## BACKGROUND

1. City of Corona to construct the McKinley Street Grade Separation Project (Project) over the existing BNSF railroad tracks in 2021.
2. The Project is located near the intersection of McKinley Street and Sampson Avenue, and extends from Magnolia Avenue north to State Route 91.
3. Project will relieve traffic congestion and improve safety for vehicles, pedestrians and bicyclists crossing over the railroad tracks.

## DISCUSSION

1. Approximately 1,300 LF of 12-inch pipeline in conflict with Grade Separation Project.
  - a. Approximately 600 LF of 12-inch main within McKinley Street to be relocated to a utility easement provided by Corona.
  - b. Approximately 400 LF of 12-inch main within Estelle Street to be abandoned and alternatively re-routed from Magnolia Avenue and Grant Street.

## DISCUSSION (CONT'D.)

2. City of Riverside has superior property rights that pre-date the establishment of existing City of Corona and County of Riverside right-of-way; consequently, water line relocations will be funded by City of Corona.
3. Cooperative Agreement between City of Corona and City of Riverside will reimburse RPU for design, construction and construction inspection costs related to water line relocation improvements, which is estimated at \$2,090,000.
