DISCUSSION

1. In order to alleviate the impact of the COVID-19 pandemic on RPU's low-income customers, RPU staff proposes to increase the SHARE emergency/deposit credit from \$150 to \$250 for the duration of the state emergency.
2. Many low-income customers are continuing to work during the COVID-19 pandemic and do not qualify for the Emergency Recovery Assistance Program (ERAP).
3. The financial need for assistance experienced by customers is greater than the \$150 provided by the emergency/deposit credit. The original amount has not been increased in over 30 years.
