Fringe Benefits Plan

PART I - FRINGE BENEFITS PLAN

Section 1. HOLIDAY

- a. Authorized holidays are as set forth in Table 1 which is attached hereto and incorporated herein by reference, including certain limitations and exceptions set forth therein, and except when the best interests of the City so require, municipal offices shall be closed on such days.
- b. The provisions of state law making every day on which an election is held throughout the state a state holiday shall not apply nor be a City holiday. If a holiday falls on Sunday, the following Monday shall be considered a holiday. If a holiday falls on Saturday, the preceding Friday shall be considered a holiday.
- c. Except as hereinafter provided, all regular, full-time and part-time permanent employees, shall receive paid holiday time off equivalent to their regularly scheduled work hours (e.g. 10 hours of holiday pay for 10-hour shift) and Fire Unit personnel working fifty-six (56) hour weeks shall receive twelve (12) hours of pay for every authorized holiday. Regular part-time employees who are regularly scheduled to work thirty (30) to thirty-nine (39) hours per week shall be entitled to receive holiday pay at three-fourths (3/4ths) the regular daily rate and those regularly employed between twenty (20) to twenty-nine (29) hours per week shall be entitled to receive holiday pay at one-half (1/2) the regular daily rate. Temporary, seasonal and less than half-time employees shall not receive leave of absence pay for holidays.
- d. Holiday hours shall count towards "hours worked." If a holiday falls on an employee's regular day off, said employee shall receive eight (8) hours, unless otherwise provided, additional regular compensation or the employee may request time off of eight (8) hours with the approval of such employee's department head. For employees in SEIU General Unit and IBEW Wastewater Unit, when a holiday falls on a regular day off, employees should take the day before or after the holiday. If the employee is not able to take said time off due to work coverage issues, the employee may instead elect to receive regular straight time pay or bank compensatory time at their straight time rate.

If an employee is required to work on a holiday as a regularly scheduled work day, the employee shall receive compensation equivalent to their regularly scheduled work shift at the normal hourly rate in addition to any hours actually worked which will be paid at the applicable overtime rate. However, an employee in the Public Utilities Field and Supervisory Units whose regular shift assignment falls on a scheduled holiday and who is required to work on that day shall not be able to take compensatory time off but shall be paid at the rate of two (2) times said employee's regular hourly rate including automatic earnings plus straight time for the holiday.

If a Public Safety Dispatcher employee is required to work on the actual holiday which happens to fall on a Saturday or Sunday, the employee shall be paid the

appropriate overtime rate plus straight time pay for the holiday. In the event that the employee's regular shift includes working both the actual holiday and the City observed holiday, the employee shall only receive holiday straight time pay and corresponding overtime pay for the actual holiday; no holiday hours should be coded on the observed holiday.

- e. In order to be eligible for holiday pay, an employee in the Public Utilities Field and Supervisory Units must be either at work or on paid leave of absence on the regularly scheduled work day immediately preceding the holiday or day observed in lieu of the holiday, and the regularly scheduled work day immediately following the holiday or day observed in lieu of the holiday. No employee in the Public Utilities Field or Supervisory Unit who is on suspension or unpaid leave of absence on either the regularly scheduled work day immediately preceding or immediately following the holiday or day observed in lieu of the holiday shall receive compensation eight (8) hours for paid holiday or day observed in lieu of the holiday.
- f. All current employees in the Fire Management Group assigned to Suppression or Day shift are regularly required to work on holidays. Employee assigned to Suppression will receive annual holiday benefits equal to 156 hours and employees assigned to Day will receive annual holiday benefits equal to 130 hours, which will be compensated as lump sum cash payment the last pay period of November of each year and shall be reported to CalPERS as compensation earnable. Refer to MOUs for additional requirements.

All employees in the Fire Unit hired on or after September 21, 2001 must make an irrevocable election upon hire on electing to receive holiday compensation either as (1) compensatory time off benefits which means working on holidays and accruing holiday hours that may be used as time off at a later time, the value of which will not be reportable to PERS as "compensation earnable" and therefore will not be included in the computation of retirement benefits or contributions, or as (2) work on holidays and receive holiday compensation as a lump sum cash payment with no ability to use accrued holiday hours as time off, which will be reportable to PERS as "compensation earnable" and which will be included in those calculations. Those individuals electing to receive all future holiday compensation as a cash payment will be entitled to receive a lump sum payment the last pay period of November each year, with the holiday pay being reported as special compensation in the pay period in which the holiday occurs at the rate of pay the employee had in that pay period. Holiday benefits are and shall continue to be earned and accrued on a calendar year basis and cannot be carried over to the following calendar year.

- g. Each employee in the Police Unit, the Police Management Unit and Police Supervisory Unit shall elect prior to January 1 of each calendar year whether that employee wishes to defer receipt of compensation. Employees electing deferred payment shall receive the value of all unused or unpaid holidays in one lump sum payment at the end of the last pay period in December.

Effective January 1, 2017, in order to maintain operational control and facilitate

community engagement through participation in community events, many of which occur on holidays, employees in RPAA, Deputy Police Chiefs and Police Chief, are required to work regular or adjusted shifts on approved holidays (without regard to holidays) unless prior approval is sought and obtained for the employee to observe the holiday and be absent from work. If approved, the employee will have an option to observe, bank or receive pay for each holiday at the employee's regular rate of pay. Regular rate of pay is agreed to mean the employee's normal hourly compensation for regular working hours, including applicable specialty pay, educational pay, POST certificate pay, assignment pay, fugitive officer premium pay, shift differential, certificate pay, and other compensation as allowed per FLSA.

- h. Each employee in the Police Unit, Police Supervisory Unit, and Police Management Unit shall have holiday time credited based on shift hours. This means, for example, that an employee assigned a ten (10) hour shift shall receive ten (10) hours holiday time credit, and an employee assigned a twelve (12) hour shift shall receive twelve (12) hours holiday time credit. Similarly, an employee on a ten (10) hour work day authorized to be off on a holiday shall be considered as having worked ten (10) hours on the holiday.
- i. Each regular Solid Waste Operator and Senior Solid Waste Operator , in the Refuse Unit shall be subject to the following holiday week schedule:
 - (1) If the holiday falls on a Monday, employees shall work Tuesday, Wednesday, Thursday and Friday;
 - (2) If the holiday falls on a Tuesday, employees shall work Monday, Wednesday, Thursday and Friday;
 - (3) If the holiday falls on a Thursday, employees shall work Monday, Tuesday, Friday and Saturday subject to the conditions below;
 - (4) If the holiday falls on a Friday, employees shall work Monday, Tuesday, Thursday and Saturday subject to the conditions below; and
 - (5) If the holiday falls on a Saturday, employees shall work their regular schedule and receive holiday pay for Friday and Friday's work shall be paid at one and one-half times (1-1/2) the employee's regular rate.
 - (6) If the holiday falls on a Sunday, the holiday shall be observed on Monday and employees shall work Tuesday, Wednesday, Thursday, and Friday and Monday work shall be paid at one and one-half times (1-1/2) the employee's regular rate..

Wednesday work shall be paid at one and one-half (1-1/2) times the employee's regular hourly rate. Saturday work under subparagraphs three (3) and four (4) above shall be paid at twice the employee's regular hourly rate. Management shall first seek volunteers for such work; if there are insufficient volunteers the City shall assign employees on the basis of inverse seniority within the applicable classification.

- j. Each employee in the Public Utilities Field and Supervisory Units will be compensated for approved holidays based on their regularly scheduled work hours.

This adjustment shall be primarily for field employees and/or employees who normally perform heavy labor. The department head or designee has the option to deny schedule changes when overtime payment to another employee is required to cover the employee's regular shift.
