REGULATION REQUIREMENTS

- Requirements adopted in city policy
 - a) Investigate and respond effectively to COVID-19 cases**
 - i. Notify possibly exposed employees within one day
 - ii. Offer COVID-19 testing at no cost (internal Curative site)
 - b) Specific requirements for multiple COVID infections and outbreaks in the workplace**
 - i. Reporting to local health authorities
 - c) Workplace Audits**
 - i. Workplace Audits/Evaluations
 - Completed initially and during changes to processes or procedures
 - ii. Periodic Inspections
 - Used to identify unhealthy conditions, work practices and/or procedures related to COVID-19
 - Ensure compliance with current COVID-19 policies and procedures

LESSONS LEARNED

- Government can be nimble, adaptive, and agile;
- Cross-coordination works;
- Communicate often and well;
- Invest in planning (planning is key, not necessarily the plan);
- Update RMC - Policy Group is meant for a single, limited time event;
- EOC is a whole City responsibility;
- Regularly practice EOC Operations for a range of possibilities;
- Maintain a network of community partners;
- A declared emergency is often accompanied by others; and
- Investments in emergency preparedness pay off.

RECOMMENDATIONS

That the City Council:

1. Review and provide input on Riverside's Road to COVID-19 Recovery Framework, the Future Wave Preparedness Plan, and the COVID-19 Prevention Program; and
2. Direct staff to return regularly with updates to City Council on specific programs, resources, community engagement activities, and other recovery efforts being undertaken to combat the COVID-19 pandemic.
