### PUBLIC HEARINGS

PLANNING CASE PR-2020-000427 – CONDITIONAL USE PERMIT AND DESIGN REVIEW – 18651 VAN BUREN BOULEVARD, WARD 4

Proposal by Ali Harb of Harb Group, Inc. to consider the following entitlements to facilitate a remodel of an existing vehicle wash facility (Splash Car Wash & Detail Center). Candice Assadzadeh, Senior Planner, presented the staff report. Ali Harb, stated they were in agreement with the recommended conditions of approval. There was no public comment. The public hearing was closed. Following discussion it was moved by Commissioner Ridgway and seconded by Commissioner Singh to: 1) Determine that the proposed project is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15301 (Existing Facilities) of the CEQA Guidelines, as the proposed project will not have a significant effect on the environment; and 2) Approve Planning Case PR-2020-000427 (Conditional Use Permit and Design Review), based on the findings outlined in the staff report and subject to the recommended conditions. Vice Chair Teunissen advised of the appeal period.

The Planning Commission decision is final unless appealed to City Council.

Broido, stated he was in opposition to a driveway directly across from his driveway, and additional gravel dust from the business traffic. The public hearing was closed.

Chris Scully, Public Works, Engineering and Land Development, stated that when the applicant submits street improvement plans to Public Works, additional paving could be request on the other side of centerline, perhaps an additional 12', to allow for two-way traffic to be on paved surface. He felt that asking for curb and gutter on the other side may be excessive but staff would be willing to add this if the Commission feels this is a suitable solution.

Mr. Arharokh suggested both driveways along Woodcrest Lane and Wood Road have rolling gates. The rolling gate can be opened in one direction, so that traffic comes in from Wood Road and exits on Woodcrest Lane so that they are exiting onto asphalt and do not create dust.

Nathan Mustafa, Deputy Public Works Director, stated that while it's good to consider paving improvements on the other side of the street, but because the residents are not here to discuss it and because there may be some impacts depending on how drainage is configured which may require a berm along the edge of pavement, it could be restrictive of their existing parking. He suggested being mindful of actually engaging the residents before considering improvements on what would be their side of Woodcrest Lane.

Following discussion it was moved by Commissioner Allen to: 1) Determine that the proposed project is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15303 (New Construction or Conversion of Small Structures) of the CEQA Guidelines, as the proposed project will not have a significant effect on the environment; and 2) Approve Planning Case PR-2021-001057 (Conditional Use Permit, Variance and Design Review) based on the findings outlined in the staff report and subject to the recommended conditions. With the recommendation that the paving be extended beyond centerline.

Commissioner Roberts suggested perhaps continuing the matter to allow the applicant to work with staff and the neighbors.

Kristi Smith, Interim City Attorney, suggested that the Commission can condition the project to consult with the neighbors. If the neighbors are not in favor of additional

paving beyond the centerline, staff can have the option and flexibility to modify this as necessary. The Commission can allow staff to work this out without having to continue the matter.

Motion failed due to lack of second.

SUBSTITUTE Motion by Commissioner Villalobos, Seconded by Commissioner Parker, to: 1) Determine that the proposed project is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15303 (New Construction or Conversion of Small Structures) of the CEQA Guidelines, as the proposed project will not have a significant effect on the environment; and 2) Approve Planning Case PR-2021-001057 (Conditional Use Permit, Variance and Design Review) based on the findings outlined in the staff report and subject to the recommended conditions. With the recommendation that the paving be extended beyond centerline as suggested by Public Works. That staff have the flexibility to work with the neighbors and the applicant and move ahead / modify this as necessary.

Vice Chair Teunissen advised of the appeal period.
