

February 26, 2024

Gannon Design:

Subject: USPS Parking Requirements

- A designated white zone must be provided which would preclude backing, accommodate the delivery vehicle, and be within reasonable distance of the delivery equipment as approved by the USPS.
- The parking can be a “USPS Only” designated space OR 30 feet of controlled/restricted parking with a white painted curb and prominent signage with the following: “USPS Parking Only”.

For a designated parking space, see example below:

As discussed for “The Commons” project, we can make an exception for a green loading zone in front of the building at 3224 Main Street.
