Hearing was called to consider Planning Case PR-2024-001656 a proposal by Matthew Esquivel of Warmington Residential to consider a Tentative Tract Map to subdivide a 9.91-acre parcel into 49 single family lots to facilitate a residential development consisting of 46 market rate dwellings and 3 affordable dwellings. The project site is currently developed as an orange grove, situated on the southeast corner of La Sierra Avenue and Victoria Avenue, in the R-1-1/2 Acre - Single Family Residential Zone, in Ward 5. The Community & Economic Development Department recommends that the Planning Commission determine the project will not have a significant effect on the environment and adopt a Mitigated Negative Declaration and Mitigation Monitoring and Reporting Program (MMRP). Ten people spoke regarding the matter. The public hearing was officially closed.

The Planning Commission recessed at 10:01 a.m. to review additional public comments received and the response from the applicant; and reconvened at 10:17 a.m. with all Planning Commissioners present.

Following discussion, it was moved by Commissioner Wilder to include secondary vehicular access via Millsweet Place to the project recommendations. The motion failed for lack of a second.

Following further discussion, it was moved by Vice Chair Wilson and seconded by Chair Mooney to (1) determine that the proposed project will not have a significant effect on the environment based on the findings set forth in the case record and adopt a Mitigated Negative Declaration (MND) and Mitigation Monitoring and Reporting Program (MMRP), pursuant to Sections 15074 and 21081.6 of the California Environmental Quality Act (CEQA) Guidelines; and (2) approve Planning Case PR-2024-001656 (Tentative Tract Map), based on the findings outlined in the staff report and summarized in the findings and subject to the recommended conditions as Exhibits 1 and 2 of the staff report.
