Matthew Taylor, Associate Planner, presented the staff report. Since the publication of the report, staff received five letters in opposition and one letter in support of the proposed project. The letters in opposition cite potential impacts to the wildlife corridor from lighting, noise and traffic associated with the project operations; increased traffic congestion in the immediate area; impacts to nearby residences from project lighting, and inadequate frontage conditions for the drive-thru restaurant; toxic contamination from underground storage tanks and an inconsistency with voter approved measures Prop R and Measure C. The letter in support cites increased economic activity, jobs and convenience for residents and travelers in the area. Comments from the audience: Kevin Akin, Margie Akin, Eddy Jara, Anthony Wilkins, Dori McCall, Jason Hawkins, Roy Harris, Jamie Grunkmeyer, Gary Lupo, Jon Tenorio spoke in opposition and expressed their concerns regarding: traffic congestion, quality of life, impacts to the wildlife corridor, requested additional time for applicant to review the project with neighboring residents, intrusion of headlights from drive-thru, privacy issues, use of white light instead of yellow lighting, issues of students and alcohol, interpretation of the Code regarding drive-thrus and arterial streets and access to the project. Following discussion the Planning Commission recommended that the City Council: 1) Determine that the proposed project will not have a significant effect on the environment based on the findings set forth in the case record and adopt a Mitigated Negative Declaration (MND) and Mitigation Monitoring and Reporting Program (MMRP), pursuant to Section 21081.6 of the California Environmental Quality Act (CEQA) Guidelines; and 2) Recommend adoption of the mitigation monitoring or reporting program pursuant to CEQA Section 21081.6; and 3) Approve Planning Cases: P18-0028 (Zoning Code Map Amendment), P18-0034 (Tentative Parcel Map), P18-0031 (Conditional Use Permit – Vehicle Fuel Station with Off-Sale of Beer and Wine/Vehicle Wash Facility), P18-0032 (Conditional Use Permit – Drive-Thru Restaurant), and P18-0033 (Design Review), based on the findings in the staff report and subject to the recommended conditions, with the addition of extending the screen wall to the south end of Central Avenue.</p> <p>Motion Failed.
