FORM D

Formal Offering of Proposal
(To be completed only by the Proposer)

PUBLIC UTILITY EQUIPMENT WITH RELATED ACCESSORIES AND SUPPLIES

In compliance with the Request for Proposal (RFP) for PUBLIC UTILITY EQUIPMENT WITH RELATED ACCESSORIES AND SUPPLIES, the undersigned warrants that the Proposer has examined this RFP and, being familiar with all of the instructions, terms and conditions, general and technical specifications, sales and service expectations, and any special terms, agrees to furnish the defined products and related services in full compliance with all terms and conditions of this RFP, any applicable amendments of this RFP, and all Proposer's response documentation. The Proposer further understands that it accepts the full responsibility as the sole source of solutions proposed in this RFP response and that the Proposer accepts responsibility for any subcontractors used to fulfill this proposal.

FORM E
CONTRACT ACCEPTANCE AND AWARD

(Top portion of this form will be completed by NJPA if the vendor is awarded a contract. The vendor should complete the vendor authorized signatures as part of the RFP response.)

NJPA Contract #: 012418-ALT

Proposer's full legal name: Altec Industries, Inc.

Based on NJPA's evaluation of your proposal, you have been awarded a contract. As an awarded vendor, you agree to provide the products and services contained in your proposal and to meet all of the terms and conditions set forth in this RFP, in any amendments to this RFP, and in any exceptions that are accepted by NJPA.

The effective date of the Contract will be March 14, 2018 and will expire on March 14, 2022 (no later than the later of four years from the expiration date of the currently awarded contract or four years from the date that the NJPA Chief Procurement Officer awards the Contract). This Contract may be extended for a fifth year at NJPA's discretion.

PROPOSER ASSURANCE OF COMPLIANCE

Proposal Affidavit Signature Page

PROPOSER'S AFFIDAVIT

The undersigned, authorized representative of the entity submitting the foregoing proposal (the "Proposer"), swears that the following statements are true to the best of his or her knowledge.

1. The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to NJPA members agencies. The undersigned affirms that he or she is authorized to act on behalf of, and to legally bind the Proposer to the terms in this Contract.
2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of NJPA, or any person, firm, or corporation under contract with NJPA, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP.
3. The Proposer has examined and understands the terms, conditions, scope, contract opportunity, specifications request, and other documents in this solicitation and affirms that any and all exceptions have been noted in writing and have been included with the Proposer's RFP response.
4. The Proposer will, if awarded a Contract, provide to NJPA Members the /products and services in accordance with the terms, conditions, and scope of this RFP, with the Proposer-offered specifications, and with the other documents in this solicitation.
5. The Proposer agrees to deliver products and services through valid contracts, purchase orders, or means that are acceptable to NJPA Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to NJPA Members under an awarded Contract.
6. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
7. The Proposer understands that NJPA will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
8. The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify NJPA for reasonable measures that NJPA takes to uphold such a data designation.

[The rest of this page has been left intentionally blank. Signature page below]

By signing below, Proposer is acknowledging that he or she has read, understands, and agrees to comply with the terms and conditions specified above.

PROPOSER QUESTIONNAIRE

Payment Terms, Warranty, Products and Services, Pricing and Delivery, and Industry-Specific Questions

Proposer Name: Altec Industries, Inc.

Questionnaire completed by: Riley Browne

Payment Terms and Financing Options

- 1) What are your payment terms (e.g., net 10, net 30)?
Payment Terms are Net 30

- 2) Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?

Altec Industries provides Leasing and/or financing options through our subsidiary Altec Capital. Options include FMV, TRAC, and Capital leases, Equipment Finance Agreements (EFAs), and a dedicated Municipal Lease option to meet the equipment needs of our municipal customers.

The benefits of our Municipal Lease option include:

- Finance terms to match the useful life of the equipment.
- Flexible lease options to shorten life cycles and decrease maintenance costs.
- Conserves capital budget funds.
- Match payments with budget allocations.
- Non-appropriation language included.

Altec Capital Services municipal lease financing offers terms from 12 to 84 months. Municipal lessees can take advantage of low-rate financing, while simplifying the equipment acquisition process. If budget funds are not approved, simply return the equipment to Altec Capital Services at the end of the current fiscal year.

With Altec Capital Services, there is no need to look anywhere else. Municipalities can now affordably purchase equipment in a timely, simplified way. The municipal lease offering is another product that Altec Capital Services, LLC offers to our customers in an effort to become your partner.

Please feel free to visit <http://www.alteccapital.com> for more information.

- 3) Briefly describe your proposed order process. Please include enough detail to support your ability to report quarterly sales to NJPA. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the NJPA Members' purchase orders.

All purchase orders are processed by Altec Industries, as we are a factory direct company. We prefer a process whereas NJPA members issue purchase orders directly to Altec Industries.

Our NJPA quotes / orders are flagged in our system upon creation, and a report is run each quarter to report this sales data to NJPA. This process is the responsibility of a team at our corporate office with visibility of our worldwide operations.

- 4) Do you accept the P-card procurement and payment process? If so, is there any additional cost to NJPA Members for using this process?

Yes we accept P-card. There is a fee of 3% for credit card transactions used for the purchase of major units.

Warranty

- 5) Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may include in your response a copy of your warranties, but at a minimum please also answer the following questions.

Please see attached warranty documents for details to supplement the answers below.

- Do your warranties cover all products, parts, and labor?
Yes, our standard warranty is 1 year parts and labor, with 90 days for travel. Additionally it includes a limited lifetime warranty on structural components on all our equipment except for Boom Truck Cranes which are 5 years.
- Do your warranties impose usage restrictions or other limitations that adversely affect coverage?
No restrictions, however products must be operated and maintained in accordance with Altec operators and maintenance manuals, programs, and bulletins.
- Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?
Yes, standard warranty is 90 days for travel charges.
- Are there any geographic regions of the United States for which you cannot provide a certified technician to perform warranty repairs? How will NJPA Members in these regions be provided service for warranty repair?
No, Altec employs Mobile Service Technicians in all 50 states and Canada. We own and operate 37 service facilities across the United States and Canada. It will be the member's decision to schedule a Mobile Service Technician to come to their site or schedule in shop service. In either case, 1-877-GO ALTEC (1-877-462-5832) is our dedicated number for members to speak with their local Parts, Mobile, or Shop Service representative.
- Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?
Products not manufactured by Altec which are supplied by Altec on special order would be covered under the manufacturer warranty. This would include items such as inverters, compressors, liftgates, generators, etc.
- What are your proposed exchange and return programs and policies?
Parts ordered in error or no longer needed can be returned. If it was an error on Altec's part or otherwise not the customer's fault the 10% restocking fee will be waived. However, due to the nature of our equipment and the devaluation that occurs upon title / registration, there is no exchange or return program for equipment sales.

- 6) Describe any service contract options for the items included in your proposal.

We have included service contract packages for member consideration. These include PM Inspections at several different intervals, DOT inspections, Dielectric Tests.

Pricing, Delivery, Audits, and Administrative Fee

- 7) Provide a general narrative description of the equipment/products and related services you are offering in your proposal.

A selection of aerial devices with standard service bodies and chip dump bodies mounted on chassis

A selection of derrick devices with standard service bodies and chip dump bodies mounted on chassis

A selection of cranes and truck-mounted hydraulic cranes

A selection of pressure diggers.

A selection of cable placers, stringers, tensioners, and pullers

A selection of wood chippers.

A selection of service bodies mounted on chassis.

A selection of chip dump bodies mounted on chassis.

- 8) Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the NJPA discounted price) on all of the items that you want NJPA to consider as part of your RFP response. Provide a SKU for each item in your proposal. (Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract. See the body of the RFP and the Price and Product Change Request Form for more detail.)

Line Item Proposed Contract Pricing plus \$2/mile delivery charge (CONUS only). The pricing provided includes a discount of between 3% - 5% off MSRP. See attached ALTEC RFP 012418 Pricing - Not For Distribution, the pricing in this document is for the purposes of this bid only and is not for distribution. Altec is also including ALTEC RFP 012418 Pricing, this is the only document to be distributed.

There is no more aggressive pricing available in the country for cooperative procurement organizations, state purchasing departments, GPOs, municipalities, universities, or school districts.

- 9) Please quantify the discount range presented in this response. For example, indicate that the pricing in your response represents is a 50% percent discount from the MSRP or your published list.

Line Item List Price less 3% - 5% Discount = Proposed Contract Price.

Proposed Contract Price plus \$2/mile delivery charge (CONUS only).

See attached ALTEC RFP 012418 Pricing - Not For Distribution

There is no more aggressive pricing available in the country for cooperative procurement organizations, state purchasing departments, GPOs, municipalities, universities, or school districts.

- 10) The pricing offered in this proposal is

_____ a. the same as the Proposer typically offers to an individual municipality, university, or school district.

_____ b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.

___X___ c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.

_____ d. other than what the Proposer typically offers (please describe).

- 11) Describe any quantity or volume discounts or rebate programs that you offer.

2-5 Units: 1% Discount from Contract Price

6-10 Units: 1.5% Discount from Contract Price

11-19 Units: 2% Discount form Contract Price

20+ Units: TBD at Time of Order

Note: Units must be identical to qualify for quantity rebate.

- 12) Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.

ALTEC will utilize and Open Market section for customer to be able to customize equipment as needed. The items in our Open Market section will marked at 20% above Altec cost and presented on a unique quote for each opportunity for customer review.

- 13) Identify any total cost of acquisition costs that are **NOT** included in the pricing submitted with your response. This cost includes all additional charges that are not directly identified as freight or shipping charges. For example, list

costs for items like installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.

Delivery is the only cost not included in pricing. It applies to all customers and the price is \$2.00 / mile for CONUS. Quotes would need to be done for anything outside of the CONUS and will be priced at or below fair market value.

- 14) If delivery or shipping is an additional cost to the NJPA Member, describe in detail the complete shipping and delivery program.

Altec has a team of drivers that work for us. We will also contract with approved and vetted third party drive away companies to deliver our equipment from our manufacturing facilities to the customer site. Delivery is an additional \$2.00 / mile and will be calculated at time of quote for CONUS. Anything outside of the CONUS would be contracted through a third party company and would need to be priced at time of initial quote to customer. Pricing will be at or below fair market value. All parties participating in delivery of equipment will meet certain insurance and liability requirements.

- 15) Specifically describe those shipping and delivery programs for Alaska, Hawaii, Canada, or any offshore delivery.

Canada deliveries will be driven to customer site by approved and vetted third party drive away companies. Alaska, Hawaii, and worldwide deliveries will be contracted through a third party company and would need to be priced at time of initial quote to customer. Price will be at or below fair market rate. All parties participating in delivery of equipment will meet certain insurance and liability requirements.

- 16) Describe any unique distribution and/or delivery methods or options offered in your proposal.

Altec Industries has manufacturing facilities located throughout the country. If customer has a requirement for a "regional build" they can indicate this at time of quote and we will be happy to accommodate. If customer has any unique delivery requirements (such as loading equipment on a trailer for delivery, etc), they can indicate at time of quote and we will be happy to accommodate.

- 17) Please specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with NJPA. This process includes ensuring that NJPA Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to NJPA.

We currently run quarterly reports for NJPA orders and compare the customers on this list with members listed on NJPA's website to verify customers are members. Our Technical Sales Representatives that prepare NJPA quotes for our customers go through training on the quote process, and our quote template is up to date and posted on our internal company site. Our Account Managers must flag the truck as an NJPA quote in our system in order to receive NJPA pricing.

- 18) Identify a proposed administrative fee that you will pay to NJPA for facilitating, managing, and promoting the NJPA Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See RFP Section 6.29 and following for details.)

Altec Industries would like to propose a 1% fee payment to NJPA on all orders.

Industry-Specific Questions

- 19) Describe how the equipment you propose in response to this RFP simplifies the operation for end-users.

For 89 years Altec has been designing and manufacturing equipment with the end user in mind. We want operators to work "Safer and Smarter", and our equipment helps them by incorporating our experience and "voice of the customer" input during the design phase of our products. Additionally our Sales, Service, Mobile Service, and Parts networks all being comprised of Altec employees means that there is a single POC for the customer when using Altec equipment if any questions or issues arise.

- 20) Provide examples from your product offering that are not available from most competitors in this industry.

Altec is the only company in the market that offers Aerials, Derricks, Boom Truck Cranes, Chippers, Knuckleboom Cranes, and Service / Chip bodies in the same response to this RFP. We are industry leaders with our JEMS Hybrid technology, and our product development teams are constantly getting feedback from our customers regarding what to develop next. We are very proud of our IsoGrip control handle on our Aerial Devices, which is not available from anyone else.

21) Explain how your equipment in this category reduces down-time on the job site.

Advanced engineering and rigorous testing make Altec equipment the industry leader in durability. When issues arise, the Altec Service Group has over 100 Mobile Service Technicians nationwide that are available to be deployed to your location. Mobile service technicians are equipped with the trucks and tools needed to get your equipment serviced and back on the road as soon as possible. They provide on-site warranty, service and preventative maintenance solutions for our customers

Additionally, Altec Mobile Service has 24 hour emergency assistance, as well as emergency storm coverage.

22) Explain how your company has integrated technology into your equipment to provide efficiencies and analytics to save time and costs on the job.

Altec has partnered with a telematics provider to produce a series of Class 5 aerial devices equipped with enhanced technology, safety features and operating efficiency. The "connected" bucket trucks include solar panels, digital license plates and Internet connectivity via a mobile hot spot.

Many of our customers use our Radio Remote Controls to operate our equipment. This often gives the operator improved visibility of the work being performed as well as allows them to help with other tasks required instead of sitting in an operator seat.

Our Cranes are equipped with Altec LMAP (Load Moment and Area Protection) systems which display all information about the machine and load on line at any given time, helping save time on the job.

Additionally because we offer a full product line, it may be easier for operators to become familiar with our equipment and cross train between our different product lines.

23) How does your manufacturing process eliminate waste and non-value added options to keep price increases to a minimum?

Altec is keenly focuses on eliminating waste and non-value added processes, while keeping price increases to a minimum. We achieve this by running Rapid Continuous Improvement and maintaining a Closed Loop Quality System. Additionally we use the 8-D Problem Solving System and our production sites have implemented the Kanban scheduling system for lean manufacturing. We use our economies of scale to negotiate favorable arrangements from our suppliers, and utilize a FIFO system for parts that we stock.

24) Explain how your distributors are set up to provide service and support for equipment in this industry.

As a factory direct company we do not use distributors.

25) Identify how your products, services and supplies address the scope of this RFP.

Altec strives to be a full line / full service provider to the Public Utility Market. The range of our product offering allows customers to truly have a partner in their industry, with one contact for their utility equipment needs. Through the years Altec has demonstrated our ability to meet and exceed the expectations of our NJPA customers and we hope to further strengthen our relationships through this RFP.
