BACKGROUND

May 10, 2011 – City Council adopted a Mitigated Negative Declaration and approved Case EPW-10-002 for Van Buren Blvd. widening (Jurupa Ave. to Santa Ana River bridge).

Sept. 2012 – Riverside County reconstructed the Van Buren Blvd. bridge to six lanes (3 each way), but roadway connections remained two lanes.

May 20, 2014 – City Council funded widening of northbound Van Buren to three lanes; southbound widening postponed due to lack of funding.

Feb. 5, 2019 – City Council approved original TUMF agreement with WRCOG for southbound widening.
