The City and the Bank entered into the Reimbursement Agreement in 2022 connection with the remarketing of the City's outstanding Variable Rate Refunding Water Revenue Bonds, Issue of 2011A (the "**2011A Bonds**"). The 2011A Bonds were issued on May 26, 2011, as variable rate bonds in the initial aggregate principal amount of \$59,000,000, of which \$24,050,000 remains outstanding. Pursuant to the Reimbursement Agreement, the Bank provides a letter of credit of credit supporting the 2011A Bonds after their conversion to a new interest rate mode. Any amounts owed by the City to the Bank under the existing Reimbursement Agreement are generally secured by certain net operating revenues of the City's Water System. Neither the faith and credit nor the taxing power of the City, the State of California or any political subdivision thereof are pledged for the repayment of any amounts under the existing Reimbursement Agreement.
