CONSULTING SERVICES AGREEMENT

This Consulting Services Agreement is subject to a Confidentiality Agreement, dated September 3, 2019, between the City of Riverside, Regional Water Quality Control Plant and Southern California Gas Company.

An executed Exhibit A is required, except in the case where Client has in place a valid and effective SoCalGas Interconnect Capacity Study, before Client can contract for Exhibit A1 and/or A2 or, in cases where SoCalGas already knows what the long lead materials and their costs are, A1 and/or A3. Each Exhibit only becomes effective upon execution by both Client and SoCalGas.

No construction work shall be included or done pursuant to this Agreement.

1.3. Term. This Agreement shall be effective on the Effective Date and shall continue in full force and effect until the completion of the Services.

SECTION 2 - COMPENSATION AND EXPENSES

2.1. Compensation. An estimate of SoCalGas' fees and all other applicable costs to be billed by SoCalGas to Client under this Agreement are set forth in each applicable Exhibit to this Agreement. In any event, Client shall be liable for the actual costs of the Services which may be higher than the estimated costs. Actual costs shall include the actual Services rendered and all related costs incurred, and shall include permit or other fees or charges, procurement, indirect costs and overheads, carrying costs, and any related income or other tax liability thereon.

2.2. Payment. Upon execution of this Agreement and Exhibit A, Client shall make payment to "Southern California Gas Company" for the Services in the amount specified in Exhibit A within thirty (30) days. Any amount billed by SoCalGas to Client subsequent to the initial payment shall be paid by Client within twenty (20) days after receipt of SoCalGas' invoice to the address set forth in Section 8 below.

2.3. Change Orders. Any change to the Scope of Services shall be in writing (a "Change Order") and signed by Client and SoCalGas. If Client issues any request for a change in the Scope of the Services or the time of completion of the Services beyond those tasks described in the Scope of Services and not identified as a Change Order, but which SoCalGas considers to be a Change Order, then SoCalGas shall notify Client in writing and the parties shall mutually decide whether such a change in the Scope of Services or the time of completion of the Services constitutes a Change Order, which increases or decreases the Scope of the Services and increases or decreases the cost to SoCalGas of providing the Services. If SoCalGas issues a Change Order that results in an increase or decrease in the cost of the Services, then an adjustment shall be made to the total compensation and/or the time of completion of the Services. All written Change Orders shall become a part of this Agreement. SoCalGas may refrain from any additional work until Client has paid such additional amount as set forth above.

2.4. Payroll Taxes. Social security, federal, and other applicable taxes shall not be withheld from payments made to SoCalGas.

Preliminary Engineering Study - Exhibit A1
Consulting Services Agreement dated **March 11, 2020**

SoCalGas will provide the Client with a report that provides a Preliminary Engineering Study ("PES") requested by the Client for construction of necessary facilities as described below (the "Services"). SoCalGas proposes to analyze the impact on its gas transmission system of receiving **four hundred ninety two (492) or nine hundred sixty (960)** thousand Standard cubic feet per day (Mscfd) of new supply at **5950 Acorn Street, at approximately 33°57'43.66" N; 117°27'19.09" W, Riverside, California**, on a **displacement** basis. SoCalGas' analysis will identify any system improvements necessary to accept this new supply under the assumption that the new supply **will be permitted to negatively impact SoCalGas' ability to receive supply from its current receipt points or storage fields**.

The cost estimate calculated by SoCalGas will include land acquisition, site development, right-of-way, metering, gas quality, permitting, regulatory, environmental, unusual construction costs, and operating and maintenance costs for any facility improvements, accurate to ±20%. The findings and estimate will not constitute a proposal by SoCalGas. SoCalGas will not have performed a specific site or route evaluation for the Client's project in the development of this estimate.

SoCalGas' construction costs continue to rise with increasing costs of labor and materials. Since the PES is developed using average historical project cost data, it is highly likely that the actual construction costs for the Client's particular project will vary significantly from the PES. SoCalGas urges the Client to retain the services of a third-party engineering construction firm, or enter into a design and engineering contract with SoCalGas to develop a more accurate construction cost estimate for this specific project.

Because of the exclusions and limitations of this initial review, SoCalGas does not recommend that the Client use the PES for any purpose, including any substantive planning or other decisions regarding the cost or viability of its project. Any use by the Client is solely at its own risk and should factor in the above risks and limitations.

A report that summarizes the results of SoCalGas' analyses, identifies any facility improvements, and estimates the cost of construction of those improvements, will be provided to the Client. The Client will be granted an unrestricted license to use, copy, and distribute the report; however, the report and all work product shall remain the property of SoCalGas.

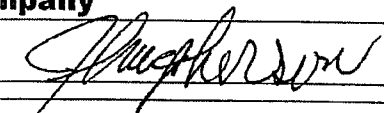

The estimated cost to perform the Services is \$ **65,000**. SoCalGas will complete the analysis within **one hundred twenty (120)** business days after receipt of payment **and SoCalGas' receipt of Client's design, operating, gas quality and site criteria necessary to perform such analysis**.

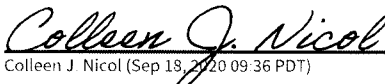

Preliminary Engineering Study - Exhibit A1
 Consulting Services Agreement dated **March 11, 2020**

Payment in full of the estimated cost of the Services is required upon execution of a Consulting Services Agreement and Exhibit A1 to proceed with the analysis. The Client will be responsible for the actual costs of the Services; to this end, an invoice or refund will be issued to the Client at the completion of the project for any difference between the actual costs and this estimate.

Should the Client's requirements vary from this proposal, SoCalGas would like the opportunity to modify and resubmit this proposal as appropriate. If the Client has any questions, please call **Tom Kauffman** at **213-244-2683**.

Detailed Engineering Study - Exhibit A2
Consulting Services Agreement dated **March 11, 2020**

SoCalGas will provide the Client with a report that provides a Detailed Engineering Study ("DES") requested by the Client for construction of necessary facilities as described below (the "Services"). SoCalGas proposes to analyze the impact on its gas transmission system of receiving **four hundred ninety two (492) or nine hundred sixty (960)** thousand Standard cubic feet per day (MScfd) of new supply at **5950 Acorn Street, at approximately 33°57'43.66" N; 117°27'19.09" W, Riverside, California**, on a **displacement** basis. SoCalGas' analysis will identify any system improvements necessary to accept this new supply under the assumption that the new supply **will be permitted to negatively impact SoCalGas' ability to receive supply from its current receipts points or storage fields.**

A cost estimate for any facility improvements, accurate to $\pm 20\%$, will be calculated. The findings and estimate will not constitute a proposal by SoCalGas. The DES will (1) describe all costs of construction, (2) develop complete engineering construction drawings, and (3) prepare all construction and environmental permit applications and right-of-way acquisition requirements.

A report that summarizes the results of SoCalGas' analyses, identifies any facility improvements, and estimates the cost of construction of those improvements, will be provided to the Client. The Client will be granted an unrestricted license to use, copy, and distribute the report; however, the report and all work product shall remain the property of SoCalGas.

The estimated cost to perform the Services is \$ **325,000**. SoCalGas will complete the analysis within **one hundred seventy (170)** business days after receipt of payment **in the amount of \$325,000 from Interconnector, the completion and issuance by SoCalGas of the Preliminary Engineering Study in accordance with Exhibit A-1 to this Agreement, and SoCalGas' receipt of Client's design, operating, gas quality and site criteria necessary to perform such analysis.**

Payment in full of the estimated cost of the Services is required upon execution of a Consulting Services Agreement and Exhibit A2 to proceed with the analysis. The Client will be responsible for the actual costs of the Services; to this end, an invoice or refund will be issued to the Client at the completion of the project for any difference between the actual costs and this estimate.

Should the Client's requirements vary from this proposal, SoCalGas would like the opportunity to modify and resubmit this proposal as appropriate. If the Client has any questions, please call **Tom Kauffman** at **213 244-2683**.

CONFIDENTIALITY AGREEMENT

Exhibit B to the Consulting Services Agreement dated September 3, 2019

This Confidentiality Agreement ("Agreement") is made and entered into effective as of September 3, 2019 ("Effective Date"), by and between City of Riverside, Regional Water Quality Control Plant, a Government Entity Non Profit 501(C) located at 5950 Acorn Street, Riverside, CA 92504 ("Company"), and the Southern California Gas Company, a California corporation, located at 555 W. Fifth Street, Los Angeles, CA 90013-1011 ("SCG").

In consideration of the mutual covenants herein, and the disclosures to be made in connection herewith, the parties agree as follows:

"Proprietary Information" shall mean any data, information, trade secrets or "know-how" that is proprietary to a Party, and not known to the Party receiving it or the general public as of the date hereof, which is disclosed in the course of dealings between the Parties in connection with this Agreement, in oral and/or written form. For the purposes of this Agreement, the party receiving Proprietary Information from a party in connection herewith is the "Receiving Party," and the party providing Proprietary Information to the other party hereunder is the "Disclosing Party". Any information designated by a party as Proprietary Information, if in tangible form, will be marked clearly as "Proprietary Information"; or if communicated orally, it must be identified in writing as "Proprietary Information" in reasonable detail within five (5) business days after disclosure. 2. Except as otherwise provided in this Agreement, no part of the Proprietary Information may be disclosed or delivered to third parties or used by the Receiving Party for any purpose other than for the purpose stated in Paragraph 1 above, without the prior written consent of the Disclosing Party, which may be refused. Except as authorized in writing by the Disclosing Party, the Receiving Party shall not copy, disclose, or use the Disclosing Party's Proprietary Information or any part thereof and shall return to the Disclosing Party or

The Receiving Party shall take all reasonable measures to prevent unauthorized disclosure of the Proprietary Information and shall restrict access to the Proprietary Information to those employees, or employees of Affiliates, who have a need to know in the course of their duties. If the Receiving Party finds it necessary for the purpose set forth in Paragraph 1 above to disclose to a subcontractor or agent any Proprietary Information, such subcontractor or agent shall first agree in writing to comply with the provisions of this Agreement. For purposes of this Agreement, "Affiliate" shall mean any company or legal entity which (a) controls either directly or indirectly a Party, or (b) which is controlled directly or indirectly by such party, or (c) is directly or indirectly controlled by a company or entity which directly or indirectly controls such party. Control means the right to exercise fifty percent (50%) or more of the voting rights in the appointment of the directors or similar representatives of such company or entity.
5. Notwithstanding any of the other provisions herein, SCG will not disclose any Proprietary Information disclosed pursuant to this Agreement to any of its Affiliates not regulated by the CPUC without the prior written consent of Company.
6. All Proprietary Information disclosed hereunder shall be and remain the exclusive property of the Disclosing Party. This Agreement shall not be construed to grant to the Receiving Party any license or other rights to the Proprietary Information except as specifically noted herein.

10. This Agreement shall begin on the Effective Date and continue for period of two (2) years from the date of the last disclosure of Proprietary Information in connection herewith.
11. Neither this Agreement, nor the disclosure of Proprietary Information under this Agreement, nor the ongoing discussions and correspondence by the parties regarding the subject matter of this Agreement, shall constitute or imply any promise or intention to make any purchase or use of the services, products, facilities, real property or other assets of either party, or any commitment by either party with respect to any other present or future arrangement. If, in the future, the parties elect to enter into binding commitments relating to any of the matters stated herein, they must be stated in a separate executed written contract by the parties.

12. This Agreement shall be governed by and construed under the laws of the California, without reference to any principles on conflicts of laws. Any dispute between the parties arising under this Agreement shall be litigated solely in the state or federal courts located in the County of Los Angeles, State of California.
13. This Agreement sets forth the entire understanding of the parties with respect to the subject matter hereof and supersedes all prior discussions, communications and agreements, both oral and written. This Agreement shall not be amended or modified except by an agreement or amendment in writing signed by both parties, and shall not be modified by course of performance, course of dealing, or usage of trade. No waiver of any right under this Agreement shall be deemed a subsequent waiver of the same right or any other right. To be effective, any waiver of the provisions hereof shall be in writing.

The authorized signatories of the parties have executed this Confidentiality Agreement as of the Effective Date.
