F. By this Agreement, Developer desires to (1) obtain the binding agreement of City to permit the development of the Property in accordance with the Project Approvals and this Agreement, and (2) provide the consideration and improvements specified in this Agreement.

G. City and Developer acknowledge and agree that the consideration that is to be exchanged pursuant to this Agreement is fair, just and reasonable and that this Agreement is consistent with the General Plan of the City.

H. On \_\_\_\_\_, 202\_, the City Planning Commission commenced a duly noticed public hearing on this Agreement, and at the conclusion of the hearing on \_\_\_\_\_, 202\_, recommended approval of this Agreement.

Developer and its successors in interest shall have the vested right to develop the Property in substantial conformance with the terms and provisions of the Project Approvals and this Agreement. Nothing in this subsection shall be construed to limit City's right to ensure that Developer timely provides all infrastructure required by the Project Approvals, Subsequent Approvals, and this Agreement.

- (b) limit or reduce the density or intensity of the Property or of the Project, or any part thereof, or otherwise require any reduction in the number of proposed buildings or other improvements from what is allowed by the Project Approvals;

- (e) modify the land use from what is permitted by this Agreement and the Project Approvals, the City's General Plan Land Use Element at the Operative Date of this Agreement or that prohibits or restricts the

establishment or expansion of urban services including but not limited to community sewer systems to the Project.

4.4 Modification of Approvals. Throughout the term of this Agreement, Developer shall have the right, at its election and without risk to or waiver of any right that is vested in it pursuant to this section, to apply to City for modifications to one or more of the Project Approvals and Subsequent Approvals. The approval or conditional approval of any such modification, which the Planning Department determines to be in Substantial Conformance of the application, and in concurrence with the City Manager, shall not require an amendment to this Agreement. Any such amendment shall be deemed to be incorporated into this Agreement at the time that the amendment becomes effective, provided that the amendment is consistent with this Agreement.

4.5 Destruction of Project or other Uses on Property. Should the Project, or any portion thereof, be destroyed or demolished, in whole or in part, at any time during the term of this Agreement, Developer shall have the right, but not the obligation, to rebuild the Project as permitted by this Agreement, the Project Approvals, all Subsequent Approvals for which it was the applicant or a successor in interest to the applicant, and the MMRP of the EIR and any subsequent or supplemental environmental documents. of Default exists, to cure such Event of Default; provided, that for the avoidance of doubt, no Mortgagee shall have any obligation to cure any Event of Default. City shall not commence legal action against Developer by reason of the existence of an Event of Default or otherwise exercise any of its rights or remedies hereunder (or at law or in equity) arising or accruing as a result of the existence of such Event of Default unless such Event of Default remains uncured after the expiration of the additional notice and cure periods set forth in this Section 10.1.3. Any decision by City staff concerning the interpretation and administration of this Agreement and development of the Property in accordance herewith may be appealed by the Developer to the City Council, provided that any such appeal shall be filed with the City Clerk of City within ten (10) days after written notice of the staff decision has been delivered by the City to Developer or its successor-in-interest, pursuant to Section 18, below. The City Council shall render its decision to affirm, reverse or modify the staff decision in a mutually agreeable feasible date of a regularly scheduled City Council meeting. The Developer shall not seek judicial review of any staff decision without first having exhausted its remedies pursuant to this section.

If and when, from time to time, during the term of this Agreement, the Parties agree that such clarifications are necessary or appropriate, the Parties shall effectuate such clarifications through operating memoranda approved by both Parties which, after execution, shall be attached hereto as addenda and become a part hereof,

and may be further clarified from time to time as necessary with future approval by the Parties. No such operating memoranda shall constitute an amendment to this Agreement requiring public notice or a hearing. The City Manager, in consultation with the City Attorney, shall make the determination on behalf of the City whether a requested clarification may be effectuated pursuant to this section or whether the requested clarification is of such character to constitute an amendment to this Agreement. The City Manager shall be authorized to execute any operating memoranda hereunder on behalf of the City.

12. Amendment or Termination by Mutual Consent. This Agreement may be amended or terminated, in whole or in part, by mutual written consent of City and the affected Developer, evidenced by a writing signed by both Parties.

13. Developer Indemnification. Reserving its right to retain counsel of its own choice to defend Developer, Developer shall indemnify, defend with counsel approved by City, and hold harmless City and its officers, employees and agents (collectively, the "**Indemnified Parties**") from and against any and all losses, liabilities, fines, penalties, costs, claims, demands, damages, injuries or judgments arising out of, or resulting in any way from, Developer's performance pursuant to this Agreement including, but not limited to, Developer's construction of the Project on the Property and any injury sustained by any person in connection with the construction or partial construction of buildings and improvements on the Property except to the extent caused by City or any other Indemnified Party.

Developer shall indemnify, defend with counsel approved by City, and hold harmless City and the Indemnified Parties from and against any action or proceeding to attack, review, set aside, void or annul this Agreement, or any provision thereof, the environmental documents prepared and approved in connection with the approval of the Project, or any Project Approval or Subsequent Approval or modifications thereto, or any other subsequent entitlements for the project and including any related environmental approval.

14. Time of Essence. Time is of the essence for each provision of this Agreement of which time is an element.

15. Operative Date. This Agreement shall become operative on the Operative Date, which shall be the date the Enabling Ordinance becomes effective, pursuant to Government Code Section 36937.

16. Term. This Agreement shall remain in full force and effect for a term of twenty (20) years commencing on the Operative Date. Expiration of the term or earlier termination of this Agreement shall not automatically affect any Project Approval or Subsequent Approval or Building Permit or Final Building Permit that has been granted or any right or obligation arising independently from such Project Approval or Subsequent Approval or Building Permit or Final Building Permit.

Upon expiration of the term or earlier termination of this Agreement, the Parties shall execute any document reasonably requested by any Party to remove this Agreement from the public records as to the Property, and every portion thereof, to the extent permitted by applicable laws.

Notwithstanding the foregoing, the following shall survive the expiration or earlier termination of this Agreement: all obligations arising under this Agreement prior to the expiration or earlier termination of this Agreement.

17. Notices. All notices and other communications given pursuant to this Agreement shall be in writing and shall be deemed to have been received and to be effective either when personally delivered or upon the third (3rd) day after deposit in the United States mail, registered or certified, postage prepaid, return receipt requested, to the Parties at the addresses set forth in **Exhibit C** attached hereto and incorporated herein.

Any Party may, from time to time, by written notice to the other, designate a different address for delivery of notices, which address shall be substituted for the one listed on Exhibit C.

18. Entire Agreement. This Agreement and those exhibits and documents referenced herein, which are incorporated herein by this reference, contain the entire agreement between the Parties regarding the subject matter hereof, and all prior agreements or understandings, oral or written, are hereby merged herein. This Agreement shall not be amended, except as expressly provided herein.
19. Waiver. No waiver of any provision of this Agreement shall constitute a waiver of any other provision, whether or not similar; nor shall any such waiver constitute a continuing or subsequent waiver of the same provision. No waiver shall be binding, unless it is executed in writing by a duly authorized representative of the Party against whom enforcement of the waiver is sought.
20. Severability. If any provision of this Agreement is determined by a court of competent jurisdiction to be invalid or unenforceable, then the remainder of this Agreement shall be effective to the extent the remaining provisions are not rendered impractical to perform, taking into consideration the purposes of this Agreement.
21. Relationship of the Parties. Each Party acknowledges that, in entering into and performing under this Agreement, it is acting as an independent entity and not as an agent of the other Party in any respect. Nothing contained herein or in any document executed in connection herewith shall be construed as creating the relationship of partners, joint ventures or any other association of any kind or nature between City and Developer, jointly or severally.

22. No Third-Party Beneficiaries. This Agreement is made and entered into for the sole benefit of the Parties and their successors in interest. No other person shall have any right of action based upon any provision of this Agreement.
23. Recordation of Agreement and Amendments. This Agreement and any amendment thereof shall be recorded with the County Recorder of the County of Riverside by the City Clerk of City within the ten-day period required by City resolution number 15475.
24. Cooperation Between City and Developer. City and Developer shall execute and deliver to the other all such other and further instruments and documents as may be necessary to carry out the intend and purposes of this Agreement.
25. Rules of Construction. The captions and headings of the various sections and subsections of this Agreement are for convenience of reference only, and they shall not constitute a part of this Agreement for any other purpose or affect interpretation of the Agreement. Should any provision of this Agreement be found to be in conflict with any provision of the Project Approvals or the Subsequent Approvals, the provision of this Agreement shall prevail.
26. Joint Preparation. This Agreement shall be deemed to have been prepared jointly and equally by the Parties, and it shall not be construed against any Party on the ground that the Party prepared the Agreement or caused it to be prepared.
27. Governing Law and Venue. This Agreement is made, entered into, and executed in the County of Riverside, California, and the laws of the State of California shall govern its interpretation and enforcement. Any action, suit or proceeding related to, or arising from, this Agreement shall be filed in the appropriate court having jurisdiction in the County of Riverside.
28. Attorneys' Fees. In the event any action, suit or proceeding is brought for the enforcement or declaration of any right or obligation pursuant to, or as a result of any alleged breach of, this Agreement, each Party shall bear their own fees.
29. Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, but all of which constitute one and the same instrument.
30. Authority to Execute. Developer warrants and represents that to its knowledge as of the Operative Date and with respect to each entity that is defined as Developer: (i) it is duly organized and existing; (ii) it is duly authorized to execute and deliver this Agreement; (iii) by so executing this Agreement, Developer is formally bound to the provisions of this Agreement; (iv) Developer's entering into and performance of its obligations set forth in this Agreement do not violate any provision of any other agreement to which Developer is bound; and (v) there is no existing or threatened litigation or legal proceeding of which Developer is aware that could

prevent Developer from entering into or performing its obligations set forth in this Agreement.

31. Incorporation of Recitals. The recitals set forth in this Agreement are incorporated herein by this reference and made a part hereof as if fully set forth as paragraphs in this Agreement.

**RE: AIRPORT LAND USE COMMISSION (ALUC) DEVELOPMENT REVIEW – DIRECTOR’S DETERMINATION**

File No.: ZAP1646MA25  
Related File No.: PR-2024-001666 (Change of Zone and Development Plan Review)  
Airport Zone: Zone E  
APN: 210-130-0158, 210-130-016, and 210-130-020

Dear Ms. Assadzadeh:

Under the delegation of the Riverside County Airport Land Use Commission (ALUC) pursuant to Resolution 2015-01 (as extended by Resolution No.2020-01) of the Countywide Policies of the 2004 Riverside County Airport Land Use Compatibility Plan, staff reviewed City of Riverside Case No. PR-2024-001666 (Change of Zone and Development Plan Review), a proposal to demolish two existing 99,900 square foot light industrial buildings and proposes to construct two new industrial buildings totaling 199,850 square feet on 10.21-acres, located at 2626 Kansas Avenue. The applicant also proposes to change the sites zoning from Employment Emphasis and Housing Emphasis Subdistricts to Industrial Emphasis. Lastly, the applicant proposes a Zoning Code Text Amendment to modify development standards of the Innovation District Overlay Zone.

The site is located within Airport Compatibility Zone E of the March Air Reserve Base/Inland Port Airport Influence Area (AIA), where non-residential intensity and residential density is not restricted.

Although the project is located within the March Air Reserve Base/Inland Port Airport Influence Area, the nearest runway is actually Runway 6-24 at Flabob Airport. The elevation of Runway 6-24 at Flabob Airport is approximately 750 feet above mean sea level (AMSL) at its easterly terminus. At a distance of 14,447 square feet from the project to the nearest point on the runway, Federal Aviation Administration Obstruction Evaluation Service (FAA OES) review would be required for any structures with an elevation at top of roof exceeding 1,039 feet AMSL. The maximum finished floor elevation is 889 feet AMSL and the maximum building height is 46 feet, resulting in a top point elevation of 935 feet AMSL. Therefore, FAA OES review for height/elevation reasons was not required.

As ALUC Director, I hereby find the above-referenced project **CONSISTENT** with the 2014 March Air Reserve Base/Inland Port Airport Land Use Compatibility Plan, provided that the City of Riverside applies the following recommended conditions:

**CONDITIONS:**

1. Any new outdoor lighting that is installed shall be hooded or shielded so as to prevent either the spillage of lumens or reflection into the sky. Outdoor lighting shall be

downward facing.

2. The following uses/activities are not included in the proposed project and shall be prohibited at this site.
  - (a) Any use which would direct a steady light or flashing light of red, white, green, or amber colors associated with airport operations toward an aircraft engaged in an initial straight climb following takeoff or toward an aircraft engaged in a straight final approach toward a landing at an airport, other than an FAA-approved navigational signal light or visual approach slope indicator.
  - (b) Any use which would cause sunlight to be reflected towards an aircraft engaged in an initial straight climb following takeoff or towards an aircraft engaged in a straight final approach towards a landing at an airport.
  - (c) Any use which would generate smoke or water vapor or which would attract large concentrations of birds, or which may otherwise affect safe air navigation within the area. (Such uses include landscaping utilizing water features, aquaculture, production of cereal grains, sunflower, and row crops, composting operations, wastewater management facilities, artificial marshes, trash transfer stations that are open on one or more sides, recycling centers containing putrescible wastes, construction and demolition debris facilities, fly ash disposal, and incinerators.)
  - (d) Any use which would generate electrical interference that may be detrimental to the operation of aircraft and/or aircraft instrumentation.
  - (e) Hazards to flight.
3. The attached "Notice of Airport in Vicinity" shall be provided to all prospective purchasers and occupants of the property.
5. March Air Reserve Base must be notified of any land use having an electromagnetic radiation component to assess whether a potential conflict with Air Base radio communications could result. Sources of electromagnetic radiation include radio wave transmission in conjunction with remote equipment inclusive of irrigation controllers, access gates, etc.

If you have any questions, please contact me at (951) 955-6893.

Sincerely,  
RIVERSIDE COUNTY AIRPORT LAND USE COMMISSION
