

# NEW POLICE HEADQUARTERS BUILDING PHASE II ARCHITECTURAL DESIGN SERVICES AND PROJECT UPDATE

### **POLICE DEPARTMENT**

CITY COUNCIL July 1, 2025

RiversideCA.gov

# THE BUILDING

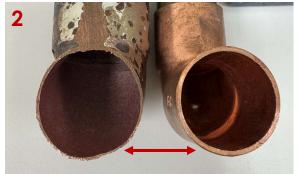

Built in 1963, the Police headquarters building houses the Office of the Chief of Police, Administrative Division (Personnel and Training), Records Bureau, Finance and Community Services Bureau.

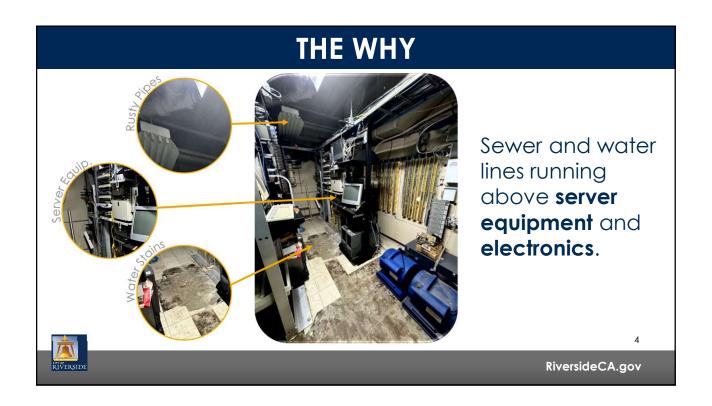

Sewer and water lines, electrical, HVAC, and all other infrastructure critical to the building is failing.

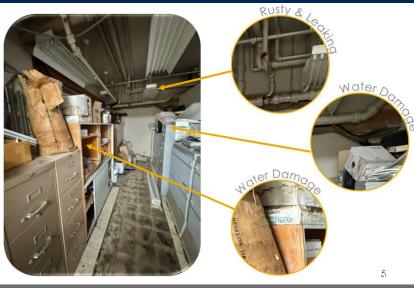

Consider picture 2 as you look at the next slides.

# THE WHY

**Sewer** and water lines running above a storage area.

RiversideCA.gov

### THE WHY

1980s era main generator requires continual repair, produces similar decibel levels to the switch gear when running and emits significant levels of greenhouse gases (GHGs) and pollutants.

1960s era main switch gear is producing decibel levels of 90-100 (this is between levels for a gas lawn mower and motorcycle).

ć

## THE LIFESPAN

Chiller room with original 1960s era building equipment including expansion tanks, a hidden well, faulty impeller housing unit requiring a plastic bag to divert leaks from damaging other equipment.

RiversideCA.gov

### THE WHY

Water and sewer lines running along/above electrical components are found throughout the building.

8

## THE WHY

The facility and its furnishings are outdated, beyond their useful life, and no longer conducive to efficient work flow.

9

RiversideCA.gov

### THE WHY

Replacing poorly laid-out work areas with a modern, code-compliant, and purpose-built facility will meet current and future operational needs.

10

O&M COSTS AND LIFESPAN			
Current O&Ms	if Renovated	if Newly Built	
Currently performing reactive maintenance. More robust	Maintenance costs drop to     \$3 per sf (approx. \$105k annually)	Same as Renovated	
maintenance would cost \$10 - \$11 per sf or approx. \$350k – 385k annually	Eliminates on-going aged equipment / infrastructure failures	Building.	
PLUS	Warranties on new equipment would cover failures for up to 5 years		
\$100K annual average for reactive repairs (due to water, sewer, HVAC and electrical	Greater operational and environmental efficiencies		
failures)  • Past its useful life of 50 years	Would have an expected     50-60 year lifespan

RENOVATION VS. NEW CONSTRUCTION			
6 161 1	<b>D</b> (1) (2)	N	
Cost Category	Renovation ~ 35,000 sf	New Build ~ 37,838 sf	
Estimated Cost/Sq Ft	\$1,000	\$1,375	
Foundation	Not Required (Reuse Existing)	Required / Included	
Demo Interior Structure	Included (electrical/plumbing access)	Included	
HVAC, Electrical, Plumbing, Painting and	Included	Included	
Flooring, Seismic, ADA			
Haz Mat Abatement	Included	Included	
Contingency	20% Included (\$7.4M)	10% Included (\$5M)	
Construction Cost Subtotal	\$42.4M	\$53M	
Estimated Soft Costs			
Design Fees	\$2.3M	\$3.5M	
Design Contingency 10%	\$230K	\$333K	
Inspection, Permit Fees	\$250K	\$500K	
FF&E	\$3.9M	\$3.9M	
Soft Costs Subtotal	\$6.75M	\$8.2M	
TOTAL RENOVATION AND CONSTRUCTION COST			
Estimated Total Sq Ft	\$1,300 Sq Ft	\$1,638 Sq Ft	
Estimated Project Total	\$49M	\$62M	

# **RENOVATION VS. NEW CONSTRUCTION**

#### Renovation

#### **Pros**

- Lower upfront cost
- Reuses foundation and structure
- Reduces maintenance costs

#### Cons

- Risk of unforeseen conditions (asbestos, structural issues / seismic upgrades)
- · Limits design flexibility
- Longer construction schedule

#### New Construction

#### **Pros**

- Improves layout and functionality
- Reduces maintenance costs
- Improves facility security
- Shorter construction schedule

#### Cons

Higher initial cost

13

RiversideCA.gov

### **COST CONTROLS**

- Go fast!
  - Streamline plan check process
  - Expedite bidding process
- Focus design to meet most critical needs
- Prioritize energy efficiency
- Explore PEG Funds for A/V equipment
- Select reasonable FF&E options

14

# **SCHEDULE / NEXT STEPS**

### Target Construction Start – July 2026

- Amend Architect's Agreement to begin Phase 2 design work
  - Achieve bid-ready Construction Documents
    - ≥7 months
- Expedited bidding process
  - ≥3 months
- Bid award
  - ▶1 month
- Contract execution / Notice to Proceed
  - ≥1 month

Construction duration 18-24 months

15

RiversideCA.gov

### THE PROJECT TEAM

### Close collaboration is critical to meet timeline

- Police
- General Services
- Finance / Purchasing
- IT
- Public Works
- Community & Economic Development
- Riverside Public Utilities
- Fire Department

16

### FISCAL IMPACT

- Estimated total project cost is \$62 Million plus \$4 Million annual debt service over a 30-year term
  - Measure Z RPD Headquarters project budget is \$52
     Million
  - Seeking support to proceed with new construction
  - Additional funding is not a final commitment and is subject to availability due to economic uncertainty

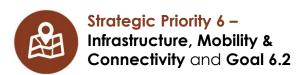

Measure Z project budget includes funding for Phase II Architectural Design (\$3,331,916) and contingency (\$333,192)

17

KÜVERSIDE

RiversideCA.gov

### STRATEGIC PLAN ALIGNMENT

### **Cross-Cutting Threads**

18

### **RECOMMENDATIONS**

### That City Council:

- 1. Approve the First Amendment to the Professional Consultant Services Agreement for Phase II Architectural Design Services of the Downtown Police Headquarters Building with Holt Architects, Inc., (dba Holt Architecture) of Palm Desert, California, extending the term through March 1, 2028 and increasing the compensation by \$3,331,916 for a total not to exceed contract amount of \$3,430,916;
- 2. Authorize a contingency in the amount of \$333,192 for a total possible not to exceed contract amount of \$3,764,108 for unforeseen project changes including but not limited to, owner requested changes and design improvements; and

19

RiversideCA.gov

### **RECOMMENDATIONS**

3. Authorize the City Manager, or designee, to execute the First Amendment to the Professional Consultant Services Agreement for Phase II Architectural Design Services of the Downtown Police Headquarters Building with Holt Architects, Inc., (dba Holt Architecture) of Palm Desert, California, including approval of contingency Amendment (if needed), and making minor, nonsubstantive changes.
