Notes

1. All meters include the Tantalus endpoint license
2. An order needs to be placed in the noted timeframe for the prices to be valid
3. Freight is included. FOB Origin
4. Includes 3-year warranty on meter and module
5. California sales tax rate for may change in the future. Sales tax will be collected at the actual rate for Riverside, CA at time of invoice. As of September 2024, the sales tax rate for City of Riverside is 8.750%
6. Itron will provide a contract to lock in these prices with your established release schedule prior to end of 2024 if a blanket PO is provided. If a blanket PO is not viable for RPU this quote can be used as a guideline of pricing for the next 5 years but pricing will be subject to change per market conditions. If RPU wants to set a master sales agreement to confirm an order of a minimum of 14,000 units per year will be purchased, Itron can hold those prices firmly for the 5-year period. That master sales agreement will need to be completed before Jan 1, 2025, when this quote expires.
