LEGISLATIVE UPDATE

Public Works Deputy Director Nathan Mustafa provided an update regarding (1) Executive Order 14154 which pulls back internal regulations over other federal departments related to the National Environmental Policy Act (NIPA); it will potentially give more discretion on how other agencies implement NIPA or Congress may elect to pass legislation requiring more strict adherence to NIPA; and (2) Assembly Bill 1022 was proposed and referred to Committee at the State level in March. The bill would remove the Peace Officer's authority to remove a vehicle after a progressive series of citations.
