Hangar F#3

Airport Manager
Riverside Municipal Airport
6951 Flight Rd.
Riverside, Calif 92504

Mr. Kim Ellis

After careful consideration I have decided to give notice per my airport Lease to request termination of my Lease. My health is causing me to give up flying. Enclosed is a set of keys for my hangar. I would appreciate a letter from the airport accepting my termination and turning over my hangar to the city.

Joern Young

AIRCRAFT HANGAR
BILL OF SALE

This sale agreement is made by and between (Seller) Loren Young of City of Riverside, and (Buyer) Riverside Municipal Airport of City of Riverside.

With the signing of this sale agreement and the Buyer transferring the total purchase price of \$ 0 to the Seller, the Seller hereby sells and forever transfers the ownership of the aircraft hangar described below, to the Buyer.

Description of the aircraft hangar being sold:

Make: Part-A-Part Model: Mobile Hangar Serial #: MAH4465
Airport location name: Riverside Municipal Site # F-3

Seller represents and warrants that it has full and good title to the described aircraft hangar, full authority to sell and transfer the same, and that the aircraft hangar being sold is free and clear of all liens, encumbrances, liabilities, and adverse claims, of every nature and description.

Buyer understands that the aircraft hangar is being sold in its present condition "as is" and "where is" and that Seller disclaims any implied warranty of condition or function, or any responsibility thereof.

Port-A-Port

MOBILE HANGAR INSTALLATION CERTIFICATE

This document certifies that Port-A-Port Mobile Aircraft Hangar Serial Number MAH- 4465 located at Rialto Airport, Rialto, CA has been installed as per manufacturer's recommendations. This unit has been anchored to the surface with 15 T- anchors and has been tested by our technician, Mr. Gary Frederick, to resist at least an uplift force of 5000 pounds on one anchor point. To assure the strongest possible anchoring, the remaining anchors are not disturbed by an uplift test and are assumed to resist forces in accordance with our engineering standards. This anchoring system will exceed installation wind loading requirements with the doors closed. Port-A-Port assumes no liability for storm damage and other acts of God.
