I wanted you to know that my wife and I support your proposed plans for the property at Glenhaven and Alesandro blvd. We live right next door to the property and we think it will be good for our local area and is a good use of that property. You have already made a difference with your cleanup of the area. I have talked with many of my neighbors about it, and they also support your planned use. Good luck with the upcoming planning commission meeting and hope to see you able to begin work soon.
