## Board Memorandum

**BOARD OF PUBLIC UTILITIES**

**DATE:** January 11, 2021

**GENERAL MANAGER'S REPORT**

### **General Manager's Report on SHARE and ERAP Program Participation July 2020 through November 2020**

#### SHARE Program

The SHARE program provided assistance to over 4,000 electric customers and over 1,300 water customers for fiscal-year 19/20.

Effective July 22, 2020, qualified customers can receive \$15.00 per month for their electric bill and \$2.75 for their water bill. The SHARE program maintained the once-annual \$150 assistance to customers but has limited it to either deposit assistance or emergency assistance for customers that receive a disconnection notice but are unable to pay.

Due to the COVID-19 pandemic, the delinquency process was put on hold until further notice. Effective, July 16, 2020 the SHARE program guidelines were updated to allow an urgent notice to qualify customers for the \$150 emergency assistance. Once the COVID-19 state emergency ceases to exist, we will revert back to our current program guidelines upon management approval.

Over the second year of the enhanced program, the total number of customers approved for SHARE assistance was 4,084. This represented a year-over-year decrease of 2% when compared to 4,175 customers served between July 2018 and June 2019. Participation continues to trend similar to prior years despite increasing outreach. The number of customers served July 2020 through November 2020 is 1,505, a 35% decrease from the previous year. Staff believes that this is due to the current economic conditions caused by the COVID-19 pandemic and the halt of the delinquency process.

**Customers Receiving SHARE Assistance by Month**

In FY 19/20, the SHARE program cost varied month to month, the monthly average per customer increased as more customers enrolled in the monthly rebate programs. Expenses associated with the rebates per customer are spread throughout the year as customer receive their monthly rebates. The amount expended per customer as of the end of FY 19/20 was \$264.55 (the amount includes monthly payments for enrolled customers through the end of the current fiscal year). Through November, the amount expended per customer is \$100.36.

The chart on the next page provides detail on the history and current progress of the SHARE program participants, expenditures, overhead costs and program goals. CAP administrative expenses are shown in green with the lighter color representing FY 19/20. In November 2020, there was a 30 percent difference in costs between the monthly electric rebate and the flat emergency/deposit assistance (shown as light blue for FY 19/20 and darker blue for FY 20/21). This reflects the monthly payments (shown in yellow) increasing as participation increases throughout the year.
