Dear Public Utilities and Mrs. Gutierrez

Thank you for teaching us about electricity. I was very interested when I learned things I never knew before especially when you taught us how to light up a lightbulb with wires and a battery. Well that's all I am writing in this note. I will remember those astonishing moments forever.

Dear Mrs. Gutierrez,

I had a very good time in your class and learned a lot. I would love to attend your class again. I'm glad you had enough time to change our time so we can experience both Playworks and Public Utilities.
