I appreciate your response.

Here are our concerns: According to the illustration we are not sure WHERE the parking is going to be? Also, we are concerned that the school(may)be expanding its facilities and what that will look like?

Has the school been sold? If so, to whom and what are their plans?

We have dealt with over the years with families parking on Old Bridge causing some problems. The Stop Sign continues to be a great problem-NO ONE STOPS!

I look forward to talking with you.

Esther and George (Tim) Andrews
