THIS PRELIMINARY ENGINEERING REIMBURSEMENT AGREEMENT (“Agreement”) is made and entered into, and effective as of the date of the last signature on this Agreement, by and between Sprint Communications Company L.P. (“SCCLP”), whose mailing address is C/O Cogent Communications, LLC, 2450 N Street, NW, 4th Floor, Washington, D.C. 20037, Attn: VP of Infrastructure, and the City of Riverside, a California municipal corporation (“City”) whose mailing address is 3900 Main Street, 4th Floor, Riverside, CA 92522. Sprint Communications Company LLC is now a wholly-owned subsidiary of Cogent Communications Holdings, Inc. pursuant to Cogent Communications Holdings, Inc.’s (together with its subsidiaries) acquisition of Wireline Network Holdings, LLC (together with SCCLP and its other subsidiaries). SCCLP and City may be referred to individually as a “Party” or collectively as the “Parties.”

BACKGROUND:

A. City is planning a grade separation project (“Project”) in the City of Riverside, California within Burlington Northern Santa Fe Railroad (“BNSF”) right of way (“ROW”) in the approximate area of Third Street and Commerce Streets, which Project may impact SCCLP fiber optic cable and facilities located in the ROW. SCCLP owns fiber optic cable within the ROW pursuant to a Memorandum of License Agreement with BNSF dated 12/20/1991.

B. As a result of the Project, it may be necessary for SCCLP to attend meetings, exchange information, and review and prepare plans to modify its facilities in order to accommodate the Project (“Preliminary Work”).

C. SCCLP, under the terms stated in this Agreement, is willing to perform the Preliminary Work, provided City reimburses SCCLP for all of its actual costs, both direct and indirect.

AGREEMENT

In consideration of the promises and mutual covenants herein contained, SCCLP and City agree as follows:

1. SCCLP will perform the necessary Preliminary Work subsequent to the execution of this Agreement by both Parties subject to the terms and provisions of this Agreement.

2. City will bear and be responsible for and pay in accordance herewith all direct and indirect costs incurred by SCCLP and relating to the above referenced Preliminary Work, including, but not limited to, labor, damages, administrative overhead, engineering review work, taxes, and legal fees.

3. The initial estimated cost of the Preliminary Work is estimated to be One Hundred Forty-Three Thousand Nine Hundred Twenty-Eight Dollars (\$143,928.00), as set forth in **Exhibit A**. Final actual costs may be more or less than such estimate, which will not be

construed as a limitation of costs for the project. SCCLP will promptly provide notice to City if it becomes obvious to SCCLP that the final actual costs will exceed the foregoing by more than ten percent (10%).

4. City must furnish a cashier's check or wire transfer in the amount of One Hundred Forty-Three Thousand Nine Hundred Twenty-Eight Dollars (\$143,928.00) to SCCLP before commencement of the Preliminary Work. Any and all costs in excess of the amount of the check or wire transfer will be billed to City when the Preliminary Work has been completed, and City will be liable for any such amount, which exceeds the amount of the check or wire transfer. Wire transfers shall be sent to:

Sprint Communications Company L.P.
Attn: Walter Churaman
Cogent Communications
2450 N Street, NW Washington, DC 20037

5. Within a reasonable period of time after SCCLP pays all of the invoices associated with the Project and the drawings are complete, SCCLP will furnish an accounting of final actual costs and provide City an invoice of the same. Should the invoice exceed the amount of the cashier's check or wire transfer, City shall pay the full amount of such invoice within thirty (30) days after receipt.

6. City will indemnify and hold harmless SCCLP, its officers directors, agents and employees from all loss, claims, liability and costs incurred by SCCLP, including, without limitation, losses resulting from claims for damages to property or injuries to or death of persons, judgments, court costs and attorney's fees, which arise out of or are claimed to have arisen out of the acts or omissions of City, its contractors, agents, or employees with respect to the Project, including the construction, maintenance, presence on the right of way, or other operations or activities of City.

7. It is expressly understood by the Parties that SCCLP is not abandoning any rights, title, or interest it may have in the above-described land, all such rights, title, and interest being expressly reserved.

8. This Agreement supersedes every antecedent or concurrent oral and/or written declaration and/or understanding pertaining to the fiber optic cable modification work by and between SCCLP and City.

9. The terms of this Agreement shall be binding and inure to the benefits of the Parties hereto and their successors and assigns.

10. Each Party represents and warrants to the other Party that the consent or approval of no third-party, including, without limitation, a lender, is required with respect to the execution of this Agreement, or if any such third-party consent or approval is required, such Party has obtained any and all such consents or approvals.

This is an estimate of funding for preliminary engineering required to accommodate The City of Riverside's proposed grade separation of 3rd Street, at the BNSF Railroad Right of Way in Riverside, CA. The proposed project of a new BNSF RR alignment / bridge and grade separation by the City of Riverside will require Sprint to relocate the existing Fiber Optic Facilities within the new BNSF RR ROW

The area of design will be within the City of Riverside, CA. The project consists of designing a new alignment for Sprint's fiber optic facilities, coordinating with Sprint engineering vendors, City of Riverside, BNSF Railroad and any other municipalities, utilities or vendors, required to completed the Sprint preliminary design.

The work included in preliminary engineering cost estimate is:

1. Review of improvement plans.
2. Meetings
3. Coordination with the City of Riverside, BNSF Railroad, RCTC and all utilities involved.
4. Develop a viable relocation plan.
5. Provide cost estimates to City of Riverside for the relocation and or protection of the Sprint Fiber Optic Facilities.

All work on Sprint's facilities will need to be performed by Sprint personnel and/or Sprint approved contractors.

This estimate does not provide for performing any actual relocation work. The costs included are only those necessary to generate project plans and a construction estimate.
