SCOPE OF SERVICES

Attachment A
Proposed Scope of Services
Development of Inclusionary Housing Program for
City of Riverside
Budget and Scope Amendment

EPS is currently supporting the City of Riverside (City) in exploring the development of an inclusionary housing program. In the course of the study process, additional work tasks for EPS have been identified by the City. EPS's proposed scope of services and budget to complete these additional tasks is included below.

Proposed Scope of Services

Additional Task 1: Updates to Feasibility Analysis

EPS's most recent feasibility analysis supporting the proposed inclusionary housing ordinance was conducted using HCD's 2022 income limits for lower-income households in Riverside County. Since that time, financial markets have seen increases in interest rates, affecting both development costs and supportable mortgage values. Also, in May 2023, HCD released updated income limits for 2023. EPS will review and update its feasibility model to reflect the financing changes and the most recent income limits, and will identify if the updated figures impact the findings of the feasibility study as it relates to inclusionary requirements. EPS will provide the City with updated PowerPoint tables reflecting this new data.

Additional Task 2: Planning Commission and City Council Public Meetings

EPS will prepare for and attend up to five (5) public meetings where the City's Planning Commission or City Council will discuss the inclusionary housing program. The budget for this task assumes at least one EPS staff member will attend the meetings in-person. EPS will present at these meetings as requested by City staff.

Additional Task 3: Implementation Documents

Should the City adopt an inclusionary housing program, EPS will assist the City staff in preparing documents related to implementation of the program. These will include a summary of program requirements and processes that can be provided to developers working in the City; a draft Affordable Housing Agreement that developers will enter into with the City; and a Resolution for City Council adoption detailing the program's in-lieu fees. Should the City desire assistance with additional documents, the proposed scope and budget for this task can be amended accordingly.

The estimated budget to complete **Tasks 1 and 2** is **\$22,480**. This includes EPS's in-person attendance at up to five (5) public meetings. The estimated budget to complete **Task 3** as described is **\$17,640**. EPS understands that approval of the budget for this task may be contingent on the City Council's adoption of an inclusionary housing ordinance. **Table 1** details the budget for each task broken down by staff and hours.
