't able to go to school, and support the small businesses that have had to close their doors. And, may God bless Riverside and America through this.	7/29/2020 4:33 PM
6	Riverside has seen an increase of homeless and unsheltered persons, due to Covid-19 dynamics. These persons are not only vulnerable but also lack access to many resources, financial and otherwise. While many have need, unsheltered persons experience marginalization. This marginalization sometimes seeks to diminish the deprivation and despair which are nearly daily companions for them. Because of this raw need and their vulnerability, I believe it says something about the citizens of Riverside that by using these State accessed funds we seek to reduce this vulnerability. We seek to restore dignity to human lives that are at risk. And strategically, we seek to provide some shelter and protection that offers hope of restoration, so that these residents can resume a greater semblance of civic participation.	7/29/2020 4:24 PM
7	According to the Brookings Institute, food insecurity in households with children under 18 has increased 130 percent during the COVID epidemic. In California, there are 4.6 million people who do not know where their next meal is coming from. That is called "food insecurity," and includes 1.6 million children. There are a number of food deserts scattered throughout Riverside's low income communities. As children are unable to return to school and participate in meal programs, it is increasingly important to provide additional distributions channels to access healthy foods. Adding farmers markets in low income/low food access communities is one strategy. The farmers market at Tyler Galleria offers Market Match (up to \$10 in additional purchases of fruits and vegetables for the first \$10 in market purchases using SNAP/EBT (CalFresh)). This initiative should be expanded. It is well recognized that Riverside and the Inland Empire is undeserved by non profit organizations. This exacerbates the challenges to serve the needs of disadvantaged communities during emergencies while the city and county face their own economic hardships. More funds should be directed towards nonprofits that can better leverage multiple funding resources and build resiliency during emergencies. US Treasury Guidance allows funds to be used to purchase durable goods (e.g. equipment) that may have a service life beyond the funding period. Consideration should be given to how these assets could be redeployed to support ongoing challenges and opportunities facing the City.	7/29/2020 4:20 PM
8	I think we're only able to experience health and prosperity when the need among us have their basic needs met. Like Maslow's Hierarchy of needs: Shelter, Food, and Healthcare come first.	7/29/2020 4:12 PM
9	Public health and safety is first and foremost important. Families will need financial assistance for food and rent during this massive work stoppage. Small businesses in downtown Riverside need help if we are to remain part of the reason people visit here to shop and dine.. The hotels can't do it alone.	7/29/2020 4:02 PM
10	I would like college students to be supported in some sort of way. I currently am in school still and have trouble financing it. I am scared to go out in work because more jobs are warehouse jobs that have cases of coronavirus. There should be some form of stimulus for students.	7/29/2020 3:51 PM
11	We have a small restaurant but our main source of revenue is our catering company. Maybe the city could hire catering companies to provide food for those who need it the most.	7/29/2020 3:42 PM
12	Please help the residents of Riverside. Business owners already got a lot of help from the state. Don't leave us behind.	7/29/2020 3:35 PM
13	The small business, mom & pop community with longevity in community comes first or near top of list!	7/29/2020 3:34 PM

16	We have got to get back to normal. If we don't, YOU will not be able to clean up the mess that has been created. It will get to a point where you have forced our hands, too many of us will lose our own small business, jobs will be lost, people cannot feed themselves or care for themselves. People are becoming unhinged. Especially in my are. This has got to stop. No more restrictions. Period. Just stop it. I am not going to have a damn message in a f@ucking	7/29/2020 3:24 PM

	parking lot. I'm in extreme pain 24/7, I just want to get back to my treatments and working. Stop hurting people. That's exactly what you are doing. You are not saving anyone. You are helping no one. You are forcing people to become things they would never have become if life were normal. This has to stop. It has to. It absolutely has to.	
17	Have more masks, sanitizers and disinfectants available to the public and also for purchase. I have been trying to get ahold of disinfecting wipes and sprays with no luck at any store. I had to ask my family in Los Angeles to purchase for me over there.	7/29/2020 3:13 PM
18	To help residents pay rent and mortgages	7/29/2020 3:02 PM
19	As a 30+ year resident, I want to see this city be responsible to the people who make this city: the residents & the businesses. No tourist dollars are needed, this is where we live our lives and where our children can simply grow up, a good old fashioned city.	7/29/2020 3:01 PM
20	Housing is an essential part of managing the COVID-19. Also, protecting our vulnerable population- our seniors, children (care& education), those with mental illnesses and the homeless. I notice there was no mention of the emergency responders and medical staff. They too are extremely valuable.	7/29/2020 2:58 PM
21	Please push homeless off streets into generous and comprehensive housing/assistance/training/relocation. Please keep small business thriving by opening all with suggested distancing measures - not regs - and offer recovery assistance to previously healthy business. Please fix schools by encouraging vibrant school choice options of home/charter/private/distance/public/mixed schooling — don't give public schools more tax money or support until they open their minds to choice and learn to share.	7/29/2020 2:53 PM
22	Offer direct help to residents in a form of a check so that they may do with it what they need to.	7/29/2020 2:44 PM
23	The two top priorities (I believe) should be: A. Any/all assistance to ALL medical services who are on the "frontline" of COVID! B. Any/all assistance to ALL families, especially with grade-school age children.	7/29/2020 2:43 PM
24	Thank you so much for this opportunity but i think that not all the members of our community will be able to express their opinion because of the lack of a computer. The City should use the Utilities bill to mail out this survey and to make sure that all opinions are considered. My specific request is that many students that graduated from our High Schools were hoping to have a summer job in order to help them with the purchase of college books. I think that an stipend should be given to those looking towards higher education, as a support for college materials. Muchas Gracias !	7/29/2020 2:34 PM
25	1. Develop additional grant programs for small businesses, but expand eligibility for those with greater than 5 employees. 2. Procure additional PPE for distribution to local businesses and residents. 3. Waive/reduce licensing fees for businesses for the duration of COVID-19.	7/29/2020 2:26 PM
26	These programs would be so important to the community especially to those who have suffered the most.	7/29/2020 2:25 PM
27	It should be use to Educate people on How to Eat and what tea to drink to make our Immune System Stronger. We should have a community of farmers made off Homeless , becoming self sufficient. With space to sleep and someone to teach how to plant and harvest their own food, a community kitchen and bathroom. With Mandatory Rules. Because any way, we have to continue paying for them and feed them if you are human.	7/29/2020 2:24 PM
28	All money should go to our most vulnerable communities, everything else comes second.	7/29/2020 2:23 PM
29	funding for remote working equipment.	7/29/2020 2:09 PM
30	Support to our police, healthcare workers and first responders.	7/29/2020 1:54 PM
31	I feel strongly that we need to meet the immediate needs of our most vulnerable residents who are in crisis. That includes our homeless residents who do not have a political voice. With the avalanche of evictions and foreclosures coming, we will need more affordable housing sites approved & funded - even more than we did back when homelessness was declared an emergency before the pandemic. Thanks to all of you in leadership who are helping our city navigate these extraordinary times.	7/29/2020 1:46 PM
32	Affordable housing is the most need item there just is not enough affordable housing. I think Riverside California needs invest in rental property and manage the units themselves I was a property manager I use to train property managers I know so many different things that could keep a rental home nice and up to code yet cost penny's to care for. You could offer the unit at a level pay sliding scale. To low income this has been thought of and started before but sadly property owners dont want this .or people who have had control in the past did the wrong things to get financial gains. I would help educate others about honest safe cost effective property management. I also think that disabled people are discriminated against you have first time buyer programs for houses but if you're disabled and unable to work you're unable to participate in the programs. More disabled people should be offered loans to by homes and loans to pay off debt. A low income person or family can not get reasonable accommodation to loans or credit and yet they are more likely to be in need of the loan. They have medical expenses they need cars to get to doctors or other needs Me myself dont like alot of nonprofit organizations they get big Grant's then only do very smal things or give out food but the food and mostly everything is donated to them I have watched places take first pic of everything hand out scrap to the people food and clothing. also I've always had to survive on food banks something that upset me the minute that the government was shut down and the food banks. That these	7/29/2020 1:40 PM

people from the government we're going to be going there I noticed all the sudden we had nice fruits nice vegetables the best food I've ever seen at a food bank let me tell you the 15-20 years that I've been going to food banks in Riverside I have never seen food that good and to be honest with you the last few years before that happened I noticed the quality of the food was going to crap there was just a few places you have to go around to three or four different places just to get a couple things that were actually good lot of times with rotten vegetables and they give you the rotten vegetables like they're giving you something doing you a favor and you got to go home and throw them away a lot of times I just leave because who wants to take home a lot of rotten vegetables rotting outdated food or they'll give you 10 bags of rice and a can of tomato sauce okay so yeah I only need one bag of rice and that's all you got then that's all you got but then you'll see him give other people different things which I don't like that I don't think it's very nice to people I've seen them do that to people treat people differently and it's not good is non-profit seriously they advertised like they're doing what a lot like I noticed they all say homeless support okay so they're actually like they're actually helping homeless you go when you asked them and they refer you back to the city number okay why are they getting money for homeless support if all they're doing is sending you right back to the city to the crisis homeless Center thing through a phone number that's it they don't deserve money for homeless things unless they're helping people putting them in home

33	Funding should be solely for Businesses who were forced to shut down. The stores that remained open should not get a dime (Target, Walmart.....etc.) and those who lost their income due to the shutdowns	7/29/2020 1:36 PM
34	Public education about the importance of listening to and following the scientifically sound public health recommendations. Too many people are listening to misinformation & conspiracy theories, thus continuing the spread.	7/29/2020 1:33 PM
35	Stay focused on COVID-19 and the immediate emergency.	7/29/2020 1:30 PM
36	provide Temperature monitors & sanitation station at the entrance of all building (esp public facilities).	7/29/2020 1:29 PM
37	Issue a credit to reduce public utilities and property tax for home owners and residence.	7/29/2020 1:29 PM
38	Essential workers need protection. More efficient testing and tracing needs to be done.	7/29/2020 1:26 PM
39	It should be distributed to those who qualify for unemployment/Covid-19 relief who have not received any help from the states Edd...	7/29/2020 1:21 PM
40	Help our businesses. By doing so you then help regenerate the economy & replenish jobs that were lost. We wouldn't have to have as many people on welfare & unemployment.	7/29/2020 1:17 PM
41	Small businesses were impacted greatly. Let's help small business without red tape and get our people back to work!	7/29/2020 1:15 PM
42	Put some funds (20%) aside for communication accessibility - interpreting for all urgency, emergency and medical responses/situations.	7/29/2020 1:11 PM
43	My main concern is not losing our house and keeping my children safe.	7/29/2020 1:09 PM
44	being a senior citizen I'm concerned about those senior in our community with no one to help them. working with my friends at Janet Goeske senior center I,ve known some who were in this position.	7/29/2020 12:58 PM
45	I'd like to see programs that actually help make Riverside residents lives better. I think this is a good start on creating a list of priorities for residents.	7/29/2020 12:58 PM
46	Increase public safety by supporting our law enforcement to have enough police officers	7/29/2020 12:58 PM
47	Assist small and some larger businesses with more employees to re-open and bring back their staff at the same pay prior to Covid-19. If a business received Federal loan funds they must pay their staff.	7/29/2020 12:49 PM
48	There needs to be a decrease in funding to the Riverside Police Department, increased funding is perpetually for purposes of militarizing the police, if the police are here to protect the people of this city why are they armed and corraling peaceful protestors who are fighting for BASIC human rights and equality which I should mention is long overdue. Some of these officers are only officers because they are fascinated with the usage of guns and the so called "authority" they have in their position. Instead of funding the police department of the city which I may add already receives millions in funding; funding should be dispersed to clinics and other medical and health resources in especially underdeveloped areas of lower SES in Riverside, also programs that provide food and home security for all. It should also be noted that Riverside needs to fund plans and programs to diminish the heavy air pollution in our city, we need to stop burning fossil fuels and look into eco friendly methods to improve the health and quality of air and life in Riverside.	7/29/2020 12:41 PM
49	Please ensure that the publics needs are taken care in a substantial way that does not include more money law enforcement. They already have bloated budgets. It is of vital importance that people have assistance with rental housing so they don't get evicted and go homeless.	7/29/2020 12:41 PM
50	I would like to see some funds go towards school success packs for students while they are participating in distance learning at home. These packs could include paper, crayons, scissors, glue, manipulatives, white boards, etc. Materials they would need to learn at home. They Could be handed out when students pick up free and reduced lunches.	7/29/2020 12:30 PM
51	It's difficult to prioritize areas of concern for there are so many areas that are affected. We	7/29/2020 12:25 PM

	need to support the most vulnerable areas in our community who oftentimes don't have a voice in policy.	
52	Prioridad A las cosas negocios, vivienda, comida doctor	7/29/2020 12:23 PM
53	Have outreach centers like public libraries or government offices that are turned into education and outreach centers to learn where people can get assistance, and have those people there who are ready to walk through any processes they need such as getting a laptop or internet for students or housing assistance.	7/29/2020 12:03 PM
54	Anything but city pensions.	7/29/2020 12:00 PM
55	All funding should be use to assist every family with housing, food, education, safety, jobs, developments throughout the county. This money is the tax payer money and should be use to provide for the needs of the people.	7/29/2020 11:13 AM
56	In my opinion I feel as if the citizens within the county of Riverside CA need to understand how important the pandemic has become, and learn, use, and adapt to ways that will keep everyone safe.	7/29/2020 11:10 AM
57	The money should be used to help with the remote learning. If parents are working who can help the kids going to school at home. Who watches the kids while parents are working? The children are our future so the money needs to be used for helping the families and children.	7/29/2020 10:30 AM
58	Prioritization should be given to good insecurities and issues of homelessness. Everything is important but these items are critical.	7/29/2020 10:27 AM
59	Funds should be invested into programs that help struggling groups in our community and our children. NOT more funds for the police department.	7/29/2020 10:21 AM
60	Provide assistance to the Small businesses in Riverside so they won't permanently shut down. We can reinvest in Riverside.	7/29/2020 10:12 AM
61	Please invest in affordable housing assistance, rental assistance to ensure that all Riverside residents can remain housed, have access to basic necessities and not feel burdened to put their lives in danger and therefore the entire public health of our communities at risk by needing to work in unsafe environments through the pandemic.	7/29/2020 10:12 AM
62	There should be free testing for all AT ALL TIMES. And more locations to be tested at. There should be more resources for those who are homeless because riverside has a huge problem with the amount of homeless people there are. These individuals who have access to resources and housing.	7/29/2020 9:52 AM
63	Support our local small businesses, local law enforcement, first responders, medical personal, as well as Riverside residents and schools. Stop putting money into politicians pockets.	7/29/2020 9:48 AM
64	The homeless population is so small in relation to the population of the city, (.0124% of population) and they have received tens of millions of dollars already including state and federal funding for masks, gloves, and other PPE. This was a problem before covid and not a problem caused by covid. The same is true of affordable housing. Things like k-12 education, small businesses (including non-profits), food assistance, and childcare are all covid impacted. Let's be smart and help those most impacted, which is the intent of the cares act, and not spend this on problems that were around before the current crisis. Resources for seniors that are separated from society due to age, vulnerability to the virus, lack of transportation and socialization need to be looked at as well.	7/29/2020 9:44 AM
65	Increase testing sites, faster return on results, fines for no mask during increased spread	7/29/2020 9:42 AM
66	The main concern is ensuring that kids k-12 have access to the tools they need to receive a proper education during this time. Because of the social affects of being quarantined, it is quintessential that mental health be a priority in the city especially for k-12 students & young adults who have just graduated high school & college. Small business are struggling right now, and they have employees & families counting on them. Riverside needs to take care of its own in such difficult times.	7/29/2020 9:41 AM
67	Help schools get back to in person teaching. More teachers for smaller class sizes.	7/29/2020 9:38 AM
68	I believe it is important for Riverside to continue efforts towards creating affordable housing for our homeless neighbors	7/29/2020 9:38 AM
69	I really worry about children in unsafe homes. Whether its from lack of access to food, physical or mental abuse. Without physical schools being open for these children - we need eyes on them and a place for them to go. Seperately - Our Canyon Crest community had a great bike park built by local residents that was torn down by the city for liability risks. It would be great to use some funding to help provide safe places like that for our children to go and get out of their homes. I had an abusive brother growing up with parents who didn't protect me. I needed a place to go as a child.	7/29/2020 9:04 AM
70	I attend a Christian church in Riverside. I encourage the city leadership to invest in the long-term well-being of the city's vulnerable population, particularly through affordable housing initiatives.	7/29/2020 8:58 AM
71	This mess was made because the government shut down for a virus that is as deadly as the flu. Make RUSD a free school voucher district and open MORE charters. Let businesses open & give them ALL the money! I really don't want you to take any taxpayers money. Government has mismanaged funds & policies & that includes Riverside. If the money isn't used for school	7/29/2020 8:40 AM

charters or small businesses then you should have the biggest fireworks show ever to declare our independence from the mandates of the Governor!

72	Funding should be used to build business. This will create more jobs in the future. An example of this would provide assistance in off setting cost for building permits etc...	7/29/2020 8:36 AM
73	Please consider looking into fraudulent claims for help. I truly feel like I am being penalized because I continue to pay my bills while draining my precious savings. Again, I am 73 years old, disabled , and still working. My city council person NEVER has returned a phone call. My cries for help have gone unheeded. Why?? I know the city will raise utility rates to compensate for all those unpaid utilities. Again, I will suffer. I may have to move. Why won't you help me? I have lived in this city since 1974 faithfully paying every bill. Why didn't our city council temporarily suspend their incomes so they could better understand what we are suffering? You really do not care about us.	7/29/2020 8:34 AM
74	The funding should be going straight into the community via these projects listed above (Affordable Housing, Homelessness Prevention & Outreach, K-12 support, etc..) and NOT into the police department. As public servants and public officials, choose projects such as these that will help vulnerable populations and the community! Choose non-violent and non-combative solutions when helping our community recover from the COVID19.	7/29/2020 8:31 AM
75	Whatever it takes to get our local economy stabilized!! Nothing spent on "COVID-19 " supplies, retrofits, standardizing, etc.!!	7/29/2020 8:26 AM
76	Small businesses and restaurants are really being impacted in response to COVID-19 and they are part of the City's economy. Many businesses have shut down and it will be really hard to start to get back to where they have started.	7/29/2020 8:12 AM
77	Housing and health care.	7/29/2020 8:02 AM
78	Please address the homeless problem in the city of Riverside.	7/29/2020 7:53 AM
79	Many children are without computers and internet for schools and many people are going to lose their homes due to work issues.	7/29/2020 7:45 AM
80	if mask workwhy closed, if social distancing works why close?	7/29/2020 7:26 AM
81	Something should be done for students in higher learning.	7/29/2020 7:21 AM
82	I have a vehicle I have not driven in almost 5 months and I try to get more money for food so I cancelled my insurance and now the DMV sent me a letter saying I need insurance. I also need a smog check and my tags keep going up because I don't have the money to pay it. I have a vehicle that has not moved in almost 5 months but I have to pay for insurance and to get it smogged and all the late fees for the tags. The vehicle probably still will not move for another 5 months. I need to focus on my son's health and my health. I wish the DMV could come up with a way to help the people that are really in quarantine and not using all their vehicles. My husband uses he car for Walmart food trips only cause he works from home.	7/29/2020 7:20 AM
83	this survey is difficult to maneuver. Please disregard answers for question 7	7/29/2020 7:05 AM
84	Use it to fund projects that help residents, rather than pad the pension fund.	7/29/2020 7:02 AM
85	Please take care of our parks!	7/29/2020 6:39 AM
86	Provide means to social distance at public facilities and parks, ensure people wear masks in public.	7/29/2020 6:27 AM
87	I would like to see funds allocated to help with the homeless, specifically to programs directed by churches.	7/29/2020 6:08 AM
88	Help fund the riverside shelter and reopen the San Jacinto shelter that was closed. Provide help to the increasing homeless population. Assistance with mental health, drug addictions, employment and housing.	7/29/2020 4:50 AM
89	support local free clinics (100% free not sliding fee). The local free clinics are supporting Riverside residents	7/29/2020 4:19 AM
90	Pay businesses to stay closed! If businesses aren't forced to choose between violating health orders or shutting down forever, they'll be able to securely prioritize public health and slow the spread of this virus. People can't congregate of the businesses aren't open.	7/29/2020 1:56 AM
91	This funding should go to underfunded areas in the city and should go to the most vulnerable population of people like homeless people and the black and brown communities of riverside that are affected disproportionately	7/29/2020 1:48 AM
92	TAKE CARE OF YOUR RESIDENTS	7/29/2020 1:23 AM
93	Cleaning the entire general public areas in Riverside	7/29/2020 12:53 AM
94	It's ridiculous that so many of us have lost jobs and are still required to pay for rent in full or potentially lose our homes, when it isn't our fault to begin with that we have lost our jobs. There should definitely be some kind of rental assistance program implemented. Riverside already has many homeless, and to especially increase the number of homeless during a global pandemic, it would make the whole situation worse. I also think there should continue to be food assistance because for many of us, we still have to choose between paying our rent or having enough food to eat, especially because not everyone qualifies for unemployment or was able to receive the check from the first CARES act. Because of the reasons mentioned above,	7/29/2020 12:19 AM

I think that there should also be assistance for children who have now switched to remote learning and may not be able to afford a new laptop or whatever else they need, so there should be assistance for that as well.

95	Please consider what assistance is already being provided by other agencies/government, such as the County and the State.	7/29/2020 12:14 AM
96	basic needs such as housing for all residence is the first priority.	7/29/2020 12:10 AM
97	Please help the most vulnerable and those with low income. Prioritize them. A lot of people need help playing rent. With schools moving to distance learning, please make sure all students have devices necessary, WiFi, breakfast and lunch meals, and other tools. Have a plan for homelessness. it's been extremely hot for them these days and finding an air conditioned space to sit is hard to find with dining areas closed. No additional thoughts come to mind. Thank you for providing this survey.	7/28/2020 11:50 PM
98	Faster return of Covid 19 tests results.	7/28/2020 11:41 PM
99	Schools need to be provided with enough teachers to decrease class sizes to maintain a safe distance and manageability in the classroom.	7/28/2020 11:32 PM
100	Maybe provide money to parents that are staying home to help homeschool their kids and can't go to work!!!	7/28/2020 11:05 PM
101	The money should be spent on Covid related issues - not to solve the city's pre-existing problems	7/28/2020 11:03 PM
102	I want to make sure vulnerable populations and citizens are taken care of. People are more important than businesses.	7/28/2020 10:57 PM
103	Same as above the schools need funds for students to have Chromebooks and internet to adequately do school.	7/28/2020 10:42 PM
104	Small business That had received the PPP help up to \$10,000.should not be disqualified for the grant help as the PPP is a loan that have to be paid back In most of the cases and for kiping the business running is not enough.	7/28/2020 10:37 PM
105	Enforcing social Distancing and mask regulations and increasing testing/contact tracing.	7/28/2020 10:35 PM
106	The rules to receive grants say you can't receive PPP but it takes months to hear anything from them.	7/28/2020 10:33 PM
107	Help with electric, water, or trash bills. Help out the working class more. The people who make just a little too much to recieve financial assitance usually need the assistance the most. Make covid test results quicker than 7-10 days as people may need to get back to work. Have more things focused for kids and teens. Have community park clean up incentives. I could keep going, but I think I will stop here. Thank you!	7/28/2020 10:07 PM
108	All businesses should only allow mask wearers to enter	7/28/2020 10:07 PM
109	I believe it is important that we ensure that those who were already struggling before covid, survive.	7/28/2020 9:58 PM
110	How about protecting the businesses! OPEN RIVERSide up!!! Stop terrorists from dictating policy. For once do the job the constituents need you to do.	7/28/2020 9:58 PM
111	Funding should be used to help the most vulnerable (I.e. homeless, low-income)	7/28/2020 9:55 PM
112	Support our city's businesses to get the economy back up to the incredible place it was in before this. Provide support for families with children to help alleviate potential child abuse.	7/28/2020 9:53 PM
113	Ayudar alas personas que en realidad lo necesitan, hay gente que sigue trabajando no han sido afectados y estaba recibiendo ayudas que otros la necesitan y han sido negadas no es justo que gente que no sufrió estragos por la pandemia este recibiendo ayudas eso es para gente necesitada	7/28/2020 9:48 PM
114	Support resident citizens first!	7/28/2020 9:16 PM
115	Implement Maslow's Hierarchy	7/28/2020 8:37 PM
116	Provide funding to low income populationa	7/28/2020 8:09 PM
117	Support sunshine haven wildlife rehabilitation center at the louie rubidouix nature . center public health starts with animals.	7/28/2020 8:09 PM
118	It was very difficult to choose top priority. All of these issues we have deserve to be first.	7/28/2020 8:06 PM
119	Very concerned about our small business' in Riverside. Do NOT want them to have to close down. Kids need to keep learning so need internet access to do so.	7/28/2020 8:06 PM
120	Please do not spend this money on police!	7/28/2020 7:40 PM
121	Law enforcement needs to assist business with enforcing face covering ordinances	7/28/2020 7:37 PM
122	They should focus on low income families and people who do not have health insurance to ensure that these people can have assistance during this time of crisis!	7/28/2020 7:21 PM
123	Open up and help people go back to work!! Let kids go to school with some restrictions.	7/28/2020 6:48 PM

124	Help should be granted to those most in need first. If we don't give healthcare workers enough PPE they are at risk and they are at the frontlines. Take care of them first so they can care for others.	7/28/2020 6:43 PM
125	I believe that no one should fear being evicted, not having enough to eat, or not having enough for bills because of COVID-19. A re-evaluation for resources for the homeless are needed in regard for exposure and prevention of getting covid during the pandemic. And as a college student who lost their job, there needs to be assistance for housing. DEFUND RIVERSIDE PD AND UCPD.	7/28/2020 6:21 PM
126	I think during this time it is crucial to provide a check to all homeowners who pay property tax year in and year out that have maintained funds for parks libraries and schools. I think this type of help back is often overseen especially during these times. We also need help and this would be fair to look after homeowners who are facing hard times not just renters. Homeowners got left out.	7/28/2020 6:10 PM
127	Homelessness and crime has gotten so bad in Riverside that after living here 45 years I am considering moving me and my business out of the area. Since watching San Bernardino deteriorate over the years, I am seeing the same thing happen in Riverside. I hope you find a way to improve this because it just keeps getting worst year after year. So any funds to improve these areas would be well spent.	7/28/2020 5:56 PM
128	Pay single parents 400-600 a week to stay home and homeschool their kids. That way kids won't get sick or stay unsupervised.	7/28/2020 5:56 PM
129	Do free antibody test	7/28/2020 5:48 PM
130	Healthcare Health insurance co pay	7/28/2020 5:22 PM
131	I feel the funding everyone needs for their own reasons in every way someone is effected	7/28/2020 5:09 PM
132	For the people	7/28/2020 5:07 PM
133	Please continue to provide free lunches for kids up to 18, I live nearby 2 places that provide those free summer lunches and every time I go by during their serving times those are really long lines. Also, if there were more food drives, kind of like the one done at the Galleria, but maybe aim for other needed areas like Casa Blanca, East riverside, etc. Finally, thanks for allowing us to have an input.	7/28/2020 5:02 PM
134	I would like to see to our city enforce vagrancy laws and bring back mounted horse patrols to fairmont park ,stricter joint agency policing in and around the Santa Anna riverso many abandoned stolen vehicles,controlled substance abuse and in close proximity to playgrounds , family homes . Please take back the first ward from transient drug addicts that prey on our communities hardworking citizens.	7/28/2020 5:01 PM
135	stop the ridiculous waste of large buses running everywhere with no one in them. No jobs or school to go to. Switch to small vans instead --- common sense!!!	7/28/2020 4:55 PM
136	DEFUND THE POLICE ALLOCATE RESOURCES FOR THE PEOPLE NOT PIGS	7/28/2020 4:42 PM
137	I think we need to keep the communal living homes safe. Senior livings, rehabilitation centers, drug treatment programs, sober livings, transitional housing. It seems that covid is running rampit in these areas and we need to try to stop the spread of covid.	7/28/2020 4:41 PM
138	Anyone working on the front lines should have childcare and protection for themselves.	7/28/2020 4:40 PM
139	no comment	7/28/2020 4:28 PM
140	There needs to be low cost programs to help those most vulnerable to illness to improve their lifestyle by losing weight, quitting smoking, managing diabetes without medications, and reducing hypertension. If concerted efforts were directed towards these issues we would have a healthier population to begin with that would be better protected against many diseases, not just Covid 19.	7/28/2020 4:24 PM
141	As long as the funds are used honestly, transparently and can be accounted for, I'm sure the greatest areas of need will be correctly identified.	7/28/2020 4:18 PM
142	Create incentives for new businesses in Riverside particularly in low income areas such as Eastside and Casa Blanca	7/28/2020 4:18 PM
143	Please take care of your essential workers and ensure they are compensated fairly during these unprecedented times. A leave bank is nice, but monetary compensation during times of financial burden is much more beneficial. Additionally, please consider utilizing funding towards programs and processes to ensure the preparedness for any other future public emergencies/pandemics. Take care of all sworn and non-sworn personnel. Even the lowest of the low ranking workers. Without them and their commitment during this time, the City would not be in good shape. Thank you.	7/28/2020 4:16 PM
144	Please use the funds for the tax paying community first.	7/28/2020 4:01 PM
145	I would not want money to be given to people with no strings attached, rather money goes to programs that help people turn things around	7/28/2020 4:00 PM
146	Please do not forget non-profits. Although the need may not seem as immediate, the extensive reach of no-profits exponentially expands the benefits.	7/28/2020 3:44 PM
147	(2) I truly believe, as an essential worker, that the amount of fast food places that are open	7/28/2020 3:41 PM

	need to be narrowed down. I understand social distancing, masks, hand washing etc. Is enforced but it has happened way to often where I witness restaurants not doing enough through no fault of their own because essential workers are putting their wellness at risk simply by just being there. I do believe that funding should partially go to business to temporarily shut down or even better, for essential workers to get a higher pay. Even temporarily. Not all essential workers are getting hazardous pay, including myself. (1) If not that, I do believe the funding should go to enforcing curbside pickup everywhere (with every single employee getting a paid test for COVID—19 to be able to work) to lower the contact between healthy & unhealthy people. We have a high number in cases and it is atrocious. I understand these are hard to enforce but in all hope, it might lower our cases & might help us beat COVID-19 if everyone was mandated to stay at home, curbside pick-up, tested employees, etc. Thank you.	
148	All efforts should be directed to help businesses stay open and keep their employees. Getting this economy back is job one. Do that and the rest will take care of itself.	7/28/2020 3:39 PM
149	Need to help small business to keep Riverside going. Make it easier for real businesses with storefronts to get assistance	7/28/2020 3:21 PM
150	Open are city and schools now	7/28/2020 3:10 PM
151	Testing sites should be open 24/7 no appointment until we this virus under controlled and free masks, sanitisers for the public, county bought a lot of masks for free to county people, and the public should have good masks not just first responders, it will help the spread of the virus	7/28/2020 3:09 PM
152	Please support small businesses and our local schools. Small businesses are a staple thrive in our economy. Without it, there is no middle man and no middle class that's worked so hard to be there. Furthermore, the children of our coming future need more help than ever in these interesting times as they will eventually grow up and be our local government someday. Thus, education is key in understanding of this world. Push to get the schools back up and running. Thank you.	7/28/2020 2:54 PM
153	The funding should be used to help relieve people's most pressing needs starting with food and housing.	7/28/2020 2:53 PM
154	Enough is enough. Quit allow small business to suffer. Small business cannot pay for everything. These people make our country better. We need small business.	7/28/2020 2:51 PM
155	Help small business stay in business	7/28/2020 2:42 PM
156	Invest primarily in homeless populations and housing, since people will be facing evictions and housing insecurity at unprecedented scales come august.	7/28/2020 2:37 PM
157	So many of the above problems would take care of themselves if people had their businesses up and operating at full capacity. We cannot underestimate the impact that lost and closed businesses has had on individuals, families, and the community.	7/28/2020 2:31 PM
158	We as a community needs more assistance in foods and housing payment. Alot of us are struggling to put foods on the table and paying our mortgage/rent.	7/28/2020 2:31 PM
159	I think funding should be used to vulnerable populations in riverside and also investing that money for undocumented folks in Riverside.	7/28/2020 2:29 PM
160	Hello Riverside. To whom it may Concern. Raised in Riverside and making it my home over 40 years. I would love to see a type of Gift card issued to Riversidians for purchase of local foods and essentials items with this gift card issued by said "Grant" . Clause should include to be used only in the city or county of Riverside and to be used with local Businesses and merchants. With said Gift Card, this form of payment or assistance can be recorded of buying receipts in our local city.	7/28/2020 2:29 PM
161	Providing protection for everyone in all places.	7/28/2020 2:29 PM
162	Mental health needs , support for parents trying to work and do school at home. Non profits that support these needs and other community needs. Small business support that a lot of families own or work at.	7/28/2020 1:59 PM
163	Help small businesses, help those who are laid off, help those who need healthcare, help those who need to pay rent but can't. Find ways to encourage people to wear face coverings and keep distance.	7/28/2020 1:54 PM
164	Ensure that all of your resources are accessible to different populations, I.e. deaf community.	7/28/2020 1:52 PM
165	Moratorium on property taxes and property tax forgiveness to those apartment owners forced to harbor non-paying tenants by the government. Period! And what I'm proposing isn't enough to those of us who have invested and provide housing to the Riverside City and County areas. We are being kicked in the ass for providing quality housing. Tax relief is necessary and reimbursement of our lost rents is mandatory.	7/28/2020 1:50 PM

175	I am a full-time employee I work at the hospital I do 40 hours a week my husband also works 40 hours a week He's also an an essential worker. I have two kids at home they just 14 and four and a half I sometimes worry about their mental health and their education because either I'm too tired to spend that educational time with them or I am mentally stressed out myself. I know that right now I'm unavailable to provide childcare for my youngest because of all the electricity that is being used on a daily basis and food that needs to be provided throughout the days that the kids have been home. It's really hard to teach my own children without having to worry that I'm limited on time before I have to leave to work.	7/28/2020 1:02 PM
176	Keep families and communities stable Move quickly to self-sufficiency not long term dependency Citizens here legally only and verify Those breaking laws abusing/ vandalizing property must have benefits denied /revoked Don't wait to give support until people/person ore so low and depleted that recovery is nearly impossible — keep those who are at-risk from spiraling down too far once in crisis may be too late and too costly. Please help with house payment (not just for those renting!) If someone has lost job and has less than 6 months worth of savings to stay afloat —help them —these people will likely recover and contribute back to cimmunity Many people have way over extended themselves, living beyond their means and NEEDS , they may need to readjust and downsize as they were irresponsible and over committed —don't extend support for that — they may need to move or sell some of these assets — recommend you calculate reasonable costs for items such as food, shelter, utilities transportation healthcare in our area and do not assist beyond that amount... disperse payment to be used for a specific purpose —make certain this is a time limited support and people must have a plan to become self sufficient soon... once you give \$\$ it is very difficult to take away . So give for a specific purpose (food, housing (rent and/or mortgage payment) — If qualify for food and healthcare assistance do that also transportation costs such as auto payment and insurance, gas. money support to LEGAL RESIDENTS ONLY I see many getting extra money assistance and spending on non-essentials and junk —and choosing not to go back to work — under the guise they are scared but that is not the real reason this unemployment package was excessive encouraging many to lounge , several working under the table and collecting on top of that doing quite well .	7/28/2020 12:56 PM
177	The homeless issue is still present & seems to have gotten worse. I have a homeless outreach type ministry & we create Welcome Baskets for newly housed homeless (Feed My Flock Ministries.) I also volunteered at the Access Center & the TBRA program/rental assistance was such a HUGE help for many who get some money but not enough for rent. Rental assistance as well as actual AFFORDABLE or FREE transitional housing should be at the top. And of course, accountability of where that money is actually going!! Thank you.	7/28/2020 12:37 PM

179	Kids need safe activities for the Summer. Cannot keep them cooped up inside: not healthy for anybody.	7/28/2020 12:28 PM
180	The money should go to families that need help with distance learning and EVERYONE who need mental and health assistance. Please keep us moving forward by helping us learn to educate our children from home. We need skills, equipment, support for education. We need to keep every one coping with this new world of distance by supporting their health needs. Keep people in their homes and feed them if we are going to stay locked down. If they don't have a home get them in one. Bring down the rental cost and deposits and securitys to make living in these unpresidented time affordable. Give us what we need to stay safe if we do need to go out with a way to get there.	7/28/2020 12:23 PM
181	COVID is causing businesses and families to struggle in so many unexpected ways, leading to a whole host of problems. I'd like to see the money spent to help and support struggling businesses and families maintain exactly what they need to weather this storm so, when this finally passes, they are still on their feet and ready to move forward quickly without too many burdens caused by the pandemic. Please spend this money wisely. Thank you!	7/28/2020 12:21 PM
182	The landlord need to support for their responsibility of tenants to pay utility , trash , maintenance and their mortgage and their money for their life . You can't just support tenant and let them alone with their problems . If you can support tenant to pay rent , our equnomay is going more stable and our life can come faster to normal way that it was . I need your support as landlord and help to pay my bills and walk through my life too.	7/28/2020 12:20 PM

185	The food assistance and housing rental assistance needs to be monitored in such a way that it	7/28/2020 11:49 AM

	goes to truly needy ones and not just ones who are looking for a hand-out or know how to "work the system".	
186	Businesses pay the taxes and we need businesses to be healthy in order to sustain our economy. That will help all areas. We need jobs.	7/28/2020 11:28 AM
187	With jobs and homes being lost, feeding the family and keeping a roof over their heads becomes priority. Let's not forget that educating our children must continue and help is needed. Distant learning is impossible for some families who do not have internet access or computers.	7/28/2020 11:15 AM
188	Riverside needs to assess how this pandemic has affected its small businesses, their employees and their ability to come back after this is all over. Also many families are struggling with childcare issues because schools are not allowing in-classroom learning. How can these parent go back to work? Non-profits is too broad of a term to address because non-profits exist for a myriad of different reasons and many of their issues are being addressed through other funding sources and grants. As a resident, I do not want to see this money used for existing pet projects and special interests like funding the mayor's future employment in his capacity working for a homeless non-profit. It should be used to fund problems created by the pandemic and the shutdown of so many businesses and activities. Yes, the homeless issue is huge but it is being addressed by other funding sources prior to the pandemic. Keep it that way. Our recreation, senior services, nature and outdoor opportunities and other services that are good for our mental and physical health have ceased to exist and we must be able to bring them back when this is all over. For instance, my job with the County has now ceased to exist because it relied on revenue brought in from schoolchildren visiting a nature center during fieldtrips. With no foreseeable revenue coming in until this is over these types of activities are often among the first to be cut but make a big difference in our quality of life and as I stated, our mental and physical and environmental health. We are counting on you to be completely transparent with how this money is spent.	7/28/2020 11:11 AM

194	Please help save small businesses	7/28/2020 10:47 AM
195	Focus on programs that 1) meet the requirements of the CARES act funding and 2) that can be expended in the correct timelines. Programs that support the community in need - this is all of the community, not just homeless. While I think it is important, there should be balance. Additionally, there was no mention on the use of funds to develop response for our City level needs to keep City services going - (need for laptops, VPN, and other equipment and systems necessary to realize a telecommuting future), as well as safety equipment for front line personnel, safety equipment for customers, etc.. It is important that the City continue to operate effectively and be prepared to respond to emergencies in a COVID19 world. Improving cooling centers, emergency response, utility response, etc. also serve the community. Finally, there are still holes in assistance from small and medium businesses. Any help there is good.	7/28/2020 10:46 AM

198	The Riverside City College was supposed to disperse CARES Act money on July 8th or 9th. They did not do so, and have not said a word to any students at all. There was still millions left in the fund and there was supposed to be a 3rd round of aid in August. I do not trust the RCCD to actually utilize that money to help students financial difficulties as they are supposed to especially with no information on why the 2nd CARES Act disbursement never went through and applications for the 3rd have yet to be opened.	7/28/2020 10:37 AM

205	The funds should be used to provide services to the most vulnerable of our City, including	7/28/2020 10:08 AM

	seniors. I didn't see that as a specific category. Additionally, I support park spaces being adapted to be used during the pandemic, especially if (when) we are totally shut down again.	
206	I can't answer this question, because I do not have the knowledge or information to accurately process it all. But small businesses need help. Anything that was offered all came with a price.... We where told one thing, yet another was presented... I don't want a "loan" with interest that has to be paid. I want to WORK!	7/28/2020 10:03 AM

208	Support low income families who are struggling with no jobs	7/28/2020 9:59 AM
209	Firstly I think the residents that are trying their hardest and are struggling due to the pandemic (not the ones taking advantage of the system) should be helped first. Secondly, our businesses need to stay open so that the city's economy can continue to thrive.	7/28/2020 9:56 AM
210	The schools should be physically open and all students should be physically attending school. Science shows that kids do rarely get COVID-19. Teachers should be able to protect themselves from COVID-19 by wearing masks and other protection. There should be no excuse for not opening the schools K-12 this coming year. Therefore, there should be no need for the question about K-12 Distance Learning Support. By not opening schools (or making them virtual), there is also an additional problem. Kids need to socialize with each other. This is important for the mental health as well as the proper learning for children. We are doing a disservice to our kids when we do not allow them to socialize with each other. By not physically opening schools, it puts a burden on people that want to get back to work. Schools provide a daycare for kids. Keeping the schools closed (or virtual) forces parents that want to work to stay at home. I would say that if you want a place to spend this \$28 million, then spend it on getting our schools open for all students to attend full time (not virtual)!	7/28/2020 9:39 AM
211	At this point in time I believe the mental well being of vulnerable populations and children affected by the pandemic should be taken into account when supporting the population. Offering free assistance should be considered to help our vulnerable populations heal!	7/28/2020 9:33 AM
212	Ensure students can continue their education in some form and that small businesses get help to stay in business.	7/28/2020 9:29 AM

221	We have been closed since Jul 13 when will we open we need better clarification of this all our PPP money is used up with no income coming in and our 4 employees are out on unemployment. We should be considered a essential salon because we do medical adhesives on clients and it needs to come off in 2 to 3 weeks we have private rooms and follow all the guidelines I have followed all the rules and there are other states like my partners are in which are allowed to be considered essential salon. We do hair replacement I have contacted the city, county, and state with no results. I am very frustrated	7/28/2020 8:45 AM
222	To support small business and Housing and Rental assistance.	7/28/2020 8:36 AM
223	our mental health and homeless rate is insane. Mental health treatment is too hard to get and way to expensive. Which does not help the homeless situation. Small businesses are the backbone of the community and they are failing because of these closure mandates which does not make sense. As for schools they need to open. That is where the money should go. Making it safe for the kids and staff. Distance learning should not get money because we should not make that a permanent thing and waste money on that. Housing is a definite importance. Everyone is struggling to pay rent. not only because of Covid but because the rent is so high. Which is turn makes the homelessness worse.	7/28/2020 8:33 AM

232	Pleas don't allocate these funds to the police. The most vulnerable populations are who need it the most.	7/28/2020 8:12 AM
233	I believe funding should be used for childcare, so people can get to work. Housing so people have shelter and food assistance as the top 3 areas to use monies.	7/28/2020 8:08 AM
234	Programs for childcare so people can go back to work. Programs to take care of the elderly so that they are safe and have transportation and some one checking on them.	7/28/2020 8:07 AM
235	The funding should be used to make the most impact in helping for the least cost. We should always ask what would be the greatest benefit for the majority of people. Not spending the money on special interest or a small amount of the population.	7/28/2020 8:04 AM

239	Please ensure our public safety is fully supported. Also, that there is homeless assistance for those who have been displaced because of covid. Don't use the money for long term homeless issues as they should be handled with a different funding source than this.	7/28/2020 7:43 AM
240	To support back pay for utilities for those being affected by COVID pandemic, to support basic needs housing, food and healthcare needs such as prevention PPE.	7/28/2020 7:35 AM
241	Funds should be dispersed to the small business to keep people employed, to childcare so people can work, and to our children who will be learning virtually. we already have a homeless outreach program, food assistance, and affordable housing. No need to poor money into those areas.	7/28/2020 7:28 AM
242	I believe housing assistance such as not paying rent is hurting our home owners that rely on that income.	7/28/2020 7:27 AM
243	We have already helped the people who needed help before covid-19 they are still getting their help and assistance. Let's help people who didn't need help before covid -19 and get them back on their feet so we can return to helping others.	7/28/2020 7:24 AM
244	The homeless should be removed from the streets because of hygiene and health issues. Their absence on the streets will create a better environment for small business and visitors. Riverside is being sold as a destination local. Lets make it a healthy and attractive place to entertain visitors.	7/28/2020 7:23 AM

256	Help with mortgage/rent, First responders, school funding.	7/28/2020 6:41 AM

257	1) Question 6, "vulnerable populations" means who? If this means illegals, then I'm absolutely against any grant money going in that direction. 2) As to schools, I ranked that one low on the chart because both science and experts say the schools should be opened. I am not for distanced learning. Working parents need help with transportation. If you force schools to remain closed, then the money saved for each child should go to parents who opt for private or religious schools, where they'll get a better education anyway. 3)Not a penny of COVID money should go to to homeless, as the city has had its chance for years to solve the problem and has DONE NOTHING in that regard.	7/28/2020 6:27 AM
258	I'm having a hard time paying my electric bills.	7/28/2020 6:27 AM

268	You should push to open the state back up and not need to take more federal aid we don't want to be on welfare we want to work! And let the kids go to school!	7/28/2020 4:39 AM
269	Need to get people back to work, will alleviate majority of other non-medical COVID related problems and prevent new ones.	7/28/2020 4:04 AM
270	Get businesses open and people back to their jobs!	7/28/2020 3:48 AM
271	Give everyone a credit on their utility bill	7/28/2020 3:43 AM
272	Basic needs 1. PPE - keep vulnerable and frontline safe to keep basics operational. Then help secure basic needs for citizens - housing, utilities, food. Unless you want larger homeless, people leaving city. Remember 65+ have difficult time getting to where help is so look at senior apartments, assisted living etc. Myth that all seniors have families to help. Most don't or grown family can't afford to. If a person's basic needs are met or at least secured they can ride out the storm and stay loyal to the city. Business is important and the same should apply. Businesses that help your citizens keep basic needs. Other places like bars, etc will always return afterwards. Housing may not then you have a big vacant rundown city afterwards if this thing goes on. Little cutesy renaissance shops will always pop back up but aren't essential for the greater good until your base is secure.	7/28/2020 3:07 AM
273	Delivery of food / services to homebound seniors or people with disabilities.	7/28/2020 2:58 AM
274	Child welfare, hygiene and sanitation, internet + tech access, health services	7/28/2020 2:28 AM
275	Our first priority should be people. Not property. Property can be replaced lives can not.	7/28/2020 2:15 AM
276	MAKING SURE OUR SCHOOLS ARE OPEN ASAP. Help schools to be safe for reopening.	7/28/2020 2:00 AM
277	I Think that "business" you be separated into small business, and corporations. The currently used state definition of what a "Small Business" is is factually false, and needs reform.	7/28/2020 1:34 AM
278	As long as the population has a secure roof and child care the economy will survive this will prevent also to increase the homeless population	7/28/2020 12:50 AM
279	Universal basic income will keep people from infecting each other in the work place. We can take a pause for a while.	7/28/2020 12:41 AM
280	cover the huge debt we have looming over our taxpayer heads for pensions	7/28/2020 12:34 AM
281	I feel as long as you help our residents get back on their feet as well as the kids with schooling you can't go wrong. But please make sure you help and invest in the kids of our community.	7/28/2020 12:10 AM
282	*Emphasis on mental health for young people. Depression and suicides (attempts) have markedly increased. Isolation increases vulnerability to abuse and neglect for all children. *Lack of childcare increases latchkey children of many ages home alone, unsafe and no support for schooling. *Small businesses can be as safe or safer than a Target or Walmart. Let's figure it out! * Many elderly are going without, food, cooling measures, company.	7/28/2020 12:04 AM

283	Absolutely DO NOT use any of the funds for further policing or the police department. Our people need help and support during these difficult times, they do not need the police harassing them or creating fear and violence in our communities.	7/28/2020 12:03 AM
284	Help people with rent/ mortgage assistance, help small business who are unable to operate during this time. Provide food assistance to those in need.	7/27/2020 11:59 PM
285	Rent assistance.	7/27/2020 11:56 PM
286	The funds should be primarily aimed towards getting funds into the hands of residents not to businesses, agencies and other entities. The bulk of aid should go to the people who need it ASAP. There has already been enough political wrangling. Assist people, stop bailing out businesses. It's government for the people, not government for the businesses so we can keep them afloat to retool and automate so they can lay off and replace the people. Help people.	7/27/2020 11:38 PM
287	To create mental/physical health programs that take preventive action. But you can also Defund the police department and reallocate funds into the top ranked items.	7/27/2020 11:30 PM
288	Please support the police department.	7/27/2020 11:20 PM
289	There should be more followup and instructions for testing, we got tested and no one followup or trackers my brother did we did not it should be consistent	7/27/2020 11:19 PM
290	Nothing	7/27/2020 11:16 PM
291	Please find schools and community resources that benefit the community. We do not need to give additional funds to the police department. We should cut their funding and distribute that source of budget to programs that are vital to the community.	7/27/2020 11:15 PM
292	My child is deeply affected not just by Covid but all the other horrific things going on. I need help understanding how I can do better protecting her.	7/27/2020 11:11 PM
293	The funding should be used for more support to education accessibility through the pandemic.	7/27/2020 11:11 PM
294	Findings should also be provided to immigrants since they are not able to qualify for ANY governmental assistance. In addition, to target specifically the brown and black community since both communities are being impacted the most.	7/27/2020 11:05 PM
295	Allow more businesses to use adjacent sidewalk and parking spaces/lots to provide outside safe customer services.	7/27/2020 11:03 PM
296	Health benefits of nature should be taken into account when considering potential shut downs. UV rays from the sun kill most harmful bacteria, magnesium in ocean air and water are what are used by our bodies during times of stress. A lack can cause extra tension and exhaustion. "Nature bathing" has also been found to be very mentally and even physically beneficial. Shutting down people's access to vitamins and minerals found in nature will be detrimental to general health in the long term. Rather than shutting down these spaces, we should look at adapting for safe access, and even expansion of certain types of outdoor spaces such as parks and gardens. Increasing land allotted for food production will also ease stress regarding nutrition acquisition.	7/27/2020 10:58 PM
297	Assistance for churches	7/27/2020 10:55 PM
298	Supporting local business needs to be our focus. Thousands of our residents are losing their life savings and livelihood. We need all of our retail and restaurants open. Support police in fighting the constant crime in our neighborhoods. Break ins, thefts and assaults are at a all time high. Homelessness addiction and mental health needs to be addressed, not just housing.	7/27/2020 10:49 PM
299	Do not let our small businesses go out of business get them resources and support	7/27/2020 10:45 PM
300	Increase high speed internet access and help provide computers to low-income families. Regulate internet like a utility.	7/27/2020 10:45 PM
301	It is a disgrace that we have so many homeless people living in our streets. That there's people out there with no food or a place to live. On top of that they have to access to masks, etc. Every time I've called the city to assist homeless people they respond with — they need to go here at this time, they need to fill out this form, they need to... THEY'RE HOMELESS THEY CANT DO THOSE THINGS. THEY DONT KNOW WHAT DAY/TIME IT IS. WE HAVE TO GO TO THEM. HELP THEM WHERE THEY ARE!	7/27/2020 10:44 PM
302	To hire more police officers More funding for police Road repairs More code inforcemant Change status to not a sanctuary city Make it safer	7/27/2020 10:35 PM
303	The funding should be used primarily for vulnerable populations such as folks of color who need housing/rental assistance, food security, and mental health services for free during this pandemic more than anyone else.	7/27/2020 10:30 PM
304	We need help with food for our kids and other things and with rent and face mask and things to keep our kids and self safe	7/27/2020 10:28 PM
305	The effectiveness of schools will help support the recovery of businesses and families. Plans for schools need to include internet access for all students. Schools need to follow CDC guidelines and data based on science so we are not thrown back into another wave and shut down again. Face masks and social distancing need to be supported and required in the city even when the county board of supervisors does not act for what is best for the people.	7/27/2020 10:26 PM

Riverside once strove to be the best in the county. We need to rise to that level again through our thoughtful actions based on science and data, not a sense of entitlement. Thank you for doing your job in one of our most challenging times.

307	Re open Riverside as soon as possible. Open our schools, parks, pools, and businesses now!	7/27/2020 10:21 PM
308	It's very clear that we all need to be in this together. This once in a lifetime pandemic has affected all of us. Each and everyone of us have specific needs that currently cannot be met without a concerted effort to do what can be done to minimize the detrimental effects of this virus. Any help from the CARES ACT and the City of Riverside is not only greatly appreciated but vital to our resurgence as a community of family, friends and co-workers.	7/27/2020 10:21 PM
309	Small businesses have taken the blunt of the shut downs. Small businesses are essential in every aspect of this cities economy. The city needs to do what ever it takes to get small businesses ,open and running full speed ahead. The big companies are killing small business, since for some reason they can remain open and small have to pull back operations or close all and all. Its essential for city officials to stand up for small business. Until this happens small business will die and the owners of these small businesses will loose everything they have worked for and die with their small businesses. As a small business owner i chose to live and start my business in the city of Riverside in 2001. I have never seen anything like this and feel it is time for our elected officials to step up for our small businesses and the owners that helped shape the City of Riverside's economy. The majority of any funding from the state or federal level should be mostly focused on small business.	7/27/2020 10:16 PM

313	Ranking 1-12 on question 7 is not an easy process due to the amount of choices (try to change one thing and the whole list gets miffed up and takes too much time to get it the way I would like it that I just gave up). Not really an accurate representation on how important I feel most things to be.	7/27/2020 9:58 PM
314	More important than giving people money is giving people the opportunity to make their own money. We dont want to rely on you or the government. We want the freedom to rely on ourselves. DONT SHUT US DOWN. We need our small businesses more than we need you.	7/27/2020 9:58 PM
315	Use it for schools to reopen face to face. What ever it takes	7/27/2020 9:57 PM
316	If businesses/organizations are receiving funding, at least hold them accountable with state mandates. Don't bail people out who are not helping slow the spread of COVID.	7/27/2020 9:56 PM

323	Covid-19 makes housing and housing access even more critical for all of us, and especially for residents returning home from incarceration. I believe whatever solutions come out of this funding, there should be no barriers related convictions or evictions or we will be excluding a significant portion of those in need of housing assistance.	7/27/2020 9:40 PM
324	More available testing, results within 48hrs in order to return to work.	7/27/2020 9:35 PM
325	Helping residents maintain the basics of food and shelter, as well as support households through childcare and K-12 education. We can not afford a lost generation and depleted societal fabric due to COVID-19.	7/27/2020 9:35 PM

328	Thank you for asking for our feedback. I personally would like to know that our city fully supports and agrees to continue to reinforce our police force, they're crucial to our safety. Tax breaks for business owners, a thriving economy is important. Open up recreational places like	7/27/2020 9:07 PM

our parks for people to go out and exercise before mental health becomes an even bigger issue. Frontline workers should be compensated for their commitment and bravery.

329	Help small business indeed	7/27/2020 9:06 PM
330	It's important for churches to have support to meet safely. Secondly, for people to be able to get out to be productive, to allow and enable residents to earn a living and have relationships safely. One way is to make jobs producing Covid supplies as many have undertaken already.	7/27/2020 8:56 PM
331	I think supporting families and residents directly would uplift the community. Families like ours have to choose between staying home and being safe vs working/risking our lives and there's little support out there for safe childcare. Ultimately, the funding should be used to support those who are not able to have a safe working/living environment at this time.	7/27/2020 8:47 PM

347	Maslow's hierarchy here. Take care of the basics so residents can then support business.	7/27/2020 7:54 PM
348	I anticipate this will impact us further. Small businesses are a mainstay of our community. Nonprofits help those other topics, homeless, child welfare etc. So support for them will help in a trickle-down effect. Our kids need to learn so give them the tools, but also give them opportunities for community involvement, volunteer or extra credit ppwrk projects that they can see their impact.	7/27/2020 7:51 PM
349	Open the schools. My daughter in law is a PICU RN and most of those juvenile patients are overdoses. Children are desperate and depressed. Also, teachers are on the frontlines for observation of potential child abuse. There not being reported or rescued now. Many children are falling behind in education. CDC stats indicate children do not get COVID or transmit.	7/27/2020 7:45 PM
350	Open schools	7/27/2020 7:40 PM
351	Replace indoor AC with MERV filters and UV lights.	7/27/2020 7:28 PM
352	My business has only been able to survive with the grants provided through city and government grants. I am terrified to take out any loans as if this does not improve soon I would not be able to pay them back. I do need the health supplies to keep my staff safe and to remain open.	7/27/2020 7:22 PM
353	Virtual physical and mental health programs.	7/27/2020 7:21 PM
354	In general, I believe the money should go to things that are going to help now so that we can prevent our house-less population from increasing. I don't know enough to say this for sure, but I'd imagine that it's more difficult to rehouse people than it is to help them maintain their current housing. Also, putting money into improving our online learning now will help down the line for our education system in general because it will allow students, even after the pandemic, to have more flexibility and more resources.	7/27/2020 7:19 PM
355	giving students access to internet and tools such as laptops needed for social distance learning.	7/27/2020 7:19 PM

358	I truly feel that the city opened up too soon and put their employees at risk.	7/27/2020 7:11 PM
359	I think affordable housing is very important.	7/27/2020 7:10 PM
360	We are a community and we need support each other. I believe we need to support our community and business and families in the city of Riverside the best we can. I believe families in need should receive money from the Feds and some from the city. But being closed as a business I can only imagine how much damage that has done to many as well. I am sure the city will do what is best for our community. God bless and be well!	7/27/2020 7:10 PM
361	Please set some funds aside to improve Riverside's air quality or at least make pollution legislation a top priority. Because our air is so terrible, we are at increased risk of having serious complications from COVID.	7/27/2020 7:08 PM
362	Open businesses! Gym's should be open. Mental and Physical health impacted by all closures. We can go to Target, Walmart....but not Church, gyms...makes no sense. Use any funds to allow businesses to open safely, for our mental and physical health!	7/27/2020 7:04 PM
363	I have 3 family members who got affected covid. I work in fast food I worry of contracting the virus. Is their income to support us. I lost my morning job the company shut down due to covid.	7/27/2020 7:02 PM

382	Apartment owners need financial help so we can continue to provide housing to tenants	7/27/2020 5:52 PM

383	I'm curious how much money does the city need to put in before the state issues their portion....also what are the Spending guidelines For the state funds	7/27/2020 5:47 PM
384	none	7/27/2020 5:44 PM
385	The city of Riverside should spend their money in low income families who do not have the resources to continue with distance learning.	7/27/2020 5:42 PM
386	After 43 years of business in Riverside we may have to close our doors we need help!	7/27/2020 5:41 PM
387	We've been lucky enough to not be negatively impacted financially by the pandemic. However, we know many who have, due to lack of work or health issues. I think those that were contributing members of our community should be the first to be helped, especially if they have school aged children that will be distance learning. We need to provide them with adequate resources and mental health options.	7/27/2020 5:36 PM
388	Provide more resource information accessible in different languages . Provide all RUSD students with WiFi got distance learning	7/27/2020 5:30 PM
389	The funding should be used to provide grants to families and individuals in need. I'd go as far as cutting the budget from public safety (police and sheriffs) to provide from COVID-19 funding.	7/27/2020 5:27 PM
390	Help out more small business keep their business open and employees employed.	7/27/2020 5:23 PM
391	I hope that the city will use this money to help the people of Riverside to stay safe from this killer and not use the money on some pet projects	7/27/2020 5:17 PM
392	Funding should be removed from the Riverside PD and appropriated for schools and new programs for learning from home, as well as more funding for local projects helping the roads and city workers like trash men and road workers.	7/27/2020 5:17 PM
393	Funding should be used to help aid students learning from home. Children in my home and in my neighborhood need Safe access to WiFi from home where they can continue their studies while also safe from outside contamination. This would help reduce the potential for infection to spread in the households where compromised adults may also live.	7/27/2020 5:11 PM
394	Use money to provide resources for undocumented community. Provide temporary housing for prisoners and undocumented that should be released due to the spread of COVID-19 in institutions.	7/27/2020 5:09 PM
395	Remove tents and street vending from the city that don't require permit or pay any sales tax to city. These businesses operate without paying rent or sales tax to city and take away business from small businesses in the community who are paying rent and are paying sales taxes/ business taxes to the city. Small businesses should not be crippled by smaller business undercutting their customer base and it is the cities responsibility to regulate this.	7/27/2020 5:07 PM
396	Just be transparent with the use of the allocated funds plz	7/27/2020 5:06 PM
397	Too many hungry people. Set up food banks for people in need. Small businesses need help. We are drowning in debt. If not for my husbands income, I would have no income and would lose my business. Please stop giving to businesses that don't need it. We live in a fairly wealthy area and the neighbor behind me has a business that has not suffered. He accepted a check from the state and bragged to us about it. Shameful. Also, masks should be worn at all times in public and people should be cited for not wearing one. We need to stop the spread.	7/27/2020 5:03 PM
398	Give Law Enforcement Covid personal protective equipment.	7/27/2020 5:01 PM
399	1ST RESPONDERS	7/27/2020 4:58 PM
400	I think the City needs to focus on providing relief for small businesses which took the brunt of the hit. Small businesses employ the majority of people and need to be treated accordingly. You will need them to remain open and operate to provide jobs for the future of our City. I think it would be a real shame to allow them to collapse now because they will be the ones who pull us out of this mess and they really need your help now. They are always the ones who have the most dropped on them and they never disappoint. It is about time we reward them for their devotion to our City.	7/27/2020 4:56 PM
401	With limited resources for exercise and closures, people need space to be active. Parks do not feel safe when crowds are present. Therefore, the city should fix sidewalks and improve lighting in neighborhoods. Sedgwick Avenue between Prince Albert Dr and Arroyo Dr (by Victoria Country Club) desperately needs to have a sidewalk added. Throughout the years, many Poly High school students have used this street to get to school and home. This is a safety and equity concern. Thank you for your consideration.	7/27/2020 4:52 PM
402	The concern that I have is those coming out of lock-up have no resources from the City or Probation. I have had to pay for Hotel expenses for my adopted daughter. The senior food program did not take off as it should. I NEVER have been contacted to receive meals. In fact, I lost what LITTLE food stamps I did get. The EDD has "glitches" every way you try to contact them. I believe that the public went back to work way too soon for this Covid to settle down. I am a Non-profit, I have had to lay my contractors off. Riverside needs to concentrate on assisting with housing as it's number one (1) priority.	7/27/2020 4:52 PM
403	The city of Riverside should be supporting families with school children. Stop going back and forth with re opening of schools or not. The most vulnerable populations will suffer the most. Give direct funding and support to families who will HAVE to send their children to school	7/27/2020 4:51 PM

because of lack of child care services or because they themselves are considered essential workers. Provide the city with temporary WiFi services. The city has done it before and they can do it again. Riverside used to provide WiFi services through "Smart Riverside" that was available throughout the city. That program needs to be implemented again. Rent and mortgage support should also be at the top of the list for Riverside. Riverside leadership needs to step it up and consider what is best for the city not what will appease those with the most social power.

404	Mandatory mask usage in public enforced by law enforcement	7/27/2020 4:50 PM
405	If the money is for covid effected areas, it should be used to help with small businesses, parents who are struggling dealing with distance learning to give them tools they need, and to ensure we are stocked up on PPE and that masks are actually being enforced so we won't have to see more people die. Though I would love to see the homeless population minimized it doesn't seem that will happen no matter what we do.	7/27/2020 4:48 PM
406	Help businesses build outdoor social distancing eating platforms. i.e. Parklets and Shaded tables. And create alternative recreational activities for Riverside such a drive up theatre at Fairmont Park. Buy all school-aged children laptops so they can go to school. Please offer headphones, many parents work from home and do not tolerate noise in small spaces. Offer free virtual tutoring for these children. Also, fund art gifts for children to replace the fact that they don't get a playground.	7/27/2020 4:45 PM
407	Please care for the half dead homeless people all over Riverside. It is a sin to ignore them.	7/27/2020 4:44 PM
408	Assuring residence of GOOD Quality Face Masks, and a way to purchase through the CITY, not the cheesy ones sold in Wal Mart parking lots...they are a RIP Off!!	7/27/2020 4:33 PM
409	I am not an expert on the needs of the community. I just feel that people need food and shelter first. Also, I sincerely hope there is money for small businesses left. (eg. I feel very bad for my yoga studio downtown. They honestly don't deserve to go out of business.) Hopefully, most of the money does not end up with "the 1%."	7/27/2020 4:29 PM
410	Open bathrooms at public parks for the homeless, and pay people to staff it.	7/27/2020 4:26 PM
411	Contact tracing and immunity tracking etc	7/27/2020 4:24 PM
412	Improve public restroom facilities to eliminate risk; enforce actions on businesses to create standards on restrooms and access by citizens to use as necessary.	7/27/2020 4:24 PM
413	PPE for Health Care Workers, Senior Housing villages including Independent Living facilities, Assisted Living, Nursing Homes, shelters and transitional living facilities	7/27/2020 4:22 PM
414	People don't want to be dependent on the government! Let us get back to work and start to rebuild. Handouts are not the answer.	7/27/2020 4:21 PM
415	I think funds should be used to enforce closures of businesses within the city that are disobeying closure orders.	7/27/2020 4:21 PM
416	Need to remove moratorium on evictions, need to open up businesses, need to only force the use of MASKS, penalize people that do not use masks or use them incorrectly. That is all you need to do.	7/27/2020 4:19 PM
417	Although I put COVID-19 PPE's last in survey, I think it is very important to try a different tactic to get people to PHYSICAL (not Social) Distance themselves from non-family members. Just as important, clarify the REQUIREMENT to wear face coverings! Get businesses involved by sending out examples of signage that can be put in every door & window in ALL City of Riverside businesses. The signage should be direct and clear; something like this: No Shoes[], No Shirts[], No Masks ☹️, NO ENTRANCE / NO SERVICE The City of Riverside should already have business contact's email address in the Business License database. Use it and all Social Media platforms to share the message that we are all in this together! And this should NOT be a suggestion. It needs to be a requirement!! Remind everyone that we were doing great when this was put in place at the beginning of COVID-19 (March??). We as a community need to be both Pro- Health & Safety AND Pro-business. We can find SAFE solutions to unique problems & situations in order to get ahead of this Virus and keep more people from dying!! Thank you for giving us the opportunity to give input. Best regards, Karen & Charlotte Stevenson	7/27/2020 4:17 PM
418	Do not Defund Police Departments	7/27/2020 4:14 PM
419	1) Get small businesses open. Support small business as they are the backbone of any successful and thriving community. If Target, Walmart, Albertsons, Costco, to name a few, can be open during this time, then so should all businesses that operate in similar fashion, such as Marshalls, Macy's, Home Goods, Mom & Pop thrift shop, etc. They have the same ability to protect their employees and the public. Allow them to open and remain open; in turn they provide jobs. People will work and have money to spend on rent/mortgages, food, gas, etc. Businesses provide more tax revenue. Get business open and fight back against the Governor for placing blanket orders where the numbers of cases and impact to hospitals has been "flattened", which is what we have all done. Now do your part and fight for us. 2) Get kids back into school. They are the future. Providing distance learning is not effective. Our school and education system are not set-up for this at this time and is detrimental to our kids. If airlines can fly at full capacity with passengers sitting elbow to elbow and wear face coverings, kids and teachers can be in classrooms with significantly more space and wear face coverings. Teachers could wear face shields to allow students to see them talking. Additional HEPA filtration system (aka air purifier) could be used by the teachers desk to help remove any	7/27/2020 4:11 PM

airborn particles. Students could be taught to clean their desks at the beginning and end of each class session (if they move from one classroom to another). The point is, kids need to go to school. If kids are home then so must be a parent, which prevents them from potentially working. A vicious cycle.

420	I am nervous about any money that the city might be going to get, I feel that most money is now allocated to higher ups on the ladder and never actually get to help any city benefits.	7/27/2020 4:10 PM

440	Funding for adequate housing and healthcare for families who have been infected with the virus. All families who live in Riverside should qualify for the ACA. Many families do not have a place to quarantine themselves. Help with payment of rents and mortgages for people in need. Freeze Rents! Develop partnerships with non-profits to provide food for all family members in need.	7/27/2020 3:37 PM

447	The homeless situation on Magnolia / with in riverside city is very bad they gather a lot a trash on street. They hang out around 99 cent store. Laying on sidewalk look dead no one cares and does anything. As a business owner I have applied for PPP, City of Riverside assistant and , loans through government never have gotten any help. Female / husband Hispanic owned Riverside business.We may have to close after 15+ years of business.	7/27/2020 3:21 PM
448	Opening our senior centers and use of parks and open space for gatherings . Open outside space for restaurants and businesses. close streets after 6pm for outside spaces to gather and shop.	7/27/2020 3:19 PM
449	I feel that the funding should help aid the elderly and veterans first and also for families with children with medical, food or sheltering needs.	7/27/2020 3:18 PM
450	Public ad campaigns to encourage mask wearing - make it cool/fashionable.	7/27/2020 3:15 PM
451	I think that City residents need easy access to rapid testing and results. We also need access to healthcare to support overall health practices and mitigate the impact of existing chronic health conditions, especially for vulnerable populations.	7/27/2020 3:13 PM
452	reduced utility payments for residents. purchase rapid testing equipment and provide rapid Covid testing for residents	7/27/2020 3:11 PM
453	\$2M to each public/private colleges, UCR, CBU, La Sierra & Riv. Community College for money to aid in updating facilities for student safety so they can go back on campus. Also all parks need lighting and dirt paths around their parameters (sorta like Arlington Sports Park) so people can walk safely. Maybe purchasing one of the 3 closed Kmarts and turning it into a dedicated Covid facility	7/27/2020 3:07 PM
454	Having been a field-level public servant for over two decades, I have witnessed the explosion in the homeless population. People experiencing homelessness seem to gravitate towards Riverside because Riverside has a reputation for being a homeless-friendly city. Additionally, I have first hand knowledge that law enforcement officers from surrounding agencies "send or encourage their homeless our way because we want them." Please do not take my bluntness as a lack of compassion. It seems that Riverside is taking the brunt of the responsibility for the homeless community in and beyond Riverside County. It appears that the more homeless services we provide, the more homeless people we get. This wicked problem is negatively impacting the quality of life for residents and businesses and placing an increasing strain on the city's resources (police, fire, and medical/hospitals). It does not appear that very many people who are homeless actually want assistance to escape homelessness. In other words, many people choose to be homeless. In my opinion, Riverside is heading in the wrong direction. In my opinion, the CARES money should be invested in ensuring that quality, on-line education is available/accessible for all K-12 students. Additionally, we should be assisting residents and business owners who are experiencing financial hardship.	7/27/2020 3:00 PM
455	I'm concerned that small businesses throughout the city are not going to make it through this and the energy that was being built up along the pedestrian mall in downtown will disappear.	7/27/2020 2:59 PM
456	With the public schools in distance learning, we need places children can go to recreate and get help with school. Affordable childcare and tutoring so their parents can work.	7/27/2020 2:59 PM
457	I think the money needs to be support the healthcare needs of the community, first and foremost.	7/27/2020 2:57 PM
458	Many of us supports our elderly from in house care to their daily needs , and as we know the elderly are more subjective for this virus . We need more testing for elderly , and follow up from their doctors , seems now our hospitals are running behind , and they are full of patients, let's monitor the healthy ones from elderly before more burden lands on our hospitals more .	7/27/2020 2:57 PM
459	Don't waste it!	7/27/2020 2:56 PM
460	Please pay parents who have to now reduce work hours to take care of school age children. Please also fund the remodel of Low Park because it is needed in our community.	7/27/2020 2:55 PM
461	The goal should be maintaining financial stability, not making extra money. Rent, mortgages, should be paid, interest free. Work, should have people sharing at least, 20hours. So, everyone can at least work part time, and possibly supplemented, for the rest	7/27/2020 2:54 PM

468	I was able to look at the proposed expenditures introduced at the city council meeting on 7/21. While I am sympathetic to the effort of expanding affordable housing portfolio I do not believe that CARES act funding should be used for this purpose. CARES act funding should prioritize expenses cost associated with COVID. Therefore, outside of the rental assistance program, food resiliency, etc. I do not believe this funding should be used for your affordable housing efforts. I also have a question for why RPD (item 32) is awarded 30L for education and enforcement instead of that money moving towards code enforcement?	7/27/2020 2:37 PM
469	The City of Riverside has unfortunately historically taken to supporting and investing in partnerships with large corporations who in turn provide jobs with pitiful compensations and benefits, rather than investing and nurturing in local, community-focused businesses. This has placed Riverside, one of the largest populations in California, significantly behind similar cities developmentally. It's time to turn the tide and get in front of this, especially given an opportunity to utilize some outside, state-level investment. Stop investing in outside, large scale corporations. Let's provide resources for local businesses to thrive, incentives for new businesses to open, investment in food and entertainment establishments, and other things that will give residents a reason to stay put and invest their own time and money in their local community. We have such a rich history in this city, there's no reason we can't shift this focus and become a force to contend with.	7/27/2020 2:34 PM
470	We are in enough debt! I don't want to pay any more taxes to pay off all this gigantic debt! We have social programs, we don't need any more. Stop this insanity and get back to normal. No, not a new normal. NORMAL!	7/27/2020 2:31 PM
471	Riverside should redirect the MULTIPLE increases in the Sheriff department's budget to the proposed changes in this survey. We don't need an increase in police budgets, we need social services not the policing of Black and brown communities. As an educator, it pains me to see how much money is poured into law enforcement while schools and our students struggle to survive this pandemic	7/27/2020 2:28 PM
472	If businesses cannot reopen due to safety concerns, why spend more money on businesses to just to keep the business owner' luxurious live style, when the people these business owners lay off are the ones struggling. Resources should go to employees who lost their job, not the business owner. Business owners have resources to rebound, employees who live paycheck to paycheck don't.	7/27/2020 2:27 PM
473	With this money I recommend giving the small businesses all the supplies that the city is requiring . It is hard to find these products along with the extra cost involved. You need businesses to stay open to collect taxes so I feel you should provide it	7/27/2020 2:23 PM

476	Our total community needs to be maintained, roads cleaned, trees trimmed, and cleanliness. Reduce our water rate-level 3.	7/27/2020 2:15 PM
477	Maybe use some of the money to educate the board of supervisors about the importance of masks and social distancing since their irresponsible vote to rescind those orders is a big part of why Riverside County now has so many positive cases. Maybe if they had put the safety of the residents over politics, it wouldn't be so bad here.	7/27/2020 2:15 PM
478	Money to go towards our youth physical and mental health. The quarantine and social distancing guidelines make it impossible for them to receive an outlet on mental, physical, and emotional health. Money allotted to new ideas and outreach programs to safely guide the youth for their overall happiness. Ex: sign up for playground time, pop up athletic events (socially distanced), school pools used for sign up spots etc..... More movies in the park. Or drive in for families only.	7/27/2020 2:13 PM

482	Do not live in Riverside, but work for a NPO in Riverside. Thank you for all you're managing and remembering vulnerable populations, and non-profits and agencies that exist to serve them, at this time.	7/27/2020 2:06 PM
483	Thank you for all that you do	7/27/2020 2:04 PM
484	Provide financial support as well as easing of restrictions for businesses. Especially the "mom & pop" business so that they can stay open to pay their employees, landlords and vendors. Prioritize efforts to find ways that business can remain open during the pandemic. Businesses are the lifeblood of our economy. Without them our economy collapses and we become a welfare state.	7/27/2020 2:04 PM

485	It should be used on LEGAL Riverside residents tax paying people not illegal immigrants	7/27/2020 2:03 PM
486	Primary goals should be maintaining the safety of our community and those in the frontlines healthcare system, so that they can continue to help those people in need. Food and shelter for families who have lost work due to this pandemic. Assistance to families in need of shelter food and personal items. Providing mental health programs to our adults, youth, and seniors due to the impact of this virus. It has been a traumatic time for many people.	7/27/2020 2:03 PM
487	Monies should be spent on organization that serve the community, including youth and senior support.	7/27/2020 2:01 PM

489	Re-open the restaurants, hair salons, nail shops and all small businesses now	7/27/2020 1:56 PM
490	The health of the economy is of utmost important. Small businesses must be supported.	7/27/2020 1:55 PM
491	I am seeing more and more homeless in our area, I think help with outreach and mental health assistance would be most important. Next most important support our local small business owners.	7/27/2020 1:50 PM

498	I think it should be used to help all the major concerns we have as a City. Homeless, small businesses, food assistance and residential rental assistance. There are so many unknowns and without helping those who are in the most need everything can easily fall apart.	7/27/2020 1:43 PM

501	We must help with the basic needs of the vulnerable paycheck to paycheck population who are concerned about feeding their families and keeping a roof over their heads. 503	The small businesses that were unfairly shut down, while large businesses and small businesses with clout were allowed to continue more or less as usual, should get the help. Riverside depends on healthy small businesses, family run restaurants, etc. to make this a prosperous livable town. The ones who were targeted to be shut down/put out of business/to lose their life savings should be helped, not every random group that would like a bigger slice of the pie.	7/27/2020 1:38 PM
504	Funds should be allocated to our first responders to provide adequate protection. Schools need additional funding and/or additional resources for families to encourage distance learning, children should not go back to school until the virus is safely under control and possibly not until a vaccine is available. Businesses that are allowed to remain open should be mandated to enforce a mask and social distance requirement, there should not be a choice when in public. Businesses such as salons, should be allowed to open under strick guidelines, similar to a medical facility. Bars and indoor dining should remain closed these activities require mask removal in public spaces. The faster we all get on the same page and do what is necessary the faster everything can reopen and we can get back to some normalcy	7/27/2020 1:37 PM

city is headed toward bankruptcy even after getting an extra \$40-50 million/yr in tax money, because the City Council earmarked most of the money for city workers and other special projects, leaving us more in debt than when we started. Do NOT let this \$28 million in aid turn into an even greater expense obligation, leading us to even more debt than we have now. Be responsible!!

509	too many small business are forced to shut down, the big box stores stay open and make profit ! you have to compensate for that !!!	7/27/2020 1:34 PM
510	Should be used to pay those who work in healthcare, teachers, grocery store workers, day cares but mainly healthcare workers who have to take care of covid patients or those who are exposed to the virus directly	7/27/2020 1:33 PM
511	Provide the City of Riverside with the resources they need to continue assisting residents, non-profits and businesses	7/27/2020 1:33 PM
512	Use it to help residents and SMALL businesses.	7/27/2020 1:31 PM
513	If businesses can't adapt, that's on them. My business is done because of the pandemic so I must find something else.	7/27/2020 1:29 PM
514	All people need PPE in order to stop the spread. People need to be able to find these items at all times at many types of locations. Posters need to out there to remind people and put in their minds at all times to think of their protective actions for themselves, their families and their communities.	7/27/2020 1:27 PM
515	*Our recommendations are rental assistance, child care for essential workers and economic assistance for those incurring large debts for health care needs. These recommendations are based on Inland Equity Partnership's current understanding of what of resources are available in the current CARES federal and in the state disaster relief packages.	7/27/2020 1:26 PM
516	Achools and teaching aides for the kids books tablets etc	7/27/2020 1:26 PM
517	More testing sites	7/27/2020 1:24 PM
518	Riverside must do more to get the homeless and transients off the city streets. They raid trash cans leaving litter strewn everywhere, piles of defecation, urinate in public and are unsanitary. Many have mental problems, walk out in traffic, scream at and harass residents walking on sidewalks and in business parking lots, especially bad in 92506 Zip code. I would like to hire more police to take care of this when residents call into complain about the homeless.	7/27/2020 1:22 PM
519	Any programs that support working parents and school age children will benefit everyone getting back to normal.	7/27/2020 1:19 PM
520	Please get this money spent in time please- we cannot afford to lose this.	7/27/2020 1:15 PM
521	Do not fund any abortion clinics or BLM. We need our police to help keep us safer than not having a PD. Have stronger hiring and training for PD but don't defund them.	7/27/2020 1:08 PM
522	The Planning and Building Dept. are still a nightmare, we need a reset and welcome investment without bleeding them for every cent you can.	7/27/2020 1:06 PM
523	We need to ensure public safety remains a top priority (fire and police.) We need to support local small businesses and education for our youth. We also need to ensure public utilities and general maintenance/ cleaning of our city isn't neglected.	7/27/2020 1:06 PM
524	Small businesses are continuing to feel the impact of reduced revenue. No one has offered any viable solutions. Landlords are still demanding rent even though lots of us are forced into closure. How are businesses supposed to pay rent without revenue?	7/27/2020 1:05 PM
525	Employees of health care facilities should be recognized in their efforts in providing daily care and assistance to their patients/residents by giving them extra compensation during this pandemic.	7/27/2020 1:04 PM
526	A grant for businesses opened this year would be good. Honestly if I could get a grant for even as little as 5,000 I could adjust more easily to the new Covid environment and get my business off the ground. Normally I wouldn't need such a grant but with the social distancing in place it is hard for a new business to get the word out without funding for advertising. I just moved here and in the past I have had no issues doing just word of mouth referrals and helping people when I see they need help. Now because I mostly stay away from people it makes finding work extremely difficult.	7/27/2020 1:04 PM
527	I just would like the RPU emergency support to continue. Only \$250 will hardly cover two months. I didn't need assistance until this month, so I hope it continues and I can get more help with utilities.	7/27/2020 1:03 PM
528	PPE such as N95 and P100 style face masks should be purchased and be distributed to any residents of the city that wish to wear them.	7/27/2020 1:01 PM
529	Support local owned businesses so they can meet the food needs of those most effected. That should help the money go further. Child care vouchers only for parents to work. Not just looking for a job. Please make the priority to help people get on their feet quickly and not just exist on support. Volunteers can fix parks and help local businesses hand out food, deliver goods, etc.	7/27/2020 12:53 PM
530	they should have free food where people can pick up (box of weekly meals) or money vouchers for rent or food \$500.	7/27/2020 12:51 PM

531	Community need should always come first. We should prioritize all programs to encourage people to work. Our businesses are struggling because employees make more on unemployment. This is not right. If we provide childcare funds, it should be given to our low income providers and the parents should be required to show proof they are working and not just unloading their kids. The school district is providing tech support. If nobody is working, why do we need to fund more transportation? If parks are closed, why are we funding this? Use common sense. People without jobs won't have places to live, we must prioritize basic needs over higher level needs and always over wasteful spending.	7/27/2020 12:51 PM
532	This is scary times and more testing with fast results are much needed. Ways to get homeless off the streets is equally important and helping families from losing jobs/homes. I appreciate all the city is doing to try helping every need. I could sure use a bit of help for my business expenses, but I know there are lots of others who need more help than I	7/27/2020 12:49 PM
533	Forceful quarantine confirmed patient. More harsh implementation of face-covering requirement in any public place. More promotion on importance of face-covering	7/27/2020 12:48 PM
534	Since I don't know the specifics of what programs are already available and in the works I think ultimately the city employees should decide how the money is spent.	7/27/2020 12:47 PM
535	Build a strong business community. Jobs with benefits will follow. Donations to non profits will ensue.	7/27/2020 12:42 PM
536	You need to help low income people pay their rent!	7/27/2020 12:41 PM
537	Riverside needs to help small business in order to keep the city from having to fund other programs such as rental assistance, Food assistance, childcare assistance etc.	7/27/2020 12:41 PM
538	Mortgage modification should also be done.	7/27/2020 12:40 PM
539	Worry about people actually affected by this Pandemic for use of these funds. This survey shows me too much money allocated for Covid-19 relief and will be used for other agendas. This money should be used for small business that employs people and for those that are affected by the schools not reopening. People that have lost their jobs. Not for other programs that have funds earmarked for them anyways.	7/27/2020 12:39 PM
540	Unemployment needs to be addressed. They are impossible to get ahold of. I know that this is not just for riverside, but some type of unemployment assistant is necessary!	7/27/2020 12:38 PM
541	Small businesses have been hit extremely hard due to the COVID-19 emergency. Access to grants and readily accessible financial assistance is critical to helping businesses remain open during this time. The impact to the local economy has been severe, especially the sectors including restaurants, retail, gyms, etc. Mental health and access to resources are of vital importance. Outside of physical safety, mental health resources are foundational for the well being of our community. The suicide rates are increasing and protection and resources should be given to current counseling centers operating on college campuses and within the community as well as increase mental health assistance. Current wait times for COVID-19 tests continue to increase, offering more testing capacity with shorter wait time is important. Resources to non-profits can also assist with the needs for affordable housing and homeless. Resources are also needed for the school districts to allow students, particularly low income students to have distance learning resources and support to be successful. Thank you.	7/27/2020 12:37 PM
542	Healthcare and prevention of spread of disease should be the top priority (including basic needs of the community such as food & shelter), business support 2nd to support & keep the local economy strong, individual support after that....	7/27/2020 12:32 PM
543	Please get the homeless off our streets for their and our health and safety. People that are addicted to substances or mentally ill are not getting help if left on the streets.	7/27/2020 12:29 PM
544	We need our kids to go back to school and our churches to reopen. That will bring mental and spiritual stability in our community.	7/27/2020 12:27 PM
545	The city should also provide AMERICAN SIGN LANGUAGE interpreters and access on all its online video releases. Captions are not enough, they only serve a part of the population. How a city can be comfortable only informing part of the public riddles me. 3% of our population REQUIRES sign language, start providing it, it is rude and language discrimination when sign language is an afterthought.	7/27/2020 12:26 PM
546	Small businesses are the heart of any city. When small businesses thrive many are employed and those are then able to provide for their families. We need small businesses to come back <input type="checkbox"/> % to have a strong local economy.	7/27/2020 12:24 PM
547	Under the item "K-12 Distance Learning Support", I would include expanded utilities assistance because of the power needed to support expanded use of computers, etc. Despite the importance of food, I did not rank it high because food aid is being handled by other levels of government and private individuals working with government. I'm not saying the situation is 100% under control but more attention needs to be given to other matters RIGHT NOW. Of course, the situation could change.	7/27/2020 12:21 PM
548	Rent reduction would be most important because that's usually everyone's largest bill	7/27/2020 12:20 PM
549	The small businesses and the people that work in them are what make this a town great, we need to make it easier for them to safely conduct business.	7/27/2020 12:20 PM

557	Remove homeless from parks Clean up clusters of homeless from parking lots and sidewalks	7/27/2020 12:12 PM
558	I think people that hours been cut need a stimulant check just like those that are on unemployment	7/27/2020 12:10 PM
559	Did they give the City enough money to take control of the federal response to COVID-19? Because those science-phobic morons deserve to be put on the other side of the Southern Wall they've been building.	7/27/2020 12:07 PM
560	It would seem that a good relationship with non profits will expand the City's ability and efficiently to reach out to the citizens of Riverside	7/27/2020 12:07 PM
561	THE city should first look at the businesses here as these business provide the income for the local residents.	7/27/2020 12:07 PM
562	Getting children back to school needs to be the first priority!	7/27/2020 12:06 PM
563	Our Children K thru 12 should be 1st priority. Their health, education, and socialization should be top of any list.	7/27/2020 12:01 PM
564	There is no magic funding. You are spending my grandchildren into debt.	7/27/2020 12:01 PM
565	Please focus on helping families in need as well as small businesses. Both are crucial for the long term well-being of the city and the city's revenue. As an innovative city, it would be a shame for it to backtrack in the progress it has been continuously making.	7/27/2020 12:00 PM
566	We should place our children as our priority. The families of the community need jobs to go to and food and healthcare assistance to take care of their families. We need to stop putting money where we see no return such as homelessness. We must first deal with the drug and mental health problems as separate issues from homelessness.	7/27/2020 12:00 PM
567	In my humble opinion, funding should go as directly to residents as possible. Some SBA, non-profit, etc have taken advantage of the system (not saying it's not beneficial). Those in need in the community should be assisted first.	7/27/2020 12:00 PM
568	we need lots of ligma.	7/27/2020 11:58 AM
569	Help small businesses with rent and utilities so they can remain open for business When mandates are lifted. Hair, Nail, and Spa Salons are mandated to close, Restaurants closed to 1/4 capacity, but all must still pay there rent and utilities to keep their businesses from shutting down. Grants not Loans that would not need to be paid back. Grants would keep these small businesses from incurring more debt that would force them to close. The City of Riverside needs to support these businesses that are the core and life of our city.	7/27/2020 11:57 AM
570	We need to support people staying home for the duration of this crisis in order to save lives.	7/27/2020 11:57 AM
571	Pay the police more to handle the homeless/crime issue.	7/27/2020 11:55 AM
572	Offer small business help and reduce the criteria. Some small business got very small PPP AID and won't help float their business. There's businesses who still need help!	7/27/2020 11:54 AM
573	We need to address the homeless situation. I like how our city is developing our downtown area and keeping our parks safe and secure is important. Providing education programs about safety measures on line maybe effective.	7/27/2020 11:53 AM
574	Help small businesses with rent!!! I own a small business in riverside and the city owns my building but expect full rent. How can I pay when I can't even feed myself or pay my mortgage. I cry myself to sleep every night because I have worked as a hairdresser my whole adult life 32 years and went thru my whole savings to save my salon so that we have a place to go back to work. There are 8 people who work there and 9 including me. So now 9 people losing their jobs. I don't have any more money to save the salon this time. My last couple thousand went to buying masks, gloves, cleaning supplies and plastic barriers to make everyone extra safe to now being closed down again with no opening date!!!! Omg, please help us. I am a single woman with no other income and I am desperate for help!!!!	7/27/2020 11:50 AM

576	BUSINESS IS BEDROCK OF ECONOMY. NON-PROFITS HAVE GIVEN A LOT IN THE PAST. MUST NOT BE ALLOWED TO COLLAPSE.	7/27/2020 11:48 AM
577	Please provide free of charge mask to all businesses and antibacterial chemicals to control the covid 19.	7/27/2020 11:47 AM

578	I think every business has taken the right measurements to keep their doors open and still be safe. I love my city. I live and have a business in Riverside. I cont. to have faith we will overcome all this. Schools are my biggest concern at this point. We can use every measure to keep our kids from falling behind in our education. I have a hard time with helping my kids this area because I do not know where to start, but they are our future and they need to have the right tools to continue to learn and succeed.	7/27/2020 11:46 AM
579	REOPEN ALL Business before it is closed permanently	7/27/2020 11:44 AM
580	Get the kids back in school and you solve your "Childcare Crisis" which is not your duty as a governing body. And shutting businesses down is an overreach of power.	7/27/2020 11:44 AM
581	The City has supported the growth and development of the Grow Riverside initiative. It's time to fund it so the many volunteers who have been keeping it alive can help solve some of the needs in this survey. Growing food provides workforce development opportunities, brings significant health benefits, lowers long term health care costs, reduces air pollution and puts food into the communities where the need is greatest. We have been talking about Grow Riverside for over six years. Now is the time to actually walk the talk by seeding the operational needs of the Riverside Food Systems Alliance. RFSA volunteers have collectively generated several millions of grant dollars. The RUSD food hub is actively looking for GAP certified growers to fill some of the enormous unmet demand for local produce. Nearly \$4 million a year is spent by UCR, RUSD and Alvord school districts. These institutional buyers have repeatedly said they will buy all we can grow. They are spending that money elsewhere in the State year after year, while we squander our local assets of land, water and people. It's time to capture that revenue and catalyze the growth of food producers throughout Riverside. We have 4000 acres of greenbelt land. 1000 acres are fallow. We also have thousands of residential yards capable of producing food to serve local needs and increase local revenues. Every \$1 million in crop sales translates to 30 new, stable jobs no matter what the economy is doing. Each farm operation supports at least 7 other businesses that provide inputs or supplies. We have the lowest agricultural water rate in So Cal and yet we remain oblivious to the immediate revenue possibilities before us. Funding the Riverside Food Systems Alliance and other supporting local food non-profits would provide a significant, long-term menu of community benefits. One percent of this award would provide the capital for staff, programs and operations for the next 3 to 5 years. It would also allow us to apply for CBDG funds to further the development of our non-profit community. This would deliver a highly leveraged return in the form of revenue, jobs, equity and health. This is a one-time opportunity. Let's not blow it by trying to fix all our big problems when we can solve so many of them by establishing food growing operations in our food deserts - in 90 days or less.	7/27/2020 11:43 AM
582	Small business need assistance financially and getting supplies to help combat COVID, mask and hand sanitizer are hard to find	7/27/2020 11:43 AM
583	The funds should be used to support small businesses of less than 50 employees, and used to help create jobs or to support small businesses who are the backbone of the city. It should be used in ways to promote good work ethics, not lazy people wanting hand out. It should be used to better the homeless situation, and give food to children.	7/27/2020 11:43 AM
584	No defunding POLICE !!! No funding BLM !!!	7/27/2020 11:38 AM
585	Families with students in K-12 need help getting through this crises as do small businesses.	7/27/2020 11:33 AM
586	Hopefully businesses can get back operating and keeping people employed. Thanks	7/27/2020 11:33 AM
587	One thing I don't want to happen is for the government try and force us to adapt into this situation. Instead we should stop it by having less people out in the street risking their lives. Send more help to pay for rent, bills and food that way we stay home and safe. Everyone says we are the greatest country but we are far from it. This pandemic has made me ashamed to call myself American. We pay taxes to government but all intentions go to big business and corporations. I hope one day we the people are in the best interest of them in charge.	7/27/2020 11:33 AM
588	The ppl of riverside need money to live on ... they need food assistance, housing assistance, child care, small business need money to compensate Newsome and all the closures !! Riverside and its small business community have lost 1000s due to the closures!! And its not right its not fair and its bs to ruin and destroy our mom and pops that have kept Riverside growing and thriving for all these yrs!!!! We need our city back!!! Our rights and freedoms!!!!	7/27/2020 11:32 AM

598	I am a self employed individual. I have found that I can not apply for most programs through the city because i don't have paper work that at times is requested. I live and do business in riverside so there should be more avenues for a self employed person to apply. It's not as simple as having a letter head or furlough papers to show proof of loss of income.	7/27/2020 11:16 AM
599	No money for govt. No money fo schools. No money for illigals. No money for homeless. All the money should go to small businesses. Money should go to the banks to be allocated to small business. Open up Riverside.	7/27/2020 11:16 AM

602	Stop supporting the personal job/ non-profit of the outgoing mayor. Support things that promote business staying open and keeping people working including childcare becasue there is too much fear about opening schools even though the majority of students and parents want them to open. Use money to recall Gavin Newsom !	7/27/2020 11:13 AM
603	We need children to have some type of learning, this situation will pass, but the damage of failure to learn on the children will be for the rest of their life. People can lose jobs money get sick. Children will for ever damage if we don't get the problem under control. Parents also need tools to teach their children... believe it or not parent need manners training in parenting... is no longer the government in charge of our kids education.	7/27/2020 11:12 AM
604	the homeless are out of control. I have complete empathy/sympathy but they affect my home and business almost on a daily business. Not the friendly, harmless ones.	7/27/2020 11:12 AM
605	Use the funds to help small businesses get back on their feet. Clean up the homelessness camps, find them food and shelter. The camps are very bad right now because no one is even paying attention to them anymore since the pandemic.	7/27/2020 11:11 AM

614	Funding should go to residents and small business to help in this extraneous circumstances	7/27/2020 11:06 AM
615	The top priority should be helping families with children to remain housed, have the resources necessary for distance learning and access to health and mental health services.	7/27/2020 11:06 AM
616	The city should be emphasizing public health which includes using funding for supporting PPE supplies for healthcare workers and occasionally residents when they need to leave only for absolute necessary needs. The city needs to be better about setting the expectation for social distancing and not putting people at risk by lifting bans too early. The city also needs to acknowledge the funds they are using are not always fair or for those who really needs it but those that are privileged	7/27/2020 11:05 AM

Free online classes to gain more skills and to possibly be	7/27/2020 11:04 AM

trained in a new field of work. Connection to small businesses who need volunteers to help them get back on their feet while people are unemployed.

619	Businesses need to be supported to provide jobs. Assistance could be provided with local hire incentives. Devise ways to remain operable while taking precautions by enforcing recommended health precautions, such as mask wearing.	7/27/2020 11:03 AM
620	I believe that small business are the back bone of our community and they must be helped as much as possible. Outside of that the money should be spend on the residence that live in riverside.	7/27/2020 11:01 AM

623	Lets all get back to work & school. Without income, jobs, Riverside will become LA's skidrow. Let business owners decide if they're comfortable to re-open, then let them without all these "permits" ect.	7/27/2020 10:59 AM
624	Programa para enforzar los medios de seguridad para convativ la epidemia	7/27/2020 10:59 AM
625	I think we need to focus on residents first, safety and then protecting others. There are no easy answers but we need to assist the largest segment of the population first, residents.	7/27/2020 10:57 AM
626	Helping people pay their rent will help people a lot and prevent more homelessness.	7/27/2020 10:57 AM
627	Reduce police funding to encourage reduced staffing. Many responses do not require police or maybe one officer with a mental health worker instead of two officers. This would free up the police to concentrate on their area of expertise and diffuse violent situations instead of accelerating them.	7/27/2020 10:57 AM
628	Help businesses open so we can send people back to work. Stop adding to the government debt by supporting outrageous unemployment rates that will hit small businesses later. Open the schools. Be part of the solution and not the problem. Stop spreading lies about the Covid numbers.	7/27/2020 10:57 AM
629	Do what you can to stimulate small businesses, which will build the economy, which will create tax revenue, which will provide long term benefits. Do not hand out more to individuals than they would earn by going back to work. That only provides an excuse to live off the government teat instead of being a producing member of society.	7/27/2020 10:56 AM
630	Families struggle with children not in school, I believe this is a high priority. Small Business and all business's in Riverside are struggling to stay open. This is a high priority to keep Riverside running.	7/27/2020 10:55 AM
631	Money should help small businesses. We can supply jobs and help the city overall.	7/27/2020 10:55 AM
632	Don't lag whatever you do. Needs to have a actual plan Training or Manuel for each area Maybe even some small business owners running some of these areas	7/27/2020 10:50 AM
633	As goes the business community, so goes the entire community. If we lose businesses and/or business, we lose jobs and city revenue. It seems to me we need to support the business community - not just the small business community - to ensure that we retain the infrastructure for employment and tax revenue, particularly as those two categories are adversely impacted by the Covid-19 crisis.	7/27/2020 10:50 AM
634	Yo considero que el dinero se tiene que distribuir 1.- negocios que demuestren que no descansarán gente, 2.- revisar pagos a las viviendas Para que no veamos caos en la ciudad por las casas perdidas 3.- familias revisar los que asisten a escuelas y forma de cómo se alimentarán	7/27/2020 10:48 AM
635	First if everybody complies by enforcing the mask and social distances we will all get back to the past.. but a lot of business don't.. specially bars , they close the front door but allows patrons to go in from back doors.. no masks , no social distances nothing get enforced.. nobody seems to take responsibility, and contacted 7 different departments, but seems nobody cares... that's why our COVID cases keep increasing.. all violations start after 5 pm .. i blame the city for allowing it .. we need to get hold of violators and fine them big , then we might turn the curve down.. check zip code 92503.. God bless our city..	7/27/2020 10:48 AM
636	No mask if 6ft social distancing is applicable.	7/27/2020 10:46 AM
637	GET THE HOMELESS OFF THE DOORSTEPS OF SMALL BUSINESS. BIZ owners should NOT have to clean up human feces and waste !!!!!!!!!	7/27/2020 10:46 AM
638	There are non-profits in Riverside that provide services to the public that could and should work in conjunction with the city to help serve the people most in need in our city.	7/27/2020 10:45 AM
639	We definitely don't need another welfare program being used by people who don't want to work. I feel this money should be targeted towards cleaning up our community, and creating more local jobs and have money earned instead of given.	7/27/2020 10:45 AM
640	Please take care of the elderly and the homeless population. A lot of people including myself are helping with food and supplies but can not reach the two sectors I mentioned before effectively. I want to thank the city for the great job you are doing in this crisis time.	7/27/2020 10:44 AM

641	I think there should be ways to help families with school age children. They need to continue their lives as normal as possible. I see parents having a difficult time trying to keep the children involve but lack resources. the children are behind in their education and the parents do not know how to help/teach their children.	7/27/2020 10:44 AM
642	Increase testing capabilities	7/27/2020 10:44 AM
643	provide a city wide plan to safely open elementary schools since it appears that children under 10 are less likely to get sick or spread the virus and children under 10 are less likely to benefit from distant learning. Also, more testing and tracing.	7/27/2020 10:43 AM
644	Small business owners and their employees working	7/27/2020 10:43 AM
645	Que se proporcionaran mascararas,desinfectantes y guantes en tiendas ,parques lugares públicos por habremos familias que es muy difícil adquirir para toda la familia gracias	7/27/2020 10:42 AM
646	Be sure to spend wisely. Not lining politicians pockets. No new nonprofit organizations just created to skim money from useful/necessary sources/programs. Put the Riverside citizens first, then the local businesses. Residents live here, business pull employees from other areas. Let the employees get help from their cities. Just my thoughts.	7/27/2020 10:42 AM
647	Las pequeñas empresas son las dinámicas porque quieren pasar a una ubicación más arriba. Ejemplo, buscar más clientes, prestar mejores servicios y sobre todo quiere uno como hispano expandirse y abrir más puestos de trabajo. Hay empresas grandes que si su ganancia no es razonable cierran y no les importa que se pierdan los empleos Nosotros los pequeños negocios luchamos hasta el final con tal de mantener lo que nos ha costado hacer. Gracias	7/27/2020 10:41 AM
648	No one here illegally should benefit from this and no funds should go to any homeless people who came here from other places in most situations. Should all help local tax payers and businesses	7/27/2020 10:41 AM
649	We're being lied to. Hos	7/27/2020 10:41 AM
650	Funds intended for COVID-19 relief by the state should be going towards public health and wellness. These funds need to go to residents and vulnerable communities DIRECTLY. The homeless population, low-income students, low-income families, schools need to be first.	7/27/2020 10:40 AM
651	I would say that buy helping small businesses, it helps people with work, money for food and keeps our economy going.	7/27/2020 10:39 AM
652	Clean up your homeless situation. Your city has declined tremendously since I bought commercial property in 2006.	7/27/2020 10:38 AM
653	Well being and creativity centered activities offered outdoors and online for residents of all age groups to engage. This could be a source of income and networking for community artists and health and fitness professionals struggling at this time while sharing their gifts to a community who is in need of mental and physical health opportunities	7/27/2020 10:37 AM
654	Many people are working from home. We need better internet infrastructure. Increase fiber internet within the city.	7/27/2020 10:37 AM
655	If first responders do not have what they need, we need to make sure they are taken care of first. I did not see that option. I took PPEs to mean for the public	7/27/2020 10:37 AM
656	Help small businesses owners who do not who are not getting unemployment or small business loans like my daughter who is a hair stylist.	7/27/2020 10:36 AM
657	COVID19 is being used as a liberal Democrat battering ram to destroy Trump. Good job assholes	7/27/2020 10:36 AM
658	Open up and stop this political hysteria	7/27/2020 10:35 AM
659	Open Riverside!!! Never should have shut down!!	7/27/2020 10:35 AM
660	Please try to figure out ways to get small business, fitness groups, parks and swimming pools open soon.	7/27/2020 10:34 AM
661	Please make any aid available to those who are legal residents of the community as so many of those who are not legal residents are using so much of these resources that those who need the actual assistance are unable. Many resources are exhausted via abuse of the system (Section 8 Housing, WIC, Food Stamps, Utilities local food banks)	7/27/2020 10:33 AM
662	Find ways for businesses to open. Limit so many restrictions and outright panic.	7/27/2020 10:33 AM
663	Assistance needs to go to the schools and health care systems. These two items will allow for the opening back up of everything. For schools: provide ppe's, funding for distance learning, admin leave for teachers/admins that get covid in class, bonuses for teachers that volunteer to in class teaching, incentivize teachers to work in class to help the families that need the school system for daycare, etc. Health care system: funding for local hospitals to work at full staff (this will help with coverage of covid patient surges). funding to small businesses to rebuild, financially, hire staff again, paydown covid debt incurred, pay leases (stipulate that business need to be xx small in size, xxx dollars in business per year, xx amount of lease cost). don't give out free money, provide avenues for schools, healthcare, business to reopen and rebuild over time. Give people the opportunity to get back to work. fortify the healthcare system to take care of the people that will get sick during the reopening.	7/27/2020 10:32 AM
664	Try to find a way to counsel people on the importance of not having social gatherings with	7/27/2020 10:31 AM

	people outside their own homes. This happens often at a home near me. Silent spreaders may turn out to be a major factor in fueling this pandemic, in my opinion.	
665	Kids will be staying home this fall. We need a program to feed them, the meals they were given at school.	7/27/2020 10:31 AM
666	The City is doing all they can to provide information to keep our citizens safe but this is an individual responsibility we must take seriously for the greater good.	7/27/2020 10:31 AM
667	We need to rebuild our economy, to create jobs, get people back to work, and keep kids learning.	7/27/2020 10:30 AM

670	Installing Air Purification systems in City buildings would be a smart thing to do.	7/27/2020 10:29 AM
671	Small businesses need HELP! Small businesses as in owner operators with fewer than 5 employees.	7/27/2020 10:28 AM
672	Support Business to keep the economy moving which helps everything else get back to normal.	7/27/2020 10:28 AM
673	Stores have responded well to stocking masks and PPE for residents, so i feel like the city doesnt need to step in there fro residents because its easy to get these supplies now. Businesses have been forced to take on huge amounts of debt (\$120,000 for me alone, ive never had more than 10K in debt before), this feels like a critical issue. I put businesses above single residents because the \$600 / \$1200 check most people have been recieveing have been more than covering expenses. Some of my employees wont return until Unemploy insurnace runs out.	7/27/2020 10:28 AM
674	Assistance to people should be first.	7/27/2020 10:28 AM
675	Small business needs to most help	7/27/2020 10:27 AM
676	I feel the City should do ALL it can to support it's local, small non-profits and businesses. The places that have had to shut down completely. Lay off everyone. Helping them will in turn help the entire community.	7/27/2020 10:26 AM
677	Please take care of the people that need the most assistance. Thank you.	7/27/2020 10:26 AM
678	Affordable housing is key, as is assisting small business to keep people employed. Both of those factors will keep people off the streets and give hope.	7/27/2020 10:26 AM
679	The funds should be used to rehire a new police chief and mayor	7/27/2020 10:26 AM
680	I think the City of Riverside should open up and let our businesses thrive. Our bodies have immune systems that prepare us for viruses. This has gone to far	7/27/2020 10:26 AM
681	More grants for small businesses, assistance for renters and support for displaced/remote work employees.	7/27/2020 10:25 AM
682	Tenants need help paying rent directly to landlords.	7/27/2020 10:25 AM
683	Help small businesses pay for all the new COVID restrictions placed upon them so they can stay in business	7/27/2020 10:23 AM
684	Funding should be used primarily in supporting businesses and organizations that can then support individuals through their services and through employment.	7/27/2020 10:22 AM
685	Please make sure the children are assisted. There are a lot of children that will be distant Learning that are on IEPs that will need additional support.	7/27/2020 10:22 AM
686	I am having a very tough time in this pandemic. Business is extremely slow and I am very worry about paying the rent back that I owe the landlord for the last 3 months.	7/27/2020 10:21 AM
687	Give more money to the Police	7/27/2020 10:21 AM
688	Our nonprofit could use some help. But I also know that many others in Riverside need a lot of help.	7/27/2020 10:15 AM
689	Just need to get back to normal	7/27/2020 10:15 AM
690	Allow City Staff and the Mayor's Office to make recommendations. We have excellent leadership and those individuals should be allowed to lead in these difficult times.	7/27/2020 10:11 AM
691	The funds should go to assist the working class as the vulnerable populations has abundance of government assistance and resources. Give assistance to small businesses to help keep the working class working. Also, provide incentives to our nurses and doctors. Like paying for their child care and provide them portable restrooms with hand washing attachments, so they can clean up and desensitize themselves b4 going into their family homes. Provide small businesses two months of free rent to their office space etc. Provide professional Development and leadership trainers opportunities like myself on a rotating basis, with all your businesses through the Chamber of commerce to present a virtual presentation. Which would assist our community with moving forward through Crisis, which I speak on and have a 4 step Leading successfully through crises course. My business is call DMAC Building Emerging Leaders. Certified John Maxwell speaker,Trainer,Coach &DISC consultant.	7/27/2020 10:08 AM

692	This money should ONLY towards businesses who were part of the FORCE MAJEURE by State, County and City. We fund the City and without relief you will lose many businesses especially going into month 6 shutdown with no end in sight, it is clear to many now that this is beyond a virus and has been politically weaponized.	7/27/2020 10:08 AM
693	Neediest. First	7/27/2020 10:07 AM
694	If we get businesses open, a majority of the issues above will improve for the community as a result.	7/27/2020 10:04 AM
695	Keep Business going to provide Jobs...tax dollars to the city...In the "BIG Picture" remember only about 1% of the population has had Covid-19. Yet a shut down affecting everything will devastate all!	7/27/2020 10:01 AM
696	Provide assistance to small businesses, auto center and Galleria which are the main revenue generators for the city.	7/27/2020 9:58 AM
697	Senior services should a priority due to the susceptible nature of this population and concerns with senior isolation., especially during this time.	7/27/2020 9:57 AM
698	OPEN THE K-12 SCHOOLS!!! Parents can't go back to work if they have to stay home to educate or care for thier children. If needed, have the teachers Zoom in with aides watching the children in-person, but getting children back to school is the most important thing for the education and socialization of our youth, the physical and mental safety of our city's children, and the recovery of our economy.	7/27/2020 9:53 AM
699	The city must help small businesses that have been forced to shut down due to the virus.	7/27/2020 9:47 AM
700	grants to small businesses that were impacted, enhacing public safety, cleaning up the homeless camps popping up all over town	7/27/2020 9:45 AM
701	The city is not in good shape financially instead of looking to spend money why not save some. Handing it out with no oversight on how it gets used and no tracking on results is just going to waste it.	7/27/2020 9:37 AM
702	Public entities should provide masks, sanitizing stations gloves & wipes upon entrance and exits along with sufficient trash areas for disposal at no cost to the consumer. When paying at the counter, we should be able to scan our debit cards without touching a register or any equipment. This again, would be a great place to have sanitizer available. Public Schools should give all students who need help or electronics, a laptop for the whole year and also free tutoring to students who are in need of help at no cost to the student/family. City/County should pay for this.	7/27/2020 9:37 AM
703	Businesses are the one who can provide jobs, main focus should be small businesses running with very limited budget. Remove the exclusion of PPP and SBA qualifiers.	7/27/2020 9:37 AM
704	It should go to taxpayers who keep your jobs running.	7/27/2020 9:25 AM
705	Help those that have lost their homes and are living in hotels or having to stay with friends be able to fins housing. City says you are in a hotel therefore you are not homeless. There are no places to rent so more people are going to be on the streets without some type of intervention.	7/27/2020 9:21 AM
706	Private-Public partnerships should be advanced based on services being provided to community residents. Vulnerable populations such as low income families, seniors, and homeless (not outreach - services) should be a priority.	7/27/2020 9:21 AM
707	Minimize the amount of funding used for for-profit businesses that are not facing significant hardship. The millions of PPP funding received by BBK is shameful!	7/27/2020 9:20 AM
708	There needs to be a balance ebetween buisness and our residents. We need each other and both should feel the support!	7/27/2020 9:19 AM
709	Equity and inclusion should drive conversations and decisions regarding the use of funding.	7/27/2020 9:17 AM
710	See my comments above. Open CA and get rid of Newsom!	7/27/2020 9:16 AM
711	K-12 students should be returned to the classroom (maybe with PPE provided by the schools), so parents can resume working.	7/27/2020 9:11 AM
712	It is not the responsibility of local government to feed and house it's residents. Maintain a strong balance sheet and focus on police, fire, and business friendly laws/ordinances. The CITY will not solve homelessness or hunger and efforts to do so will be wasted, along with the taxpayer dollars used. Create a strong healthy local economy and let the PEOPLE prosper. Do not let the angry mob convince you that you are responsible for every aspect of private life. That is not what local government exists for.	7/27/2020 9:10 AM
713	Seniors assistance	7/27/2020 9:08 AM
714	Help save our businesses in Riverside. Work to keep restaurants etc viable.	7/27/2020 9:06 AM
715	Hire more police officers for the mess that this crisis is having on crime.	7/27/2020 9:04 AM
716	The City must act to take care of its most vulnerable groups: people without homes and people who have homes but are struggling with deep poverty. The schools must remain closed for public safety, but that means many, many underprivileged children and families will be in danger of their situations becoming even worse. Basically, the City must work to make sure that every penny of this state money goes toward preserving people's lives -- including people	7/27/2020 9:01 AM

	who are losing their jobs due to the coronavirus, families who are struggling to make sure their kids get educated while putting food on the table, and people who already don't have a place to live.	
717	provide grants to small business to adapt and re-open	7/27/2020 9:01 AM
718	Small. Haines support employees if we can get people working and businesses profitable other things will also fall back j to place quicker. Providing masks and supplies is less important considering f people many people choose not to use the supplies provided	7/27/2020 8:30 AM
719	Maybe a "feedback" from your own City employees and how we were affected, how the City could've reached out more during this Covid-19 pandemic / furlough isolation.	7/27/2020 8:24 AM
720	Be sure that all residents have access to COVID-19 testing.	7/27/2020 8:23 AM
721	It is time to support the grassroots organizations that are on the ground helping the community day in and day out without the proper funding.	7/27/2020 7:55 AM
722	Many children throughout Riverside will be distant learning and parents have to go to work. Child care is scarce and very limited in the city of Riverside. What are parents going to do to make sure their children are successful? Where will children go well their parents are working? We have to make children are safe and successful.	7/27/2020 7:55 AM
723	If these funds are used disproportionately to assist the upper class we will know and we will be angry.	7/27/2020 7:54 AM
724	It's crucial to prevent further homelessness. Rent is already barely affordable to too many full time employees.	7/27/2020 7:49 AM
725	Consider how the city can be a resource of last resort. For example, could the city invest in a "generic kitchen" with supplies, staff and location. Businesses could rent these spaces and services, giving them a fixed cost on which to revamp our restaurants until those areas are less uncertain. Providing certainty and consistency with this money will stabilize any area of concern. Investing in tech/training that will let our children maximize the online learning will pay dividends in much the way an investment in planting trees 100 years ago gave us the shade and birds and green values (and maintenance problems!) we enjoy today. Lean towards ideas that will build the city we need, not the city some people miss.	7/27/2020 7:42 AM

729	Help keep businesses in Riverside! Losing Nordstrom's was a big blow to the community.	7/27/2020 6:53 AM
730	Give money to businesses that were shut down that need help to survive. Give money to schools to allow them to comply with the ridiculous regulations so kids can go back to school	7/27/2020 6:27 AM
731	Local leaders failed to mandate masks and allowed premature opening of non-essential businesses which have directly caused sickness and death. The people will remember.	7/27/2020 6:13 AM
732	Focus needs to be on undeserved DEAF community here in Riverside. All areas . Food ,shelter safety.	7/27/2020 5:15 AM
733	Help residents with high medical bills due to covid or seniors with medical expenses. No one in riverside should lose their home or file bankruptcy due to medical bills especially from covid	7/27/2020 2:49 AM
734	Open places for teens	7/27/2020 12:29 AM
735	Increase Law Enforcement Training budget	7/27/2020 12:27 AM
736	College funds to students. Feeding hungry families, utility assistance, computer available and free internet. Online book free resources. Covid health prevention training. Property taxes waivers.	7/27/2020 12:03 AM
737	Provide safe affordable childcare for essential workers.	7/26/2020 11:19 PM
738	School campus open at least one day a week with help for children that want to learn. Their well being continues to be destroyed, this will come back to bite us worse than the virus.	7/26/2020 11:06 PM
739	Use it to get small business up and running. Open schools already. Stop playing politocs	7/26/2020 10:08 PM
740	I believe the federal government should be held more responsible for their share of responsibilities. That is why I chose my answers the way I did. Also Fuck Trump and Fuck Beaty DeVoss.	7/26/2020 9:55 PM

743	Please have mask available in public area in case someone needs one. Thanks	7/26/2020 9:26 PM
744	With the increase of unemployment I believe it is important to support people who are unemployed or have seen reduced hours. Access to affordable health and mental health should be the number one priority, given those who have lost their jobs and the uncertainty of the times and its toll on mental health. Creating a hotline for people to have mental health appointments seems like a good idea to support the population. These are times with high anxiety and with a lot of insecurity. Giving mental health professionals tools to help the	7/26/2020 9:25 PM

	population, such as referring people to rent assistance programs, food pantries and others would also help.	
745	Seniors could benefit from a much needed Goeske Senior Center used as a Cool Down Center in unbearable heat.	7/26/2020 9:21 PM
746	CARES act should also cover recent college graduates! The job market is horrible and we are limited in our options as to what we can currently do.	7/26/2020 9:06 PM
747	We appreciate anything you can do to help the most vulnerable of our citizens. Thank you for asking for our input.	7/26/2020 8:55 PM
748	People need to stay in their homes and be able to feed their families. Small businesses need to stay solvent and able to operated in some capacity. But the community need to take this virus seriously. The sooner we can control it the sooner the economy will improve.	7/26/2020 8:46 PM
749	Open & transparent	7/26/2020 8:45 PM
750	Defund the police. Give money to the citizens in need. Reinforce lockdown to prevent spread of COVID.	7/26/2020 8:32 PM
751	The police department is clearly understaffed to deal with our growing city. They were understaffed even before this pandemic.	7/26/2020 8:30 PM
752	Face covering should be mandated and enforced.	7/26/2020 8:24 PM
753	Consideration should include both crisis support AND initiatives that are preventative and reduce barriers such as homelessness, poverty, child abuse and increase mwntal health and academic support systems for young people .	7/26/2020 8:18 PM
754	As a result to lack of foresight by the local, state and federal government resulting in 0 contingency planning and a dismal response time to this foreseeable worldwide pandemic the residents, business owners, families, school children and faith-based communities of Riverside have been reduced to fear of dying, house arrest, financial ruin, violation of our constitutional rights and total dependence upon the very government entities who we trusted to protect our national interest. I believe the money should be spent by issuing financial assistance to every household in the City of Riverside (similar to the \$1200 dollar stimulus check) issued by the federal government earlier this year. We don't need more surveys, rent assistance programs that are only available to people who are already begging landlords not to evict them. We need proactive not Reactive services such as rent and mortgage assistance to those of us who are not being cut-off by EDD because Congress has yet to extend the Pandemic Unemployment Assistance program. And PLEASE have the City traffic division STOP ticketing apartment dwellers who live in neighborhoods with NO PARKING school zones for parking during on overcrowded streets where families are home and out-of-work and children have been out of school and stuck in apartments since March.	7/26/2020 8:16 PM
755	We have a very serious mental health/drug/homelessness problem in the Magnolia Area. I can't even go walking or leave my house disarmed due to the crime increased in the area.	7/26/2020 8:01 PM
756	There is a great need in all the above areas. In the midst of all the needs, pressures, etc. I hope the council will take a strong position on what scientists recommend ie. masks, distancing, closures needed, and not buckle under to demands of what others want to get back to 'normal'. Use your common sense to keep people safe.	7/26/2020 7:56 PM
757	The homeless programs do NOT need the amount of money the mayor and Moises Lopez proposed.	7/26/2020 7:54 PM
758	We need to plan not only in the short term because the health emergency will have unanticipated developments as with all emergency recoveries, and become long-term. Please find some way to provide vigilant oversight, not only for the distribution of funds, but for those standing to profit by unscrupulous methods of securing those funds in ways that would otherwise fall under the radar. Thank you	7/26/2020 7:54 PM
759	Open the schools!!!! Kids are suffering and mental health issues are on the rise. Our society depends on the school system to educate our kids and also as a safe place for kids to be while parents work. Kids need schools and their suffering and success in the future weighs heavily upon actions taken by state and local governments!	7/26/2020 7:52 PM
760	The suicide rate for black youth is rising faster than for any other racial and ethnic group, now making it the second-leading cause of death for black children aged 10 to 19, according to a congressional report . The Crisis of Black Youth Suicide in America, was conducted by a task force of the Congressional Black Caucus and found a sharp rise in the rate of suicides and attempts among black youth. The report also found that suicide attempts rose 73 percent from 1991 to 2017 for black adolescents of both sexes, and injuries from attempted suicides rose 122 percent for black boys in the same time period. The suicide rate for black youth has been increasing faster than any other group, and that is very concerning. We need evidence-based programs, and ways of supporting the opportunities to do the research to understand the particularities of our community and the traumas associated with our children and their mental health well being. Without your help this problem goes unanswered and we lose more of our youth everyday .	7/26/2020 7:51 PM
761	We need a place to take children to play outdoors that is just big and grassy. They can bring their own balls or something to play with. Safe places of open fields. City won't have to be concerned with sterilizing play ground equipment. Our children need sunshine and fresh air... without the homeless population living in the park using the park as a restroom	7/26/2020 7:29 PM

762	Mental health help for everyone with awareness information.	7/26/2020 7:29 PM
763	Homeless trash piles having to pick in front of business, put them to work picking up their trash. Find masks for them and if they do not use them make them pick up homeless trash. We can not help those who do want to work for their food, housing and medical needs. But the business's and tax payer's can no longer take on the burden in taxes to cover their needs. They must also help themselves by first taking care of them selves in picking up their trash piles. City needs to hire then to pick up trash for meals.	7/26/2020 7:23 PM
764	there is no public health emergency. face masks do not protect anyone. open up the city and bring back all of your employees.	7/26/2020 7:01 PM
765	stop throwing money away to the homeless. help the middle class by providing safe shopping areas without drug dealers swarming the area. take care of the parks. no such thing as affordable housing so don't waste our money with massive high density projects next to single family housing.	7/26/2020 6:32 PM
766	I also think that supporting critical municipal infrastructure (fire, public works, planning, etc.) is important.	7/26/2020 6:32 PM
767	Get testing for everyone	7/26/2020 6:10 PM
768	It should also be used to help homeowners with mortgage payments. It can also be used to help students with their student loans since finding a job is harder at this time.	7/26/2020 5:54 PM
769	Testing is important everywhere, but I'm not sure if that's a City issue or a State or County issue. My best friend tested positive on 7/3, and the first test I could get was on 7/11 at Sears. Then I didn't get the results until 7/21, the day before she was released from the hospital. That doesn't help anyone! Also, it would be nice to give a bonus or supplement to the essential workers who have been risking their health for all of us.	7/26/2020 5:40 PM
770	Funding should go toward education with an emphasis on improved distance learning. Our kids and grandkids deserve the best we can give them.	7/26/2020 5:35 PM
771	Stop throwing money away ! (We are all Keynesians now). Control/ self-discipline Needs to be shown by our leaders.	7/26/2020 5:31 PM
772	Help businesses stay open to keep Riverside thriving! I've been living here for 30 years and I've seen riverside go from nothing to something great and to be proud of! I would hate for it all to close down again	7/26/2020 5:29 PM
773	Help people have housing, food, and health care first! Follow with education and all else.	7/26/2020 5:05 PM
774	Please prioritize the needs of our lowest-income residents and the communities hardest-hit by both the health and economic impacts of COVID - Black and LatinX people. Small businesses are greatly impacted by have multiple sources of support already. While there will be pressure to prioritize them, I hope you think first about residents who are hungry and on the verge of homelessness first.	7/26/2020 4:55 PM
775	All the items on the list are worthy goals. I am especially concerned about ways to keep families from descending into poverty and ways children can continue learning.	7/26/2020 4:37 PM
776	Focusing on outdoor activities such as parks and those that encourage small business support are the areas we feel are most needed. Small business provides funding to the city, employment for the community, and services that help the individuals.	7/26/2020 4:26 PM
777	No funds should be spent when there is a 99% survival rate among people who get the virus. We are going down a path of debt that our country will not be able to come back from! Stop the spending and put Riverside residents back to work!	7/26/2020 4:20 PM
778	All residents deserve human basics of food and shelter.	7/26/2020 4:09 PM
779	Food for all households and assistance with utilities for all households	7/26/2020 4:09 PM
780	Protect small businesses from closure Money to schools to use to keep our students learning should the schools not reopen...such as supplying all children with Chrome Books and on-line education. Money to senior centers to open for hot/cold weather. Parks to be addressed so our kids and adults can get outside safely.	7/26/2020 4:05 PM
781	Funding should be spent on economic development. Monies should not be spent on city personnel or budget.	7/26/2020 4:02 PM
782	Enforce the health laws! Enforce masks. Enforce business compliance. Provide a violation hotline. Eg., How is the ice rink open.	7/26/2020 4:00 PM
783	Begin a better volunteer base that can help Riverside reduce its debt so that the City can help more.	7/26/2020 3:41 PM
784	Open small "schools" in public buildings with classes of 10 students, hire additional teachers to teach in each class. No building would be a school with thousands of students. A classroom with ten students in many buildings would reduce the number of students in a school building and then the school could open with ten students per room. Think outside the box, there are many places where ten students could be taught in their classroom school. There are probably many small businesses that would rent a room for a "school." In small class sizes students could more easily catch up learning what was missed at the end of last school year and succeed and thrive.	7/26/2020 3:11 PM

785	Health assistance such as baseline testing, tracing and quarantine (which necessarily includes homeless outreach for sheltering) is high priority. Mental health assistance is low priority in my opinion. Ending the quarantine by opening the economy and the schools too soon will decimate the population and the economy. Cares Act and Heroes Act funds independently audited are the right ideas. Carry on.	7/26/2020 2:59 PM
786	More small business grants	7/26/2020 2:59 PM
787	I personally think that no money should go to any schools since they do not want to open and DO THEIR JOB OF TEACHING CHILDREN. I have no children, yet my tax dollars are paying for useless teachers that refuse to go do their JOB!	7/26/2020 2:39 PM
788	I was disappointed that the "Small Business Assistance" choice did not include specific language directly focused on providing protection for jobs (emergency payroll paychecks without having to report to work during the health crisis). In other words, people's health before profit. What good is opening a business when employees and customers may get sick or DIE. Then the business will close anyway with less people to support it staying open.	7/26/2020 2:28 PM
789	As a city, we need to make an investment in children and youth. This is an investment that will pay us back in the long run, and it's the right thing to do. Let's think creatively. How can city parks partner with schools to provide outdoor in-person educational opportunities for children, when schools face limitations? How can local arts and music nonprofits use this financial support so they can give low-ratio, small classes to kids for free or very low cost to families? Childcare for babies through preschool, and K-16 education need to work if we want parents to get back to work!	7/26/2020 2:06 PM
790	Please increase available testing such that individuals may quickly receive test results working one-days and improve contact-tracing.	7/26/2020 2:04 PM
791	Funding to assist businesses to upgrade to protect employees & customers to meet State requirements to open the business.	7/26/2020 1:49 PM
792	Technical Job training programs for are youth and young adults .tutor program for 6-12 grade.	7/26/2020 1:42 PM
793	Prioritize, Prioritize...,for the well being of all residents.	7/26/2020 1:38 PM
794	Don't make the funding a handout to corporations and the wealthiest residents.	7/26/2020 1:18 PM
795	Bring back all the laid off , furloughed employees. You have plenty of \$\$\$ and your going to get raise next year, quit killing the littler person that can barley make it as you wait on your raises.	7/26/2020 12:32 PM
796	Why is racism deemed a public health issue in Riverside? DO NOT take funding away from Riv Police Dept!!! Why has it taken sooo long to get access to the antibody testing in Riverside for Covid 19? Homeless-indigent populations roaming and setting up encampments is growing exponentially in Riverside still - why? I will be moving out of Riverside when I retire - I am no longer proud to live here anymore! I do not feel safe living in Riverside.	7/26/2020 12:25 PM
797	use the funds to balance the budget due to shortfall in tax revenue	7/26/2020 12:15 PM
798	The homeless population is bringing this city down.	7/26/2020 12:10 PM
799	Please make sure the Police are adequately funded so they can safely protect the citizens of Riverside.	7/26/2020 12:07 PM
800	Must keep people in their homes.	7/26/2020 12:00 PM
801	Give back to those paying for college and not receiving full benefits. UCR students are paying thousands to be taught online. Not fair.	7/26/2020 11:58 AM
802	Funding should be used to combat COVID-19. We are still very much at risk and need to make flattening the curve the main priority.	7/26/2020 11:50 AM
803	Mortgage/Rent assistance Food Funds to help schools prepare classrooms to pretext students and teachers so schools will be ready to open.	7/26/2020 11:31 AM
804	Is number thing is very bias there are more than one that needs to be a 12. I'm for supporting opting the school business and helping with child care to get parents working. I'm against housing for homeless.	7/26/2020 11:21 AM
805	Small businesses need much help	7/26/2020 10:53 AM
806	We need more police officers on duty since 8,000 prisoners were just released in Riverside due to COVID.	7/26/2020 10:48 AM
807	If PPE becomes something that is NOT available for healthcare workers, it should be advanced to #1 spot. I am a nurse and work in Riverside. At this point it has not been a huge issue. I don't know what will happen in the future, so that is the one caveat, but I would not want the city to focus on a non issue just because it is important.	7/26/2020 10:44 AM
808	Get back to work	7/26/2020 10:44 AM
809	Help business to open and be virus safe for people to go to work and business will not be destroyed.	7/26/2020 10:42 AM
810	More police because the idiots that run California keep Letting criminals out of jail making the streets unsafe for kids and seniors	7/26/2020 10:35 AM
811	Expansion of delivery services to those who are unable to go out. More eElectronic signs	7/26/2020 10:29 AM

encouraging people to stay in. Options for things people can do while the stay in place order is in effect i. e. Cooking healthy meals, exercise, family games. Make is easy to Find non-profits who serve the community. provide financial assistance to them specifically for staffing. Many of us who are not working have excellent skills in business, communication, human resources, etc. and managing large scale projects and would welcome the opportunity to participate in keeping our communities healthy.

812	Focus should be on helping small businesses reopen their doors. They have been crushed by the shutdown.	7/26/2020 10:24 AM
813	Small businesses that YOU have deemed non-essential are suffering and most will Never re-open because YOU have deemed them non-essential. This is squarely on YOY as leaders to make this all arbitrary. No one is non-essential, no job is non-essential. You have FAILED as leaders in learning to pivot and adjust.	7/26/2020 10:21 AM
814	The city needs a strategy to lower Covid numbers and help Businesses that may close, and families that need childcare. My business directly needs help paying our business lease. Rent is high and we received a two month discount but we need a longer rent reduction for business lease or waive rent. I think the city needs to mobilize residents to test. Pop up testing needs to be done at k-12 schools for all school aged children and their families before they can return to school. Employers needs testing for employees to ensure their safety. Giving out PPE helps. But the city a strategy to bring Covid numbers down. If people test positive, they need a quarantine hotel paid for and a supplementary money for missing work. This way, people will not infect other people. And they will get tested and take appropriate measures. The council needs to work with businesses and schools to increase testing numbers and then take measures to quarantine those positive.	7/26/2020 10:16 AM
815	The money needs to go to opening our city. We need our police and first responders. We need to open schools.	7/26/2020 10:14 AM
816	Do not cut funds for the Police or public protection in any way.	7/26/2020 10:13 AM
817	Rent laws to protect us from high costs or subsidize lower income such as < \$40000. Rent average for single person is \$26,400. There are more accurate figures than that but you see my point. Lowering utilities from RPU could help.	7/26/2020 10:09 AM
818	There are still alot of people who haven't recieved ANYTHING in the way of assistance. THEY NEED HELP WE NEED UNEMPLOYMENT HELP NO ONE IS ANSWERING THE PHONES PEOPLE CANT GET THROUGH AND THEY JUST WANT TO FEED THEMSELVES AND THEIR FAMILY'S PLEASE HELP THEM!	7/26/2020 10:07 AM
819	Providing support/education/enforcement of safety measures so that businesses that are open are following all the safety guidelines and an stay open without adding to the spread of COVID	7/26/2020 9:42 AM
820	The teacher and equipment for them	7/26/2020 9:17 AM
821	AS A SMALL BUSINESS OWNER I FEEL THAT THIS IS THE MOST DISCOURAGING OF TIMES DUE TO THE FACT THAT THERE IS NO END IN SIGHT AND THEREFORE NO ABILITY TO PLAN FOR FUTURE.	7/26/2020 9:05 AM
822	More funds for police department	7/26/2020 8:18 AM
823	Fund Police and Fire Departments.	7/26/2020 8:16 AM
824	We need our policemen and need help to work with homeless	7/26/2020 8:02 AM
825	Groups of homeless are being allowed to hangout spreading the virus with no regard!	7/26/2020 7:56 AM
826	A ton more funding and support for our health care workers (for PPE and ability to have plenty of available workers and not overwhelm the ones we currently have) and teachers (since it seems as though they're predominately used as child care for most of the people in our community).	7/26/2020 7:54 AM
827	My family has been blessed and stayed safe during this time, but I can't imagine the heartache that families have had to endure due to loss of job, not being able to pay for rent/mortgage, not being able to find childcare, not being able to buy food for their families. The pandemic and current state of affairs of our great country has taken a toll on many people and their Mental Health, we definitely need accessible supports in the community. I believe this to also be true within our police, sheriff and fire departments. I feel our Police departments have been essential during this time, And they need their funds to keep doing the stellar job that they are doing g to keep us safe.	7/26/2020 7:51 AM
828	Small businesses that have no received any sort of Assistance, they need to be relived in some way so that we don't lose all of our mom and pop / you business owners.	7/26/2020 7:33 AM
829	I think the people most affected by this pandemic are all non-profit organizations that usually provide a service. Nonprofits mot only have the workers affected but also the entire community at large that rely on their services. This is in contrast to small businesses that only affect the workers and owner (not to down play their efforts though).	7/26/2020 7:31 AM
830	clean up the homeless camps that are everywhere. Riverside looks like a third world country. This is the worst I have seen Riverside looking. I am thinking of moving my business out of the city due to all the homeless.	7/26/2020 7:26 AM
831	Anything for children. My kids are so miserable staying at home since MARCH and not seeing any friends. Knowing that school this fall will be distance learning doesn't help. We need	7/26/2020 7:25 AM

	schools to open for our kids mental health. We need parks open. We need splash pads open, it is hot and every year we look forward to going to the Doty trust park/splash pad. We don't have anywhere else to cool down. I have 4 children and I know many other parents feel the same way.	
832	Police Departments	7/26/2020 7:12 AM
833	essential worker otherwise guine pig for America. Lets see how this spreads? Grandson with autism unable to learn and socialize..no payraise from my company..need ppo	7/26/2020 6:34 AM
834	Preserving businesses/jobs should be our highest priority. We can not force businesses to close and abandon them. We either must open up all businesses so they can fend for themselves or we should make sure they do not lose their business over something out of their control. I wish i had more information but i have seen some of the small businesses i support vanish. This does not only hurt our community but it hurts our economy. We should put most of our effort into preserving and supporting businesses. Especially small businesses.	7/26/2020 6:29 AM
835	Funding should be spread evenly to support families in need of food, rental assistance and long distance learning assistance. Too much money under current plan allocated to the homeless. Please govern wisely and don't be swayed by the number of survey responses. Because of the short time allocated for responses, results can be skewed by a determined group of respondents.	7/26/2020 6:23 AM
836	include funding for Riverside Mutual Aid Network for Mobile Meal Program (email at: rivmutualaid@gmail.com)	7/26/2020 4:24 AM
837	Aid small businesses who lost or were affected with rent abatement to landlord or lease termination regardless of contract	7/26/2020 4:14 AM
838	Prioritize resources to small businesses. Usually large businesses are the first to find out and use resources.	7/26/2020 3:38 AM
839	Protecting the most vulnerable is of most importance. Plans should begin with providing ppe for the elderly along with accommodating their needs. Then insuring the insuring our children with the safest and best education.	7/26/2020 2:28 AM
840	Fund restaurants.. They are so conditional to covid hysteria it is most important to make business not abandon 92503..for good chain eating establishments serve this community more than growth factor family	7/26/2020 1:40 AM
841	Job training in the areas of Plumbers, Electrician, Carpentry,etc. Bring these back to our High Schools and JR Colleges.	7/26/2020 12:41 AM
842	I think we should help the most vulnerable with the basic needs like food, shelter and child care. Then, we need to help our businesses and schools with personal protection supplies and money to keep businesses and schools functioning during this pandemic. Students need internet access and devices. Businesses need help to stay afloat or else they can disappear!	7/26/2020 12:19 AM
843	I believe it should also be used for individuals struggling to collect unemployment (UI and PUA claims) due to the lack of staffing and efficiency of the EDD and the millions of us who are still unemployed. I myself put my claim in on April 5th and can no longer defer rent, my car payment, and am having to cancel my families Health insurance.	7/25/2020 11:57 PM
844	The health, both physical and mental and, the wellbeing of residents should be paramount to any community. Programs that satisfy these two components should be paramount, profit and non-profit businesses and agencies. Stabilize the people then you'll have the driving force to stabilize the businesses.	7/25/2020 11:56 PM
845	I think it is important for the funds to be used for those who have been significantly, adversely affected by the virus. My ratings above only apply to Covid 19 funds and wouldn't be the same for general fund dollars.	7/25/2020 11:50 PM
846	The City should enforce social distancing rules and keep high risk businesses closed so that lives are saved.	7/25/2020 11:24 PM
847	If local businesses follow safety guidelines and take the necessary measures and precautions to safeguard the customer, they should be allowed to stay open.	7/25/2020 11:12 PM
848	Please re instate my job. Residents of Riverside have never stopped using the parks. Recreation leaders are essential. Park restrooms are closed and the homeless population have overrun some from lack of field monitoring.	7/25/2020 10:45 PM
849	Help the people that are unemployed the most.	7/25/2020 10:45 PM
850	I wasn't sure if this is covered under "Housing Rental Assistance", but my top concerns are assistance with my 1st and 2nd mortgage; and, continuation or gap coverage of COVID-19 unemployment benefits.	7/25/2020 10:29 PM
851	If everyone could forgive everyone their debts just during the lock down until all can resume going back to work, ie: Rent, Mortgage payments, Auto loan payments, credit card payments, etc.. Otherwise there will be more homeless, etc...	7/25/2020 10:25 PM
852	Helping small business and residents who have lost their jobs must be priority	7/25/2020 10:19 PM
853	How about giving us our freedom back and helping people with the businesses that you allowed to be destroyed while 99.7% of people live from a virus that's not any worse than anything we face every day!	7/25/2020 10:11 PM

854	Provide help to the homeless , we have a huge home less problem the city starts looking disastrous	7/25/2020 10:10 PM
855	Please consider the needs of families before the needs of the homeless. Families need childcare so parents can work. Families need rental and housing assistance. Families need small business support. Families need tech assistance for their children to school from home. Without those things, there is no economy and no tax base. First things first.	7/25/2020 9:55 PM
856	Prioritize strengthening small businesses and investing in Riverside's future. Our long term strength will ensure we can support our communities in the long run.	7/25/2020 9:54 PM
857	The homeless situation has gotten out of control in the city. Everywhere I go there are men and women walking the streets and making me feel uncomfortable walking with my 3 daughters. Some of them are nice but there are a lot on drugs, going crazy on the streets. It's scary and I would like for the police to do something about the them. Help them get off drugs, don't send them to jail-send them to a rehabilitation center	7/25/2020 9:36 PM
858	Invest a portion of aid funds into non-profit organizations' covid relief fund. Designate it specifically for covid relief. They are connected to the affected populations and can assist quickly and directly.	7/25/2020 9:18 PM
859	We need to be able to function normally	7/25/2020 9:16 PM
860	CV-19 has escalated mental illness. Listening to fireworks tonight as I type this. Very disturbing for my family and pets.	7/25/2020 9:14 PM
861	People cannot work if they don't have anyone to take care of their kids, so finding childcare while kids are out of school is of the utmost importance. It is also important for people to be able to stay in their homes and keep their businesses while also being safe. Assistance to families and small businesses is vital.	7/25/2020 9:13 PM
862	Funding should be provided to college students that are trying to better their lives.	7/25/2020 9:10 PM
863	I was impacted hard because of COVID 19 , as everyone was . The best and fairest way is to subsidize utilities bills .	7/25/2020 8:57 PM
864	Provide childcare during the hybrid portion of reopening free to educators	7/25/2020 8:52 PM
865	Services should be available to all residents to make Riverside a healthy and vibrant community once again.	7/25/2020 8:50 PM
866	Ridding COVID is critical to the survival of Riverside. City government should do more in the way of education as to the dangers of COVID and how to avoid it. Riverside should lead the State of California in the lowest of all rates of infection!	7/25/2020 8:31 PM
867	Resources for testing need to increase. Family in other states got tested with a phone call to the Dr. and went in the same day Results came in within 24 hours.	7/25/2020 8:17 PM
868	stop buying new things that require maintance start maintaining what we have now. For example, our streets are in terrible condition.	7/25/2020 8:02 PM
869	Funds should put money/food in the hands of Riverside residents who need it the most. This could mean assistance paying rent or mortgage, food delivery or food vouchers for local grocery stores, utilities, and urgent medical care for those without adequate coverage. Many landlords have been understanding, but they may also need the collected rent money to survive. Many landlords are elderly people who rely on rent to cover their own living expenses since they are retired from working. So we can't just have indefinite holds on rent. (The large apartment complexes owned by REITs are an obvious exception to that. They are already over-charging and getting richer and richer every year.) Proof of residency in Riverside must be required to receive assistance, and to prevent fraud and gaming the system, it should be doled out per address, not per individual. Non-profit outfits should not get a dime of city CARES funds. City leaders would give money to non-profits run by friends, family, or people who could grant them political favors. Way too much corruption in that. It should not be given to organizations that support abolishing police and other extremist views. Funds should not be given to businesses, they already get other kinds of help from the government. The school district already provides computers to students who don't have them.	7/25/2020 7:40 PM
870	Take it advantage of well run nonprofits like Family Services, United Way, MFI To leverage your money	7/25/2020 7:37 PM
871	I cannot rank these, they are all valid, necessary, important services.	7/25/2020 7:26 PM
872	Improve clear and concise communication online and through social media. Counter and rebuke anti-science/conspiracy theories regarding COVID.	7/25/2020 7:22 PM

875	There are too many homeless near parks and schools.	7/25/2020 7:09 PM
876	My answers to #7 are based on COVID priorities, and would change somewhat without COVID conditions. Thank you for seeking input of our city's residents!	7/25/2020 7:07 PM
877	It seems that most residents has already purchased their own PPE. Many families are needing childcare assistance since schools are remaining closed. Without this assistance, they can't	7/25/2020 7:00 PM

	work the hours they needed, leaving them stuck in a situation where they can't pay their bills. Money needs to go to childcare workers and to schools to keep them safe.	
878	Provide childcare to all working parents, especially children with learning disabilities. They are way behind as is. This pandemic has made it harder. They need special education that a normal parent can not provide. Especially a working one.	7/25/2020 6:57 PM
879	It would be beneficial to the overall health of our city if we help with the mental health issues of the newly homeless population and the chronic homeless.	7/25/2020 6:49 PM
880	Please help the small businesses.	7/25/2020 6:47 PM
881	Don't only think about Covid patients , think about us who are healthy and have beaten this virus ! We have to live and provide for ourselves! Shutting down everything and locking everything up is NOT THE ANSWER ! Fight to open church's , gyms , malls ! Think of the moral! We are social distances already ! Stop treating us like Prisoners !	7/25/2020 6:39 PM
882	Everything should be done to enable people to stay sheltered where they are. People losing homes will increase our unsheltered problems	7/25/2020 6:38 PM
883	Get business back on their feet and rent/food etc won't be an issue. Get money being earned and you get rid of poverty.	7/25/2020 6:35 PM
884	Enforce mask and social distancing requirements, strongly publicly promote the concept of having respect for another person's health. Banners, sticker give-always, sign boards, etc.	7/25/2020 6:35 PM
885	No comment.	7/25/2020 6:32 PM
886	Please use the money to support all citizens in the community. I would love the money to help parents that work multiple jobs and can't stay home with their kids, schools and local small businesses	7/25/2020 6:30 PM
887	Helping the health care workers with supplies. Also helping the people that lost there job and helping students to get access to computers and Internet for school(distance-learning). We need to find away for every one to feel self in community.	7/25/2020 6:28 PM
888	Id like to see some funds used to reinvest in green businesses and infrastructure a d bringing good jobs to the inland empire.	7/25/2020 6:16 PM
889	Help with rental assistance, and utility bill.	7/25/2020 6:14 PM
890	The map of testing sites was not very helpful.	7/25/2020 6:12 PM
891	Procure and purchase USA made products only to get American economy going and promote unity and safety.	7/25/2020 5:59 PM
892	Follow the science, exhaust all options. No knee jerk reactions.	7/25/2020 5:50 PM
893	Thank you for doing this survey!	7/25/2020 5:43 PM
894	If we can assist small business who can then keep their employees, this will help people pay their expenses and cut down on public assistance. Provide schools with safe options for learning and provide childcare for working parents.	7/25/2020 5:23 PM
895	Thank you for taking our thoughts into consideration. Please keep our children in mind. Many parents are having to stress about jobs and housing, thus will need a great deal of support when it comes to educating and finding trustworthy care takers. Many families don't have the technology that they need to set their children up for a successful distance learning journey. Please continue to help keep our city clean. The pandemic has created a great deal of waste. Public safety and homelessness are also extremely important issues to address.	7/25/2020 5:14 PM
896	People before business	7/25/2020 5:12 PM
897	Closing businesses was never a good move; I don't want your hand outs or relief monies (which will eventually be a heavy tax burden on hard working persons like me). It is unbelievably irresponsible the way that this Covid- flu virus has been handled. IT is a socio-political agenda. I'm disgusted and angry. Mami Renteria	7/25/2020 5:04 PM
898	We need to ensure public safety remains a top priority (fire and police.) We need to support local small businesses and education for our youth. We also need to ensure public utilities and general maintenance/ cleaning of our city isn't neglected.	7/25/2020 5:04 PM
899	The homeless population and drug addicted on the streets and around Riverside is growing. They need to be assisted with getting off the street.	7/25/2020 4:56 PM
900	Medical vans to go to poor neighborhoods to inform the importance of hygiene	7/25/2020 4:37 PM
901	Rental and utility forgiveness will help almost all residents!	7/25/2020 4:31 PM
902	Make sure every household has face coverings and disinfectant wipes. Enough face coverings and protective equipment for first responders and hospital staff.	7/25/2020 4:23 PM
903	Internet access needs to be a public utility. Internet access for all! Internships should be paid positions which will open up opportunities for all, not just young people with rich parents.	7/25/2020 4:22 PM
904	More outdoor dining options especially since we will be living like this for the near future	7/25/2020 4:21 PM
905	Please help those in greatest need first rather than businesses, which has for too long been a Riverside hallmark.	7/25/2020 4:14 PM

906	Focus on homelessness, housing assistance and sustainability of our businesses	7/25/2020 4:06 PM
907	There's people not being able to go to doctors due to the high cost of health care in the country, families need more support.	7/25/2020 3:56 PM
908	We should be spending money on getting people back to work and saving their livelihoods and doing everything in our power to keep our city open!	7/25/2020 3:56 PM
909	First take care of the people who need it most, families in need, homeless with mental illness and disabilities,.	7/25/2020 3:50 PM
910	Increase public announcements about the importance of adherence to safety guidelines.	7/25/2020 3:45 PM
911	Give money to parents who have to teach at home and leave their jobs because schools can't open I'm having to take a leave of absence from work in fall until schools can reopen	7/25/2020 3:30 PM
912	Money needs to be spent on parks, community centers, senior centers, and libraries so they can reopen! It's time to redo the pool at Shamel Park and other facilities so people can get out of the heat and have some healthy activities! There are things that can be done to make these places covid protected, and everyone can take advantage of them and enjoy them!	7/25/2020 3:24 PM
913	Small businesses need to be enabled to conduct business and pay employees... service driven businesses such as restaurants, hair/ cosmetology / nail salons, need to be allowed to operate at normal standards.	7/25/2020 3:19 PM
914	Alot of people are suffering,if there is funds to help the residents and their families to stay in their homes and supply food,that would help a whole lot. Alot of child are going hungry,and parents are feeling the stress from not being able to support their families with food and shelter. It's been a big transition for everyone. The help would be great!!!	7/25/2020 3:16 PM
915	Business that applied for PPP should still be eligible for local assistance. The intended 8 weeks of support has come and gone. To limit small businesses because they applied for a federal program doesn't seem right considering how significant the closures have impacted their ability to stay open and keep individuals employed.	7/25/2020 3:16 PM
916	I do not know the whole picture to say what is most important. I do know that there is a need for internet for students for p-k-12 and college age. RUSD may be able to supply devices K-12.	7/25/2020 3:13 PM
917	None	7/25/2020 3:07 PM
918	Free health care for all (especially homeless) people living in Riverside	7/25/2020 3:04 PM
919	Please use the bulk of this money to keep people in their homes, with food to eat. Businesses may "die", but they can be reborn; people cannot. Let's work to keep every human as healthy as possible. After all, they cannot support businesses if they're no longer here.	7/25/2020 3:03 PM
920	You didn't include assistance paying utility bills. Pay-off delinquent utility bills with some form of loan of these funds. RPU needs the money.	7/25/2020 3:01 PM
921	PLEASE use the funding to create AND ENFORCE policies to stop the spread of COVID-19 and to stop families from becoming homeless and going hungry.	7/25/2020 3:01 PM
922	Send everyone personal protective equipment. Shutdown the country. Pay people that don't have enough money not to work to stay at home for 30 days so we can get rid of this virus.	7/25/2020 2:58 PM
923	NON-PROFITS will be extremely important to reopening our cities economy by bringing back valuable income from missing tourism due to shutdowns caused by this COVID-19 Virus.	7/25/2020 2:55 PM
924	Centers where students can do distance learning in a safe, social distance, closed cohort setting is really needed right now.	7/25/2020 2:54 PM
925	you need to help the sm buisness an resd 1st	7/25/2020 2:30 PM
926	You have forced business to close and parents to take on the responsibility of teaching their children from home and Struggling to find a way to work and care/teach kids at the same time. This city owes it to the business And parents/students effected By the cities choice to close!	7/25/2020 2:30 PM
927	After children, vulnerable populations should be the first priority. Keep people from dying.	7/25/2020 2:24 PM
928	Money should be put in residents' hands as directly as possible. Non-profit orgs are inefficient, wasteful, and lack oversight. Likewise, housing development projects mainly benefit real estate development companies and their shareholders. Thank you.	7/25/2020 2:20 PM
929	Public awareness of mask requirements. Clear messaging to city residents.	7/25/2020 2:18 PM
930	I've personally tried buying sanitizing wipes and gels online and through InstaCart, since March 13, and I can never get any. I wish there was a way...We've been self-isolating because of our high-risk, and it's unfair that this is continuing when we've avoided family, and I no longer can work. That's a loss of \$140,000 in my personal situation, while all around me people are having parties and people over...Perhaps the City should ACTUALLY listen to the Health Commissioner, instead of vocal anti-maskers and the right-wing Sheriff.	7/25/2020 2:07 PM
931	Assistance to families for food,rent,bills	7/25/2020 2:06 PM
932	it should be obvious that people need help staying housed and fed. remote learning for kids and childcare next. then help small business stay open. no millions to corporations and forbid bonus payments. all money must go to employees and ceo's cannot be considered employees.	7/25/2020 1:51 PM

933	If you are in a position to make decisions on how to spend this money, chances are that neither you nor your neighbors are the most needy. The most needy are the people who are out of options. Their biggest needs are shelter and food. When our children look back into history, they will judge us based on what we did for the neediest, not our friends or neighbors.	7/25/2020 1:50 PM
934	in some communities in northern CA park and rec buses/transportation vans were pushed out into lower income areas and rigged to be a roving virtual wifi spot. This may help those in our city that can not afford this service but need it for school, healthcare etc.	7/25/2020 1:48 PM
935	Many of our small businesses are hurting bad and in very real danger of going away, we need to figure out a way to help them.	7/25/2020 1:36 PM
936	Thank you for the opportunity to express my concerns.	7/25/2020 1:24 PM
937	Prioritize as follows: 1. Drive down infections, 2. Protect health care, essential workers and 1st responders, 3. Subsidize small businesses, 4. Help vulnerable people, 5. Help nonprofits.	7/25/2020 1:23 PM
938	Funding should NOT go to law enforcement, unless they are going to enforce the mask mandate and other physical distancing efforts.	7/25/2020 1:17 PM
939	Everyone has been impacted at this time. We have seen efforts to protect and support our front line workers, young children, elders, homeless, and families in need. However we have seemed to overlook our recent college graduates, many of whom are struggling to find work, permanent housing, and pay Bill's including student debt. To make this uncertain time worse the majority of recent grads do not qualify for economic benefit programs, despite not longer being supported by their families. In addition I beleive that we should address mental health, especially in young people who are now locked indoors. Mandated reporting systems and counseling that they would have previously had access to through the school system are no longer readily available.	7/25/2020 1:14 PM
940	We need to get people back to work. Helping all businesses including non-profits open their doors back up is essential. Once businesses are open, then jobs come back and people are able to pay their bills and buy more. Helping businesses helps everyone.	7/25/2020 1:12 PM
941	I think people need to be fed, have a safe place to live and be able to work. PPE is great but if people go hungry that doesn't help. Also, small business needs help to keep our city healthy	7/25/2020 1:12 PM
942	Help the more vulnerable people that are impacted more.	7/25/2020 1:05 PM
943	The City should be actively educating the public about the dangers of this virus, how to minimize risky behavior, wearing masks, and obtaining testing. The virus is out of control in Riverside County. Our children can't go to school, businesses cannot function and our health care system is overly taxed. Until the virus is in control we cannot return to a normal life. This is the primary objective!	7/25/2020 12:58 PM
944	Provide stability and security so the population has a sense of confidence from the city management, rather than fear of having to deal with the COVID-19 situation without guidance. With safety as the highest priority, children should have every opportunity for socialization and education. Don't let children be left behind because they lack financial resources.	7/25/2020 12:58 PM
945	Stop this Communist bullshit. Covid 19 has been exaggerated and my life is ruined.	7/25/2020 12:52 PM
946	Clean up the homelessness in parks also tons of trash on the streets on the 91 freeway it look filthy	7/25/2020 12:50 PM
947	Please consider not defunding police but redistribution and retraining for our officers to be qualified and helpful to help the community rather than instill fear of lack of real safety to all of the community	7/25/2020 12:43 PM
948	Parents need support with distance learning and childcare so they can work.	7/25/2020 12:30 PM
949	The disadvantaged and minority populations are most heavily impacted by the virus, we need to assist them first to avoid a social crisis that drives more people into homelessness/illness.	7/25/2020 12:24 PM
950	Regardless of the ranking, none of these will be of significance if the population does not adhere to the guidelines of wearing a mask, social distancing and maintaining appropriate hygiene. A continued campaign to get this message across is imperative! Also, an effective program of testing and tracking needs to be in place with timely results. Thank you for the opportunity to express our concerns.	7/25/2020 12:23 PM
951	To supplement loss of income suffered by residents who lost jobs due to covid19	7/25/2020 12:17 PM
952	Ensure police are well funded and have PPE & supplies needed. Give them the support and latitude needed to enforce the laws and keep our city safe, especially from riots. Do not allow our beautiful city to be damaged or destroyed by radical protests. Ensure hospitals have the PPE & supplies needed to provide the best care on a large scale. Remove homeless people from public spaces, help them get drug free and off of the streets. Preserve our beautiful, historic city. Thank you.	7/25/2020 12:12 PM
953	I don't agree with any of the above categories. #1 is more cops on the street and #2 is street repair and then maintenance.	7/25/2020 12:00 PM
954	The RUSD public schools are going to need appropriate PPE and alterations to current classrooms/school sites to support social distancing once phase 2 of their plan to bring students back onsite. Please consider supporting the schools in this effort to disseminate funds that service the citizens in the city of Riverside.	7/25/2020 12:00 PM

955	Thank you for this survey. My husband and I are residents of riverside and value our city. I am a nurse and my husband works in healthcare. I see firsthand that COVID 19 is something to be taken seriously but I know that it has really affected our community. The city really needs to use the money to help with basic needs. Help with rental support to keep people in their homes and prevent the wave of evictions, help families struggling to feed their children, help non-profits who are actually providing a benefit. Help small business (especially those POC) really working in our community. And by small business I don't mean what the federal government did by giving it to "corporations" or religious institutions please!!!!. focus on minority communities that investing a lot into buisness in riverside. Finally as a nurse we need to help with access of healthcare. PPE is needed. I know my hospital (like others) struggles with having enough. With the loss of jobs people are losing their health insurance and we need to have adequate testing and contact tracing in our community. thank you	7/25/2020 11:52 AM
956	I think it needs to be open immediately just like newsomes winery never closed. I think a stop needs to put on ruining and destroying our lives. Newsomes businesses have not been affected because they never closed! Police need extra funding not to be defunding and schools need to reopen then no need for many in surgery! How are single parents supposed to have kids at home not work????	7/25/2020 11:45 AM
957	Money should provide for homes for the homeless, food for the hungry, facilities for learning first! Once all people are fed, housed and educated, some money should be applied for businesses owned by POC and women. I see giving money to people who have already been given every advantage just by being born a white male inappropriate.	7/25/2020 11:43 AM
958	* Funding for places that kids can do schoolwork and socialize if schools remain closed and parents have to work. * child wellness programs and centers including mental health *Vocational training assistance for those that have to restart new careers due to businesses closing because of economic downturn	7/25/2020 11:41 AM
959	I think the city of Riverside needs to utilize some of this funding and create a task force to initiate and stabilize mandates regarding businesses not following guidelines and staying open during this pandemic and enabling the spread to keep running rampant.	7/25/2020 11:31 AM
960	Open the parks. Stop all high density housing as it makes transmission of infection way easier	7/25/2020 11:31 AM
961	I think it's important to keep funding focused away from businesses and more towards creating affordable housing for individuals.	7/25/2020 11:29 AM
962	With the social distancing and those of us who follow the guidelines, I'd like to seem new ways of developing safe community events.	7/25/2020 11:28 AM
963	It should be spent on PEOPLE in the community that need HELP and it should not be done with a lot of red tape asking this question and that and should not be done to embarrass the person asking for help	7/25/2020 11:28 AM
964	I've chosen non-profits first as they have the means and ability to turn a little bit of help into a lot of assistance. Not everyone will be happy with your decisions but please be sure that the "least of these" in our community have the basic necessities of food and shelter. Then next should be the small businesses that are the steam engines of our local community that drive us forward.	7/25/2020 11:19 AM
965	Small business protections	7/25/2020 11:15 AM
966	Please give assistance to all the small businesses. A lot of good hard working Riverside residents have lost or will loose their businesses.	7/25/2020 11:14 AM
967	I think its a great cause and will be very useful	7/25/2020 11:13 AM
968	Thank you for requesting community input.	7/25/2020 11:09 AM
969	Landlords need help too	7/25/2020 11:02 AM
970	Our students need our help! Everything else has been modified to keep the economy going but we can't have school outside. Help our schools! Help our children. They are the future! Distance learning is internet access and devices but it is also supporting professional development for the teachers. Invest in the future of the City of Riverside.	7/25/2020 10:58 AM
971	We should have signs around strip malls and frequently visited areas posted mandated mask wearing zones with hand sanitizer stands to encourage germ free. Hotels and businesses should put them by doors and elevators. I've seen this working well in Colorado and Utah.	7/25/2020 10:55 AM
972	allow all businesses to open up and that will put everyone back to work, then there is no need for you and your constant meddling in peoples business. Clean up the city from the homeless population that is mentally ill and put them into either rehab or jail. Stop acting like they are welcome. You obviously have not interacted with them many are very very mentally ill or drugged or drunk. You are leaving them to their vices instead of requiring them to get well and become productive members of the community. Yesterday, four of them along a 3 mile stretch of magnolia were so "out of it" that I thought about how you have allowed this to gone on and you should be ashamed of yourselves. Get the homeless off the street whether they like it or not. Get them sober and supervised AND off our streets, out of our neighborhoods, out of our doorways, out of the Santa Ana River and off the bike path which is for biking but has become a freeway for the homeless.	7/25/2020 10:51 AM
973	This is all fake, there wasn't a real pandemic. All made up crap from Dr Fauci, Bill Gates and China. Fauci predicted a pandemic in 2017..... how would he know this?? He know this by	7/25/2020 10:38 AM

	Inventing the pandemic in a petri dish with China and Bill Gates follow the money	
974	Supporting non profits and artists in our community	7/25/2020 10:36 AM
975	The essential workers in hospitals need to be supported during this pandemic. They deserve the proper equipment to be safe. Families need help to survive during this time where it's almost impossible to work and make enough money to pay for basic necessities. There shouldn't be a list of what is most important. Everything on this list matters and deserves so much more than is being offered.	7/25/2020 10:36 AM
976	Those items in the question 7 are not all relevant right now. I would have left most of them blank if I could have. We should be looking at individual families, and determine who is really in need. Those people should be helped first, top priority. Businesses need to be helped to remain open so people can work and provide for their families. People should not be encouraged to not work by being given financial assistance greater than what they earned while working. The main concern is that people should be helped to remain in their homes and put food on the table. We don't need more homeless. Most of this could be accomplished by allowing businesses to open so people can get back to work. I don't believe this virus is the threat to the mainstream population that many are making it out to be. People need to be able to get back to work.	7/25/2020 10:34 AM
977	Basic needs must be met first (food, shelter, health care, transportation). Then, address the needs of the residents and make sure they have access to education, jobs, and things that will keep them busy and mentally stable.	7/25/2020 10:33 AM

980	Allow overtime inspection for construction projects on Saturday and Sundays. There's a constant cry for paying for overtime inspection fees when in reality, construction is booming right now because traffic is down, yet we can't utilize weekends to continue productive work without having to pay a price.	7/25/2020 10:22 AM
981	Kids should be able to go back to school without the distance learning.	7/25/2020 10:20 AM
982	mental health and homeless shelters	7/25/2020 10:18 AM
983	We need help get kids sports back up and going...maybe fund prep for teams or officials...it is not just for the kids but many people rely on them for work...my husband is an umpire as his 2nd job and cant work now and because it is a 2nd job he cant get unemployment it is killing us financially...I work with nonprofit fundraising events and they are canceled to so we are really feeling this	7/25/2020 10:16 AM

986	Money or grant for hospitals, EMT, fire etc. first responders as well as money to prepare elementary, middle, and high school for in person learning by chairs and ez-up's that can be set up outside and easily disinfected for easy rotation of periods or subjects with accommodations for special ed kids such as in person testing, extra time, or an aid to help a small group of kids.	7/25/2020 10:14 AM
987	It is not sustainable to live outside a budget need to do the right thing for everyone my kids are going to inherit a debt that can never be repaid need to find a way to have people want to get off unemployment if people can work please work if they truly can't then that's where we help one another	7/25/2020 10:12 AM
988	Bonuses to first responders, prepare schools for in person learning (small business contracts, not directly to schools). Stop spending \$ on the homeless and enforce the current laws so they go away.	7/25/2020 10:10 AM
989	If adapting parks and city spaces means moving the homeless out of these areas then change my rating to #1 for that item. They are a public health problem that are residing in our public spaces with no response to residents to correct this public health crisis of defecating, leaving used needles and spreading COVID-19 come on city officials get a handle on this	7/25/2020 10:07 AM

996	The best way to prevent renters from losing their homes because they lost their jobs or are laid off is to subsidize the renter. The best way prevent homeowners from losing their homes because they lost their jobs or are laid off is to subsidize their mortgage payments. Small and/or independent businesses should be eligible for low-interest loans, payroll subsidies and tax breaks. Multinational corporations and large chain stores should be last on the list, not first, to receive assistance.	7/25/2020 10:01 AM

999	Provide resources to members of the community to plant vegetable gardens For their families. To involve their children to be self sufficient.	7/25/2020 9:50 AM
1000	Provide free quality internet connected to school devices so there is equal access to virtual learning for all students.	7/25/2020 9:46 AM
1001	Help keeping grocery stores open along with restaurants.	7/25/2020 9:43 AM
1002	People should be fined if not wearing a mask where required.	7/25/2020 9:43 AM
1003	Focus should be on adequate housing for the homeless. Provide rent payment assistance to those families affected by unemployment due to COVID19 Pandemic. Put a hold on all evictions to families affected by unemployment due to COVID19 Pandemic. Fund more locations of Food donation centers for all. Fund more testing for COVID19 for residents. More funding for adequate inventory for residents when vaccinations are released. Fund procurement of masks for all residents, including the homeless.	7/25/2020 9:40 AM
1004	Take care of our first responders first. Bonuses to medical, police, fire, EMT, etc. Set up our schools so our children can return to in person learning.	7/25/2020 9:38 AM
1005	Is there a way for community members who are under or unemployed to have income opportunities through supporting needed services in the community? Helping with testing, food distribution, clean up, public education. I want our community to come together somehow and work together in mutually beneficial ways.	7/25/2020 9:34 AM
1006	Specific help for gyms and permits for hosting classes in parks. Health is of utmost importance in fighting this virus. And all of Riverside's gyms will be gone before the years ends.	7/25/2020 9:32 AM
1007	Assistance to health care workers and churches so they can reopen.	7/25/2020 9:32 AM
1008	Crime and violence is my biggest concern. Everyone is experiencing what THEY think is the worst thing ever and its creating friction. People are assuming the worst about people and arguments turn into fights that turn into criminal behavior that turn into MAJOR safety problems EVERYWHERE!	7/25/2020 9:32 AM
1009	This is a health emergency. Take care of those in the city that need direct help the most. Small business may not be able to recover too, but when that day arises make sure we hold the higher government accountable. And when I say "higher" I mean federal. We would not have had thousands of people die if it wasn't from good national leadership. Hold people accountable for benefiting from this virus while others are losing their lives.	7/25/2020 9:28 AM
1010	Support small businesses in opening up with help providing appropriate safety measures. Encourage/help with things like outdoor use of space, even if it means reduced parking. Ensure kids are not left behind due to distance learning. Reduce covid count to open the community.	7/25/2020 9:22 AM
1011	Help small business and open our schools. If we allow our younger generation to not learn (or let the untrained parent teach them) we will forever change our standers of education and create an uneducated new generation.	7/25/2020 9:21 AM
1012	Make Rent payments directly to landlords	7/25/2020 9:18 AM
1013	I think there should be a hold out on rent for people who can provide proof of loss of income and for some reason don't qualify for unemployment or do not get enough money in unemployment to pay for rent. And maybe open up another testing site. I've waited on hold for so long with the county site and most recently haven't even gotten through. Cvs never has testing availability either. If people actually have Covid they won't even be tested in time or will be over it by the time they even get to be tested.	7/25/2020 9:17 AM
1014	Implementation and enforcement of mandatory health precautions--masks, social distancing, etc. Careless and/or ignorant actions by some affect everyone.	7/25/2020 9:14 AM
1015	Program to help at risk individuals (elderly, immunocompromised) to recieve delivery of food, medication, necessary supplies without having to leave home or pay fees through services such as instacart. For the most vulnerable it is difficult to stay safe when they don't have the means to cover additional delivery service costs. Many elderly are not computer savy and don't understand how to use, or have transportation to use curbside pickup options.	7/25/2020 9:12 AM
1016	I think the mo ey should be spent to renovate businesses to open back up.	7/25/2020 9:10 AM
1017	To the schools for in person teaching and kids able to play sports and activities.	7/25/2020 9:08 AM

1018	help should be provided for businesses to stay open	7/25/2020 9:08 AM

1020	Mandatory mask and increasing fines for those who refuse to protect community health.	7/25/2020 9:02 AM
1021	Middle class families have also suffered. It seems like you give everything to the welfare people, illegal immigrants, drug addicts, and homeless. We struggle too. More than you people realize. The death of a child, surgery, etc., put us in a bind but never asked for any assistance. There are a lot of people like us.	7/25/2020 9:00 AM
1022	Open the city so we can go back to work and feed our families and pay our mortgages	7/25/2020 8:58 AM
1023	LA had a special Angelino card. Why not do the same for Riverside?	7/25/2020 8:58 AM
1024	Too many variables	7/25/2020 8:56 AM
1025	We need to help small retail stores and restaurants that don't have outdoor space of drive through. Use a targeted approach. Child care will be a need and I would re-open parks and just put a hand sanitizer station at them. Cover instacart fees for elderly and/or partner with Amazon to get elderly free Prime accounts. We need more 20 min COVID tests. They have them. ... the three day ones out too many people out of work waiting for results.	7/25/2020 8:51 AM
1026	Small businesses not owned by corporations Please put the services in the places where people who are really struggling get the temporary help they need.	7/25/2020 8:50 AM
1027	Get the city budget in order, without raising taxes, the city was already facing bankruptcy before the pandemic.	7/25/2020 8:50 AM
1028	Help the people that lost their jobs because of this pandemic and can't get unemployment	7/25/2020 8:49 AM

1030	I am a resident Homeowner in Riverside County.	7/25/2020 8:47 AM
1031	Our city needs to help people stay in their homes. We already have too many homeless. We also need to keep jobs and businesses running to help eliminate the housing and food uncertainty	7/25/2020 8:44 AM
1032	Please consider hand sanitization stations around all parks.	7/25/2020 8:41 AM
1033	There has been an abundance of food being distributed throughout the City of Riverside to the point where organization are looking for people to give it to. Also PPE supplies have increased and are now available for people so I do not see this as a priority.	7/25/2020 8:34 AM
1034	MENTAL HEALTH/HOMELESSNESS! Clean up these streets!!! Our safety and well being should be priority!!!	7/25/2020 8:33 AM
1035	I feel assistance should help all businesses in our communities especially the family owned businesses.	7/25/2020 8:31 AM
1036	we need patrol or speed bumps on our street....somebody is going to die or be seriously injured	7/25/2020 8:30 AM
1037	We need to increase testing availability and testing turn around time	7/25/2020 8:29 AM
1038	Please do not take this \$ and just funnel it into the unpaid pensions. Put this to good use and help needy families get back on their feet. This does not need to go to the local "small business" gourmet burger joint so they can keep their doors open, this needs to go to people who are about to get kicked out of their homes, or who need childcare so that they can go to work. Would also be nice to develop care/health packages for needy homeless individuals.	7/25/2020 8:28 AM
1039	Students need to learn and need support with technology needs. Being that students are not going into the classroom they are in need of mental health support. Last, there is not enough child care facilities for students who are home, especially with teachers returning to work. There are more families who will need childcare services.	7/25/2020 8:20 AM
1040	I would like to see Health officials out in places where teens hang out (ie: Skatepark on Jackson). These people should be educated on Covid and provided with masks, if these places are to remain open. If they refuse to wear masks, they should be cited. The younger population is currently the biggest spreader of the virus. If we want schools to open, we need to control the spread among the young. Parents should also be made responsible for making sure their children are following social distancing rules. Also, I would like to see a hotline (for neighbors to call) and group established to visit gatherings that do not follow social distancing guidelines. Those of us who have been following the guidelines are tired of the shutdown continuing because other people are not taking it seriously.	7/25/2020 8:18 AM
1041	The city should prioritize vulnerable populations.	7/25/2020 8:18 AM
1042	Riverside severely needs affordable housing for our poverty, impoverished, and homeless. Each individual needs 3x minimum wage to even try to get a rental anywhere in our city. Housing first for the working class.	7/25/2020 8:17 AM
1043	My thoughts don't matter. This council will do whatever they've already decided.	7/25/2020 8:17 AM
1044	Faster testing times. Faster results. Tracing and more tracing of individuals who have tested positive. public information to encourage stay at home and stop social gatherings. Most	7/25/2020 8:16 AM

importantly code enforcement for businesses not following proper health mandates like bars and restaurants opening and fines to individual not properly wearing face+ coverings.

1045	We need more testing and quicker results. Taking 7 to 10 days is too long to wait.	7/25/2020 8:15 AM
1046	I believe the basic needs of shelter and food will be primary focus areas along with health (physical and mental). Helping families not lose their current dwelling will be important. Helping non-profits (which I represent) will be important as they assist many residents in all areas in our region. I also want to encourage new creative ways of possibly creating learning "pods" of families linked with other families for learning together virtually plus also having social connections with other children of same ages. Needs more creative thinking in new ways of education that are producing learning but also thriving in social areas as well. Thank you for the opportunity to speak in to this via this survey. 1047	Keep law and order!	7/25/2020 8:13 AM
1048	Find some way to socialize home bound seniors. Some have been in, solitary, for months without their centers to visit.	7/25/2020 8:13 AM
1049	Do more to enforce mask usage	7/25/2020 8:13 AM
1050	Assistance for animal shelters	7/25/2020 8:11 AM
1051	Help for those who have reduced work hours or furloughed because of covid	7/25/2020 8:11 AM
1052	As a community, we have to do everything possible to save our small businesses. They are a large base of our economy and our way of life. The non-profit organizations should look at requesting donations from wealthy entities or individuals who can afford it, not the City. Thank you for seeking our input. Monica Pearson	7/25/2020 8:09 AM
1053	I don't want money to be taken from law enforcement	7/25/2020 8:03 AM
1054	We must focus on the long-term, as this will not be over soon. First, most immediate, priority is keeping residents housed and fed, and ensuring all children are engaged in remote learning. Second priority is ensuring locally owned small businesses can remain financially viable and continue to provide local jobs. Providing an economic safety net so everyone can shelter in place must be the prime imperative. Covid-19 relief funding absolutely should NOT be given to large corporations, nor used to supplant other local funding or existing poverty relief programs.	7/25/2020 8:03 AM
1055	Provide safe outdoor activities at parks and community centers.	7/25/2020 8:00 AM
1056	Our non-profit is in Riverside County.	7/25/2020 7:59 AM
1057	Education first! Local and Small business success is key	7/25/2020 7:54 AM
1058	First and foremost, masks should remain mandatory. Please stop giving into pressure from people who reject science. Second, the funding HAS to focus on our small businesses. Our small businesses ARE our local economy and the source of so many citizens' livelihoods. If you allow those businesses to go bankrupt, the City will quickly follow. You'll exacerbate the homeless problem and allow outsider conglomerate businesses to take over our city and send our money elsewhere. Our money needs to stay here, and that starts with security for small businesses and small business owners.	7/25/2020 7:54 AM
1059	Free facemasks and hand sanitizer.	7/25/2020 7:52 AM
1060	The City needs to support the small "mom and pop" businesses to ensure they remain open. Riverside does not need a bunch of empty businesses that once closed will never re-open.	7/25/2020 7:47 AM
1061	Would love to see funding help small business owners in Riverside! They are suffering the most.	7/25/2020 7:47 AM
1062	Help our schools so children can go back and parents feel safe. Smaller classes, more teachers/staff, more nurses on campus-at least one everyday at every site, counselors at every site, technology per every student, better classrooms with adequate furniture and ventilation system. Schools would benefit dramatically. Parents could go back to work.	7/25/2020 7:40 AM
1063	Help small businesses!	7/25/2020 7:39 AM
1064	The city needs to put people over profit and learn from opening way to soon. This is a unique situation and we need to help families in need. I know it's hard but make the right choice even if it's unpopular. This is not about politics nor your political agenda.	7/25/2020 7:32 AM
1065	People in this part of Riverside are mostly poor and will need housing as I am sure many have lost their income, food is another survival need, utility expenses. When these needs are met people can survive without the fear of homelessness. Than close down the communities to bring this virus down to a safe level.	7/25/2020 7:30 AM
1066	didn't complete since I am not resident of riverside city but live in blythe which is in riverside county.. fyi stronger "encouragement" for ALL business to require masks inside their business as legal requirement not just a suggestion. Strongly support business who turn customers away without masks, educate those who think this is a government tactic or whatever that covid19 is real and will eventually touch their lives unless we world wide unite.	7/25/2020 7:28 AM
1067	Stronger enforcement of face covering.	7/25/2020 7:27 AM
1068	I believe if we help businesses/no profits (aka the places where people work) we can help the entire community. Especially those with lower income.	7/25/2020 7:27 AM

1070	Keep the city solvent first and foremost	7/25/2020 7:24 AM
1071	As long as it doesn't line the officials' pockets or go to some environmental cause or road repairs. We have been taxed too many times in the past and this money needs to be spent wisely.	7/25/2020 7:23 AM
1072	schools are not opening which leaves parents and daycares with the full burden of providing students with supervision, furniture, school supplies, and food while the schools receive all the funding for such	7/25/2020 7:21 AM
1073	We need to get our hair and nail salons open. These people are trained in disinfecting and clean practices. Their stations are usually around 6 feet apart. It's ridiculous. They get no other support.	7/25/2020 7:20 AM
1074	Support our police, fire dept, emergency services to keep our communities safe	7/25/2020 7:18 AM
1075	Honestly, the amount money being freely given to the homeless is RIDICULOUS! But a small business owner like myself who has lost ALL income, but still has to pay all bills CANT GET A PENNY! on top of that, we all know our business licenses will skyrocket next year, even though they are already absurdly high. The money spent on the "downtown art" after the looting is a joke! Total waste! How about help the businesses stay open rather than make the closures and damage esthetically pleasing? Also, MASKS ARE A JOKE AND YOU'RE A PAWN IN THE GAME IF YOU ARE REALLY GOING TO MAKE PEOPLE WEAR THEM! PLAN-DEMIC FOOLS!	7/25/2020 7:12 AM
1076	Make sure that not one penny goes to the rich	7/25/2020 7:11 AM
1077	Riverside needs alot more Messaging in media to tell people to stay home, public distance and wear a mask. Most people dont follow the city and are walking around thinking they dont need to wear a mask anymore. I personally know people that have false ideas of conspiracy and that's shared all over social media. I havent seen our city to any outreach and its important! People are not getting the message of why they must help to get our city back This is really sad.	7/25/2020 7:02 AM
1078	currently homeless due to Covid19 but staying at shelter, I would like affordable housing; I see the efforts put out in transportation, mental health, parks, small businesses, non profit, distance learning, homeless outreach, food assistance, etc. I fell in love with this innovative city, 20 years ago and these are my people. A shout out to Erin Edwards, Andy Melendrez, Ronaldo Fierro and Chuck Conder...Go get them Tigers!! GRRRRR	7/25/2020 7:02 AM
1079	I'm sure you've already thought about this. I just think it would be wise to be as transparent as possible with this funding, especially with some of the taxpayer representatives who like to exploit things and make allegations in public meetings.	7/25/2020 7:01 AM
1080	Get businesses open and people back to work.	7/25/2020 6:58 AM
1081	The money needs to be invested into the residents (especially those in dyer need), the community(start at the lower in come neighborhoods then work your way up to the higher in come neighborhoods), and the small businesses owned by riverside residents, Not into any political representatives pockets or big corporations. We as the residents pay taxes, and invest time and money into this city and now it your turn to invest into us, especially now more than ever. The government is in place to keep peace, order, and most importantly equity within its community and city. No more bs, corruption, and lies. Are you with us or against us like this president and it's administration.	7/25/2020 6:58 AM
1082	You have to help people keep their homes, have food, small businesses, get the kids back to school so their parents can go back to work. Those are the most important things. Everything else will work themselves out.	7/25/2020 6:58 AM
1083	No help for the homeless	7/25/2020 6:51 AM
1084	Making sure all hospitals and first responders have PPE supplies	7/25/2020 6:40 AM
1085	Affordable housing is extremely necessary	7/25/2020 6:39 AM
1086	I live in Moreno Valley, a lot of money is spent from Moreno Valley at the business's just to the West of Day street at the top of the hill where Moreno Valley begins, yet Riverside gets ALL the tax benefits... give some funds to Moreno Valley to help us out too. We matter quite a bit to Riverside's economy, give us a big meaty bone, don't hoard it all!	7/25/2020 6:30 AM
1087	None	7/25/2020 6:27 AM
1088	Funding should be used to Provide proper PPE and Sanitizing materials to our hospitals and medical facilities. We need to help the people and places that are housing the Covid patients first.	7/25/2020 6:10 AM
1089	Testing is my number 1 concern. Children are my number 2 and then the community. Homelessness is a concern but you cannot force people to change so put the funds towards helping people now not long term planning and construction.	7/25/2020 6:05 AM
1090	.	7/25/2020 5:54 AM
1091	Ppe supplies, enforcement of masks wearing and communication from city government is priority in my opinion.	7/25/2020 5:39 AM

1092	Support homeless.....make use of empty land to plant more vegetables, more public park	7/25/2020 5:18 AM
1093	Encourage common people to wear mask keep social distance and sanitize yourself.	7/25/2020 4:29 AM
1094	The funding should be used to help #4 and #2 in Question 7 above. I think they're important. It's preventable lead to increasing homeless population when people lost a job/home.	7/25/2020 4:15 AM
1095	For Families in need of food due to COVID 19 , people lost their jobs and are on the edge of losing homes!!!	7/25/2020 3:32 AM
1096	Need food. Rent assistance	7/25/2020 3:21 AM
1097	Funds should be used to assist families with food, health, shelter, safety & education.	7/25/2020 3:09 AM
1098	I believe funds need to go to housing/renting assistance. People need housing safety before anything. Invest in people of color, business owned by people of color too. They have been affected the most.	7/25/2020 3:07 AM
1099	Funding should be allocated to individuals and organizations that have adhered to the safety rules put in place by the governor and scientists, not to businesses that refused to follow the rules and contributed to the spread.	7/25/2020 3:03 AM
1100	Take care of people who have lost income instead of just giving it to people on government assistance and have not lost any income as a result of the virus. People who solely rely on government assistance shouldn't get a raise while people who's livelihoods have been stripped away are wondering how they will pay the bills.	7/25/2020 2:43 AM
1101	Important for Seniors and most vulnerable to have healthy nutritional meals delivered. Most are alone, isolated and trapped. Important for Good healthy nutrition.	7/25/2020 2:30 AM
1102	Funding should be used to promote masks and social distancing as a normal part of life. Small businesses should be given funding so they can stay in business. Also, parents in need should be given funding to pay for child care. There should be a system that matches parents with nearby licensed child care providers and also gives the child care providers funding to maintain safe conditions, social distancing, etc.	7/25/2020 1:15 AM
1103	Get small businesses and others open and employees back at work ASAP...everything will improve from there	7/25/2020 1:11 AM
1104	Need to help the most vulnerable who have lost jobs and are having trouble feeding their families or paying for their housing.	7/25/2020 1:08 AM
1105	Food, rental and small business assistance	7/25/2020 12:59 AM
1106	I honestly think DPSS should get a bonus for all workers.	7/25/2020 12:58 AM
1107	First ensure childcare and K-12 students are adequately equipped strong internet connectivity and interaction with both teacher and peers. PPE has next importance in all public places, especially healthcare (including dental and vision), plus grocery.	7/25/2020 12:52 AM
1108	Nutritional Meals for seniors and most vulnerable so important. We really are isolated and trapped. Thank you	7/25/2020 12:51 AM
1109	Provide testing and supplies at Nonprofit Agencies and Park Centers	7/25/2020 12:48 AM
1110	People have lost their jobs and need help with rent, food, and utilities. Next, on the list is childcare assistance as many of these families will need childcare as they go back to work and school.	7/25/2020 12:40 AM
1111	Children's mental health. Services for seniors, ie places for them to go for companionship	7/25/2020 12:39 AM
1112	Appoint a panel of research specialists/ doctors/ Covid specialists and combine with public health outreach on mask wearing, vaccines, access to testing etc. Mortgage programs for healthcare workers eg nurses. PPE for health care workers, nurses	7/25/2020 12:29 AM
1113	The healthcare workers need assistance we are the frontline workers that put a lot at risk to help those in need. They call us heroes yet we need a lot of help	7/25/2020 12:17 AM
1114	Help businesses open up which will employ citizens, enable them to buy food, and pay rent. This will help alleviate stress for families and children. People want to have the dignity of work, purpose, and achievement. Also, open parks and libraries. Not to mention, it would be nice if Riverside invested in affordable places for families to go like an interactive city museum filled with fun challenges or a place families can go do a high ropes type of course with picnic areas and a stream for splashing in during the summer. Several of them all over town would be a huge benefit, a huge draw that would generate money, and employment for many people. Families are starved out here. Please consider it.	7/25/2020 12:15 AM
1115	I'm spending do much money on ppe, sanitizers, masks, etc. My credit card balance is very high due to the pandemic expenses. Please help. Thank you.	7/25/2020 12:13 AM
1116	I'm a licensed insurance agent that can help with health insurance, retirement insurance & life insurance. I'm also working hard to bring other career opportunities to Riverside & am looking to build a community of leaders & job opportunities!	7/25/2020 12:05 AM
1117	It's should be use for people that lost the jobs and don't have money for the rent or Mortgage	7/25/2020 12:01 AM
1118	Please monitor wasteful spending.	7/25/2020 12:01 AM

1119	anyone that receives funds must be audited	7/25/2020 12:00 AM
1120	Any money should ONLY be used to help LEGAL Citizens, and Seniors!	7/24/2020 11:59 PM
1121	We need to use the funds on Riverside residents, law abiding citizens, and children.	7/24/2020 11:58 PM
1122	The worst thing that could happen from this emergency is that city small businesses are forced to permanently close. We need jobs in our city so that residents can pay their rent, utilities and medical insurance.	7/24/2020 11:55 PM
1123	We are a couple in early 60 We dont get social security.we must work to survive. We dont qualify for food stamps. Most income pays rent and bills. We need food most distribyion is far from 92507. Help	7/24/2020 11:52 PM
1124	Rec programs, Parks, libraries, & opportunities for the mental health of kids to be strengthened in person. Also, Business need to be allowed every opportunity to operate, to give their employees a paycheck. Create those opportunities and the economy will rebound and life will move on quickly.	7/24/2020 11:51 PM
1125	Our homeless population really needs help. Too many drug attics are on our streets making them very dangerous even in the daytime. There have been brac ins where I live in a senior gated community	7/24/2020 11:47 PM
1126	Use funds to help clean the city parks and community services that need sanitization. Schools will need funding to sanitize common areas and playgrounds.	7/24/2020 11:45 PM
1127	Put money into elementary schools by getting face shields for the children to send the kids back to school	7/24/2020 11:44 PM
1128	I think we should trust our City Staff to figure this out. It's why we pay them.	7/24/2020 11:43 PM
1129	Special needs students and their families are being forgotten at this time. How about a School supplies drive? Backpack giveaway? Parents have become PT, OT, speech, aba therapists and now teacher to their special needs student without any supplies. Also all of the children who will be left home alone because the parents have to work. What about the nursing homes and group homes? Im the nursing homes they are so lonely.	7/24/2020 11:41 PM
1130	better availability to get food to the poor families/people that don't have transportation to the episcopal church or other places that are giving it away. Have give away stations in poor neighborhoods, casa blanka	7/24/2020 11:40 PM

1132	The small businesses in the marijuana industry need assistance too. They are not federally legal therefore did not qualify for ppp and loan programs. They are local businesses too.	7/24/2020 11:39 PM
1133	Additional funding can be given to schools as they start to reopen, for supplies teachers and staff may need in order to feel safe.	7/24/2020 11:35 PM
1134	Include all residents	7/24/2020 11:33 PM
1135	City funding should go to small businesses or to those with a shortage in food.	7/24/2020 11:32 PM
1136	Please make sure there is enough PPE, hospital beds, and medical staff to help with this surge. Please anticipate a bigger surge. Please use funds for food assistance, mental health, and small business support. Keep employees employed and avoid job loss to strengthen our economy.	7/24/2020 11:29 PM
1137	Find a way to provide assistance to anyone that applies for the utility assistance program even if they exceed the income requirements. Some of us are still struggling with mortgages and other bills but supposedly "make too much to qualify" Give us all a break. Maybe even change back to winter rates this year. Summer rates are killing us especially for a lot of people that are WFH.	7/24/2020 11:28 PM

1140	We need a clever and persuasive public-education campaign convincing people to wear masks, similar to what was done nationally for not smoking, wearing seat belts, not driving drunk, etc. Billboards all over Riverside with slogans, ads on tv/radio/social media, etc.	7/24/2020 11:25 PM
1141	We need to take a common sense approach to the coronavirus. There is a lot of shaming going around when it comes to wearing a mask or not and frankly the consensus on the benefits of wearing a mask is mixed. Out of an abundance of caution I think people should continue wearing masks but it should not be forced upon people. If a private establishment for financial reasons wants the public to wear a mask then so be it but do not let this turn political. All the science and data is showing that the coronavirus is comparable to the common flu. If there is a response that needs to be taken towards Coronavirus it should be to educate and diminish the fear about the coronavirus. People do not understand that the accelerated testing done amounts to more cases. Scientists still don't know much about the coronavirus and we cannot let Riverside County become a science experiment for the CDC. There are socio-economic impacts we need to consider. I've already lost my job because of this virus and the mortality rate keeps falling. Despite the drop in mortality rate people keep fear mongering and saying things like "well we don't know what the long term lasting effects of the virus are". If they don't know why keep locking everything down?? I look at the data on worldometer EVERYDAY and the mortality keeps dropping with more testing. I can almost guarantee that it	7/24/2020 11:23 PM

would be safer to keep things open to the public and if the private establishment wants people to wear masks in their place of business then so be it. Yet, we're going to take the "risk-averse" approach by locking everything down. In fact this is the riskiest thing you can do for the long run. We cannot continue to be a science experiment for the CDC when their science continues evolving. Even frontline doctors are liberal in the way they report the death counts for the coronavirus. Please look at the CDC guidelines on how they make medical professionals report the deaths for the coronavirus. 99% of Americans will not be affected by the coronavirus and yet we keep playing the "you got the cooties war". Death is terrible for everyone and it brings out powerful emotions but there are millions of people that die each year. Death is such a sensitive topic but that isn't to say we shouldn't take the virus seriously but the question is how seriously should we actually take it? The absolute fear mongering that is being done by the media and CDC is just terrible. When I see the data right in front of my face but the CDC is telling me to exercise extreme caution and the media blows this up makes it even worse. We really need to have more common sense when it comes to this virus and teach people how their immune systems are strong enough that most people will be okay if they get this virus. Trust me I don't want to get ANY virus but I don't want to stop living my life because we turn everyone into these germaphobes. It's absolutely not necessary

1142	If funding is received make a public announcement so residents may take advantage.	7/24/2020 11:22 PM
1143	Please do not give direct assistance. We need people to work. Please prioritize allowing our businesses to open. Help those who can't help themselves, but not those who are lazy. I don't want to be the last American working. Your policy decisions are destroying our city. Open up.	7/24/2020 11:21 PM
1144	I have no additional thoughts.	7/24/2020 11:20 PM
1145	Open the parks and schools! Let those who want to go to school go.	7/24/2020 11:18 PM
1146	The funding should be used to stop the spread of the virus, to provide financial assistance to those who need it, and to ensure that every child receives a high-quality educational experience.	7/24/2020 11:17 PM

1150	Give small grants to Riverside residents to help pay rent. Los Angeles did exactly that to their residents back in April, 2020.	7/24/2020 11:11 PM
1151	More beds for those who are infected!!! And let those who have covid and are immunocompromised be admitted to hospital as well as old age. As well as proper testing kits for the sites, since the tests being given are not "FDA" approved, many in Riverside are dying do something please!!!	7/24/2020 11:07 PM
1152	Support to keep health care workers and police officers healthy Mentally and physically	7/24/2020 11:07 PM
1153	A disabled family member cannot complete their loss of mobility diagnostics and get help because no healthcare available for anyone with heart/lung issues due to dangers of COVID at all hospitals. A 60-something single earner, is now responsible for 8 people vs 2 due to loss of work for younger family. Now paying two other places rent as well as own mortgage. There is nothing much left. Another family member is a FT student and single father of four children and lost job. Riverside should work to make things affordable for citizens and populations who are marginalized (homeless, mentally ill, disabled, aged....)	7/24/2020 11:06 PM
1154	I think that employers need to stop having their employees go to work sick pending covid testing! Employees are going to work with covid symptoms because their employers tells them that if they don't go to work it will be counted against them and that's not right. Healthcare is the worst employers they will not see patient or allow patient in a facility with fever or covid symptoms or pending covid results so they are making them do telehealth appointments but yet they want their employees to be at work sick pending test results healthcare industry is a big part of this problem. A person should be clear of a fever without any Tylenol or Motrin for 24hours and before even being allowed any where. even at that if a person is sick they shouldn't be allowed or forced to go to work until they are out of the incubation/ isolation period and have their covid results back.... I get businesses still have to run but employers are only making the matter worse by making their employees go to work sick not until they get their results that they are positive for covid is when employers then tell their employees to stay home but by then so many people have already been exposed and are sick. This is just none sense and something needs to be done about this then maybe Riverside or the county will then see fewer positive results. Lots of medical clinics and hospitals are doing this to their employees this isn't just happening in Riverside and it's just not right people shouldn't be threatened by their employer of losing their jobs or being written up or having points counted against them for being sick with possible covid or covid. Employers should be held accountable for doing this. People are afraid to speak up because they are afraid to lose their jobs. someone needs to stand up for these employees and crack down on employers for doing this because they are only making this covid problem worse and they are not protecting their employees who are not sick	7/24/2020 11:02 PM
1155	I believe that the main focus should be supporting small family owned businesses that have stayed open and spent funds to conform to state safety protocols, and still provided essential needs to you public, with out them the city would have been a wreck...	7/24/2020 11:00 PM

1167	Giving restaurants the money they need to be able to operate indoors and outdoors	7/24/2020 10:50 PM
1168	Make stores stop charging for grocery bags again. Cite people who don't comply with the requirement of wearing a mask.	7/24/2020 10:50 PM
1169	More help for the senior	7/24/2020 10:42 PM
1170	I would like to see free meals delivered to seniors who are home. I'm a caregiver for two high risk seniors on Hospice and meals are always a challenge plus getting to market. Since all senior centers are closed it has impacted those in need.	7/24/2020 10:40 PM
1171	My business closed	7/24/2020 10:39 PM
1172	I think more education about the basic biology behind the spread of viruses and bacteria in general to help educate the population is essential. There are those that I have spoken to that think that Covid is just an amplified strain of the flu and we will be able to fight it off like we do the flu and that the numbers of those that have died or have been infected have been exaggerated. They need to understand what "Asymptomatic" means as it relates to being infectious. How we reach all levels of intellect? 1187	Please continue the PUA funding until we have the vaccine.	7/24/2020 10:12 PM
1188	The state shut down our ability to work or do much of anything. We are losing our homes and everything we have worked so hard for all of our lives. Our kids can't go to school and we just want to get back to a place of being able to work and take care of ourselves	7/24/2020 10:12 PM

1191	Riverside residents should receive as much help as L.A. has. I hear them getting alot more.	7/24/2020 10:10 PM
1192	I don't think one cent should go to fund any employee of the cities salary. Programs that are funded should serve the majority of the residents. When we are talking about businesses we are assuming this survey is referring to small businesses within the city, not multimillion dollar companies or nonprofits that serve the mayor.	7/24/2020 10:09 PM

1200	Once liability issue is resolved so nobody and entities can't be sued. Get rid of the face coverings! Open the city and parks and allow people to get back to normal. Covid-19 is it real or political. Most people agree this is non-sense. Make sure the senior population and elderly living in homes are protected and a priority!	7/24/2020 10:02 PM
1201	Us that are self employed with our industry shut down need help!!!!	7/24/2020 10:01 PM
1202	These are hard decisions. Thanks for asking Ng for community input.	7/24/2020 10:00 PM
1203	Please be sure to provide your county and community hospitals with PPE they are running out of. The shortage is real and who will take care of your sick once the nurses are all sick?	7/24/2020 9:59 PM
1204	Testing is the key to stopping this pandemic. Tests are taking 7-10 days to get results after you wait a week to get the test. So the tests are useless. We need to put our resources to getting timely tests	7/24/2020 9:58 PM
1205	We need more action in regards to getting homeless out. I live by the river bottom (district 7) and these people are becoming very unstable and our city is being inundated with nothing being done. I selected it as my least of priorities because the city doesn't do much with the funds provided for the "outreach" anyway.	7/24/2020 9:57 PM
1206	Funds should be used to help keep small businesses in business. The current grant program was too limiting.	7/24/2020 9:56 PM
1207	make masks mandatory or pay a fine. Also can we get a pass this fall on property taxes please.	7/24/2020 9:56 PM
1208	Free covid testing for residents that do not have health insurance	7/24/2020 9:55 PM
1209	Perhaps come up with suggestions that would protect seniors and still allow no more than 3 or 4 family members to safely visit with parents & grandparents.in their residents. If people can gather at stores, protests, etc., wearing masks, and staying six feet apart...isn't their a way to spend a few hours with our own families as long as we practice safety guidelines. Being older and isolated from my family has been extremely hard and very lonely. Thank you	7/24/2020 9:55 PM
1210	funds should be given to families whos jobs wont cover them to stay home with kids who cant go to school or daycares.	7/24/2020 9:50 PM
1211	We need tax reduction to independently support our local programs this way we can monitor where the money is actually going. Less government more independence. More effective solutions not rhetoric!	7/24/2020 9:50 PM
1212	Do not give any to the police :)	7/24/2020 9:50 PM
1213	Antibody testing, childcare, money to schools so they can implement safety guidelines so they can open, small businesses	7/24/2020 9:49 PM
1214	I'm really concerned that the loss of small businesses is going to have a huge ripple effect that	7/24/2020 9:48 PM

	people may be underestimating.	
1215	Fund the library fully for materials and staff since they are expected to do so much. Provide more homeless outreach and assistance.	7/24/2020 9:47 PM
1216	Please do help us residents of Riverside with the 25 million dollar funds !!!!! That would be greatly appreciated!!	7/24/2020 9:46 PM
1217	Help the kids and struggling families. Stop throwing money to homeless. Help keep residents from becoming homeless first. Thank you for asking for our opinions. Means a lot. I love Riverside!	7/24/2020 9:45 PM
1218	Stop the damn useless masks and distancing, fire Cameron Kaiser Wilhelm before he destroys us further and get someone qualified in there who knows masks don't work at all against viruses and the harm they are causing.	7/24/2020 9:45 PM

1221	I am a liberal democrat. Supporting and protecting human life comes first to me, before businesses and finance.	7/24/2020 9:35 PM
1222	You've covered a broad spectrum in this questionnaire already, but let me add that this 'new normal' is not normal at all. The growing deficit that affects every one of us and future generations because of the total shutdown that never should have happened, let alone be allowed to continue, has been catastrophic for society, I pray we get back to normalcy ASAP. Kids need to be in school and people returned to work so that they can pursue life, liberty, and the pursuit of happiness in these great United States.	7/24/2020 9:34 PM
1223	There should be a mandatory mask requirement of ALL businesses & residents. Some the the state funds should be used to 1. Purchase masks/supplies 2. Communicate importance of following guidelines 3. Assistance to small businesses (vetting will be required!) 4. Food for needy families (especially the elderly) 5. Internet/ computers/ tutoring for less fortunate students. I watched the council meeting and do not agree with spending thousands of dollars on homeless drug addicts who do not care. Riverside is becoming a haven for addicts who have no respect for our city. I have seen them passed out on Magnolia Ave. & other locations, defecating on private property, leaving trash, camping out on Magnolia Ave.. Something needs to be done... there are other cities who do not enable this behavior. Many good residents are sick of it and are moving out. Riverside looks trashy in many locations... it wasn't always like this. There is a lack of pride. There is so much litter and junk at the curbs. Perhaps you could start a pride campaign and include not only keeping the city clean - but taking pride in oneself!	7/24/2020 9:33 PM
1224	You really need to be vigilant with the homeless people. They are destroying non-operable or partially operable business. You should be ashamed.	7/24/2020 9:33 PM
1225	Small businesses owners need grants/loans who started/open their business in January 2020-March 2020. Not just a year ago!	7/24/2020 9:17 PM
1226	Unclear as to how some of the questions in 7 relate to COVID-19.	7/24/2020 9:16 PM
1227	No layoffs of public employees. No deferments of pension liabilities. Make sure quality government jobs remain whole. These jobs provide vital services to the city that without will put the City Of Riverside in a worse place now and into the future. These jobs drive our community and our economy.	7/24/2020 9:16 PM
1228	I support our city to support our libraries I do not support the parks being open if encouraging large groups and people just hanging around	7/24/2020 9:14 PM
1229	Helping small businesses stay afloat will keep people employed. Childcare assistance that allows for smaller groupings of children to help during school closures will also keep people working and lessen the rush to reopen schools to soon.	7/24/2020 9:14 PM
1230	Property taxes continue to increase and these add to the financial stresses of being a homeowner. It also adds to the high cost of being home owner to more low income families. Safety to first responders should be a priority. Tutoring should be available for support to all students during distance learning periods.	7/24/2020 9:14 PM
1231	The city's economy will determine the future health of our city and our ability to further help those in need. The Covid emergency has crippled our economy. We need to ensure that when the closures are lifted that Riverside is able to remain a hub of activity and economic health as a beacon of hope for the county. With this in mind, we need to ensure that Riverside businesses large and small are able to recover and continue to provide goods, services and employment to our community, ensuring both economic stability and growth here. Please commit to prioritize spending the funds received due to this Covid emergency on those who were most affected by it; our business owners who are struggling to keep their doors open and the businesses who have already closed doors in the form of grants, zero interest loans, and qualified reimbursements for losses incurred during this crisis. In addition, please also bolster our public safety departments to keep Riverside a safe place to live and visit.	7/24/2020 9:13 PM
1232	Get the mentally ill people off of our streets.	7/24/2020 9:10 PM
1233	Make sure children get the education they deserve. Not all parents are teachers and they need help with distance learning. Do not let this K-12 generation get left behind.	7/24/2020 9:08 PM
1234	School funding to get kids back in school is first as then parents can go back to work.	7/24/2020 9:06 PM

	Dumping homeless in free housing all over the city is not a good idea...ever.	
1235	The City of Riverside needs to use these funds to support local businesses that have been impacted by COVID-19. Our local economy is vital to the city's ability to sustain services. Every and all efforts should be made to support small, medium and large businesses In Riverside. Whether it be zero interest loans to business owners, lowered fees, easing of taxes or anything that can be done to prevent closures and increased unemployment. Finally, public safety needs to remain a top priority. Fire/EMS and Police services cannot and must not be impacted as those services are vital to all of us who live, play and entrust our families safety to our first responders.	7/24/2020 9:04 PM
1236	We need more police officers since the state will be releasing so many criminals on early parole. Crime has increased in our area with a huge amount garbage being dumped around our city. There is also an uptick in the homeless population in our area. We need to get it cleaned up. Riverside citizens do not feel safe going to our local parks where you have tents of homeless people doing illegal stuff.	7/24/2020 9:03 PM
1237	Provide businesses and schools with opportunity to move operations outside. Support 'room key' type programs to bring vulnerable homeless off streets. Provide assistance to homeless individuals to navigate applications for public assistance.	7/24/2020 9:02 PM
1238	I think the city needs to be more forceful about enforcing mask use and checking that those businesses that are supposed to be closed are actually closed	7/24/2020 9:01 PM
1239	Keeping frontline workers safe and keeping family safely housed without the fear of being evicted after this is over. Direct payments to help people afford to stay home.	7/24/2020 9:00 PM
1240	Law enforcement outreach	7/24/2020 8:56 PM
1241	Take a lesson from Gov. Noem of SD on how to deal with the pandemic.	7/24/2020 8:54 PM
1242	If any of these funds can be used to facilitate the testing process. Specifically, getting results faster then what's happening now.	7/24/2020 8:53 PM
1243	Please help educate those who do not think that COVID 19 is serious.	7/24/2020 8:48 PM
1244	Funding should be given based on community needs. For example Casa Blanca neighborhood will have a higher assistance need than the neighborhood in Canyon Crest.	7/24/2020 8:47 PM
1245	Please invest in stronger partnership with RUSD for our children to safely access learning.	7/24/2020 8:46 PM
1246	Ayudar a los residentes más necesitados	7/24/2020 8:46 PM
1247	85% or more of the monies should be used on approved projects. Only 15% or less should be used for administrative costs.	7/24/2020 8:45 PM
1248	I don't have answers, but we need to be very intentional about reducing the ever widening gap between those who have, and those who have not. There is no vaccine that will help is recover from that.	7/24/2020 8:45 PM
1249	Child care and K-12 education support would certainly help business get back on track. These factors would also mitigate some of the mental health stressors across all demographics in our city.	7/24/2020 8:44 PM
1250	Training for City Officials and Police in how to enforce mandates to protect its citizens. Enforcement personnel for people and businesses that violate mandates and put everyone at risk.	7/24/2020 8:43 PM
1251	With the switch the online education many families are struggling finding childcare for school aged children who are not able to attend school in person. Please consider allowing school sites to open, staffed with after school staff or district substitutes. This would provide a safe supervised place for these students to do their schoolwork and be in a safe space while their parents are at work.	7/24/2020 8:40 PM
1252	Thank you for your effort	7/24/2020 8:39 PM
1253	Provide face shields to all city employee school district and all public school kids and all public city offices	7/24/2020 8:37 PM
1254	I think that there should be community banks set up for people of color looking for start up capital to start their own business'.	7/24/2020 8:37 PM
1255	having much better communication with city residents would be nice. not all of us are able to view city meetings or other updates online.	7/24/2020 8:30 PM
1256	Rental & utilities & good assistance should be first & foremost for children & seniors & those immunocompromised.	7/24/2020 8:29 PM
1257	I work in the property management business, I have seen a significant increase of renters unable to pay their rent due to Covid. Rental assistance is much needed	7/24/2020 8:29 PM
1258	Those experiencing homelessness, food and shelter insecurity, health and mental health issues— The money should focus on the most vulnerable among us.	7/24/2020 8:26 PM
1259	Childcare assistance for middle class families to assist with paying childcare. 2. Trash pick up 2x week and in bulk for residents that need it as many families stay home and streets look unsanitary due to individuals throwing trash in public places and this may prevent unsanitary living conditions and assist with throwing out junk piling up in homes or in areas of riverside.	7/24/2020 8:26 PM

1260	The future lies with our young people, beginning with their education! They must not fall behind! Funding should be utilized to ensure that every student receives a proper education, whether "on line" or in an actual classroom setting. Provide the computers and all that's necessary and needed, please!	7/24/2020 8:25 PM
1261	The City of Riverside has a tremendous Homelessness Problem. It isn't new, but it has been getting significantly worse this year since the outbreak of Covid-19. I realize everyone is suffering, in one way or another. But the homeless problem in our city really needs to be addressed first, hard and fast. We need to help the people who are already suffering the most. We need to protect the most vulnerable first, and then work our way up with our resources, doing our best as a community, together, to ensure the health and safety of all concerned. If we don't get people off the streets and into some type of housing environment with clean water and proper utilities, we are never going to get the spread of this virus under control. Proper hygiene and essential distancing are critical and crucial in order to stop the spread of this virus. But our homelessness problem is preventing the very things we need to be doing in order to stop this virus cold. People need housing. All people. Everybody. No one should be evicted during this time of crisis. And the city's number one priority needs to be to get a roof over everyone's head. Thank you, Cristine A. Gruber	7/24/2020 8:23 PM
1262	Testing should be more readily available.	7/24/2020 8:22 PM
1263	every front line responder from the city police and fire dept.who was infected with Covid-19 should recieve a \$5,000 bonus.	7/24/2020 8:21 PM

1265	Help truly small businesses not go under and families with food and education.	7/24/2020 8:17 PM
1266	I know nothing will happen but maybe fund the pandemic ebt again. That helped my kids a lot. And since we're not going back to school it should happen again. More utility credits so I can keep the lights and internet on for my kids to learn since libraries are closed.	7/24/2020 8:16 PM
1267	Drug treatment desperately needed for our community.	7/24/2020 8:15 PM
1268	We need to focus on those that had been living slightly above the poverty line that have now been destroyed by governments handling of the current pandemic. These are now your new homeless.	7/24/2020 8:15 PM
1269	Our local businesses need help. Without those businesses there are no jobs in our community. Open up!	7/24/2020 8:14 PM
1270	Help people with basic needs. Dairy food, cleaning supplies.	7/24/2020 8:13 PM
1271	Help families to have a place to live ad food, then find work and help others.	7/24/2020 8:13 PM
1272	It should be primarily used to support small business and families with a VERIFIED need. I feel some people are taking advantage. I.e going on unemployment but getting paid under the table. Open up the schools!	7/24/2020 8:13 PM
1273	Utilities, rental/mortgage assistance, small business assistance, front liners support.	7/24/2020 8:12 PM
1274	#1 priority is to protect the community from the virus. After that, supporting businesses and residents who have declined incomes.	7/24/2020 8:12 PM
1275	Need to be smarter about how you spend money for the city. Save money, not fatten unions.	7/24/2020 8:10 PM
1276	my business partner in Irvine, started a PPE company she and her husband are older americans with lots of industry connections. http://ppecatalog.com/	7/24/2020 8:10 PM
1277	Consistent and unified leadership from the top down	7/24/2020 8:09 PM
1278	I think that funding should be put aside for employers to pay people that need to quarantine after taking a test. People can't afford to take 10 days off to find out if they are positive or not. They should not have to use earned time off either since there is no clear way to know where the employee may have been infected.	7/24/2020 8:07 PM
1279	Mental health really needs to be at the front right now. Also out reach to low income housing with childern. Children are the most vulnerable right now being stuck home with mentally unwell or abusive parents. Rental assistance is key to preventing escalating issues with homelessness and mental health issues.	7/24/2020 8:07 PM
1280	This money should be distributed more evenly then mentioned during the meeting with more time for discuss it. A large chunk was trying to be diverted to homelessness. Yes this is important, but not more important than keeping people from becoming homeless in the first place There is a large group of homeless that are help resistant anyway so for time sake, the money should be more evenly distributed to do the most good in the quickest time frame. Keep people in their homes, feed them, take care of the students and make more effective to get to where we need to go as quickly as possible	7/24/2020 8:07 PM
1281	Using COVID funds for affordable housing projects is absolutely rediculous. The funds should be used to clean city facilities so city employees can return to work, on education programs for business so they can open safely (not remained closed) and for supporting EMS and public safety so the impacts of responses and standbys are not paid for from the general fund.	7/24/2020 8:04 PM

1282	The funding should be used to help our city to adapt to this new normal. COVID is not going away. We need to use funds to modify things like parks, schools, libraries etc so that they can safely open, whether that be expansions, outdoor areas, special filtration systems for indoor air. We need to make changes, things are not going to go back to the way they were so we need to deal with it and open things back up safely.	7/24/2020 8:04 PM
1283	Support urban farms, backyard veggie and community gardens. This will help address food insecurity and the food distribution issues that have arisen. Education efforts to help Community compliance to flatten the COVID-19 curve.	7/24/2020 8:02 PM
1284	Since we are the City of Arts & Innovation, we should not forget to help our arts programs.	7/24/2020 8:00 PM
1285	Front line responders should ultimately get funding first with out our front line hero's at hospitals where would we be....Riverside Community & Kaiser Riverside	7/24/2020 7:57 PM
1286	Let people know about assistance that is already available and how to access it., e.g. Very few seniors know about the 4 free food giveaway sites!	7/24/2020 7:57 PM
1287	Subsidize A/C for low income residents; install solar panels to help with energy costs; partner with Grid Alternatives to broaden clean energy and job training.	7/24/2020 7:56 PM
1288	Enforce mask and safety laws in businesses. Do something about the homeless. Being approached by them with no mask and unwashed hands everywhere I go isn't safe.	7/24/2020 7:54 PM
1289	There're not many drive-through COVID-19 testing site we can go in Riverside county. There's no free antibody test neither. Why we still cannot take any tests? But Trump & White House gangs are taking tests many times a day. Riverside county including City of Riverside should lock down to contain COVID-19. Riverside county's officials right-wing tactics have not working. Like Trump White House, they're killing ordinary hardworking American citizens & residents in Riverside County.	7/24/2020 7:51 PM
1290	The city and their response has been sickening. You have used us and sacrificed small business in order to receive money. It is sickening.	7/24/2020 7:51 PM
1291	Stop wasting our money on Covid protection! We didn't have these protections when we had H1N1. We need to open our economy back up. If not you need to fix the unemployment system, and pay everyone their money that you Democrats promised your people if we shut down. People are going homeless, and can't feed their families. I hate California, especially Riverside. Get your act together, or you will lose more lifelong Californians.	7/24/2020 7:50 PM
1292	Mad ayuda para pagar Las utilidades	7/24/2020 7:50 PM
1293	I don't want money going to big business like what happened with the fed govt assistance.	7/24/2020 7:49 PM
1294	Resources should go to support businesses staying open, support for teachers that have to teach online, and good childcare so parents can return to work.	7/24/2020 7:48 PM
1295	Certain members of council are killing Riverside. By forcing small businesses to close again due to COVID-19 you have ruined me and a good portion this city. I have pictures of a certain councilman who parades himself as a model citizen yet refuses to adhere to the safety standards and social distancing you perpetuate on all your social media platforms. How can you expect your residents to respect you when you force us to comply and risk losing our businesses, our livelihood while he still gets a paycheck from you, a six figure pension and the right to vote on matters that have no impact on him? We know he will not be voting on extending the temporary moratorium on evictions. He has been promised a generous sum in future campaign contributions to disallow it. Get it together.	7/24/2020 7:48 PM
1296	Schools need to reopen, we need to be able to function. Businesses need to be open too.	7/24/2020 7:44 PM
1297	I think money should first go to keeping people safe (PPE, masks, communication), then to basic needs for the most vulnerable (food, shelter, education) and then to helping rebuild the economy by helping small businesses and employees (child care, transportation). All are important but we are in an emergency so that is how I would prioritize using this grant.	7/24/2020 7:44 PM
1298	Free testing. Tracing cases. Support of elderly in their homes. Enforce wearing masks. Closing schools until virus under control	7/24/2020 7:43 PM

1301	Higher education and training. The more educated were the least impacted by job loss.	7/24/2020 7:39 PM
1302	More police officers to protect the community	7/24/2020 7:37 PM
1303	You have people collecting unemployment that still are barely making it, those that have a loss of hours aren't far behind, business owners are facing the fact that they will have to close, many are looking at having to relocate. This is impacting our economy.	7/24/2020 7:34 PM
1304	Help hospitals have the latest technology for COVID-19 patients	7/24/2020 7:34 PM
1305	Health care, testing, hospitalization costs	7/24/2020 7:32 PM
1306	Equal opportunities thanks.	7/24/2020 7:32 PM
1307	We had ignored our mentally ill since Reagan killed their funding and we must recognize this virus for the killer that it is	7/24/2020 7:32 PM

1308	Small business protection is top priority. Burbank closed San Fernando Bl. on weekends to promote outdoor dining and shopping. Can Riverside do the same? We would come out.	7/24/2020 7:31 PM
1309	There needs to be more funds and resources dedicated to public education about the importance of distance learning and face coverings. The more people adhere to social distance guidelines, the quicker life can return to normal.	7/24/2020 7:30 PM
1310	Get our kids back to school. Open churches and buisnesses	7/24/2020 7:29 PM
1311	I think funding should go to k-12 schools and community colleges to help with PPE and upgrading ventilation so students can go back to school in person. I also think small and private businesses should get funding to help with unemployment.	7/24/2020 7:28 PM
1312	Please remember this funding was provided for dealing with COVID-19 issues. First address the issues directly related to COVID-19 and keeping the citizens safe. Thanks.	7/24/2020 7:27 PM
1313	To invest in business so this injection of income is not one time but long term. We need a vibrant business economy to fund the projects of the progressive leaders	7/24/2020 7:25 PM
1314	I really feel that parents should have the option to use vouchers to send their children to the schools of their choice. As a teacher and a parent, I know firsthand that online learning is not for everyone. It is not at all equitable. Parents and families need choices.	7/24/2020 7:25 PM
1315	the politicians responsible for the policy of house arrest for healthy people must be prosecuted for fraud. There was never a threshold reached that would justify Newsom's emergency declaration or justify a state wide mandate for wearing masks and social distancing. There is no data proving COVID is more dangerous than influenza. influenza mortality ratio is 0.7%, COVID mortality ratio is currently 0.3%,	7/24/2020 7:22 PM
1316	Open business and schools. Let people get back to work and school. Provide assistance to those that are high risk and can't/shouldn't be out in public with risk of Covid.	7/24/2020 7:22 PM
1317	I think we need to get money to people or agencies to help with basic life needs (food and shelter)	7/24/2020 7:22 PM
1318	Good job	7/24/2020 7:20 PM
1319	Riverside has no business risking the health and safety of our children and teachers by opening schools. Funding should be utilized to support a modified version of distance learning where every school and every teacher willing, can video stream their own classroom for their own assigned students allowing families to retain access to the quality education we all fought and invested our time, money and efforts into. The (3) options provided all came with costs that hurt the very same children (students) they claim to want to assist.	7/24/2020 7:19 PM
1320	Increases housing availability for PRCS (probation) residents.	7/24/2020 7:18 PM
1321	Prevent furloughs and lay-offs within the City first and use the remaining funds for food, childcare and housing assistance as well as ensuring both public school districts have the proper equipment to allow for distance learning.	7/24/2020 7:17 PM
1322	Allow City Staff to make recommendations - we trust and value their judgment. City has strong leadership but it's been sad to witness the bickering and fighting among City Councilmembers	7/24/2020 7:13 PM
1323	I don't leave in the City of Riverside, I leave in the County of Riverside	7/24/2020 7:12 PM
1324	Those who are most in need should have most consideration.	7/24/2020 7:11 PM
1325	N/A	7/24/2020 7:10 PM
1326	Mental Health outreach for school aged children should be a top priority. Children are not meant to be cooped up in their homes for months on end. They need to socialize in a face-to-face manner, which can be done safely.	7/24/2020 7:10 PM
1327	OPEN BUSINESS BACK UP WITHOUT RESTRICTIONS! OPEN SCHOOLS BACK UP WITHOUT RESTRICTIONS! GIVE CITIZENS THEIR FREEDOM AND RIGHTS BACK! STOP ALL MASK AND TEMPERATURE TAKING MANDATES! SUPPORT THE US CONSTITUTION! SUPPORT LAW ENFORCEMENT! STOP THE FEAR MONGERING AND LIES!	7/24/2020 7:08 PM
1328	The city needs to set up childcare centers for working parents and we need to make sure that all homes with school age children have adequate internet service to allow for distance learning.	7/24/2020 7:04 PM
1329	Something should be done to people who are not wearing mask or social distancing.	7/24/2020 7:03 PM
1330	Reduction in utilities. Lower property taxes or offset.	7/24/2020 7:02 PM
1331	We are seeing an increase of vulnerable residents living in the parks and on the streets. We must prioritize stabilizing their living situation.	7/24/2020 7:00 PM
1332	"How a society treats its most vulnerable is always the measure of its humanity." I would be particularly interested in seeing a great deal of this CARES money go to continue the good work our city has begun in providing affordable housing programs for our neighbors experiencing homelessness. This need will continue to grow due to the downward trend of the economy, and many of these folks are in these positions because they don't have the social and financial safety net of family members or friends who can provide temporary housing. I know the needs in all directions right now are massive, but I want my children to grow up in a	7/24/2020 6:57 PM

city that not only sees but has a particular care for its most vulnerable residents. This is one correct direction Riverside has been headed in, and I'd love to see that expand!

1333	Most of these questions are geared towards helping the homeless, affordable housing etc. I believe more funding should be made available to small businesses that the city/state have destroyed to further their agenda. The survey is very one sided in my opinion.	7/24/2020 6:57 PM
1334	One thing that needs to be clear is that the money isn't going to those who do not actually need it. I've been heart that large businesses have been taking advantage of the money being offered. If you decide to hand out loans or giveaways of money then there should be accountability and Strict guidelines taking away any loopholes. Since it is so expensive to live in California there are many workers such as my family who didn't get the stimulus check because we made more than their threshold. I've been out of work since April 24th and theirs nothing happening in my field (film and tv) there should be some help for the upper middle class too. We have bills and we pay way more taxes then most. The unemployment is a joke it doesn't cover any of my bills it's not even close it's less than 20% of my pay. How am I to pay my mortgage? Thankfully I was responsible enough to have some savings to get us by but those funds are depleting and no word on when the COVID-19 restrictions will lift.	7/24/2020 6:56 PM
1335	Stimulus checks for Riverside Residents would be a welcomed relief	7/24/2020 6:56 PM
1336	Help for Senior citizens.	7/24/2020 6:55 PM
1337	Please help the vulnerable homeless with mental health issues, I worry about their safety, and just basic human needs that so many take for granted that have so much when they have nothing. Thank you.	7/24/2020 6:55 PM
1338	I think this money should be spent making our schools safe for students and staff so our lives can go back to some sort of new normal.	7/24/2020 6:55 PM
1339	I think funding to help business will be the best use of funds. It is a domino effect, businesses employee people, businesses (and their employees) support non-profit efforts, businesses (and their employees) pay taxes to support info structure and community services	7/24/2020 6:54 PM
1340	I think some of this should go out to educate people about wearing a mask and social distancing. They need to learn that it is not political and they do not need to be violent about it. They get defensive. And the non-mask people are spreading the virus.	7/24/2020 6:51 PM
1341	Funds need to go to all of the business who were not able to get a loan or those who received loans that are not forgivable. Any business that had to close it's doors or simply lost business because their customers were not working. That is the biggest hit to our residents and to our revenue as a city.	7/24/2020 6:48 PM
1342	I feel our economy won't improve until the virus is under control.	7/24/2020 6:48 PM
1343	I think it would be great if there was some support for small business, I totally support people eating so food assistance, I think families with lower income could use help but please don't just blanket money all over. I hope it can be directed to those who need it most.	7/24/2020 6:45 PM
1344	the funds should be used for the people who can't pay rent or food because they lost their jobs . us we know the money has to fluid if people don't have money how we can move the economy	7/24/2020 6:43 PM
1345	In my opinion, businesses should be shut down until the numbers of cases are under control. Hire a task force to cite or fine violators to the mask and closure policy. People complain about it's their right not to wear a mask. This is not a right issue. This is a life issue.	7/24/2020 6:42 PM
1346	You did not put anything about police and security. I would put it at #2. I fully support our police department and want it better trained and equipped to handle issues related to covid 19.	7/24/2020 6:37 PM
1347	Create community garden space in Parks city wide because we are all going to need local food, comradery, support and skills in the next several years!	7/24/2020 6:37 PM
1348	Please, work on enforcing mask wearing.	7/24/2020 6:35 PM
1349	We have to prioritize keeping people housed and helping children learn, followed by feeding them and getting homeless people help. Childcare assistance so parents can work is also key. I also think tapping into the community can help with the latter. Supplementing distance learning with remote tutoring and checking on students' ability to keep up with their work can be outsourced to the community, for example. Residents can and will step up with some encouragement and structure.	7/24/2020 6:35 PM
1350	Employe residents to transport food assistance and medical aid to seniors and handicapped, then to poor at senior centers or park rec buildings	7/24/2020 6:34 PM
1351	Given Riverside County's current status (in the nation's top 20 counties in #'s of infections), please consider improved enforcement of health strategies (masking/distancing) & stay-at-home order might be necessary soon.	7/24/2020 6:32 PM
1352	Design a Health Program to help all of our citizens be able to receive the cure, when fully developed.	7/24/2020 6:29 PM
1353	I would like to see more money spent helping small business. And equally helping the citizens of riverside with COVID-19 protective gear. Masks are very expensive and many citizens over use them to save money.	7/24/2020 6:28 PM
1354	Education.	7/24/2020 6:27 PM

1355	Clean up the weeds on the Gage Canal and up and down Van Buren -- fire hazard; Get the vagrants off the streets in 92503 -- give them a shower/haircut, a set of clothes, a bus pass, and a job at Target, Walmart, Amazon, etc. If they don't want to work, cut off their public assistance.	7/24/2020 6:26 PM
1356	Please use money for contact tracing and PPE for citizens. Please suspend rent. Please keep schools closed until the virus is mitigated.	7/24/2020 6:25 PM
1357	Get our children back in school! In person learning is best for children!!	7/24/2020 6:25 PM
1358	shelter for the homeless ,protective covid gear free to all and food disribution for those in need	7/24/2020 6:24 PM
1359	Prioritize our children's educational needs which include meals to those families who are in need of food and utilities. Also, priority for COVID-19 personal protection supplies for schools so that students and teachers/staff can return safely to school.	7/24/2020 6:22 PM
1360	The fact that it is not easy putting the above in an order of need, tells us that the need is overwhelming in ALL areas! This is so tragic ! I fear many people will loose their way of life in more ways than one! Let's hope things turn around soon for the sake of most all Americans. We all need to do our part! Wear a mask!!!	7/24/2020 6:20 PM
1361	We need to help our businesses because without businesses we have no city and business owners invested in our city when they brought their business here.	7/24/2020 6:18 PM
1362	Law enforcement is the least necessary issue right now and there needs to be better and more efforts to have community members community policing 50% more then the police are being utilized! Reduce the burden on both the community and the police by allowing for mor community members to be involved and responsible for managing our streets, blocks and townships/neighborhoods!	7/24/2020 6:17 PM
1363	Most of the support should go to small businesses. They are the foundation of our community. Any assistance must go towards making business able to rehire workers.	7/24/2020 6:15 PM
1364	We need our community to be on the same pave about the pandemic so we can get back to a new normal with Covid 19. Riverside needs to make sure our public health message is clear and concise... and featured everywhere. We need to help people who are with our a source of income maintain their lives until this new normal is functioning or there will be a whole other set of problems that will last well past the 2 years this virus is under control and we've learned to live with it.	7/24/2020 6:15 PM
1365	help the middle income people	7/24/2020 6:15 PM
1366	Protective measures And equipment so schools can be safely run in person in the classroom.	7/24/2020 6:14 PM
1367	Please do not give this money to large corporate businesses, only to vulnerable populations and vulnerable family-run businesses , especially businesses is run by black business owners.	7/24/2020 6:13 PM
1368	Trim unnecessary and redundant personnel. Seek community volunteers for maintenance of things such as parks, graffiti removal, or any thing that might be tangibly constructive and not some photo op PR committee or group.	7/24/2020 6:13 PM
1369	With the lack of sales tax coming in. Some monies should go towards basic City services.	7/24/2020 6:09 PM
1370	Senior care programs	7/24/2020 6:06 PM
1371	Churches and non profits continue to serve the underserved with new food banks opening. I work in one every week and the homeless are not the majority of people who attend. We need to help families and seniors with housing assistance, day care, and help for the schools as the Covid 19 costs to clean buildings etc will be astronomical.	7/24/2020 6:06 PM
1372	It really doesn't matter, because if past history is any indication, any and all monies received by the city will somehow be channeled right into the councilmember's and mayor's pockets. You'll keep small businesses shut down; you'll make a big deal about taking care of the homeless and less fortunate while lining your pockets, and nothing will change except the progressive, liberal bleeding hearts will continue to ruin this once lovely city.	7/24/2020 5:56 PM
1373	Good Luck!	7/24/2020 5:56 PM
1374	I am a small business owner who just opened restaurant in March. I haven't qualified for any assistance and if we don't get assistance from the city we may go under as well as already having to refinance our home to pay for our increasing debt. So many of my fellow business owners are in the same situation.	7/24/2020 5:51 PM
1375	Make every dollar count, thank you.	7/24/2020 5:44 PM
1376	Emergency services should get supplemental since they were the ones consistently responding and interacting with the public.	7/24/2020 5:44 PM
1377	take control of the homeless they are taking our city and yours	7/24/2020 5:42 PM
1378	Emergency services should be supplemented since they were the ones continuously interacting with the public and working throughout the entirety of this pandemic.	7/24/2020 5:41 PM
1379	La Ciudad Hemet ocupa muchissima ayuda, La pobreza es gigantesca . Las familias mas pobres no tene oportunidad. lo Covid 19 destruido lo poco de trabajo que tenia en Hemet. Por favor la	7/24/2020 5:35 PM

	situacion es mui triste para los necesitados, ocupamos ayuda com alimentos, rent, e salud. Esta es una grave situacion, economica por favor Senores autoridades miren los mas humildes. Dios los bendiga. Gracias.	
1380	Spend at least 10% of the money to help the police and fire departments with any needs they might have .	7/24/2020 5:31 PM
1381	Adapt Community centers, senior centers and libraries for social distancing, to be able to reopen.	7/24/2020 5:31 PM
1382	Small businesses, bars, restaurants, artists, musicians!!!	7/24/2020 5:30 PM
1383	Make sure schools get some of this money for devices and high speed internet connections. Also, to purchase protective equipment for essential workers, teachers, police, fireman, and healthcare workers.	7/24/2020 5:28 PM
1384	SPEEDY COVID-19 TESTING APPOINTMENTS AND RESULTS.	7/24/2020 5:26 PM
1385	Would love to see \$28mil also go towards free programs and activities that are safe (outdoor or inside with precautions/ accommodations) for children to participate in while school is digital. Gove vendors and businesses incentives to offer free programs funded by the Many families will now be faced with picking work or caring and educating their children. CA EDD is a joke and not a replacement for the true sacrifice many parents make. Many parents fall in the middle and do not qualify for childcare assistance but it is a hardship, especially with multiple children. Also, did you know that in home therapies have not taken place since March and may not until 2021? Use the funds to be creative and help our children who are residents get the therapy needed- outside equipment, rentals, extra staff, PPE, etc	7/24/2020 5:25 PM
1386	To help the community to sustain the crises in all ways.	7/24/2020 5:24 PM
1387	If experts say we should shut down, shut down! Do the right thing whether it's popular or not.	7/24/2020 5:22 PM
1388	I want to be sure the funding stays in our community. Kids and elderly need to be our first priority because they are less likely to be in control of their situation. Local residents and small business owners who have business locations ONLY in Riverside. Some businesses may have locations in several cities or states and are getting multiple chances for funds. We need to prioritize the folks who live and work in our community.	7/24/2020 5:13 PM
1389	Assistance should be first available to gig economy workers in industries that can not open until phase 4 such as musicians and actors followed by rent assistance for businesses/venues that are not allowed to reopen yet.	7/24/2020 5:12 PM
1390	In addition to food allowance for families, please issue a stimulus to residents to use to support restaurants and small businesses to stimulate our own Riverside's economy! Thank you!	7/24/2020 5:12 PM
1391	Since more people are walking, we should repair the worst of the sidewalks with actual concrete. Example: 3757 Larchwood Pl. Significant root damage, needs leveling, impossible to navigate with a wheelchair or walker.	7/24/2020 5:09 PM
1392	Let's keep this money going into the community. Let's *not* spend it on new furniture.	7/24/2020 5:06 PM
1393	More help for businesses. Remove homeless plight, makes city look dirty. Increase events for downtown.	7/24/2020 5:04 PM
1394	I feel that the funding should be geared around 1. Young families a. Working single mother n fathers have been impacted more by the economic downward spiral due to the fact of restuarants and stores closing to the public. Some may have already been on some kind of county assistance and havent been able to recieve any other assistance due to already receiving but because of the lack of work, losing there job, or because the business is no longer. Havent been able to pay most or all of there bills because they cant get in touch with a LIVE person from the county because of the county workers having to telecommunicate. Therefore have now become homeless or are currently facing homelessness. 2. The elderly and there healthcare plans need to be more affordable and easier to access. 3. Childcare I know for one this is a big thing for me I'm about to lose my job at the grocery store because of not having childcare. 4. Small business owners financial classes and or ideas on how they can evolve with the times and be more innovative to survive in times like these. 5. Housing and rental security geared towards young families	7/24/2020 4:58 PM
1395	Acquire building that the county is going to sell at the corner of Mission Grove and Alessandro. Police station that has been promised to the ward for decades... do it now before the sh&t hits the fan with these new state laws and existing that is resulting in a increase in catch and release crimes.	7/24/2020 4:58 PM
1396	The most important thing our city needs is enforcing masks while out in public and educating the public about that wearing a mask and social distancing is not a personal choice or a political statement. I fear for our city because some people are not taking this virus seriously because they can't see it. Reminding the public constantly about the dangers of coronavirus is the key to keeping masks and social distancing work. Post signs, graphs, warnings etc. about masks and social distancing EVERYWHERE. I can even slack with my precautions due to mental exhaustion but we have to be vigilant and unfortunately masks and social distancing do not work if everyone is not vigilant.	7/24/2020 4:57 PM
1397	Please tell the politicians not to steal too much of this money! Thanks!	7/24/2020 4:55 PM
1398	Helping small businesses with grants to pay expenses, helping small businesses adapt to	7/24/2020 4:48 PM

	outdoor services, etc.	
1399	It's very important to keep businesses alive and as open as it is safe for them to be. This keeps jobs open and our residents employed.	7/24/2020 4:46 PM
1400	Please do not use any funding on new projects or add to general fund debt	7/24/2020 4:46 PM
1401	Business - Residents - first.	7/24/2020 4:45 PM
1402	Financial assistance for individuals and businesses	7/24/2020 4:43 PM
1403	Take care of people. People need help. Businesses need to come second.	7/24/2020 4:42 PM
1404	Would focus on bottom up support for vulnerable populations. How do we meet their immediate basic needs? etc	7/24/2020 4:42 PM
1405	It is critical to involve faith-based ministries to work in support of governmental funding responses.	7/24/2020 4:36 PM
1406	Invest in our children and community basic needs.	7/24/2020 4:34 PM
1407	While basic human needs should be addressed first (food, shelter, etc.), it is important not to overlook the emotional and mental needs of the community. I would like to see allocation of funds for outreach projects, including vastly expanding online resources from the City's cultural sites, museums, libraries, and parks in order to be educational, inspiring, calming, and/or encouraging to the community during this difficult time.	7/24/2020 4:29 PM
1408	In Walla Walla, restaurants, coffee shops, etc were able to requisition yellow tables and chairs for businesses to set up socially distanced areas for people to dine and enjoy company outside. Some blocks closed off to traffic. Lights installed for evening enjoyment. A big help to downtown small businesses. You might want to check it out.	7/24/2020 4:28 PM
1409	Food insecurity among residents must be addressed. City staff need to coordinate relief efforts with County and State agencies, and work with local nonprofit organizations. Testing and tracing endeavors must be improved. It is a disgrace that a wealthy country like the USA is do poor in implementing testing opportunities. Our economy will not improve until our Covid-19 numbers flatten and go down. It is also shameful that protective measures such as masking and distancing has been allowed to become politicized in Riverside. This disease is real and only by working together smartly will it be eradicated Thank you for conducting this survey.	7/24/2020 4:24 PM
1410	My only concern is how you can help the landlords directly. As mentioned above my tenant has not once reached out offering to pay for overstay at the property. I highly doubt he will reach out for monetary assistance from the city to cover for my mortgage .	7/24/2020 4:22 PM
1411	Enforce safety/prevention measures (face masks, etc)	7/24/2020 4:22 PM
1412	Outdoor activity should not be limited as long as precautions are followed. Gyms and restaurants should be allowed to be opened indoors as long as precautions are followed.	7/24/2020 4:16 PM
1413	All elderly and respiratory disease individuals should be taken care of first	7/24/2020 4:11 PM
1414	Public libraries reopened with all precautions in place	7/24/2020 4:08 PM
1415	Job Training to get back on our feet!	7/24/2020 4:05 PM
1416	We also need to look at the RPU Utilities assistance programs to provide more funding to low income - fixed income residents..... these priorities should not be viewed in funding silos.... they are intertwined.... 1. We need to as residents first take personal responsibility to follow the public health guidelines. 2. How can we create support to reopen local businesses 3. What support do families need to be able to return to work 4. we need to create safe places to educate our children. 4. Activate our open spaces, parks... 5. Publish a Riverside reopening plan....promote it... commit to an active community engagement policy for all levels of City Government and with residents 6. Partner with our local non profits, faith based organizations to identify and assist those in need.... follow the hierarchy of need model.... For this to work we ALL need to be involved... TOGETHER !	7/24/2020 4:01 PM
1417	I believe the funding should be used to support city services to better serve residents and the community of the City of Riverside. Very small amounts should go to administration, I.e. salaries/benefits.	7/24/2020 3:57 PM
1418	In person learning hubs: https://www.sfgate.com/news/bayarea/article/New-In-Person-Hubs-To-Offer-Support-For-City-15430491.php	7/24/2020 3:43 PM
1419	Pay down the debt caused by extravagant pension benefits. Fix the roads. That solves several of the problems. Put people to work on public works projects like road repair, landscaping and other labor-intensive tasks. No one should be getting "free" money. If you want to offer below-market interest loans to business or individuals, that's fine, as long as they are loans and not hand-outs. PPE is personal — not the responsibility of the government. You want affordable housing? Suspend all of the crazy taxes and fees that are put on developers. That will put people back to work and provide lower-cost housing at the same time. Create areas for farming. Again, labor intensive work that gives a direct result: food on the table at a lower cost. Riverside used to have a huge citrus industry, but we tore it all down and built houses—expensive houses. Lastly, use the non-profit agencies. They are always better at helping people than any government agency.	7/24/2020 3:40 PM
1420	I think residents need help with Utilities costs since they are home more and it's the summer with horrible heat . Maybe Offer lesser rates during this time. People were already struggling	7/24/2020 3:36 PM

before covid and this made it worse. The 250 one time credit you have to proof you lost hours or a job and it has to be the one who's name is on the account. How does that help when let's say your son pays rent to you and you rely on that income and he lost his job so now your struggling. You may not be the one that lost the job so you then don't qualify.

1421	Could we help some of our local health care facilities with resources to help handle their load.	7/24/2020 3:35 PM
1422	Wherever you can build capacity, try. As you consider technology or outreach services, consider how they can support beyond this initial support. How can the community be better connected to the City and each other? Support for continued resources, like grants - do you need resources to enhance grants to support the City as a government and the region.	7/24/2020 3:32 PM
1423	I believe the lion's share of this money (50-60 %) should be used to support our small businesses to allow them to keep their employees on payroll. A lesser amount should be used to support community taxpayers. No more than 10% should be earmarked for the homeless population. There has already been so much money spent on our excellent programs, which is great. But now it's time to support those people who in turn support the city.	7/24/2020 3:31 PM
1424	Don't give any more funding to the police	7/24/2020 3:31 PM
1425	I was unable to navigate through the bottom selection because there were so many it kept jumping around on its own. And the needs of business owners and residents are going to be two different structures but they are all in need	7/24/2020 3:27 PM
1426	I just want everyone housed, fed, and healthy.	7/24/2020 3:26 PM
1427	Do you all have money for students going to school (Universities and Colleges) who need help to pay for tuition and books, and supplies. I was just admitted to Concordia University for the School of Counseling program, and I am in need of help with money to help me since ai am not working due to forloughed from work.	7/24/2020 3:24 PM
1428	The programs dealing with Food Insecurity have been overwhelmed during this time of job loss. Many have been able to "re-invent" to drive thru. But, there are many seniors who do not have transportation or ability to get to same. Meals on Wheels may need direct assistance to help those Seniors. Students who relied on the School nutrition programs have struggled. Child care for individuals in low earning, essential jobs is a critical need to allow those individuals to return to work, if schools are not fully open. WIFI and technology assistance is needed for the families who do not have/cannot afford it, to facilitate distance learning if needed. The City needs to enact a city wide face covering requirement, and support those businesses requiring it. Covid testing needs to be more easily accessible with more timely test results provided, so impacted individuals can return to work or school more quickly.	7/24/2020 3:24 PM
1429	Helping small businesses and restaurants with access problems, i.e. allowing more outdoor seating and a lot less restriction on shopping inside stores.	7/24/2020 3:24 PM
1430	Small mom and pop businesses need it the most.	7/24/2020 3:23 PM
1431	"Cleanliness leads to happy ness" as my Grandmother would say. Lets get SANITATION STATIONS placed in heavy foot traffic areas throughout the city such as Public: PARKS, BUILDINGS, and SCHOOLS etc... to encourage people to wash their hands. Also Motivate people to take safety precautions with free precautions safety products (masks, gloves, virus awareness pamphlets) Thank you Elijah Suchil (714)331-3528	7/24/2020 3:21 PM
1432	As the governor says, the one thing we can do that helps ourselves and others the most is to wear masks (and gloves and glasses). The city should mandate masks in all public places and place people outside stories and public offices providing people with masks. Great work for out of school young people. Also create a simple post of be sent out and to post in public places -- ITS NOT JUST THE FLU -- showing the very basic science of the disease and its transmission. This would help address a lot of the misinformation.	7/24/2020 3:21 PM
1433	Must require mandatory mask wearing and provide masks. Help people who are being evicted from homes due to COVID-19.	7/24/2020 3:20 PM
1434	Most of these funds should go to provide PPEs for the employees of nursing homes, rehab and other short term health care facilities to protect them and their vulnerable populations.	7/24/2020 3:17 PM
1435	Riverside needs more and faster testing centers. Testing centers need more daily test	7/24/2020 3:12 PM
1436	Most pressing emergency applications, either directly to individuals or to small businesses, to prevent eviction, unemployment, and losses to kids' ability to go to school.	7/24/2020 3:12 PM
1437	No more thoughts. Thank you, Erin, for your hard work.	7/24/2020 3:11 PM
1438	A mask should be sent to each resident emphasizing this as the easiest way for each of us to limit the spread of the disease, as Palm Beach county Florida did.	7/24/2020 3:10 PM
1439	Some people have been economically more affected than others—so some people are monetarily struggling more than others for the "greater good". The community as a whole to help those most affected. (For example, help those whose industry is shut down. Like my husband who works in the film industry; or hairdressers, or those who work in the sporting industry).	7/24/2020 3:10 PM
1440	Zero to homelessness because it hasn't helped and the problem continues to worsen regardless of funding. Get transients out of the city and neighborhoods and parks! Help residents keep their property safe! Patrol neighborhoods!	7/24/2020 3:09 PM
1441	Focus on small businesses first. Although not listed, ensure essential services such as	7/24/2020 3:05 PM

	policing (safety) and fire services (safety) are fully funded.	
1442	The funding should be utilized to stabilize the economy to keep as many small businesses in operation as long as possible.	7/24/2020 3:04 PM
1443	Prioritize the businesses in order to renew local taxes and jobs!	7/24/2020 3:04 PM
1444	Prevention of Covid-19. Would like to see more creative ways for people/services to continue their efforts safely. Such as Mary Roberts accepting donations. Or other non profits accepting non monetary donations safely so they can continue their efforts. A drop box for food, canned, etc. similar to a donation box or mail box to drop into it would be helpful.	7/24/2020 3:03 PM
1445	support riverside small business, but not just POC business. end the politics of racial division. it helps nobody.	7/24/2020 3:00 PM
1446	This is an important time to invest in Riverside that will serve all of us in the long term. This means childcare and ongoing services for families, investment in transportation and other public goods that we can't afford to lose, and keeping people in housing, especially those who are on the cusp of losing their housing due to rent they can no longer afford under Covid.	7/24/2020 2:48 PM

3 WAIVING THE COMPETITIVE PROCUREMENT REQUIREMENTS OF
4 RESOLUTION NO. 23256 TO ALLOW FOR THE PURCHASE OF GOODS,
5 PRODUCTS AND SERVICES IN CONNECTION WITH THE
6 CORONAVIRUS AID, RELIEF AND ECONOMIC SECURITY FUNDING
7 FROM THE STATE OF CALIFORNIA.

8 WHEREAS, on March 27, 2020, President Donald Trump signed the Coronavirus Aid,
9 Relief, and Economic Security (CARES) Act into law to provide emergency appropriations
10 during the Coronavirus pandemic (COVID-19); and

11 WHEREAS, the CARES Act provided funding for governments was also included
12 through the creation of the Coronavirus Relief Fund ("CRF"), which allocated \$150 billion to
13 various State, local and Tribal governments; and

14 WHEREAS, the City of Riverside ("City") was not eligible for any of the CRF and

15 WHEREAS, the Big City Mayors, of which Mayor Bailey is a member, engaged the
16 State's legislative leaders and California Governor Gavin Newsom to solicit support for the
17 creation of a dedicated funding opportunity for the seven cities, which included Riverside, that
18 did not receive a direct allocation from the CRF; and

19 WHEREAS, this targeted advocacy effort resulted in the inclusion of a specific \$225
20 million set-aside for the seven cities as part of the recently approved State budget with Riverside
21 receiving \$27,991,888; and

22 WHEREAS, Riverside must use the funds to support activities and expenses that promote
23 public health and safety in response to the COVID-19 public health emergency, including,
24 among other things, implementation of social distancing guidelines in public facilities including
25 testing and contact tracing, services for vulnerable populations, including increased caseload,
26 and items permitted pursuant to guidance provided by the United States Treasury Department, as
27 allowable expenditures that support the state's COVID-19 response; and
