Interests & Experiences

WHY YOU WANT TO SERVE ON A CITY BOARD OR COMMISSION:

I was raised to believe your community is what you make it. For nearly two decades I have had the privilege of supporting my community through various forms of civic engagement and in the work I am privileged to do as a public servant. With nearly two decades of experience, I would like to use my expertise and position to support continued growth for the City of Riverside and the community it supports.

EXPERIENCE OR SPECIAL KNOWLEDGE PERTAINING TO AREA(S) OF INTEREST:

RPU was one of my first professional jobs after obtaining my bachelors degree. I was eager to learn more about the community I had grown up in and how key components of the bureaucracy worked. I was hooked...public service was for me. Public Benefits was my home and it afforded me the opportunity to learn more of my community. I had the unique opportunity to meet with thousands of utility customers during my tenure better understanding the needs and the breadth of the customer base. This made the work I did as the City's first environmental relations manager possible and provided a strong background for the work I would later be able to participate in and support including submitting this application. My time at RPU propelled me to UCR where I worked with the College of Engineering on programs of tomorrow – some of which RPU funded. Partnerships with research is one of the ways RPU and the City continues to be forward thinking. From engineering to conservation biology, water transport to new materials, RPU can be a catalyst for innovative growth within the local economy. From the creation of the solar energy program to ensuring programs were promoted in English and Spanish, I know the value and importance of our local owned utility. Not to diminish any other department, RPU, as former Mayor Loveridge noted regularly, is a crown jewel for the City. An asset other communities are envious of, RPU incentivizes growth for the sole benefit of the community. A strong utility supports a strong community.

EDUCATIONAL BACKGROUND:

Riverside has access to an array of educational options and I have been the beneficiary of and participant in public education from elementary through my bachelors which I received from the University of California, Riverside. After pursuing a masters degree from the University of Redlands, I have a greater appreciation for public education institutions and the lasting impact they have in our community.

OCCUPATIONAL EXPERIENCE:

CIVIC OR COMMUNITY EXPERIENCE, MEMBERSHIPS, OR PREVIOUS PUBLIC SERVICE APPOINTMENTS:

Over the last twenty years I have been active in a number of organizations supporting the City and region. Currently I participate in a number of economic development related groups/meetings like IEGO working to enhance economic vitality in the region; I have served as a chair for the YWCA of Riverside County and the United Ways of the Inland Valleys; I am a former board member of California Riverside Ballet and Feeding America Riverside and San Bernardino Counties.

Interests & Experiences

WHY YOU WANT TO SERVE ON A CITY BOARD OR COMMISSION:

I am deeply interested in resource use and environmental sustainability. I am especially interested in the rapid transition that utilities are undertaking to carbon neutral energy sources as mandated by CA law. I think there are incredible opportunities for Riverside that can be beneficial both to ratepayers and to the environment. I am also interested in water use and conservation as well as waste management. As Associate Faculty Director of Sustainability at UCR, I have been involved with monitoring our energy, water and waste and making decisions about investments and conservation, and coordinating efforts with the City of Riverside and RPU.

EXPERIENCE OR SPECIAL KNOWLEDGE PERTAINING TO AREA(S) OF INTEREST:

I have a B.S. in Applied and Engineering Physics and a PhD in Physics. I teach a popular, large (400+ student) course at UC Riverside on energy and the environment, which covers how we use energy, sources of energy, and the environmental impacts of each source. I am the Associate Faculty Director of Sustainability at UC Riverside, a new role at UCR that began in 2018. In this role, I am coordinating sustainability outreach, curriculum, and research on the UCR campus. This has included monthly or quarterly discussions and collaborations with the City of Riverside and Riverside Public Utilities, most recently with the Riverside Green Summit in Oct. 2019. This has also included working toward the University of California's carbon neutrality by 2025 initiative. Finally, I am the chair of the sustainability working group for UCR's long range development plan, which determines how they can appropriately use physical space, infrastructure and resources in the next 15 years. This has included engagement with stakeholders in the community.

Interests & Experiences

WHY YOU WANT TO SERVE ON A CITY BOARD OR COMMISSION:

With the exception of 2 years after graduating from UCR, I have been a lifelong resident of our great city. I grew up in the Eastside, studied here thru college, and worked at some of our most culturally significant places such as the Fox Theater, Municipal Auditorium, and the Citrus Park, in addition to local businesses and Riverside Public Utilities. My life's ambition is to be the Mayor of Riverside, and I am looking to not just prove my skills and dedication by joining on a board or commission, but to make actual, positive impact for all my people that call this place home.

EXPERIENCE OR SPECIAL KNOWLEDGE PERTAINING TO AREA(S) OF INTEREST:

For all three of these boards I have had some relevant experience through my various roles over the years. My work at Riverside Public Utilities as in intern while in college and my current role at the Center for Sustainable Energy has granted me insight to the challenges utilities will increasingly face in the future as residents begin to rely less on the grid and more on distributed energy resource technology. My work as a community advocate in the Eastside and an organizer during my time at UCR gave me the opportunity to witness first-hand the needs and challenges our community faces in terms of crime but as well as their perception and needs regarding public law enforcement our need for better collaboration between all groups in this sector. Lastly, my work on promoting fiscally prudent projects in this city, particularly my previous work in advocating for the preservation of the Downtown library at its historic site, kicked off my understanding of the need to plan responsibly so as to not decimate what should be a balanced budget for our city. My resume will speak more to my diverse experiences, as well as my own account given the opportunity for an interview.

EDUCATIONAL BACKGROUND:

I graduated from the University of California, Riverside in 2018 with a Bachelor of Arts in Political Science and a minor in Italian Studies. I am fluent in English, Spanish and Italian, and have done work for UCR's Center for Economic Development and Innovation as well as research on behalf of UCR faculty for California State Park's Relevancy and History Project.

OCCUPATIONAL EXPERIENCE:

My experience here is incredibly diverse, as my goal since college was to become proficient in various industries to then one day as Mayor, better understand the positions and needs of various sectors and stakeholders throughout our city. Delivering on this goal, I have work experience in local Riverside small business, the public sector through work with Riverside Public Utilities and California State Parks, non-profits through work with the Citrus Park board and at the Center for Sustainable Energy, as well as international experience via teaching in Italy.

PROFESSIONAL OR TECHNICAL ORGANIZATION MEMBERSHIPS:

During my time at UCR, I was a member of the Student Association for Latino-Spanish Affairs, the California Public Interest Research Group (CalPIRG) as well as a founding member of the UCR College Democrats.

CIVIC OR COMMUNITY EXPERIENCE, MEMBERSHIPS, OR PREVIOUS PUBLIC SERVICE APPOINTMENTS:

Previously I was appointed by formal vote as Intern for the Riverside Neighborhood Partnership (RNP) as well as the Friends of California Citrus Park non-profit board.

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

COMMUNITY POLICE REVIEW COMMISSION

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of completion of a Background Personal Information form, live scan fingerprint process through the FBI and Department of Justice, a local police records check, a records check of the National Crime Information Center (NCIC), and a DMV records check that includes vehicles registered to the applicant. Thank you for your interest in serving on the City's Budget Engagement Commission. This supplemental application is mandatory, and will help the City determine the appropriate appointment category (resident or business member), as well as screen for relevant experience.

STATEMENT OF INTEREST

1. Why do you wish to serve on the Budget Engagement Commission?

I wish to serve on this Budget Engagement Commission so that as an individual who is profoundly passionate about the future of his city, I can ensure that the City of Riverside continues delivering on its promise to promoting the general welfare for all its citizens, while balancing the need for funding of municipal programs and infrastructure as our city grows. My understanding is that this commission is currently represented well by business interests, but I would make sure that as a member of this committee, the interests of working-class and diverse Riversiders are met at the table and receive their fair bargaining potential.

- ☐ **No**

2. Describe your experience with or knowledge of local government finance:
(Attach additional pages as needed.)

My experience with governmental finance in our city has not been with numbers or behind spreadsheets. Rather, my experience with finance has been first-hand advocacy and representation for working-class Riversiders in regards to the impact that large projects and construction has on the city. In 2015 and 2016 while the city was considering the development of a new library in Downtown, my brother and I believed that the construction of such a building at that time was not prudent in terms of the city's finances. The city was still coming out of a difficult time due to the great recession and we had a general understanding that if a tighter leash was not kept on municipal expenditures, our city would eventually go the way of San Bernardino. We worked tirelessly to speak with the community and urge them to help us and promote that we keep the library at its old Downtown location, not simply as a matter of historic reusability of such a great building, but as a matter of fiscal prudence; it became evident that a new building, with an appropriate budget to match, would further add to city expenditures. I believe that my experience here, and the rest I have gained since then, has cemented my judgement in analyzing what a fiscally prudent decision is for the city. There are many problems our budget currently faces, and I aim to ensure my city plans for the future.

July 6, 2021
Board of Public Utilities
City of Riverside

I was notified of a recent vacancy on the board by the Deputy City Clerk and would be honored in having the opportunity to speak on how my career experience and passion-driven work ethic would serve well to advance the mission of this group.

In my most recent work, I helped drive mission success at the Center for Sustainable Energy nonprofit through administering five different electric vehicle and bicycle incentive programs across four different states. I also served as Chairman of the organization's committee for Diversity, Equity and Inclusion for a Better Tomorrow. The work to uphold an equitable work environment for all our employees has not been easy. Through learned skills such as forming the initial framework and charter, developing agendas and facilitating meetings, and reporting our progress to the entire organization through monthly presentations, I have experienced first-hand the commitment and drive that is needed to run a well-functioning committee.

Beyond my work at the Center for Sustainable Energy, I am also proud to report my past work as a Water and Energy Efficiency Intern at Riverside Public Utilities. In my year as intern, I successfully managed the City of Riverside's first Green Business Program, led the on-the-ground outreach push to local businesses during the 2015 drought year, and collaborated with SoCal Gas to provide local businesses with free energy assessment evaluations. Through this work, I gained insights on the important programs that directly benefit our community members and businesses, and as a result, have a strong understanding of the history and mission of the utility.

I look forward to further engaging with the board on how I may be a fit for serving the current mission as well as providing a flow of ideas for the innovation of the utility.

Respectfully,
