SUBJECT: ADOPT A RESOLUTION REGARDING CITY COUNCIL RULES OF PROCEDURE AND ORDER OF BUSINESS TO CLARIFY USE OF TECHNOLOGY BY MEMBERS OF THE PUBLIC

## **ISSUE:**

The issue for City Council consideration is to adopt a resolution regarding City Council Rules of Procedure and Order of Business to clarify the use of technology by members of the public.

## **RECOMMENDATIONS:**

That the City Council adopt a resolution to revise the City Council Rules of Procedure and Order of Business to clarify the use of technology by members of the public.

## **BACKGROUND:**

On January 16, 2024, the City Council adopted Resolution number 24076 providing for the Rules of Procedure and Order of Business for the City Council and related functions and activities. Article X of the resolution provides for the Conduct of Meetings including the conduct for communications from members of the public.

## **DISCUSSION:**

The attached proposed resolution clarifies the use of technology by members of the public to amplify sound or display images or videos. The projector presently used for enlarging printed materials provided by members of the public would remain available. However, to ensure the orderly and efficient conduct of meetings, the rules on the use of technology by members of the public should be clarified. This change applies only during public comments and would not apply to applicants or appellants making presentations during hearings.
