

POPULAR ANNUAL FINANCIAL REPORT

YEAR ENDED JUNE 30, 2024

RIVERSIDE, CALIFORNIA

Dear Reader,

The City of Riverside is pleased to present our Popular Annual Financial Report (PAFR) for the fiscal year ending June 30, 2024. Our PAFR provides an overview of the City's financial position in a manner that is easy to understand. The information in this report is based on the audited results presented in the City's Annual Comprehensive Financial Report (ACFR). This report also includes information about the City's economic outlook and organizational outstanding debt structure.

It is important to note, this PAFR is unaudited and is presented on a non-GAAP basis*. This means that the presentation of financial data in this report differs from the GAAP basis presentation in the City's ACFR. The differences are as follows: the use of prescribed accounting methods and financial statement formats; the presentation of segregated funds; and the disclosure of all material financial and non-financial matters in notes to the financial statements.

We hope that you find this report helpful and encourage you to access the City's website (www.RiversideCA.gov/Finance) or contact the Finance Department at (951) 826-5660 for more detailed information about the City's finances.

Sincerely,

Kristie Thomas

As of June 30, 2024, the City had outstanding long-term bonded debt totaling \$1.845 billion. A five-year history of the long-term debt for governmental and business-type activities is below.

Certificates of Participation \$98.2 million	Used as a lease-purchase financing mechanism for public buildings such as the Convention Center.	
Pension Obligation Bonds \$409.1 million	Used to pay some of the pension plan's unfunded pension liability. The City's net pension liability as of June 30, 2024, was \$331.3 million.*	
Lease Revenue Bonds \$66.9 million	Used to finance public improvements such as City Hall, Galleria at Tyler, Police Patrol Center, and a Main Library Project.	
General Obligation Bonds \$1.8 million	Issued for the construction or acquisition of major capital assets. The security pledged for the bonds is the general taxing power of the government.	

Net Pension Liability*

Miscellaneous vs Safety Employees

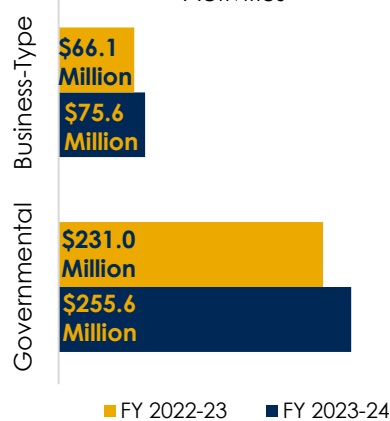

Rising retirement costs continue to have a significant impact on the City's long-term financial stability. CalPERS investment returns have fluctuated significantly over the last ten years, leading to swings in funding levels reported in CalPERS actuarial reports and projected payments toward the City's UAL. In response, the City has employed several strategies to address the rising CalPERS costs. Such as, issuing a Pension Obligation Bond (POB) and establishing a Section 115 Trust. The POB has the ability to save the City over \$170 million in pension expense through maturity of the bond in 2050 and Section 115 Trust contributions are projected to achieve level annual payments of \$36.17 million starting in FY 2028/29, offsetting a projected impact of over \$11.7 million annually.
