Interests & Experiences

WHY YOU WANT TO SERVE ON A CITY BOARD OR COMMISSION:

I served as an alternate on the recent Charter Comm. and chaired the subcommittee addressing whether an elected/appointed Inspector General or Public Advocate is appropriate for Riverside I am familiar with what issues require further research and discussion before any decision can be made by council and/or the electorate. Council has identified the IG and mayoral governance issues as the focus of the new Charter Commission. My recent work on these issues will avoid duplication of effort and provide a foundation for further analysis of the advantages and disadvantages of any recommended changes. Any significant change in the City's governance deserves extensive critical thinking and public debate at a level that could not be easily accomplished previously because of the many issues before Charter. A concentrated effort is necessary as recognized by the City Council on July 21, 2020.

EXPERIENCE OR SPECIAL KNOWLEDGE PERTAINING TO AREA(S) OF INTEREST:

I am a licensed attorney experienced in constitutional and municipal law. I also have served on numerous commissions to assist in solving complicated public policy issues. I have no agenda in terms of the outcome of the proposed Charter except to ensure that there is respectful, civil and open debate in anticipation of its adoption, and that its intent and language clearly reflects the will of the public.

I regularly participate in City meetings including strategic planning and contribute time and resources to various non-profits and community activities.

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

NOTICE REGARDING INCOMPATIBLE OFFICES

Under existing California law, no member of City boards or commissions may simultaneously hold two public offices that are incompatible. (California Government Code Section 1099)

Offices are incompatible if one of the offices has supervisory, auditory or removal power over the other, if there would be any significant clash of duties or loyalties between the offices, or if public policy considerations make it improper for one person to hold both offices.
